

When was it exactly that I fell in love with prostitution? With entangling myself with dozens of different men, each with their own little quirks, before parting in the night, never to meet again?

His rapidly softening dick bids its farewells within my mouth. And so ends another day.

You're sucking me dry, Yuki baby! You sure do love dick! Ooh! Ah!

It's freezing!

Slide

Of course, while I very much appreciate the money, I'm struck with a feeling of emptiness when I get paid. I wonder why?

Yep! Thanks! ♡

Rustle

There you go. Will this be enough?

Another chilly one tonight...

Sigh...

Let your hearts and bodies warm each other up on snowy nights.

I wonder what that man is doing out here on such a cold night?

Shiver

Good evening!

Huh? Who? Who is it?!

Rustle

Ha ha! Did I make you jump? I'm Yuki.

What are you doing out here, mister?

Boo! Down here!

Wahh! W-w-who are you?

Soborogo presents

The Man in the Snow

Ew.
Why are you so gross?

Dinner? We ate already. We aren't going to wait around for YOU to get home.

Tell me about it! Before I knew it, both my wife's and daughter's attitudes had completely changed.

...But what a heart-breaking story! Who would chase out such a hard-working father?

No, don't be! I poked my nose into your business to start with.

Sorry to make you listen to my grumbling for so long, young lady.

I recognize this girl's uniform. She must attend that famous private girl's academy. I suppose it just goes to show how much upbringing matters.

They deserve better than to chill out here in the cold.

I can feel how hard these sturdy hands have worked for your family.

You're about the same age as my daughter and yet you're so much kinder—

Where are we going, if I may ...?

That's a surprise!

Great! Follow me!

I think I'll take you up on your offer. It'll do me good to see what young people do for fun these days.

Well, I don't see why not. I have nowhere else to go anyway...

If it's alright with you, would you care to have some fun with me tonight? I'm sure it'll help to take your mind off of things.

It sure is. Is there a problem?

?

Shock

This is a love hotel, damn it!

...I suppose it was my fault for just tagging along absent-mindedly, but...

Sweat

Y-Y-Yuki?!

W-w-what are you doing there?!

I know you tagged along half expecting this sort of development.

Oh, please. You know exactly what. ♡

Not at all! I swear I had no such intentions!

Do you really think you need to be considerate of a woman in this sort of getup? You can have your way with me *any* way you like. ♡

Dear me, what a whiny old man you are...

That would certainly explain it.

Before I knew it I found myself intimidated even by the younger women at my office. Be it at home or at work, there wasn't a single woman I could stand up to.

I became more lenient and pandering to try to get back on her good side, but that had the complete opposite effect. Now every time she opens her mouth, it's to hurl insults and spite my way.

I tried time and time again to give my own daughter a stern talking to. Time and time again, I was glared at like trash on the side of the road and disregarded.

Hah

Pa-thetic ...? At this rate... I'll always be...

I've put up with your nonsense until now, but enough is enough! You're getting a serious talking to when I get home! Got that?!

But regardless... That manly display was a million times sexier than watching a father who can't discipline his own child. ♡

Just blowing his lid like that probably won't actually amount to anything in the long term. It might even just make things worse...

Oh, really?

You've come a long way from the miserable old soul sitting on the park bench this evening. Now you're positively glowing.

Looks like you're gonna be just fine. ♡

He said we should both forget about tonight. Yet another fleeting interaction. Business as usual.

Hm?

Keep at it, Daddio! I hope everything works out with your daughter!

I don't think that's all. I may not entirely understand why, but the void I usually feel is filled to the brim with warm, happy feelings! And I think that's what matters!

I have you to thank for that, Yuki. You have my gratitude.

And yet the emptiness I was expecting at our parting was filled.

Is that because no money changed hands tonight?

No...
