はあ、

We haven't done it

Since Himari was born

We...

What Happened? It's very unusual

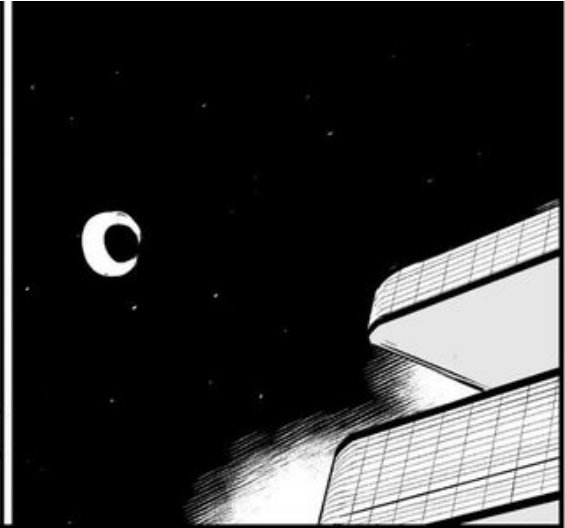

!!

If... I said that I wanted to have a second child

What will you do?

After that,
it get worse

In the middle of pacifying, she get suspicious of me cheating, and this time it took one hour for explain.. By the time I went to sleep, it was already 3am

My wife cried as if her child has lost their charm so I tried to calm her down

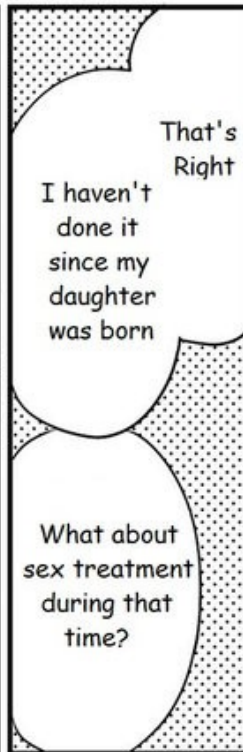

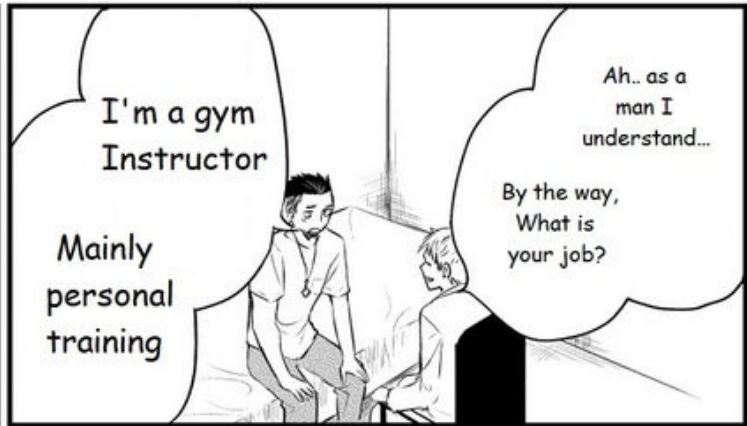

Yes

Let me ask you some questions
why did you choose our clinic?

I am visiting the ED clinic

SUN	MON	TUE	WED	THU
1	2	3	4	5
			11	12
			18	19
			25	26

Okay
Let's do
it!
show
me your
penis!

Yes

So
that's
it

I wanted
to change.
So, could
you tell me
how?

This...
Maybe the
way was
bad

We're both
men, so you
don't have
to worry
about it

Eh?!
⋮

Do you think
that other father
and those who
are embarrassed
by it are
ashamed?

Don't
tell me..

は、は、は、

I'm not
really
sure

A man who cares
about what other
men think

Is this okay?!

アッ!

No...
Not really..

You have
something
good!

As expected,
the penis that
has made one
child is
different!

Please wait

I will check it

Is the glands always exposed ?

of course

ちよっ

えっ

えっ...

あっ

I-

I see...

