Ah

Afterword

Thank you very much for picking up this book.

There were some places I feel I drew Karamatsu-kun a lot like a girl, but I'd like to try drawing more of his stupid, loveable side as well.

Please forgive me for the misleading cover...

Originally IchiKara -> American breakfast

JyushiKara -> Grilled food set

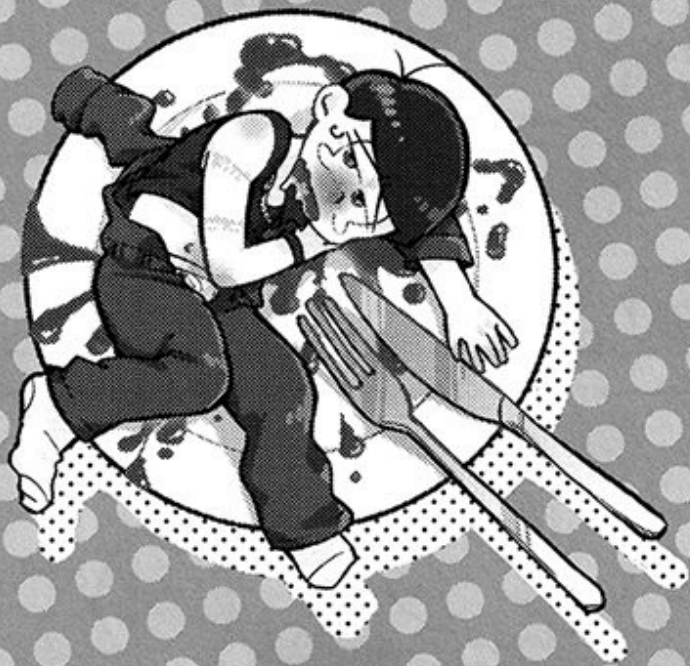

TodoKara -> Gelato

Although I'd planned to center the stories around food, I scrapped it after thinking it might be too boring. I hope we can meet again somewhere.
