Comments: This was uploaded so long ago that I totally forgot about it. Honestly, when it was commissioned I was surprised that it hadn't been translated yet, as I said at the time that I wasn't interested in it personally, so I figured someone else would pick it up like with the first in the series. I didn't translate the intro page since the first book in the series has already been translated. Go read that if you somehow got here without reading that one.
