Eris  
(Fifth Grade).  
At first,  
she was  
bewildered  
by human  
society, but  
now she's  
used to it.

Soon after  
I ended  
up here  
I met and  
somehow  
ended up  
marrying  
an Elf girl.

I guess it's  
been about  
100 days since  
I was thrown  
into this world  
filled with  
monsters  
and spirits.

I guess you  
could say  
"As the twig  
is bent,  
so grows  
the tree".

Even though  
I say that,  
Eris still  
seems more  
comfortable  
in a forest.

Look,  
Takeru!

It's a  
Cenja  
truffle!

異世界★ロリエル

Ep.100

Their scent is 100 times that of a Cajua and the taste is 100 times that of a Hloi Mushroom.

100 out of 100 people agree it's the highest-grade mushroom!

Cenja truffles are called "The king of kings" amongst mushrooms!

You don't know about it, Takeru?

Cenja truffle...?

Humans are such...

I ran into it only 100 days after coming to this world, though.

This mushroom is so rare you could live 100 years and never get to eat it.

...You don't understand at all, do you?

Hmmmm...

Mmmmm~

It's delishus~

I think you mean tasting is believing!

Well, I guess seeing is believing.

Ah, raw...

Mh...

Is it okay to eat it like that?

Shut up.

You can be a real pain, Takeru...

You're 100 years from being able to appreciate this taste, Takeru.

You're the younger one... You're still II.

It truly is the king of mushrooms!

It's easily a perfect 100 points!

Oh, oh, oh ish gonna spill.

Hic!

No...

Are you okay?

Hic!

Just a little...

...What's happening?

I feel pretty strange...

Hic!

Hic!

Hiccup!

Wh- What is it...

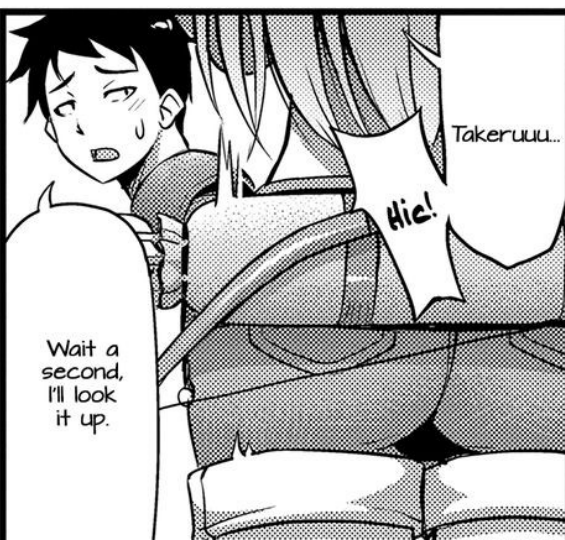

Ah.

Hic!

Hmm... It doesn't seem to have any strange properties...

Cenja truffle, Cenja truffle...

Wait a second, I'll look it up.

Takeruuu...

Hic!

Good grief, you're such a handful...!

How do we neutralise the poison?!

However "Be cautious of the Erostma, a poisonous mushroom of similar appearance that increases lust and pleasure by 100 times".

So it says.

Hie!

...I'm in an eroge, I'm 100% sure!

"Reducing lust by sexual contact will naturally neutralise the effects of the poison".

It's a total eroge development!

Ta... Takeruuu...

Something's strangeee...

Fidget

Ah-

The so-called "Noble Elf" is already like a bitch in heat!

Take-ruuu... ♡

Do something, Takeru...

There's no way I'll ever say 'cock'!

...And just look at the state of Eris, who said that (I think)...

I can put your cock in, right, Takeru?

It's for the sake of saving me, after all.

Mushrooms from the other world are terrifying!!

too!?

Good grief...

In a forest crawling with monsters, this situation could be dangerous even for a veteran like myself...

...Well, there's no use in crying over spilt milk.

It's not my fault!

I'm always running into situations like this when I'm with you, Takeru!