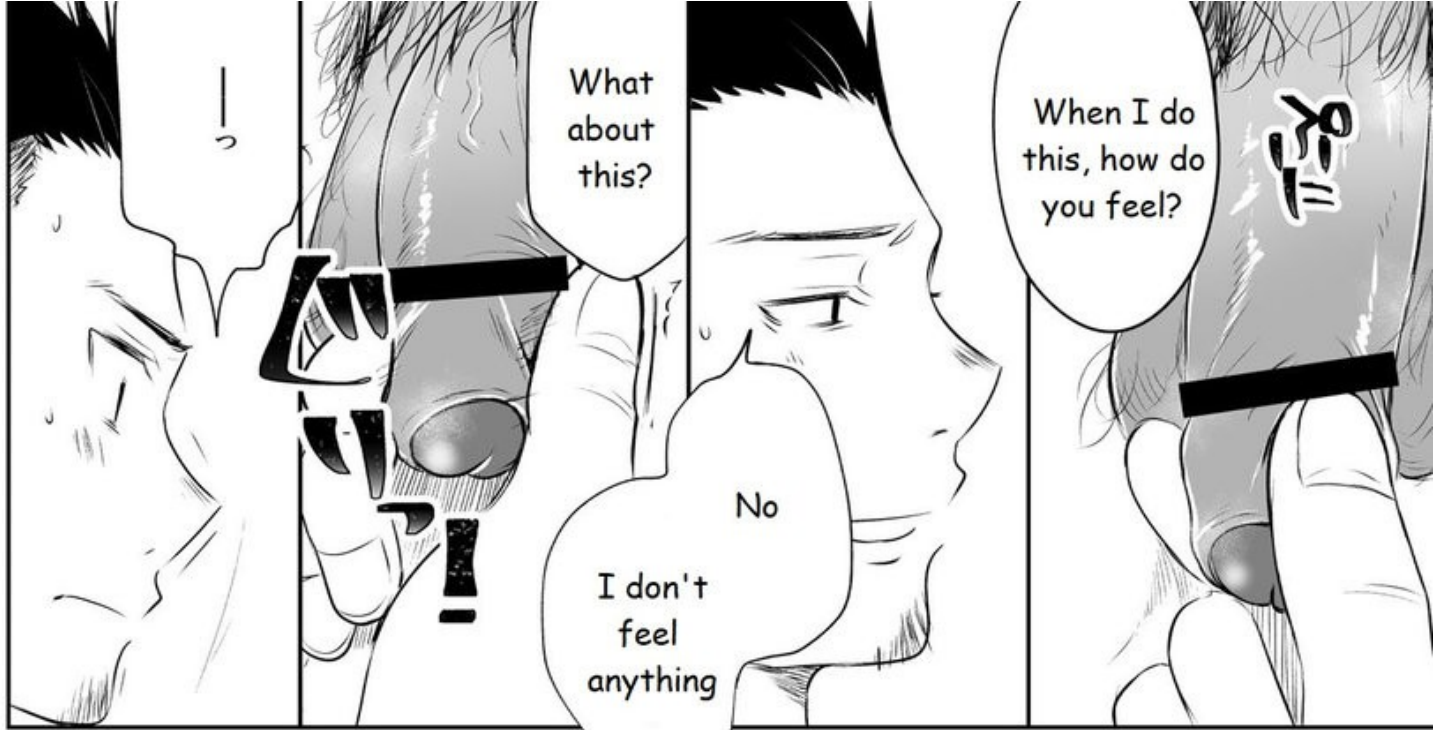

If you forcibly expose the glands, you will get used to the stimulus, so it's better to cover the foreskin!

Okazaki-san seems to thought that the foreskin condition is embarassing, but you don't need to be embarassed by it!

I want to die...

えっ

えっ

What about this?

When I do this, how do you feel?

No

I don't feel anything

Really?!

This is serious!

Even ordinary people will complain that they are in pain

Usually, how do you masturbate?

I see...

Right now

I'm feeling good

And I say vulgarly "It's a floor onahole"

Like this...

Rub the dick on the floor

I'm sorry ...
Me —

To be seen ...

I'm doing this stupid thing

I didn't even talk to other people

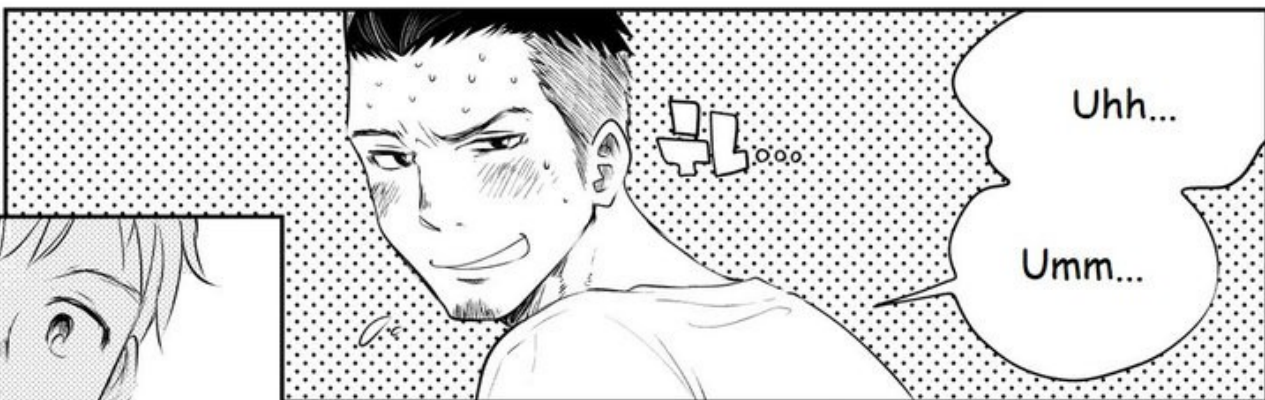

Indeed, this certainly breaks your penis
This will not be enough with just your wife's hands and eyes...

