I did take some, kukuku...

Haha... the photos, huh

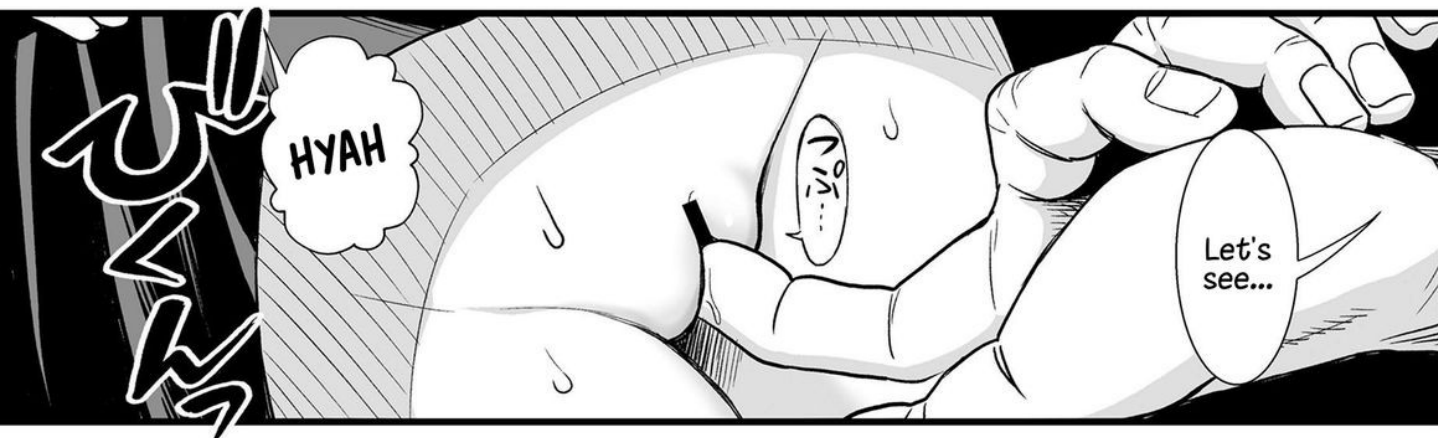

That's, because...

Sensei...

Threatened me with those pictures...

What a perverted little girl...

You were showing the boys that brisk face of yours with this behind the scenes?

HYAH

Let's see...

Oh, I see! it has to be Onodera!

I, I wasn... oh, oghoh...

Were you thinking something like, "If I'm going to get raped anyways, I'd rather be raped by him"?

