The Pheromone Syndrome

Next on the news—
The "Pheromone Syndrome" continues to spread.
Reported cases continue to rise toward 10 million, and countermeasures have become necessary in order to face this new national epidemic.
The Pheromone Syndrome induces sexual arousal in individuals who come in contact with those who are infected,
regardless of gender.
THIS IS WHAT DEFINES THE PHEROMONE SYNDROME.
Although the symptoms can be greatly reduced with these prescription drugs,
they can still be triggered
depending on the level of desire emitted by the other individual.
I'M PUTTING YOU ON A SUPPRESSANT THAT
YOU WILL NEED TO TAKE THREE TIMES A DAY.
PLEASE BE CAREFUL.

The symptoms will not appear unless someone nearby wants to have sex with me.

I don't have the type of personality that is generally liked by others,

so there shouldn't be a problem.

However, perhaps I should...

If he finds out now, it'll be troublesome.
I'll just avoid him...
This is Sugino Kouichi, a deli worker from "Office Deli," who provides bentou for our office.
I'm normally not very well-liked by other people,
but he's different.
YOU CAME TO BUY A BENTOU AGAIN TODAY, RIGHT?
HINOKI-SAN! WHY ARE YOU STANDING OVER THERE?

What could he possibly like about someone like me?
He's such a meddlesome and irritating man, and he's always on my case.

YOU WENT TO THE HOSPITAL THIS MORNING, RIGHT?
I took my prescribed medication,
but I wonder how effective they are actually going to be...
HOW DO YOU...?
I OVERHEARD ONE OF THE GUYS IN YOUR DEPARTMENT SAY SO EARLIER.
I'M WORRIED. YOU HAVE A TENDENCY TO OVERWORK YOURSELF, HINOKI-SAN.
I'LL TAKE THIS ONE, PLEASE.

NEWS FROM THE MINISTER OF HEALTH

WHAT IS PHEROMONE SYNDROME?

Pheromone Syndrome is the newest national health crisis since hay fever.
The Syndrome causes those who feel affection for the sufferer to experience a sudden onset of sexual arousal.
Symptoms are more severe depending on the degree of affection.
If you experience such symptoms, please go to the hospital for medication and the appropriate treatment plan!

CONCERNING THE RECENT AND SUDDEN INCREASE IN SEX CRIMES IN THIS COUNTRY...
OUR INVESTIGATIONS HAVE CONFIRMED THAT
WHAT THE VICTIMS HAVE IN COMMON IS AN EXCESS OF CERTAIN HORMONES IN THEIR BODIES.
IN ADDITION, WHEN THEY ARE RELEASED OUTSIDE THE BODY, THESE SEX PHEROMONES CAUSE SEXUAL AROUSAL
THAT HAS AN EXCESSIVE INFLUENCE ON THE PERPETRATORS.
WHAT IS THE CAUSE OF SUCH AN ABNORMAL ROUTE OF TRANSMISSION?
THIS MAKES US CONSIDER THAT THERE IS SOME ABNORMALITY IN THE SIGNALS FROM THE HYPOTHALAMUS.
WHY DO WE SEE SUCH VARIED REACTIONS TO THE SEX PHEROMONES?
THE SOURCE OF THE ABNORMALITY IS UNCLEAR, BUT...
WE'RE BUILDING A HYPOTHESIS AS TO THE VARIED REACTIONS.
guhh!
A HYPOTHESIS ON AN UNKNOWN CAUSE?
CAN WE GET INVESTORS FOR SUCH A VAGUE GOAL?
BANG!!

IF YOU AREN'T ABLE TO BE ABSOLUTELY CLEAR..
DON'T WE HAVE TO DEAL WITH THIS ABNORMAL SEXUAL PROBLEM FIRST?
THE ENZYME I'M CREATING WILL BE ABLE TO CORRECT THE SIGNALS THAT ARE TRANSMITTED.
IF YOU WANT TO ELIMINATE SEX CRIMES BY YOUNG PEOPLE ALL OVER THIS COUNTRY,
SHUT UP AND GIVE US YOUR MONEY!!

