With My
Tall Younger
Cousin

Kyouusuke,
we arrived!

Once
during the New
Year's
and
once
during the Bon
Festival.

In our
house-
hold, we
regularly
visit
my dad's
family
twice a
year.

Bon Festival: Think of the August summer.

IT'S
BEEN
SO LONG!
YOU GUYS
ARE
EARLY.

My
younger
cousin
Wakaba.

'kay.

Hey,
we should
unload
the luggage
first.

Out
here,
I would
meet
her,

IT'S
KYOU-
CHAN!

The
daughter
of my
dad's
younger
sister,

I stopped at 152 cm, but she easily shot past that.

Around the time she was in middle school, she started growing up.

My one year younger cousin Wakaba used to be a really small child.

TOGETHER, ON A WALK, 'KAY? ♥

What? No, I did not shrink.

so cute! ♥

WOW KYOU-CHAN, DID YOU SHRINK?

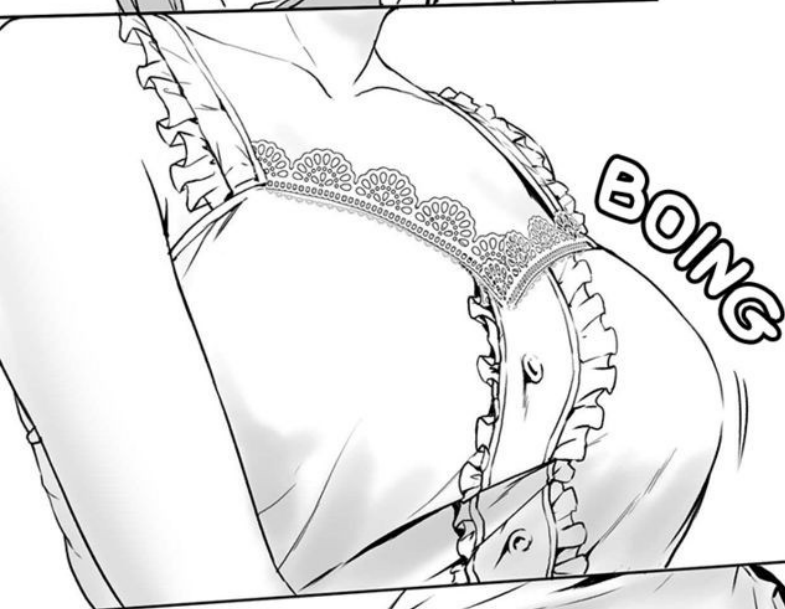

HEY, WHEN YOU'RE DONE UNLOADING THE LUGGAGE, LET'S GO!

I can help you out with that.

Oh
dear
me...

Wakaba
got taller
again,

and some
other places
got bigger
as well...

A
STICK
BUG!

KYOU-
CHAN,
LOOK!
LOOK!

Hey!

If we're talking about Wakaba's character, well...

But is it defenseless?
Is it enticing?

That's cute!?

IT'S SOOOO CUTE!
♥

BUT I'M GOOD, I'M GETTING USED TO 'EM.

I GUESS?