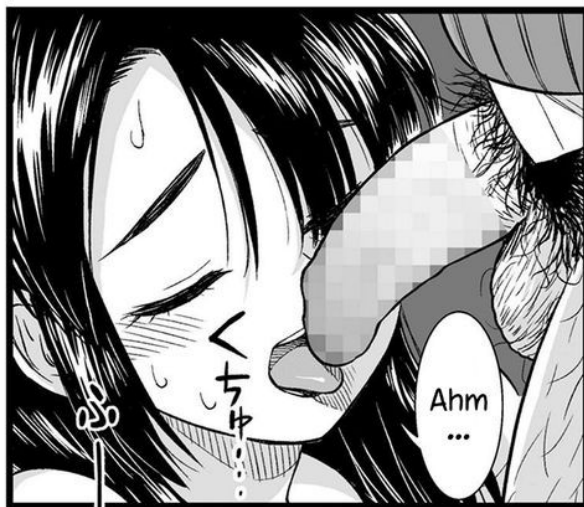

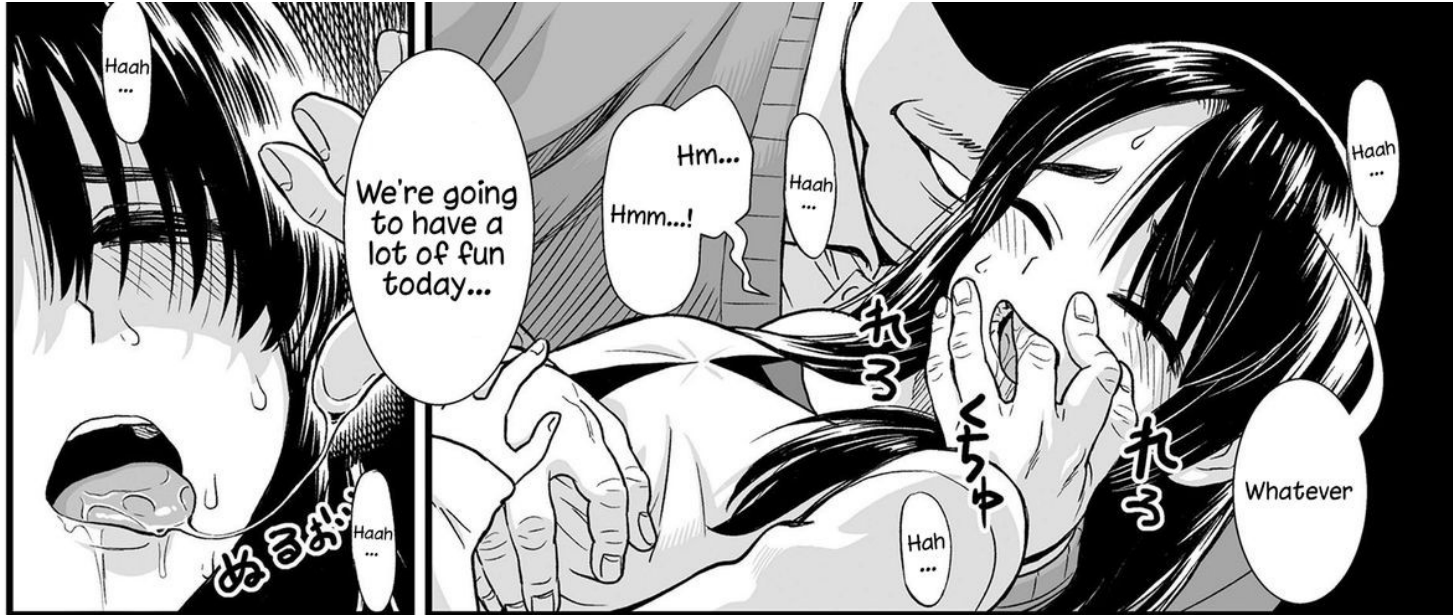

I bet you got horny thinking about him

Hmm? you talk like you really hate this

Yet you're already wet down here

Care to explain? hmm?

Onodera would be so dissapointed if he saw you

You're always acting like a honor student in school

And here you are sucking on my dick like candy

Ooh... good, good

You're such a fast learner

Don't talk back to me in the middle of a blow-job!

