□ Afterword

Hellooo. I'm Yamada from Yamakawa Denenhuukei.

This time resulted in an original book. How was it?

Although I am not especially making a statement, I drew it freely based on one theme I had in my head.

Well, the small details are important. Anyway, I hope you enjoyed it!

The title is from a specific song of my favorite band, GRAPEVINE. While it took inspiration from the title, the contents of the song are not related. haha.

Recently, because the adult magazine Comic Bavel is often taking my works, if you would check them out. I would be quite happy!

□ 奥付

*ED NOTE: THE SONG HE IS TALKING ABOUT IS TITLED "YUBISAKI", IT'S PRETTY CHILL.

Don't use oshikko though, you'll sound like a kid.
Unless that is your intention...