FR.

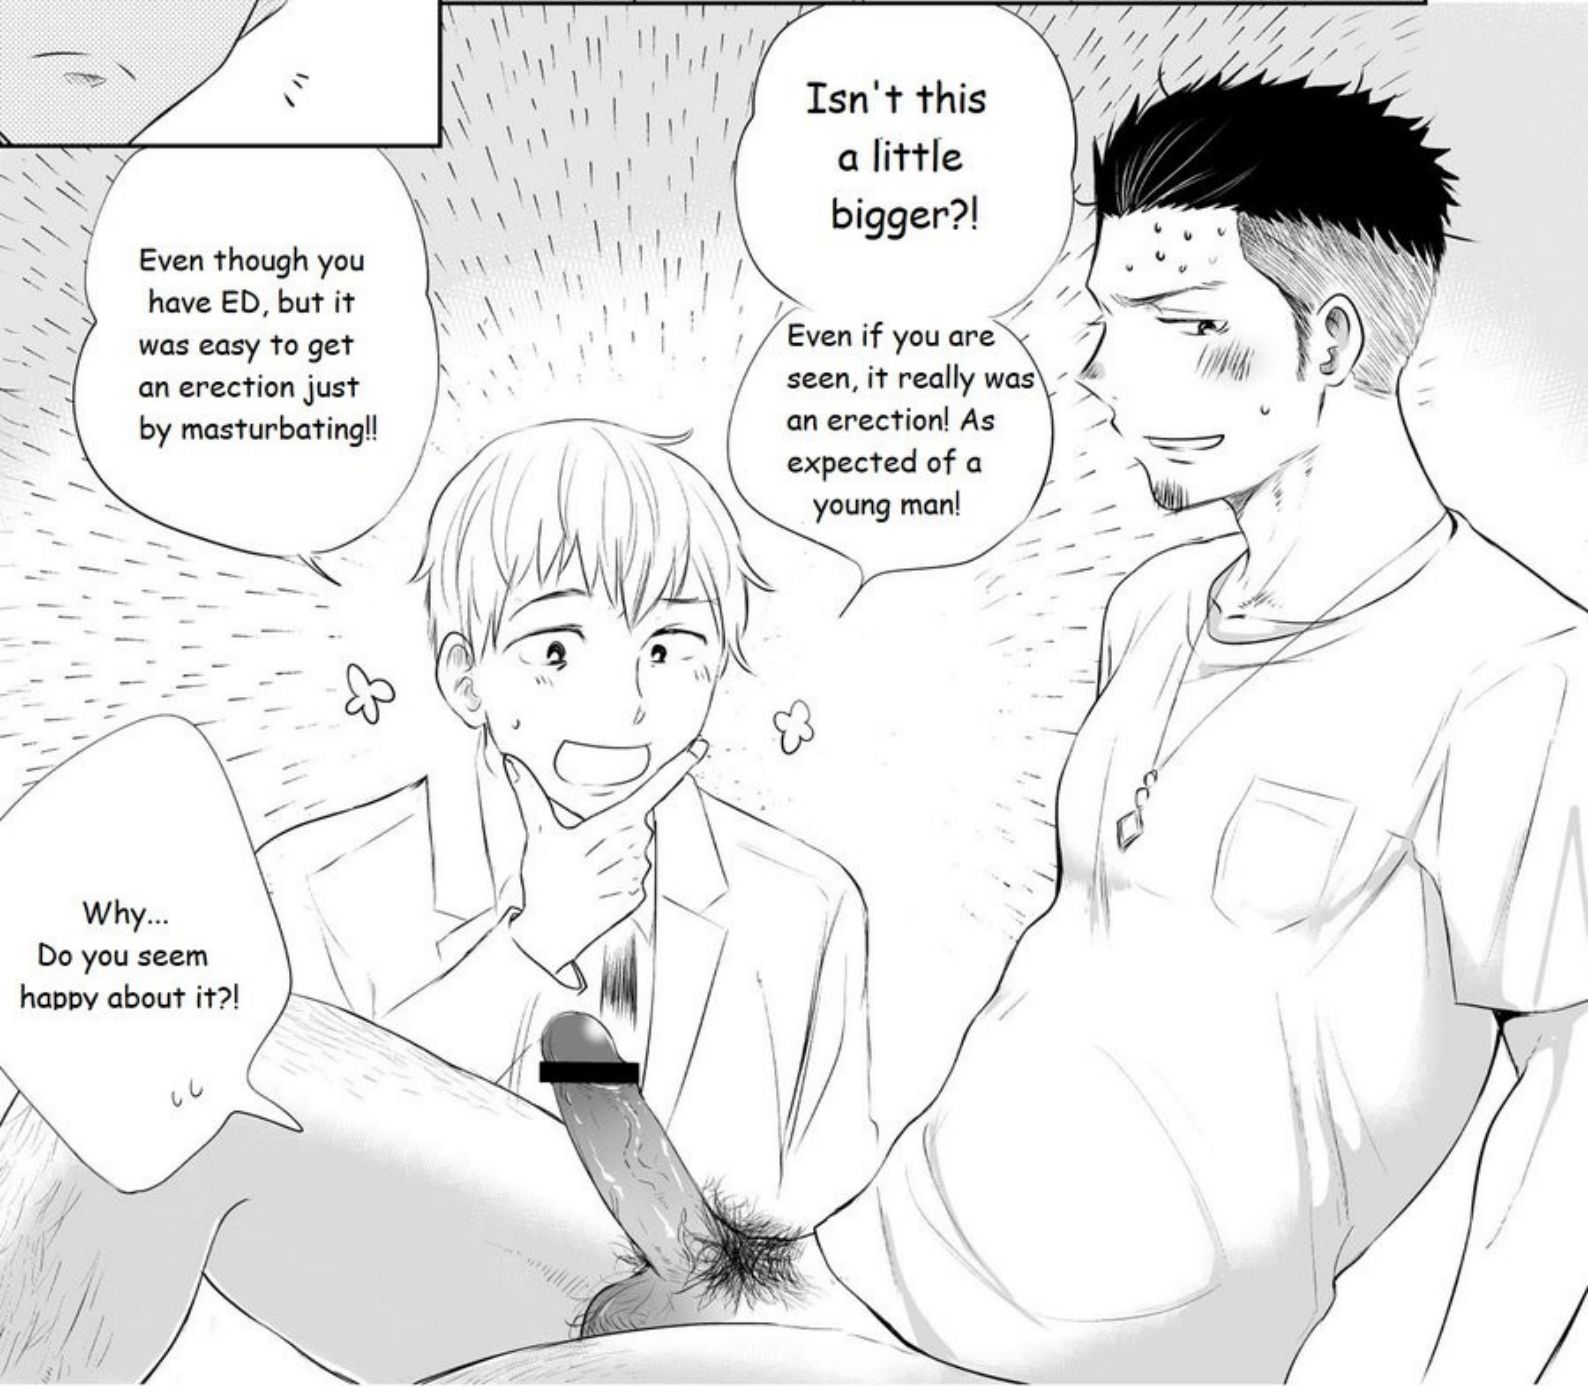

What's wrong?

I understand
Could you turn here again?

Uhh...
Umm...

Even though you have ED, but it was easy to get an erection just by masturbating!!

Isn't this a little bigger?!

Even if you are seen, it really was an erection! As expected of a young man!

Why...
Do you seem happy about it?!

Umm...
Okazaki-san is a typical patient with ED and ejaculation disorder

直切り
仕切り
IDK WHAT IT MEANS LOL