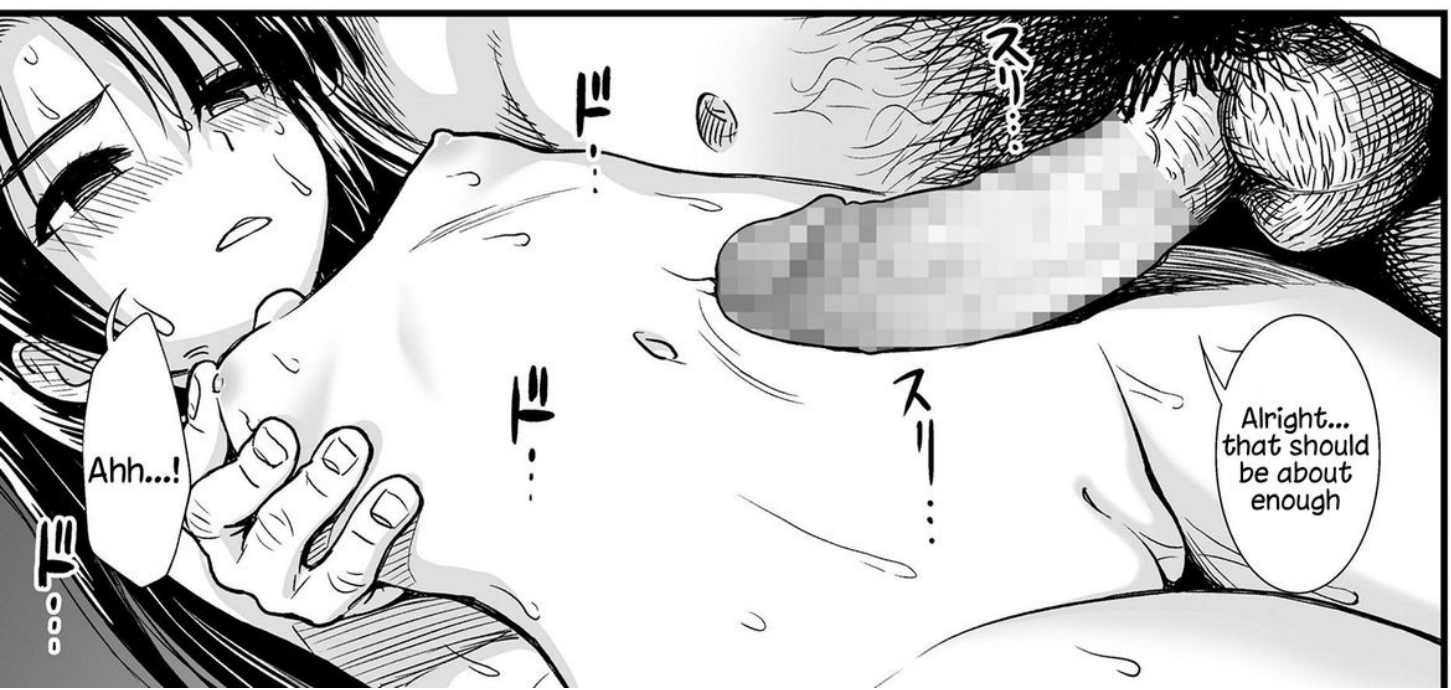

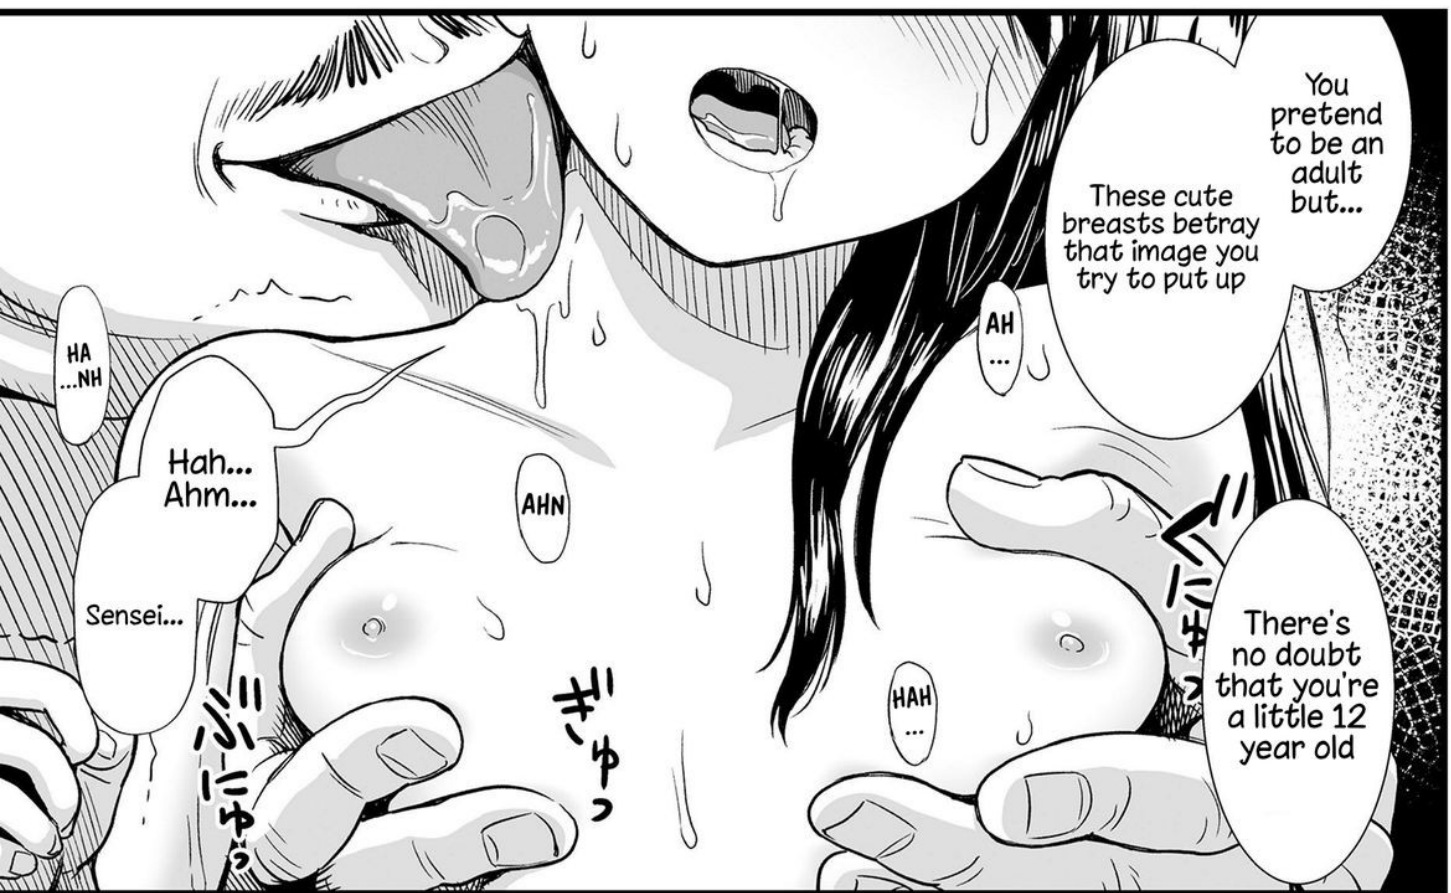

P- please stop mentioning Onodera-san...

