政樹

File 01:

Lewd Encounters of the Third Kind

Hmph, no
LFOs are
coming
out today
either...

Say, can we really see UFOs just from the school's rooftop? We've been waiting for three days already but... we haven't been able to see anything...

Oooh
♥

Is that so?

Yeah... it's weird... I can usually spot one in two days...

I'm just a trial member in the Occult Club... If I can't see anything I won't make it official.

You said you could definitely show me where to look to see a UFO...

Eh? That's not really my problem...

If we can't get a first-year to join... we'll... our Occult Club... will be abolished...

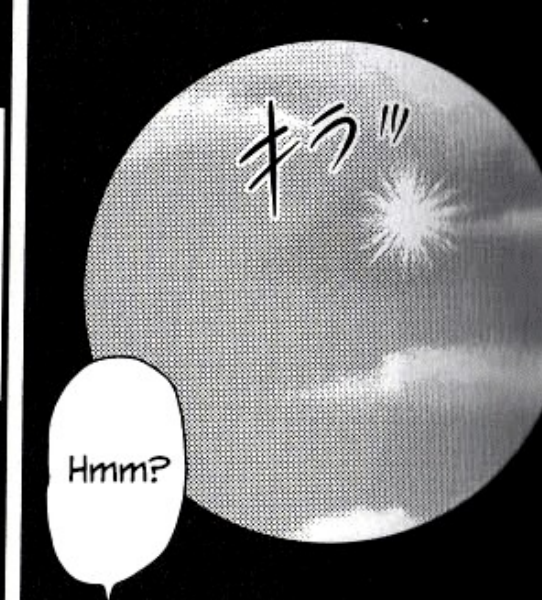

Er... that's... we're really looking forward to you joining... just hold on a little longer...

Eh!! That's...

But if I can't see a UFO... I'll probably join another club...

I'm interested in the Occult, so I joined up.

Nope,
nothing
there.

Hey,
was the
UFO
there?

S-so, you'll
do what you
promised,
right? You'll
become a full
member of
our Occult
Club?

But it
definitely
landed
somewhere
around here!
It's wild.
♥

Kouzuki
Mai of
class 1-C
will
officially
join up.
♥

Sure.
♥
That's
fine!

Yes,
alright!!

Any club in school would've taken her in, but she joined mine!

She has an idol's face and a body to match any gravure model, shares my hobbies and is a total ditz, she's a miracle!

I scored Kult High's number one hottest freshman chick, ♡ Kouzuki Mai-chan!

She said it herself, "If it's interesting, I'm in." Yes! That's proof enough for me!

It's kind of strange, but whatever.

It seems like she's not that crazy about the Occult...

Huh... she's gone...

Say... where did Mai-chan go?