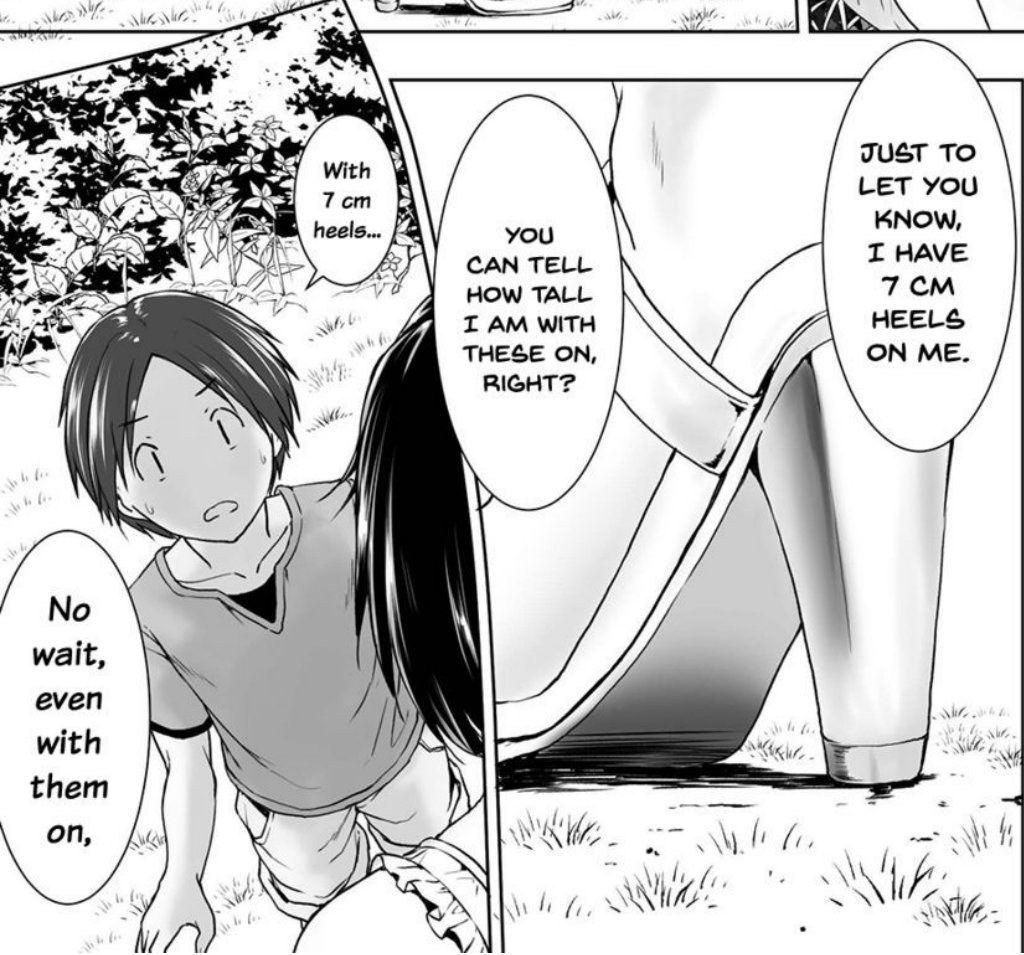

P- putting that aside, is it not tricky walking in those shoes?

She read me!

Turns

I MUST BE ENTICING, AREN'T I?

With 7 cm heels...

YOU CAN TELL HOW TALL I AM WITH THESE ON, RIGHT?

JUST TO LET YOU KNOW, I HAVE 7 CM HEELS ON ME.

a 10 minute walk home from here

AFTER ALL, YOUR **LITTLE** COUSIN ISN'T SOME COUNTRY GIRL.

We're not exactly city folk either.

About
187 cm?

Umm...

She's
big...

**BZZ
bzz!**

UH OH!
THAT'S
WRONG!

WHA-!

She's gotten
so much
bigger since
the last time
we met!
(at New Year's)

THE
CORRECT
ANSWER
IS THAT
I'M...

Wow, she's really wet down here.

You're hard again.

Guess that's Kyou-chan's horniness!

I DON'T WANT TO HEAR THAT FROM YOU, WAKABA!

Even if you just have a boner, that'll be fine.

So I'll continue to stick with you!

Wah! Wa-

WELL YOU'RE STILL ABLE TO GET HARD.

I couldn't remember how much we fucked.

She wrung me dry over and over again.

After that, with Wakaba's stamina never losing steam,

I had a thought during it all that I would be having sex with her forever.

But before I realized it, I had lost consciousness.

Mmh... It's morning?

The
End

Oh long time no see. This is Hachimitsu.

I have thought before about drawing a story with a younger but taller female who takes the lead. Wouldn't it be nice if after many years, she'd still be growing in many more ways?

I had planned on making Wakaba grow at least 20 centimeters more.

Lately I've worked on changing up various techniques on what I think were many unsuccessful approaches. I should continue to improve for next time.

Oh right. Because of some inconveniences lately, I had the opportunity to start a Twitter. Since I plan on using it as my main means of announcing my doodles, if it's not too much of an issue for you, I'd be happy if you follow me. (・ω・)

Hi, Jasmine Tea here! Another solo "putting it into English" thing I did here. Is it scanlation? Who knows.

To those who haven't already closed this or ignore the credits (I hope you didn't for the author credits ah ha ha), indulge me for a little:

Is Kyou's face in this panel the face of him realizing that Wakaba's too big and too heavy and has no way of stopping her no matter how hard he tried?

...or is he just holding on to her, tired out from cumming all day?

But hey, thanks for checking this out! I hope you enjoyed it as much as I did ♡

I always wanted to put one of Hachimitsu's works into English. I've come full circle now! :3

Thank you to the community who dumped this as publically as, well, it's gonna get. It helps fuel the basically charity work that goes on here. Now it's in English, and others too!

If you noticed, I left the converted feet/inches out of the story. After all, the cms make them sound taller. But in case you were wondering about them:

Kyou's:

-> 5ft

Wakaba:

-> 5ft8 last year when they did it at the stump

-> 5ft11 during the New Year's

-> 6ft2 now (6ft5 in heels)

-> 6ft7+ projected

(with author comments 6ft10+)

She is actually growing like a weed.