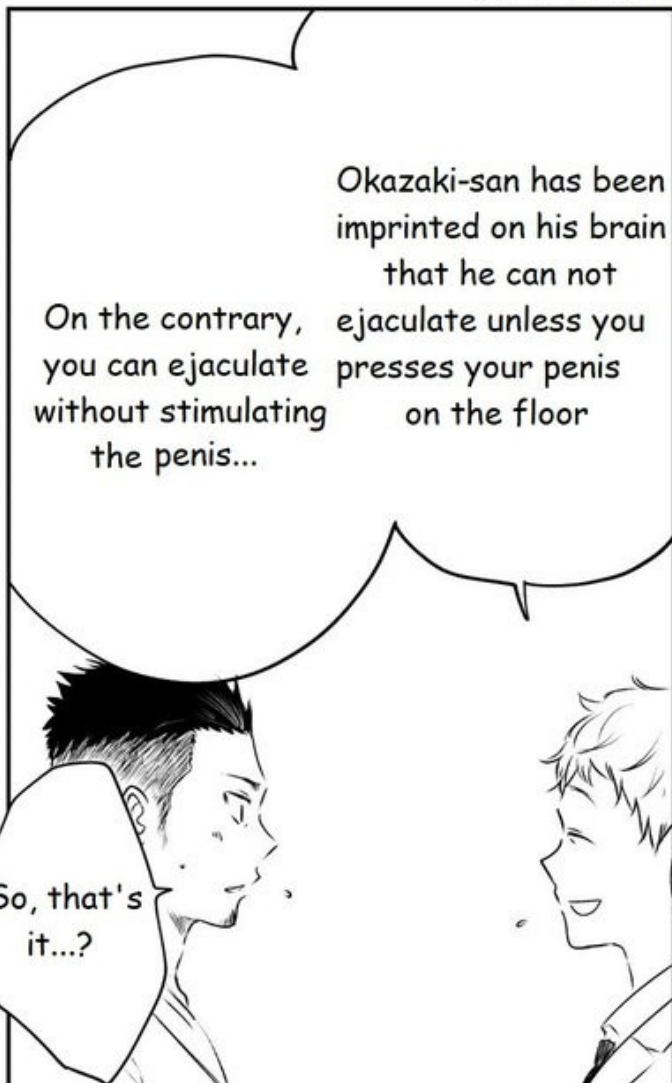

This is where you use this medicine

In the case of Okazaki-san, ejaculation is still difficult and it still can't be called as a fundamental treatment
Improving ED is expected with the use of Viagra, etc ...

can't read these too!! -> このまじがの知識は千打ッス

Okazaki-san has been imprinted on his brain that he can not ejaculate unless you presses your penis on the floor
On the contrary, you can ejaculate without stimulating the penis...