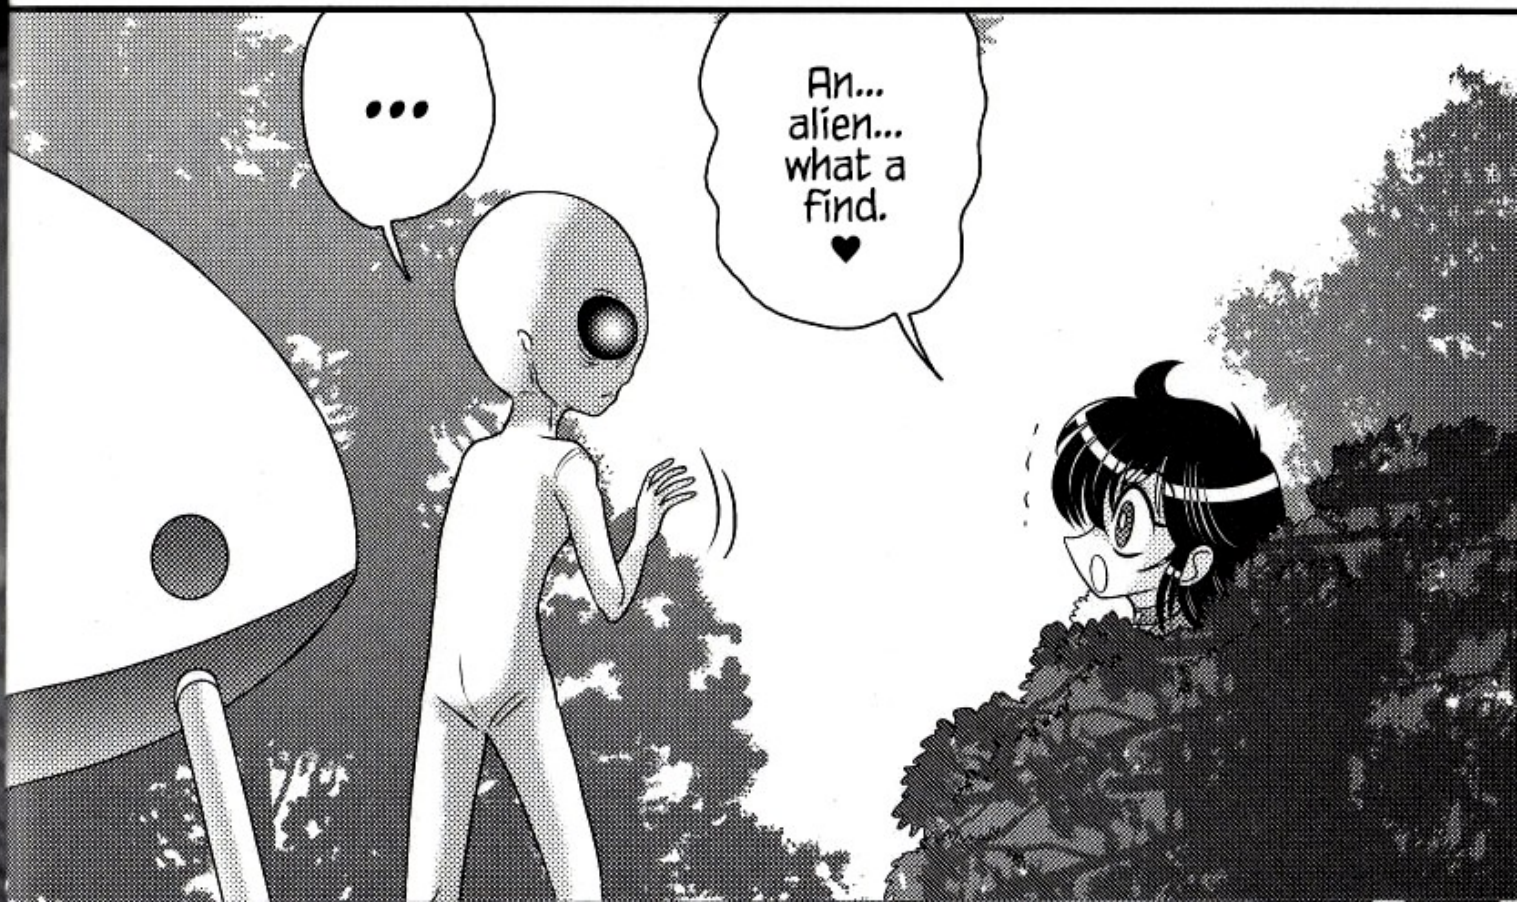

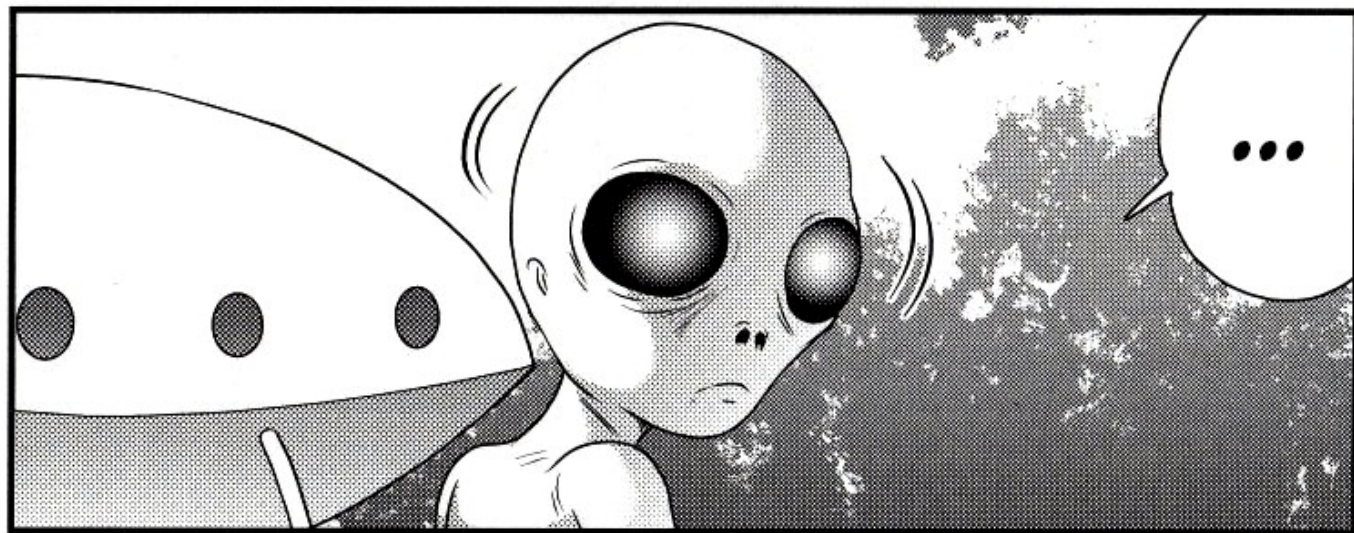

Huh?

Kouzuki Mai belongs to us now! ♡

Tsuchinoko, Bigfoot, Nessie, Ghosts, Urban Legends!

Did she wander off?

Behind you... is that... a UFO?

D-do you understand Japanese... er... Earth language?

...

Um... Er...
♥ What planet did you come from? Is it alright if I ask?

Cattle mutilation!/?

A biological expedition... human... abduction?

...

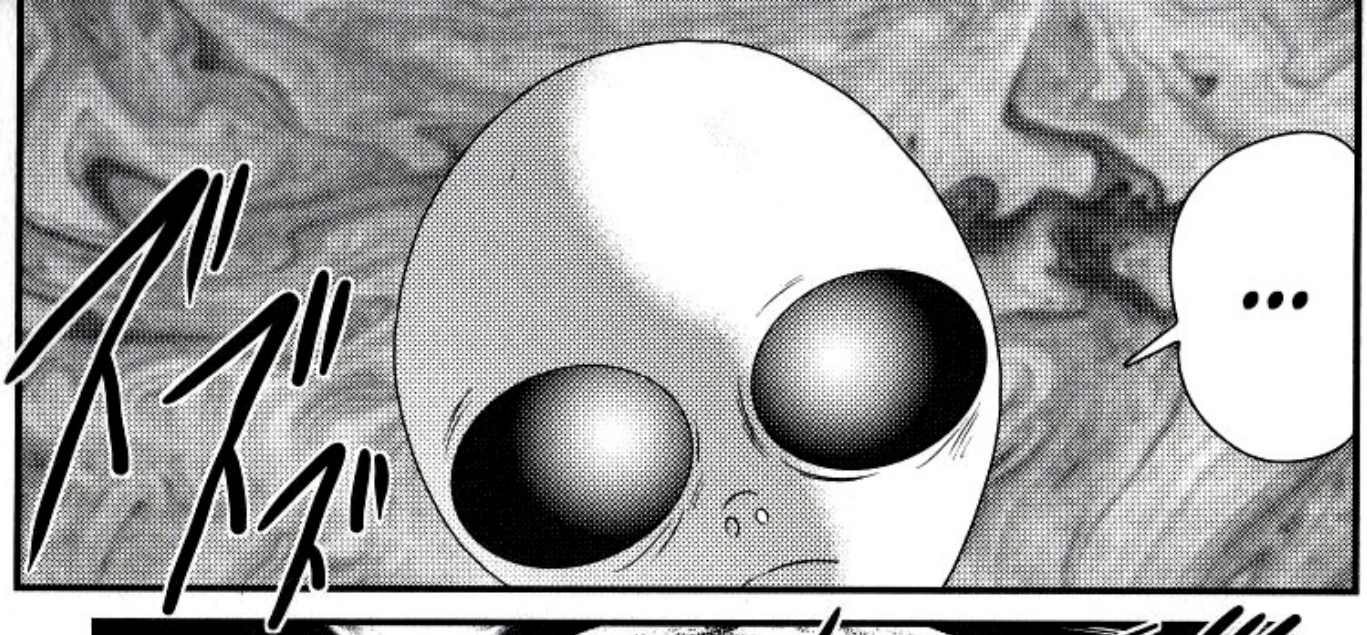

W-why did you come to Earth?

You'll take me to your UFO, do lots of stuff to me, run tests on me, and experiment on me, right!/?

...

