

Ughhhh...
So narrow...
I can't breathe
any more...

I feel my chest has
passed her throat...
She is swallowing me...
inch by inch...

Her tongue is so soft,
twining around my body...
It's hard to describe
this feeling...
even better than being
in paradise...

I know I'm
being eaten...
But why am I
so... happy?

Is this her esophagus?
Awesome... It feels so
narrow but my body is
slipping down quickly...

Ahh... Her esophagus
is moving again...
Will she continue
to swallow me?

Without any pause...
She's probably
eating me like
eating noodle...

...Did she stop?
Now the only part
for me to feel the
outside is my feet...

She must be very
ashamed of tasting
my feet right now...

GLUP~

GLUP~

Dear, there's just a little left...

I'm going to swallow you all in right now.

Ugh... What a strong acid smell...
