

Hyakutarou vs Nihyakutarou

Original Serialization in G-Men November 2012#200

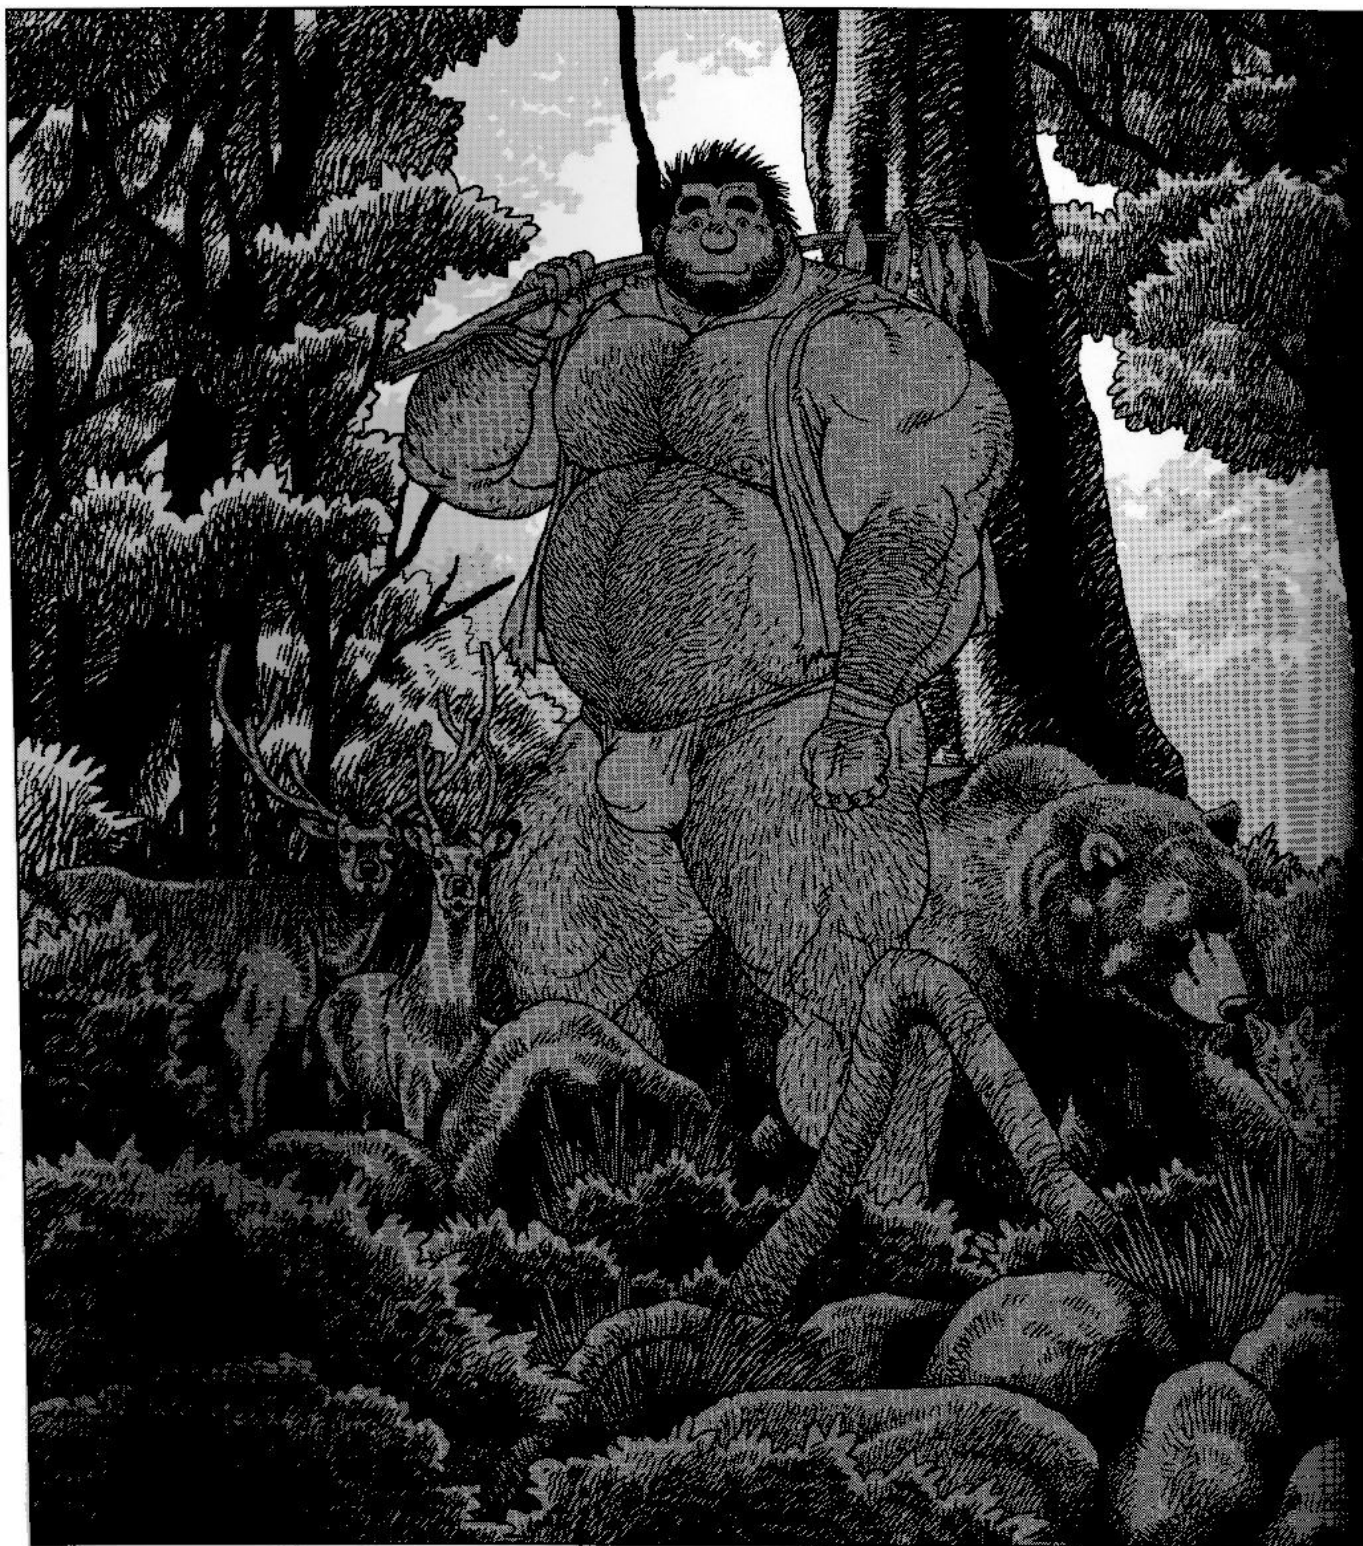

The sequel to 100 Kan Debu no Hyakutarou. This wasn't the first time I'd written a sequel for something I had previously published in the comics. So I looked forward to making a sequel that even those who hadn't read the first part would enjoy. Since the 200th is a commemoration issue I had a fun time making it as flashy and ridiculous as possible as well. I was aiming for a very 'festival' type feeling to it. I've actually been planning since Hyakutarou got released in Issue 100

"I want to release Hyakutarou vs Nihyakutarou in Issue 200"

I didn't think it would actually happen though, haha.

HYAKUTAROU VS NIHYAKUTAROU

*According to the old lady,
Hyakutarou is the guardian
of the mountain and only
when I go to see him myself
and when I go fishing is he
able to come down from the
mountain to the village.*

*The old lady of
the village calls him
Hyakutarou.*

*This is a story from
many years past, in a small
village deep within the
mountain and even deeper
and deeper in those
mountains I met a very
very large man.*