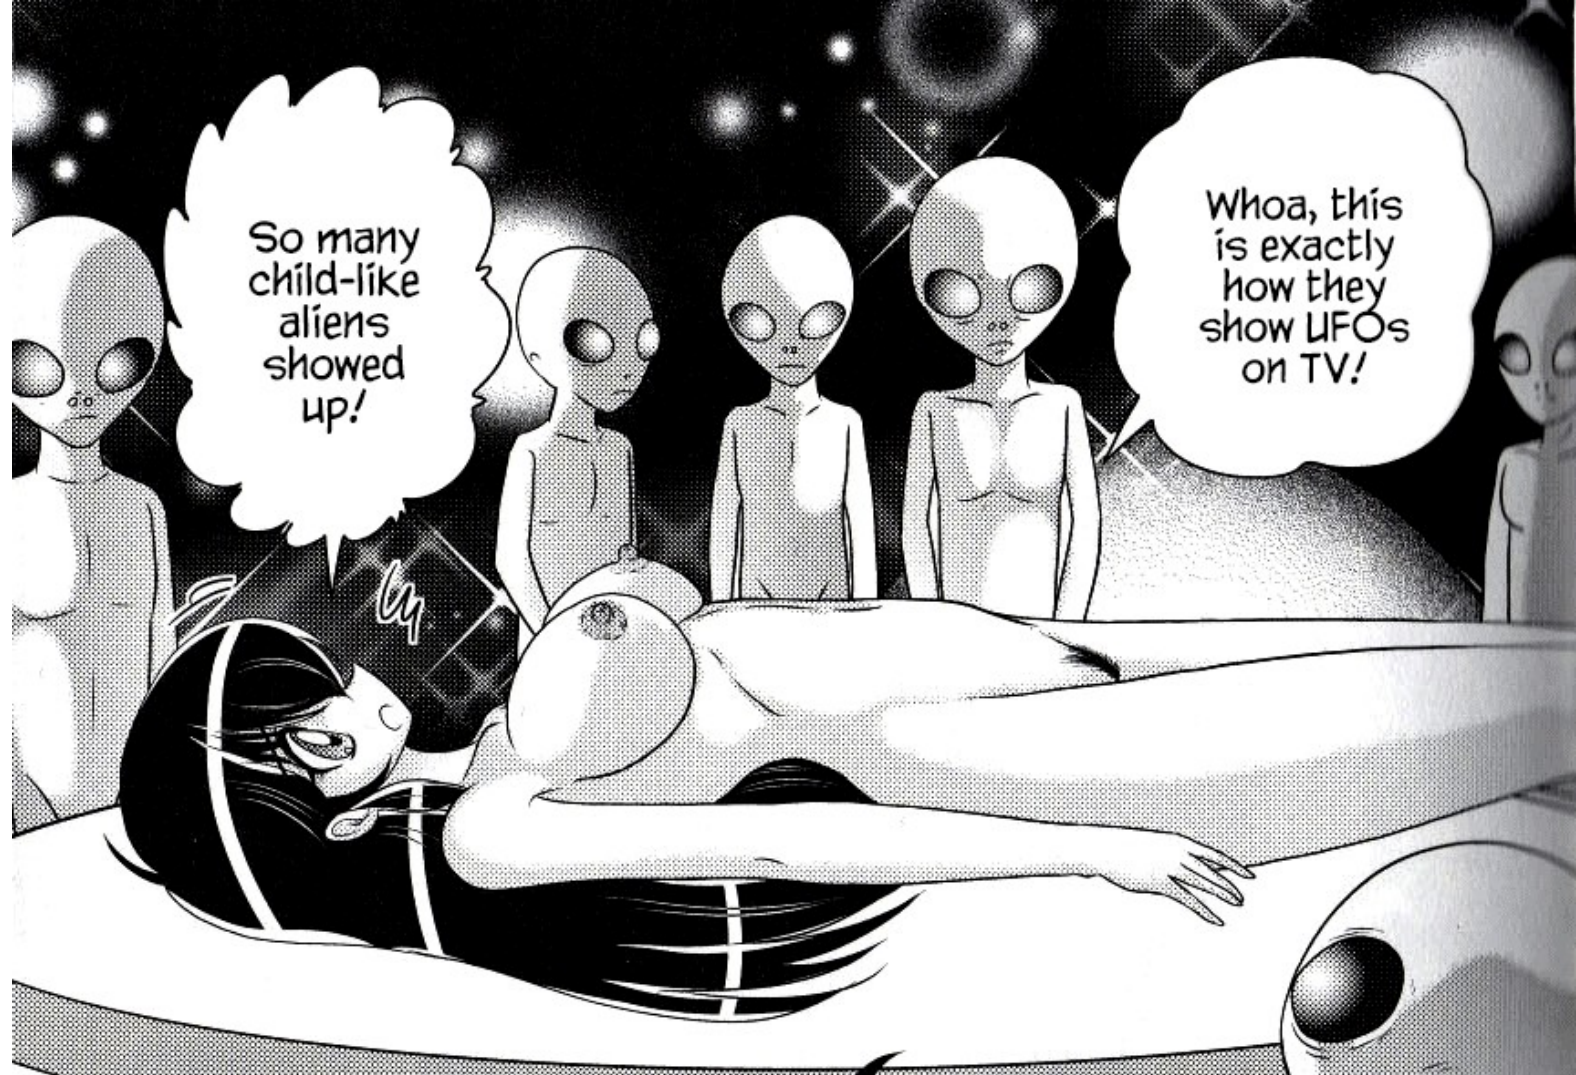

You... you're going to... abduct me... aren't you?

A black and white manga-style illustration of a young woman with long, dark hair lying on her back on a laboratory table. She is unclothed and has a shocked expression on her face, with wide eyes and a slightly open mouth. Her arms are outstretched. The background shows a laboratory setting with a window looking out onto a landscape with a small flying saucer in the sky. There are motion lines around the woman, suggesting she is being moved or held in place. A speech bubble is positioned to her left, and another is to her right. A larger speech bubble is at the bottom right.

Ahhn...
And now
I'm naked...
and my
body can't
move at
all...

Ah...

No way... A
UFO's really
taking me
away on a
laboratory
table!?

So many child-like aliens showed up!

Whoa, this is exactly how they show UFOs on TV!

What a strange Earth woman... She is unafraid of us...

Ah, it talked!

But at least say something to me, this is no fun without it...

Ahn... It's kind of embarrassing to be like this.

Ooh ♥
Telepathy!
Yeah, I really
can feel it in
my brain!
♥

We are a
research
team that
came from
Seg Altile.

I'm not
talking,
this is
telepathy.

We have
come
to study
the next
item on
the list.

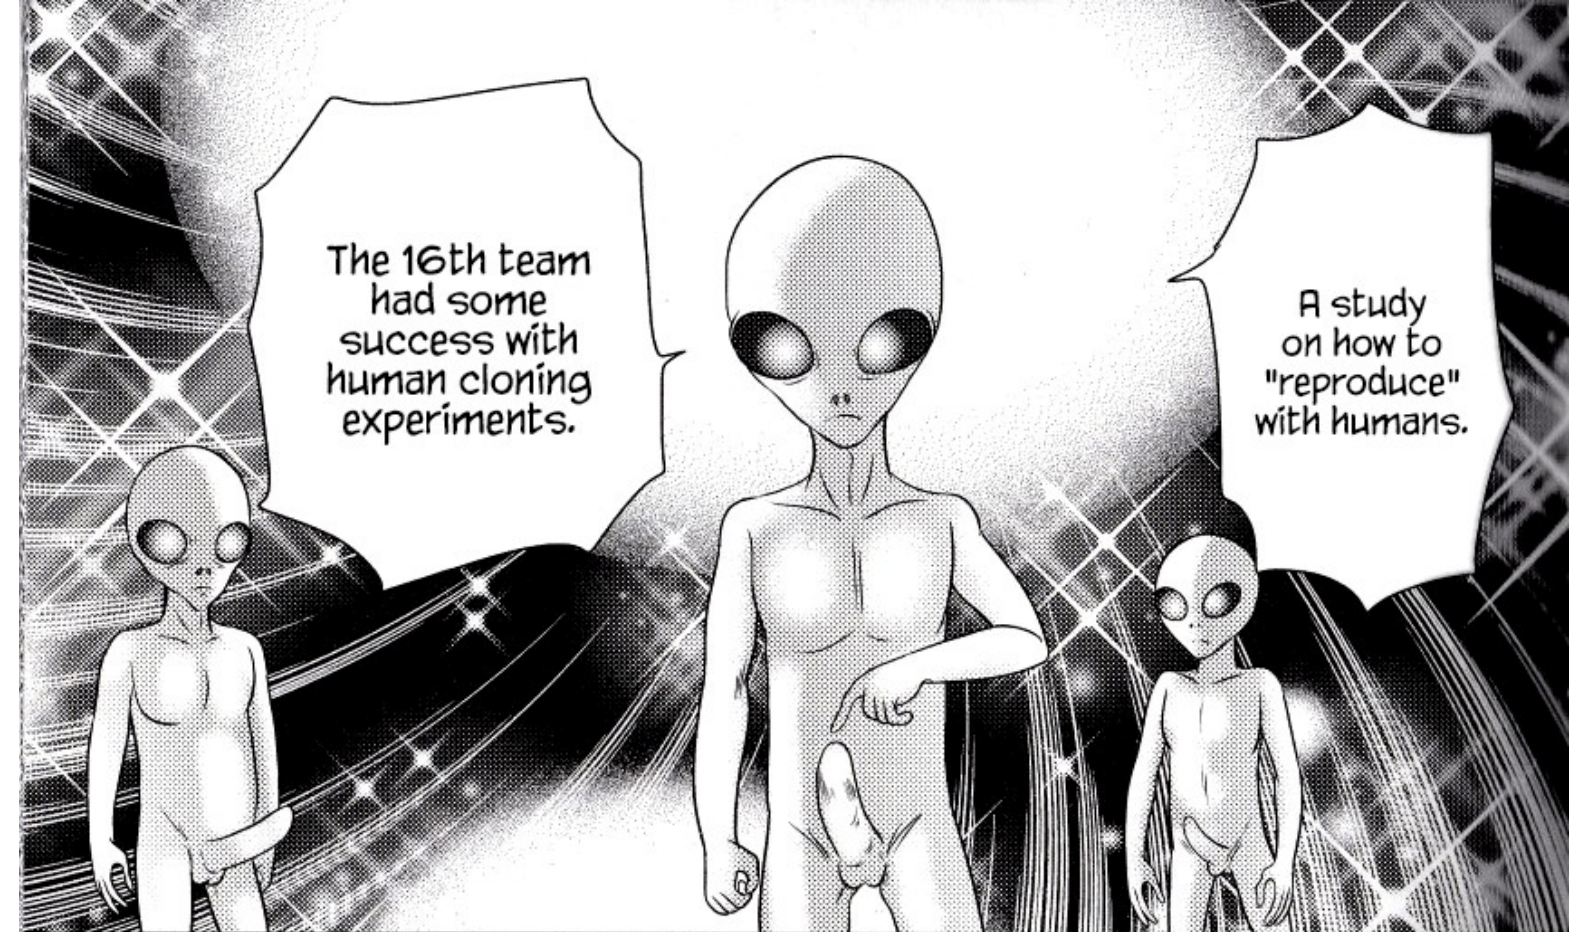

No,
that work
concluded
with the
12th
team.

You
really did
come here
to study
human life!
Wow!

We are
the 19th
research
team.

