Comments: Senbazuru's stories are always fun. I like this artist's style as well, so of course I was going to translate this. Wish it hadn't been KanColle cosplay, but oh well. An actual translation note is that there's a pun on page 108 that was really difficult to translate into English, so I didn't. The gist is that the way the ghost said "cumming" could also be a euphemism for dying. Page 98 also had a similar wordplay pun, but it was more translatable. Not perfect, but the overall pun I used is similar.