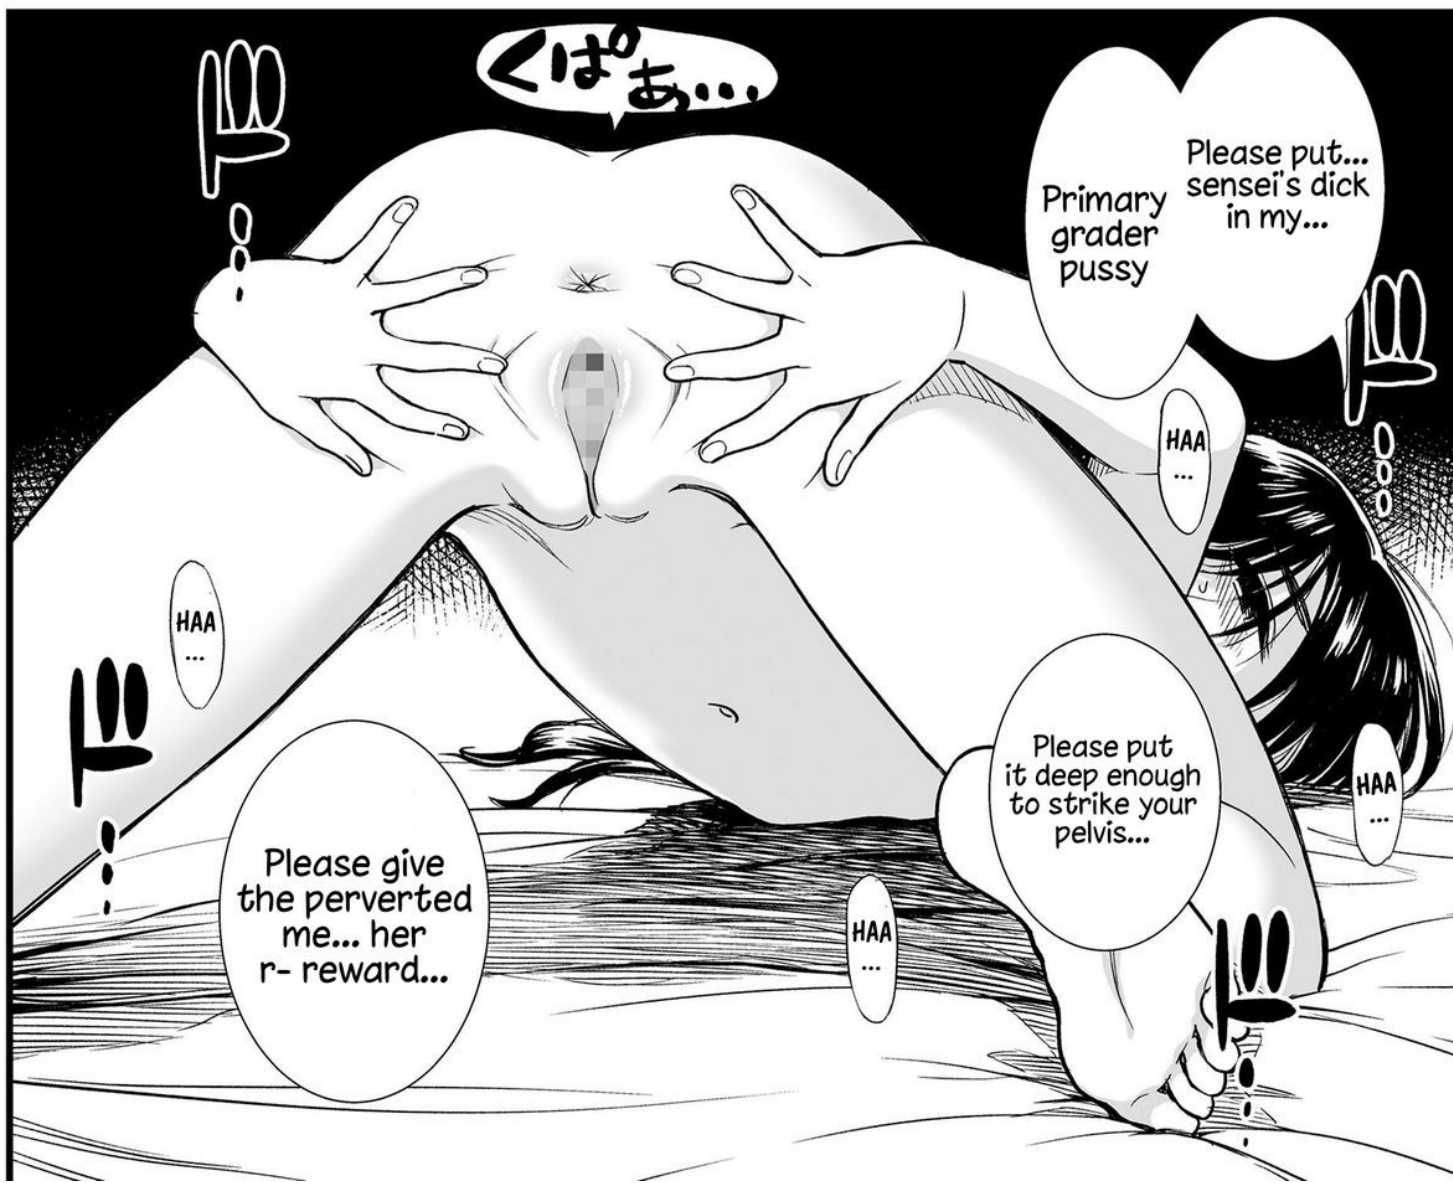

You're just a man-pleasing toy

If you can't focus then I'll help you out a bit

Take a
gooood
look at
yourself

Blaming
others is
bad,
Nişouu~~~~

That's
so cruel!

Aah

Even though
you're just a
primary school
student, look at
how wide you're
opening your
legs

And you're
having the time
of your life
while eating a
man's penis

Sensei is
the one that
made me
like this!!

Sensei is
the one that
made me
weird!!

Do you really
think you would
make a good
match with him
while being so
perverted and
him so naive?

You could be his first woman

He's probably a virgin anyways
What's the problem

Why don't you have sex with Onodera as well

Kukuku

Niōsou

Hey

I could... to Onodera-san's dick...

