When the mirror granted this wish, it created a world where boys have no interest in girls' bodies...

Please create that kind of world...

A world where boys don't have ecchi thoughts when looking at girls' bodies...

第2話

This isn't what I wanted...!

However, in this world, girls don't feel embarrassed at being naked, and don't cover their bodies!

What? You don't like this world?

Onee-chaaan! Hurry up and find another Akiba Stone, would you?!

We just need one to bring back the original world... Onee-chan, hurry up and find it already!

Onee-chan is gone this week, looking for the Akiba Stone...

Although, inside the house...
