Adil Raheed

The youngest child in a family of prestigious oil magnates of a certain country. A genius that graduated Harvard at the tender age of 1x. His (much) older brother died young from disease, so he became the next heir to the family.

Very intelligent, but likes to be spoiled. He regarded his older brother very highly, and, seeing a part of his older brother in the protagonist, began keeping him.

Has inverted nipples

Clip-like things

Wanting so badly to foster a cute boy, I tried expanding on the rough sketch. A brown boy with inverted nipples!

153 cm

See-through

For sex

Sleeps in the nude

Usual outfit