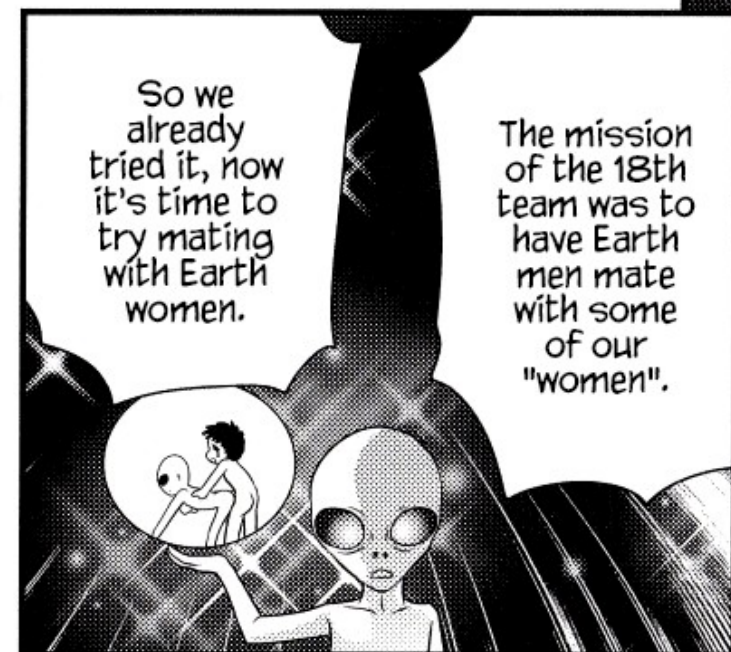

What...
are you
going
to study
next?

Huh?

The 16th team had some success with human cloning experiments.

A study on how to "reproduce" with humans.

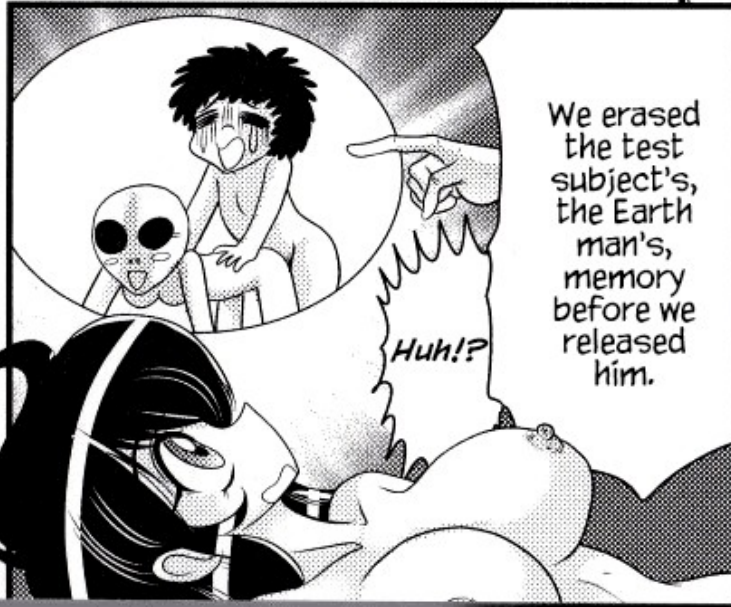

So we already tried it, now it's time to try mating with Earth women.

The mission of the 18th team was to have Earth men mate with some of our "women".

If that's what you're after, have an Earth boy mate with one of your women!

Our mission is to mate with an Earth girl naturally, and to see if we can produce cross-bred offspring.

Huh!?

We erased the test subject's, the Earth man's, memory before we released him.

We've already conducted that experiment.

He was abducted by aliens before, but he didn't remember it. You used him as your pawn...

No wonder, he must really have seen a UFO...

You can say... you really just stumbled right into this situation, correct?

He guided you to us merely by chance.

But we definitely did not need to control him as a "pawn".

We bestowed on him the ability to find our ship's location...

You are... a subject with a high chance of being successful. We've decided to experiment on your body.

You Earthlings would call that "lucky", yes?

In Earth time, we've been planning for about half a year to find the right Earth woman for this experiment.

It's not
lucky
at all...

First, since
you are not
pregnant,
we need to
determine if
your body is
suitable for
pregnancy.

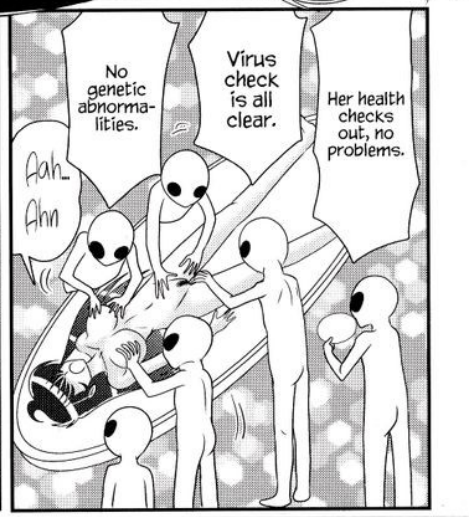

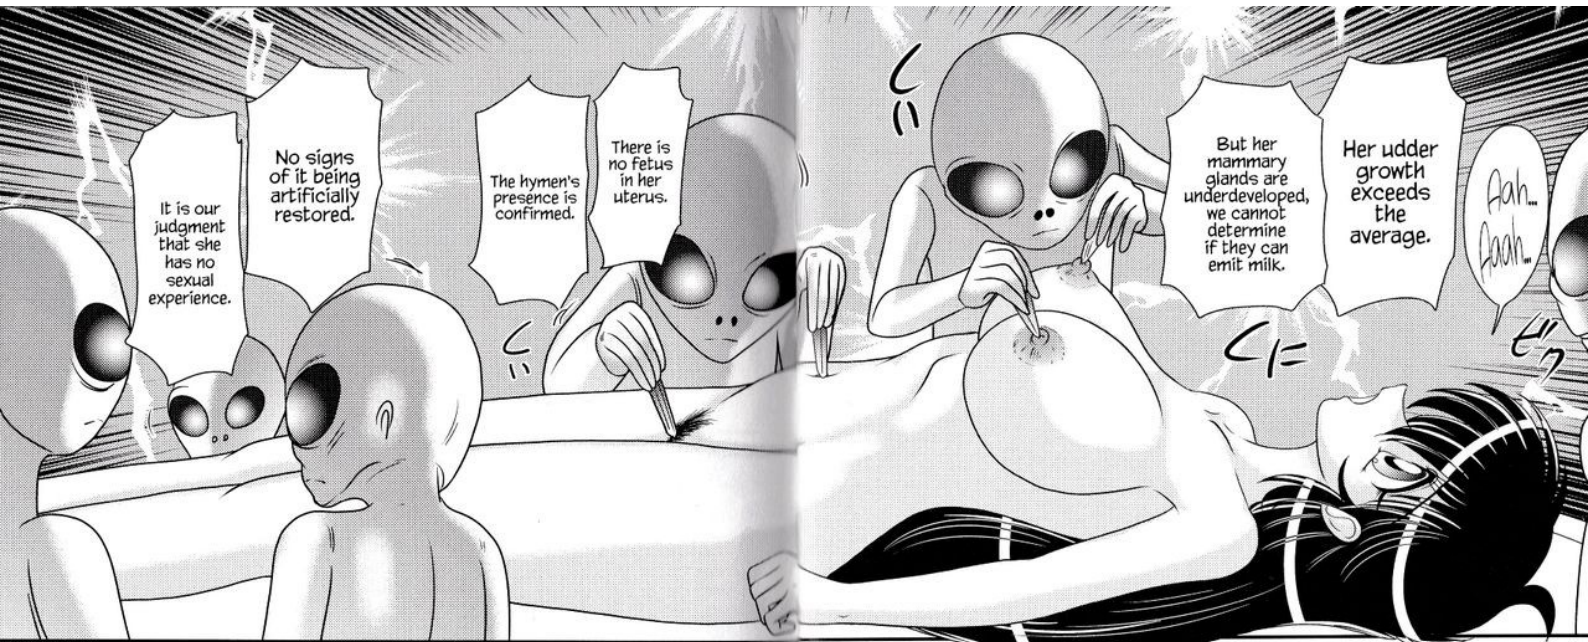

No way have
I ever been
pregnant!
I'm still just
a virgin,
you know?