SLEEPY ...
HEY, WHERE'S TANAKA-KUN TODAY?
...HE WAS ARRESTED YESTERDAY FOR RAPING A GIRL ON ANOTHER TEAM.
WHAT?!
HOW MANY PEOPLE IS THAT NOW FROM THIS RESEARCH LAB?!
AGAIN?!
IF IT KEEPS GOING THIS WAY, OUR WORKLOAD WILL JUST KEEP INCREASING!
ISN'T THAT RIGHT, YAKUSHIJI-KUN?!

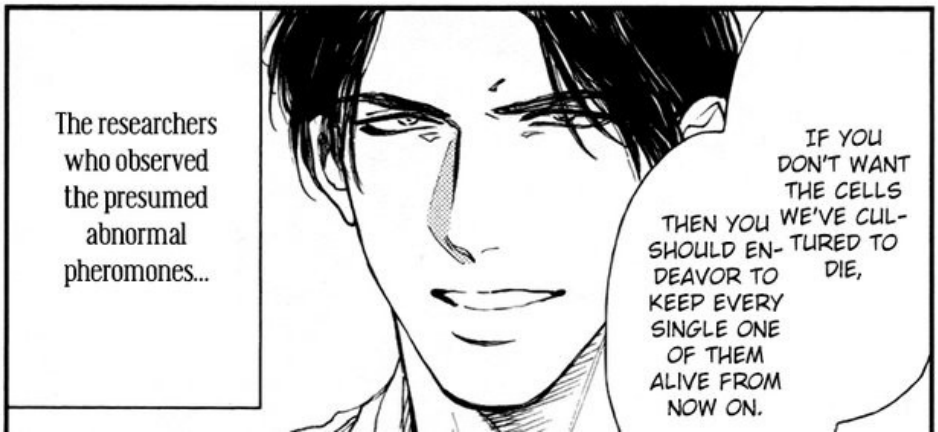

ugh!
I MEAN, IT WAS AN HONOR TO JOIN AN EXPERIMENTAL TEAM THAT WAS LOOKING FOR THE KEY TO SOLVING THE PROBLEM THAT'S SHAKING THE ENTIRE NATION!
NOT TO MENTION GETTING TO WORK UNDER THE GENIUS DR. MURA, WHOSE STOCK IS SO HIGH IN THE WORLD OF BIOCHEMISTRY RIGHT NOW...!

chuckle
YES, YOU'RE RIGHT...

wah!
BUT I NEVER KNEW HOW HARD IT WOULD BE!!
I WANT TO GO HOME!!

mutter...
AND WE WON'T EVEN GET THERE WITHIN A YEAR IF OUR FUNDING STOPS.
And because of that, more and more men and women in their teens through 30s will be sexually assaulted!

An allergy of unknown origin that suddenly appeared...
CLINICAL TRIALS START IN A YEAR!

The researchers who observed the presumed abnormal pheromones...
IF YOU DON'T WANT THE CELLS WE'VE CULTURED TO DIE,
THEN YOU SHOULD ENDEAVOR TO KEEP EVERY SINGLE ONE OF THEM ALIVE FROM NOW ON.

Y-
YES, SIR!
We're currently pursuing the development of a suppressing agent...
THIS IS HELL...
ONE YEAR, YOU SAY...
ISN'T THAT TOO FAST?
WE'LL RUN OUT OF LAB STAFF BEFORE WE ATTAIN THE CELLS.
THIS IS WHAT THE WHOLE COUNTRY'S WAITING FOR.
sigh

THIS IS A PROBLEM THAT REQUIRES US TO ALTER OUR APPROACH NIMBLY...
BUT OBVIOUSLY, OUR PRIORITY IS DEVELOPING THE SUPPRESSING AGENT.
INDEED.
IT LOOKS AS IF ANOTHER COMPANY'S RESEARCH TEAM HAS DEVELOPED TWO TYPES OF SUPPRESSING AGENTS...
BUT NO MATTER HOW MANY OTHER COMPANIES CREATE A TREATMENT,
THEIR THEORIES DON'T RESULT IN AN EFFECTIVE PRODUCT.
MY THEORY WILL BE SELECTED.

I'M CERTAIN OF IT.

BUT BASED ON THE DATA I'VE COLLECTED UP TO THIS POINT AND THE UNEDITED REMARKS OF THE VICTIMS, THIS PROBLEM...
SHALL WE CALL IT "PHEROMONE SYNDROME" FOR NOW?
IN ACTUALITY, ALMOST NONE OF THE RESEARCHERS WILL HAVE CONTACT WITH THOSE INFECTED...
