Her sexual relationships in school are particularly very active. As far as I know, she has over 20 male sexfriends outside of her relationship with her boyfriend.

At times, she and the boys play together like this in the men's toilet. The toilet in the old school building is full of male students three to five times per week.

That's right! ♡

Meanwhile, although she is no longer being sexually harassed by her teacher, Sakura Yuuki...

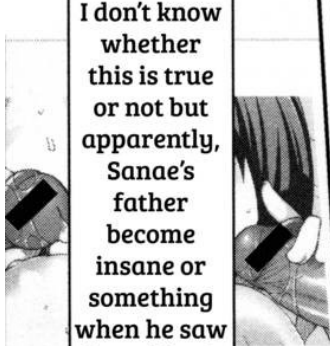

The men now have full control of her through the hypnotism play and her situation is getting worse.

As for Sanae Tachibana, she always in the men's condominium and having sex with many guys every night as usual.

In fact, one of my recent hobbies is regularly uploading videos of her having sex in the internet.

Since she's always trying to be with me all the time just like a goldfish poo,

she's often being fucked by a lot of guys. (Laughs)

As for Aria Mikage...

Uoo oh!

Furthermore, she would often call out my name repeatedly when she's being fucked that I experience the feeling of being NTRed. (Laughs)

As things stands now, she could really be taken away from me. I'll be sure to impregnate her in time with my child and completely make her mine.