There's no way...

Or maybe you would rather do it with me while he watches?

You could even do it in front of me

Hm?

Noo...

Ahh, you got a message

"Thank you for being friendly with me even though I called you out of nowhere today, I was really happy"

Hahaha

Ahh

Let's see...

Ohh, that's right, didn't you swap numbers with Onodera earlier?

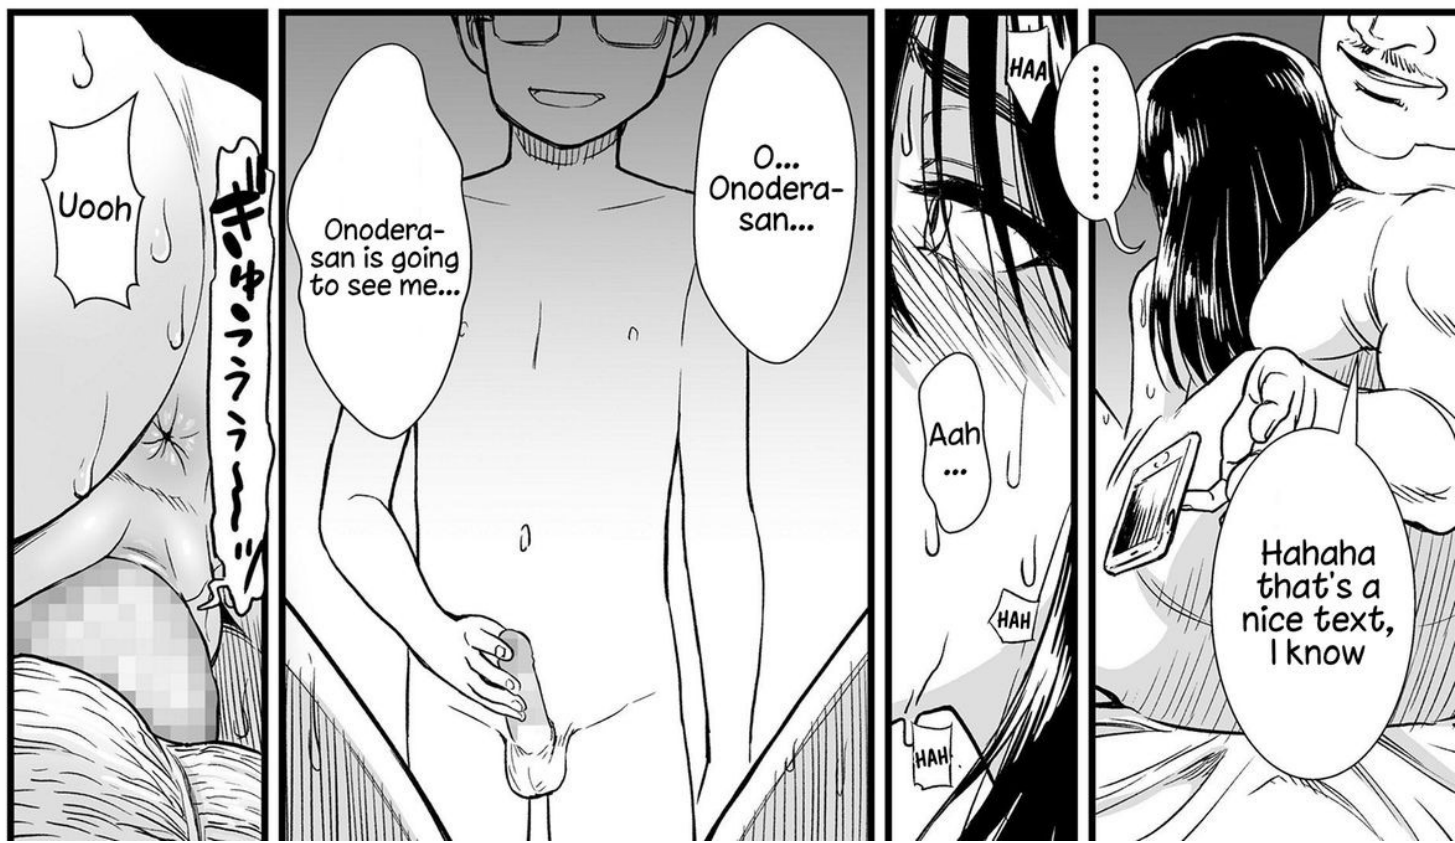

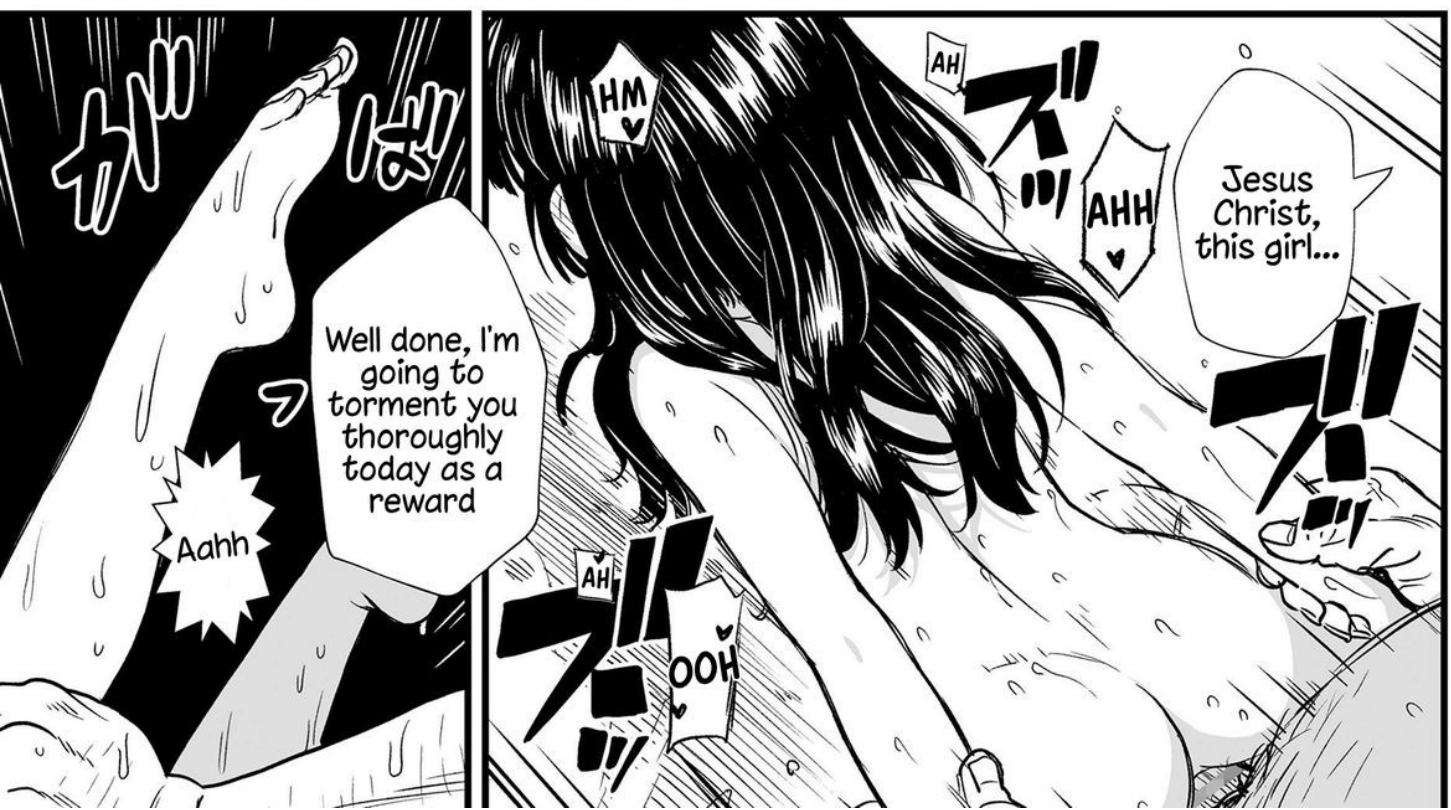

Fuhaha, did you get horny just from thinking about it?

