that
pent
up?

What

I wonder if
I had that
dream

because of the place
where I'm currently
working...

Good

week earlier
than
expected.

Sorry,

pictures
with it.

On page

I just confiscated since it
caught my eye, this time I'll let
it pass, umm, a letter of
apology is too bothersome.

ing in
class

I can see
many things
from the
front.

But be
more

The biology
dude might
be surpris-
ingly nice.

Ahh,
that's
great.

Thanks.

Sensei.

What is it?

Huh?

Ah...

It's fine

Thank you for before.

You saved me.

Umm

I'm not smoking, I just have it in my mouth.

Hey, isn't smoking on school forbidden?

I was asked to look after the creatures here.

The teachers were troubled since there was no one to do it.

I can do it because I feel safe with you.

Sensei...

Sensei... I beg you... help me.

Help?

I'm telling you because it's you!!

But...

I'm not a doctor.

I can't ask about this to anyone else!

Haah.

I'll
do it.

Al-

Open

more.

Yes.

AH!

getting
weird
seeing
this...

There's
nothing
weird

Am I really normal?

But it's not like I'm an expert on girls' bodies...

If something is bothering you go to a hospital...

Sensei

Ah... I don't think there's anything particularly different.