So, that's it...?

It improves blood flow throughout the body & increases sensitivity

?

One tablet
Thank you very Much!
What kind of medicine?

Yes, we have it
It's the prostate!

Prostate....

But is there
anything that
could be
stimulated
besides my
dick?

The butt!?

クン

クン

クン

クン

クン

クン

Please don't
move!

I can do it anyway ...

Then

I'll loosen your anus

かああ
ああ
ああ...

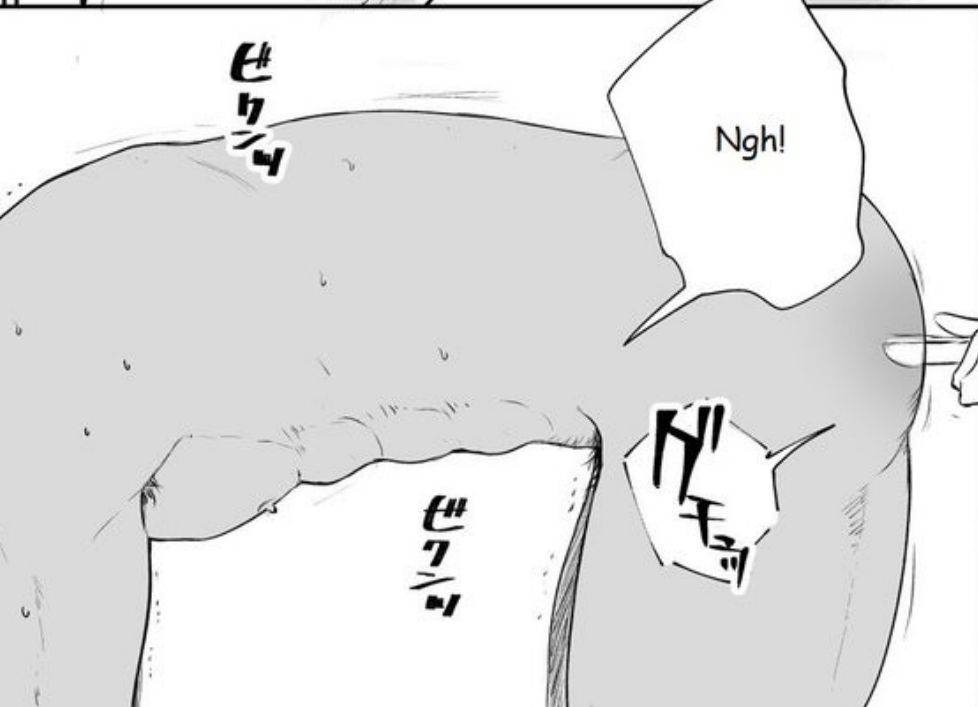

Did you teach your child on how to clean it?

Don't worry, there's a paper on it.. It's the evidence that you wiping it clean with a toilet paper..

I'm going to worry if I'm told that ...

Please relax!

Ngh!

Two of my fingers have already entered

Ngh!

Nothing..

What was your experience of being blamed by women?

Hey !!

H-

tbh, idk what this meant... i just used google translate lmao

He said that he was doing strange masturbation when he was pent up
Did you ever reach out to Mr. Okazaki Onani?

It's.. good..!!

But, I can't have an erection...!!

you think it's But, we strange, are steadily improving the ejaculating disorder

This is definitely an absolutely dangerous treatment!!

Are you okay, Me?

My ass feels strange!!

Ah?

Huh ...

Nnnn...

What ?

Apparently,

The effect is wonderful ...

Why

I didn't touch the penis

Despite being treated with these strange devices ...

Why do I have a boner? What are you doing, Me?

N... No way...

あー

あー

あー

It feels good ...!!

あー

あー

What Awesome

あー

Did you try
to
masturbate
on the floor
just now?!

はっ!

Don't do that,
please. If you
do that, the
treatment will
be meaningless

I'm sorry,
but I'll
tie your
hand

あ
あ
あ
あ
あ

I want to touch my dick..!!

!!
!!
!!

I'm close
....

!!
!!
!!

Are you serious?!

I'll kill you after this!

!!
!!
!!

A... I'm sorry...

!!
!!

Could you make it stop ..?

!!
!!

I can't help it to use the electric current that promotes ejaculation elsewhere

Not that...