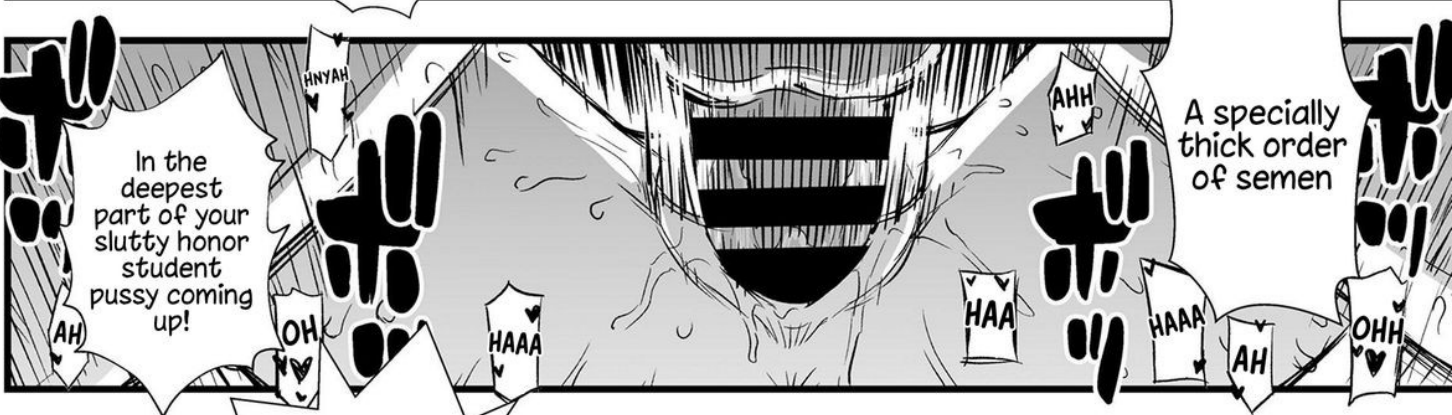

HAA ...

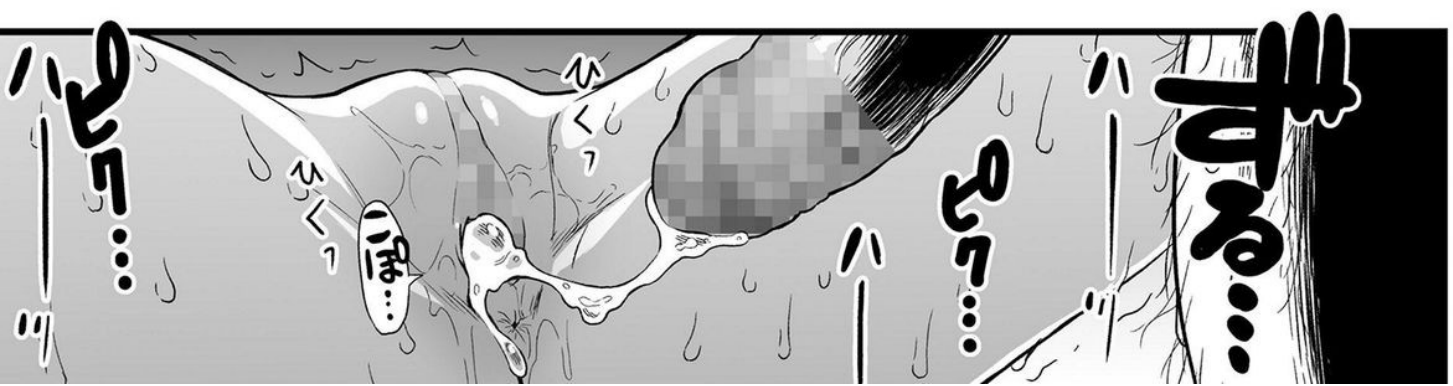

What an indecisive girl

HAA ...

Thanks for the reply!
Tea with Sensei?
that would be really nice!
I wonder what he wants to show us?
Sensei is really smart so
It's probably something amazing.
I'm looking forward to it!
Bye then!