Aah
Ahh

Noo
ooo!
Ahh!

Let's
verify
that.

Virgin?

Noooo!
I don't want
to lose my
virginity to
being raped
by aliens...
Ahn, no,
don't!

Aah

NII~

In order to
be careful
with this,
we'll all use
the "sexual
techniques"
we've
learned of.

NII~

Correct.

We're
going to
use a new
position
today.
How many
times? Hin

We
learned
48 from
him alto-
gether.

NII~

That
"technique",
you mean...
his!?

Next is "insertion". Everyone, record this. I will now take her virginity.

Alright, that is enough of what they call "foreplay". Now for the next phase of the experiment.

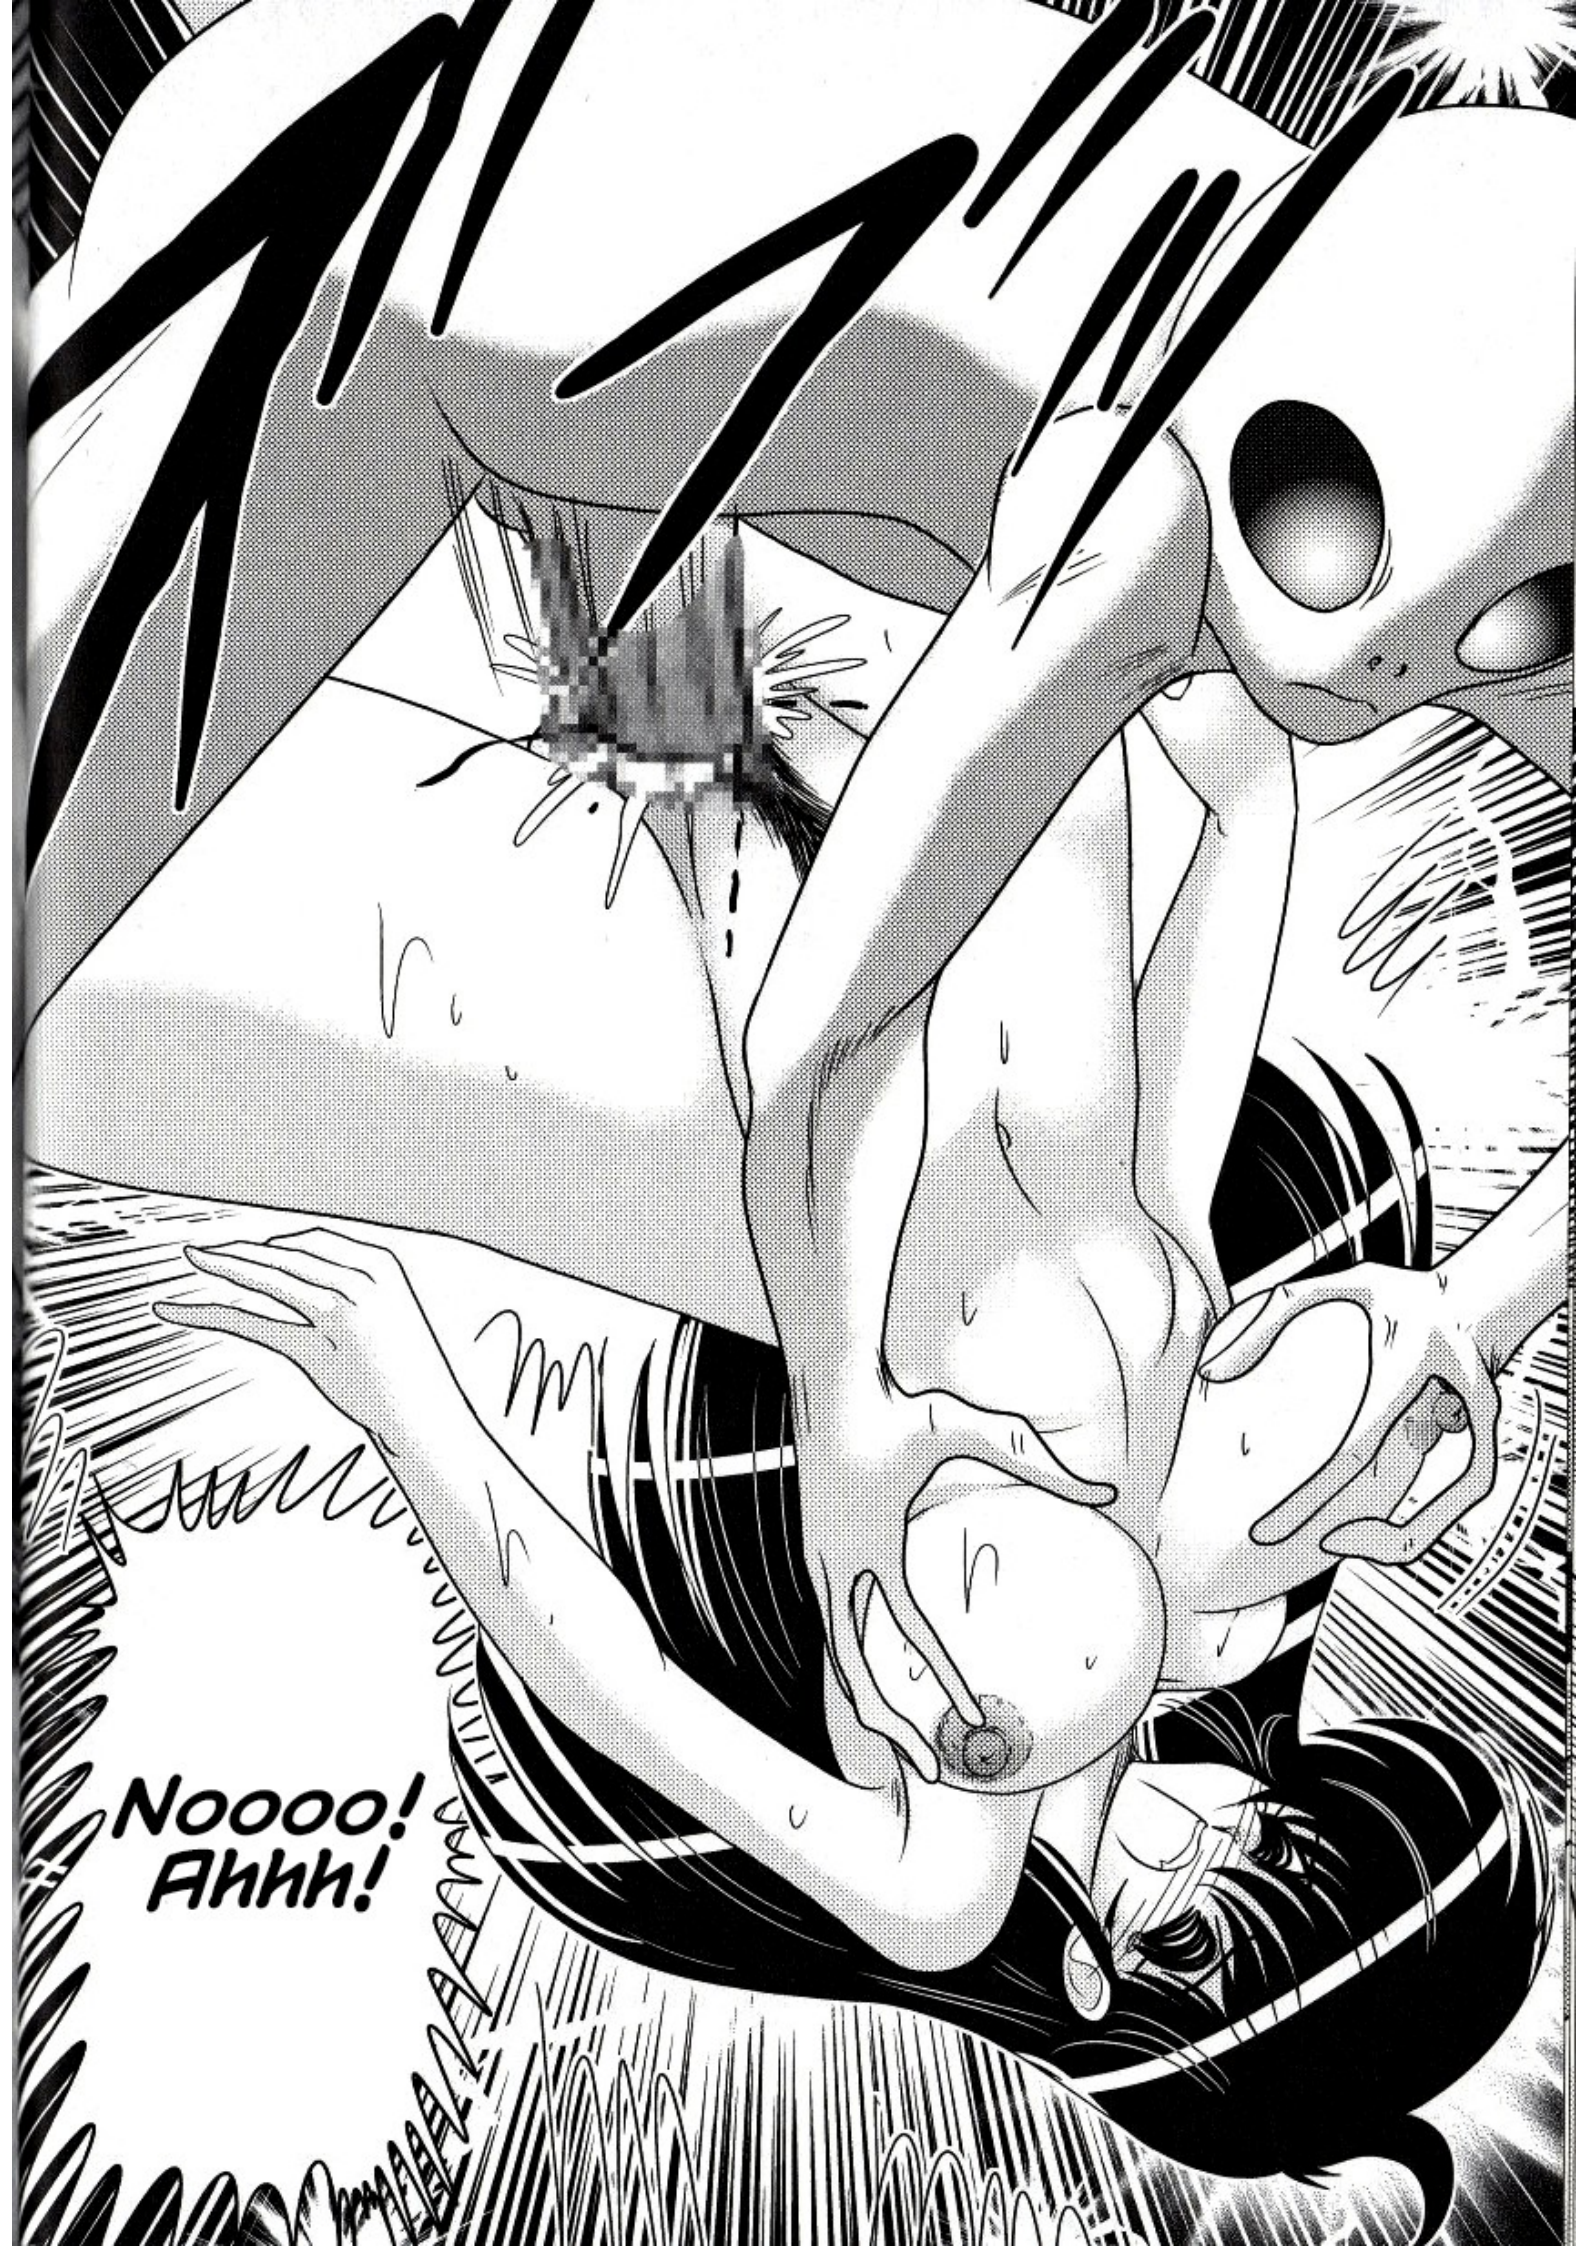

No way! This virgin gangbang will be aired all across the universe!?

The record of this cross-breeding experiment will be opened to civilization across the Milky Way, for the scientific benefit of all.

I don't
want to be!!
Ahn, stop!
Somebody
save me!
Papa!

You should be
delighted that
you will be known
throughout the
universe.

**Noooo!
Ahhh!**

Ahh... it hurts... you're awful... Nooooo.

Insertion complete. Are these the genitals of an earthling virgin!? It's so tight!

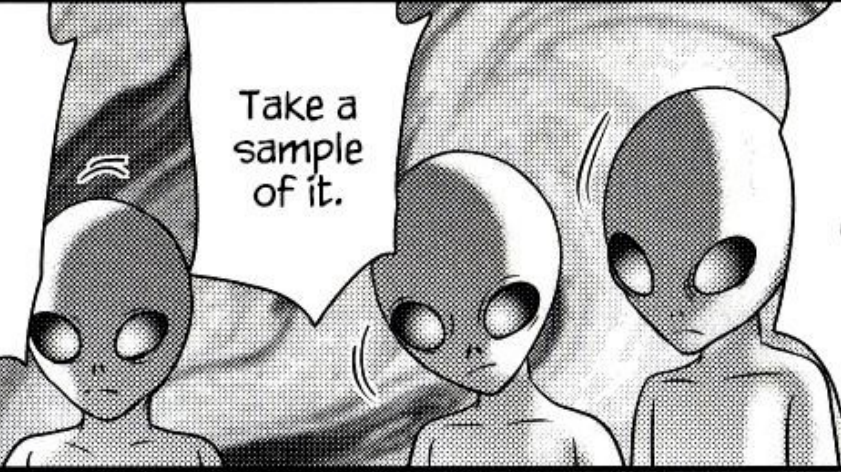

Ahh... No... Ahh... it hurts... stop...

Once I've thrust inside her 30 times, I will ejaculate.

Take a sample of it.

Bleeding confirmed, there's evidence of her loss of virginity.

No... don't cum... in my pussy... Nooo... I don't want to get pregnant with an alien baby!

It... feels good... I can't hold on!