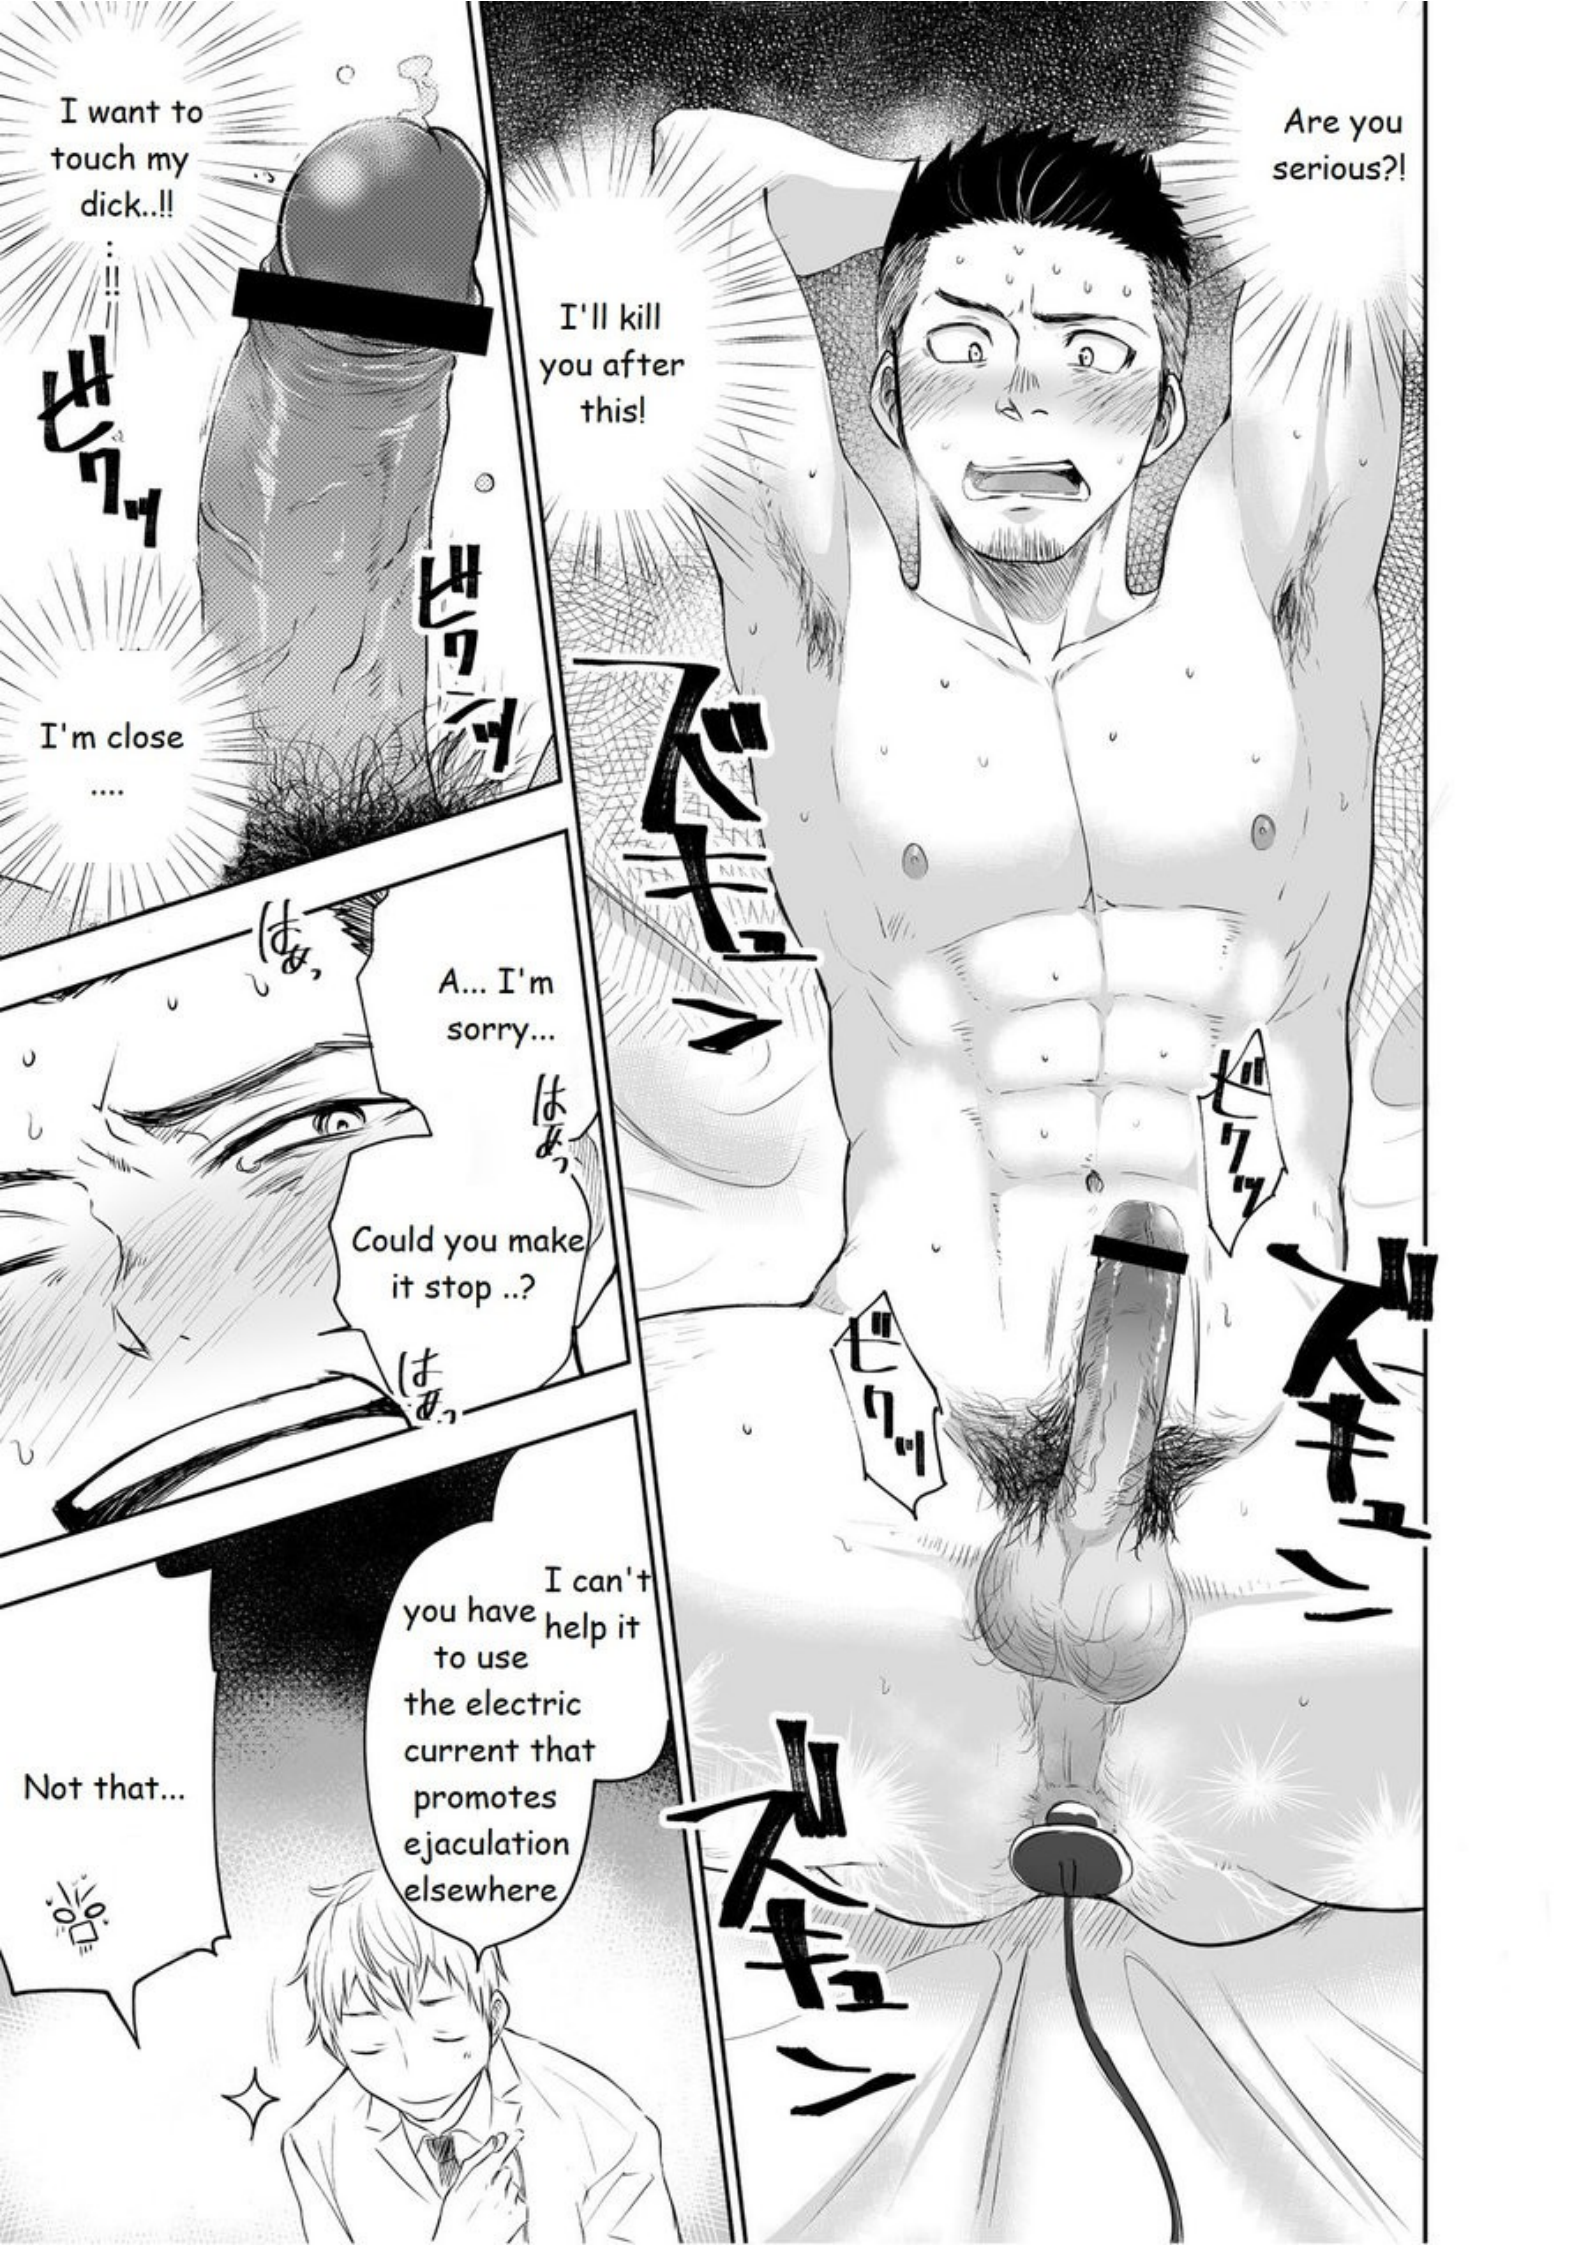

!!
!!

!!
!!
!!

!!
!!

!!
!!
!!

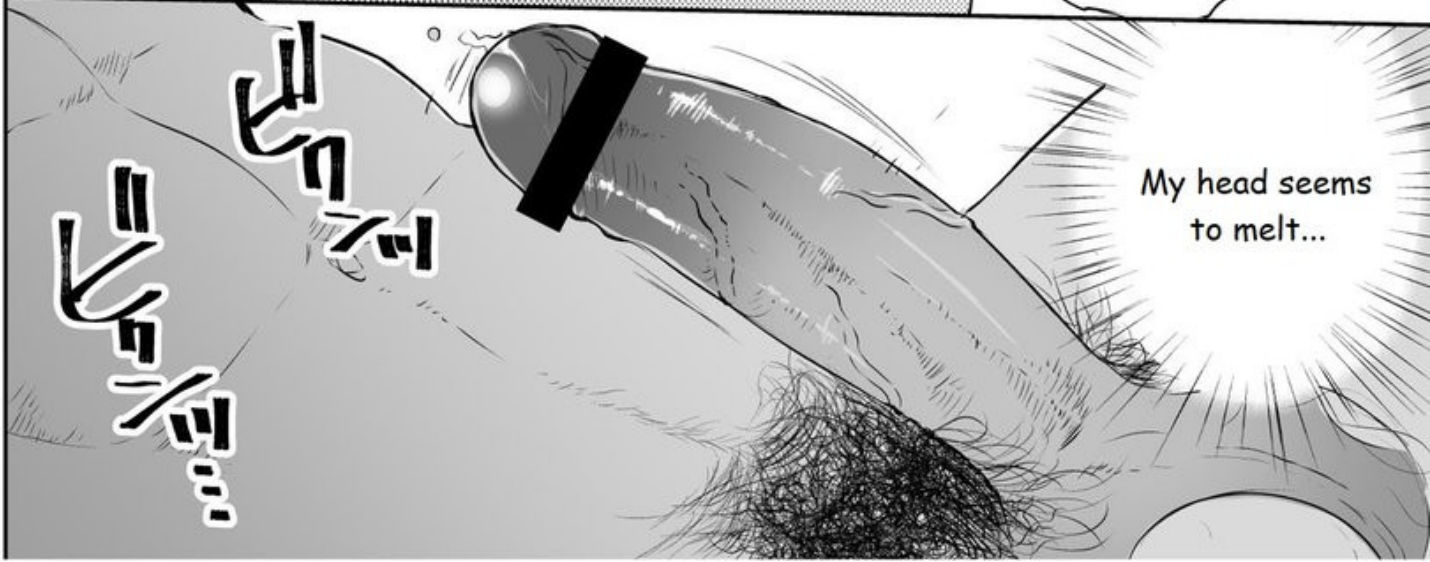

Oh please
What do you
think about
the current
on your
nipples and
scrotum?

N- no more
...!!
I don't know
what that
means

My head seems
to melt...

Congratulations
Okazaki-san!

It's a big
step to
improve your
ED

Can this
be cured?

ED

After that,

Moreover,

Fingers and toys aren't enough

Only cumming from the ass became my habit instead of a floor onani, but after all it was not good with sex

And I'm today..

Can I continue the treatment?

Sorry...

What should
I do for
today?
