Blood....
Is this my blood?

The village....
They're all dead...

!... I killed them...?

No....

Hey there...

I'm sorry.
Did I worry you?

It was just
a bad drea...

B...but,

You've been having a lot of them lately...

...

Um...

I know, I don't know about your past.

You never asked me about mine.

MF!

I see. I didn't consider your feelings.

I'm sorry. It makes me really happy that you worry about me, but...

I promise you it's nothing you have to worry about.

If you say so,
I believe you.

MUR... MUR...

please rely on me
a little more.

But...

OK,
I will.

I'm off.

It won't take
too long.

She's right.
I should tell her.

Even if I don't
know much about
her myself.

I can't bring her in
danger because
of my past...

Hehe, I spent a long time observing this world.

That's not all I can tell by looking at you.

Is that so?

But who am I to talk?

You better hurry home to your guest.

We don't want her to get in trouble, don't we?

You're back!

Hey there.

Your tea is really delicious.

Really?
Thank you.

Would you like another cup?

Won't say 'no' to that.

Thanks.

This is for you.

Hey...Devi.

Did you only come for some tea?

Don't worry.

I just came by to see how you two are doing.

Any updates on the situation?

Nothing major. But he's as arrogant as ever.

They started raiding more of the southern regions recently,

But they are still far away. So, nothing to worry about for now.

I see. Thanks for coming all the way to tell me.

I know it's not really in the neighborhood.

Don't you worry about our "reconnaissance" mission.

But, you know,

SOMEBODY has really become gloomy since you left.

SPASH!

Hot?

FANT!

FANT!

Sorry,

I fear I can't help that.

I think I finally found a place I want to protect and call home.

That's nice for you.

Anyway,

I gotta get back soon.

Take care of yourself and your little lady.

It was a real surprise when I visited you and she was there the first time.

I know.

It's not really what you'd call a "common" relationship.

But I'm not "common" and I think neither is she.

So, we're a good fit in that aspect.

BLUSH...

You sure took
your sweet time.

Hey Kamar,
there you are!

Ehe...that was way more than usual

What

much about
what happened
last night.

Everything after
we kissed is blank...

afterwards?

I think I must
have accidentally
hypnotized you....

Eh? You
did what?

Are you
mad?

I'm sorry.
i didn't
mean to...

Hmmmm....

Actually no!

I haven't
slept this good
in a while.

So whatever
you did.
Thank you.