No, I cannot control this body... Ahh!

カッ
カッ
カッ

エ...? エ...?

カッ
カッ
カッ

カッ
カッ
カッ

I would certainly like to try to collect data too.

Incredible... was the pleasure really so great?

I'm sorry... My body was more sensitive to her than anticipated.

Ejaculation was faster than hypothesized, we can't collect accurate data.

How many months are you going to keep raping me on this UFO?

H-hey... wait... no way... are you going to keep going until I'm pregnant?

We will be sure to drop you off and pick you up later.

We will measure your menstrual cycle and aim for the interval when it is easiest to impregnate you.

Mm
Mmm

Until we confirm pregnancy, each time will take about 1-2 hours.

Do not worry, we will not need to keep you restrained for a very long time.

Each time,
we will erase
your memories,
and if it has
not happened
you will be
released.

Of course
we will not
experiment
on you while
you are on
your period.

Aah
Ahn

Noooo!!
I don't
want to
be gang-
raped!

In order to
increase the
chances of
conception,
it is best if
you reproduce
with
all members
of the team.

Ahi...
Aah...
Aaah...

Your body,
no, the
womb of
the Earth
female
Kouzuki
Mai...

Mai's pussy
is our
property!
Your naked
body is for
us alone.

Aaah

is now our
precious
test subject,
our guinea
pig.

The only ones to have intercourse with you, the only ones to fuck you, will be us! You are not to have sex with human men!

