today.

This was such a peaceful place without pesky humans sticking their noses around here.

Now it's ruined! And it's all your fault!

ガッガッ—……

If you take them, I'm gonna get attacked by other fish.

I... It talked...

These fish and I have a symbiotic relationship.

The strong taking things from the weak is just normal!

What is it with you?! You're just a sea anemone...!

ばーん!

go!

Wah

The weak
should
fear the
strong,
right?

Will
I die
here...?

カッ...

Don't
look
down on
nature's
power.

Uuh...
She's
crazy
strong...

It's gotten so red, twitchy, and squishy...

But I haven't gotten enough just yet.

Come on already! Will it come out if I push here!?

Eeeek! You're gonna rip them apart!

That tasty juice is hidden inside these, isn't it?

Hurry up and let it out!

Eh... Ah!?

It's twitching!
This works as a switch, huh!?

I'm... gonna break...!

Your
rough
tentacle...

is
exploding
inside
me!

Oh yes,
I can't
get
enough
of it...

ヒルッ!

They can expand a whole lot...

Human tentacles are the best!

Our tentacles are getting all lovey-dovey!

They're tangling all over me!

O... okay, I will! Just let me cum...

You can take a few fish, so...

come here again!

...Promise me something before you do!

Uwaah... I'm... cumming again...