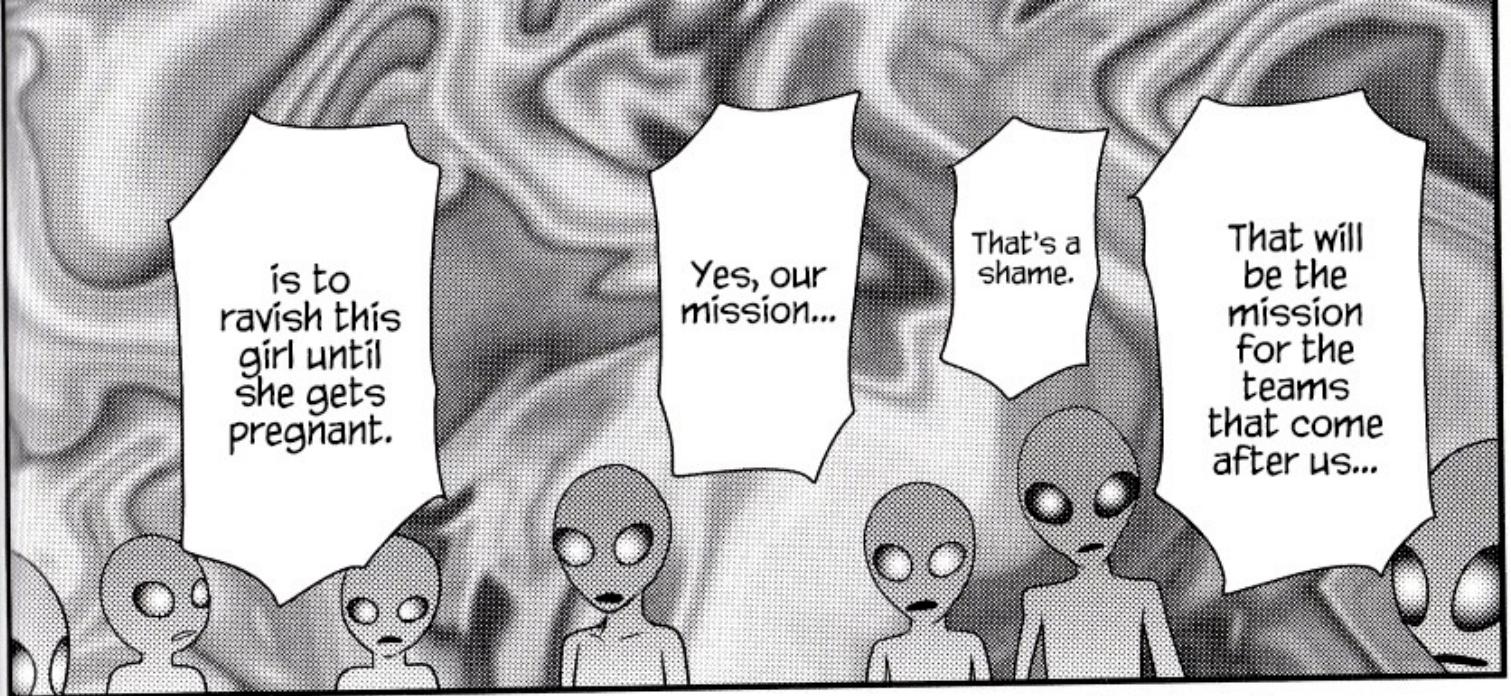

Aah...

Until our experiment is complete, you must not have intercourse with other Earthlings.

We will implant you with a powerful hypnotic suggestion. Sex with others is forbidden.

Is this girl special, perhaps? We don't have enough data. We'll have to try to collect other girls.

However... sex with Earth women feels so great, this is far beyond our data.

is to ravish this girl until she gets pregnant.

Yes, our mission...

That's a shame.

That will be the mission for the teams that come after us...

Haah Haah...

We're now cleaning your vagina.

We will clean your body and then erase your memories.

Your clothes will be restored as they were once you are teleported back.

She has had intercourse with everyone on the team. This was a really significant experiment.

En

En

En

Chip embed complete.

One week should suffice.

Let's restore the damage from her losing her virginity.

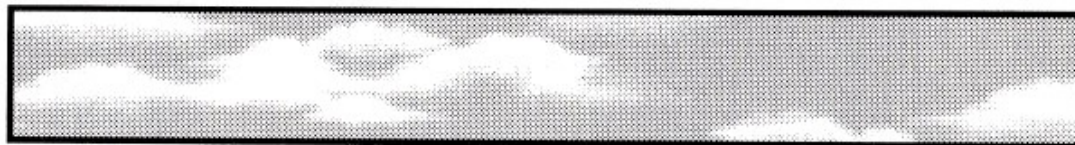

When will we next be able to ravish her?

We claim this body in the name of Seg Altile... Fufufu.

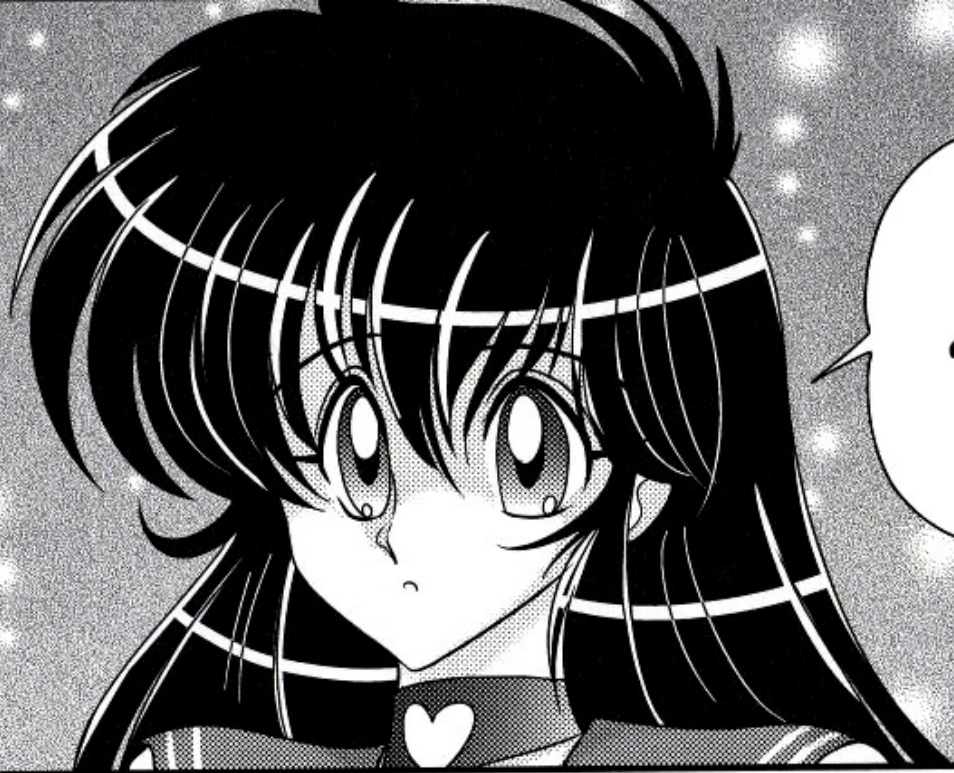

Great job, Kouzuki Mai. ♡

This will track her health and location so that we will know how to take her back.

...!

...?

...

Hmm...

D-did you find something... interesting? Hah...

H-how was it? Was there a UFO?

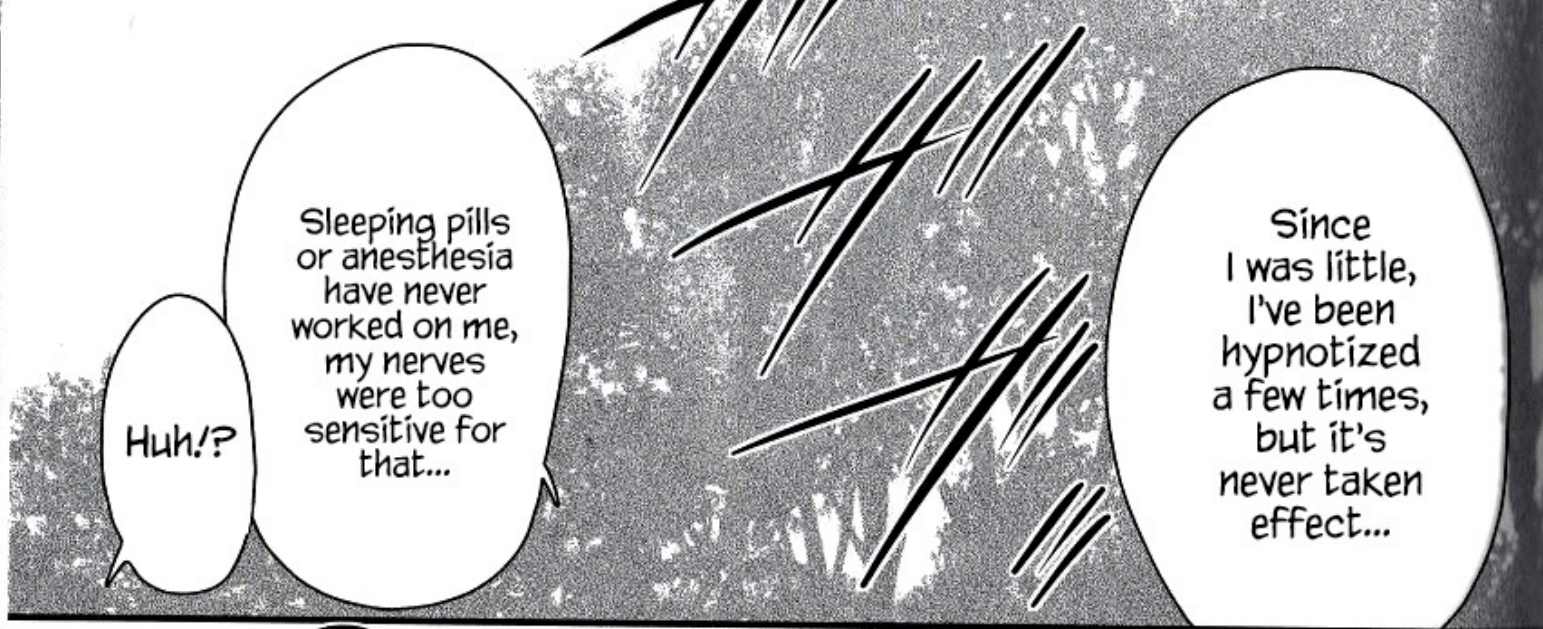

Yeah... A little...

...

Oooi, Kouzuki-san! Where did you go? I've been looking for you!

Huh!?

Sleeping pills or anesthesia have never worked on me, my nerves were too sensitive for that...

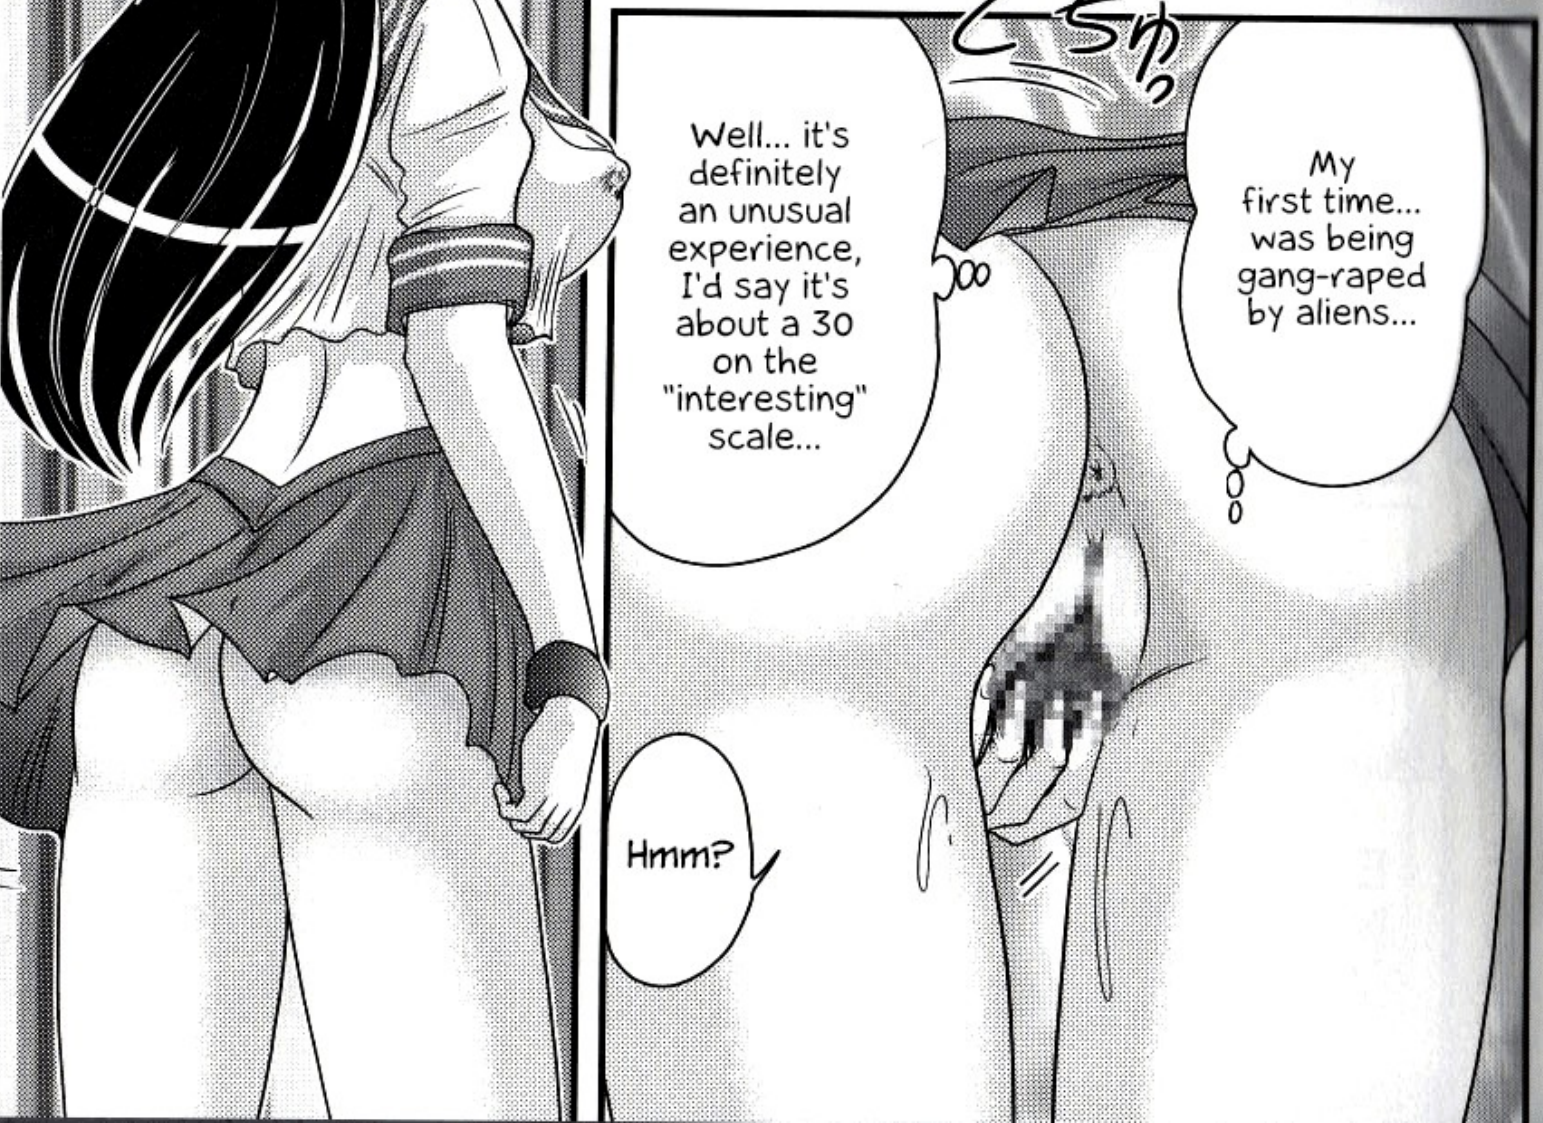

Since I was little, I've been hypnotized a few times, but it's never taken effect...

Yup. ♡

and they couldn't erase your memories, so you remember everything?

You mean, you were abducted by aliens...

Well... it's definitely an unusual experience, I'd say it's about a 30 on the "interesting" scale...

My first time... was being gang-raped by aliens...

Hmm?

Being raped
by aliens
and getting
pregnant by
them is a lot
more exciting
than that!

Mmph
♥

...Well, ♥
it's better
than losing
my virginity to
some common
Earth boy
and getting
pregnant.

?

Huh? My
panties
and my
bra are
gone...

Those
bastards...

Ahn...
Geez...
