

# Princess Elicia

Princess Elicia  
Brugenmir Eugen

A terrible thing  
happened to her  
after slipping  
out of the  
castle...

Back  
then...

Mmm!

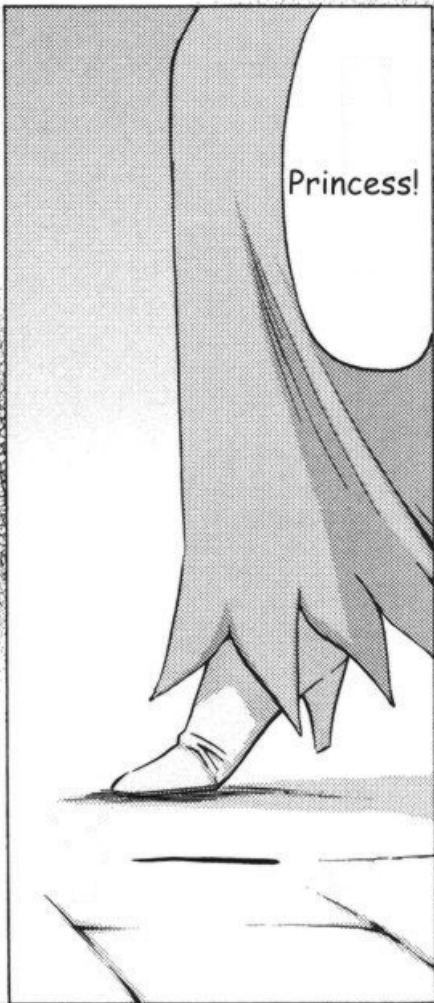

Why  
did it  
come to  
this...

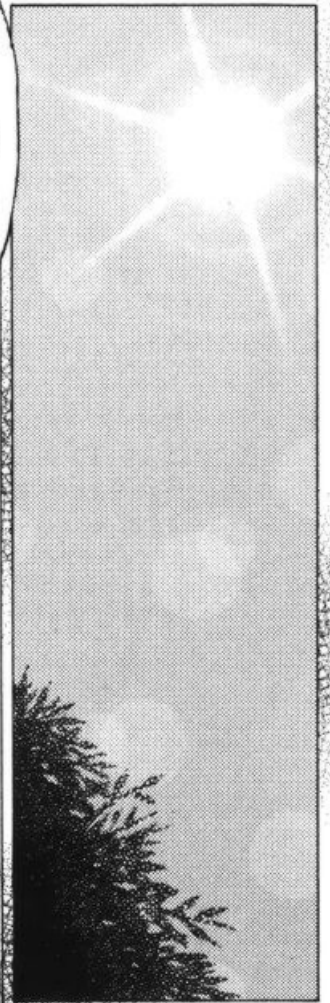

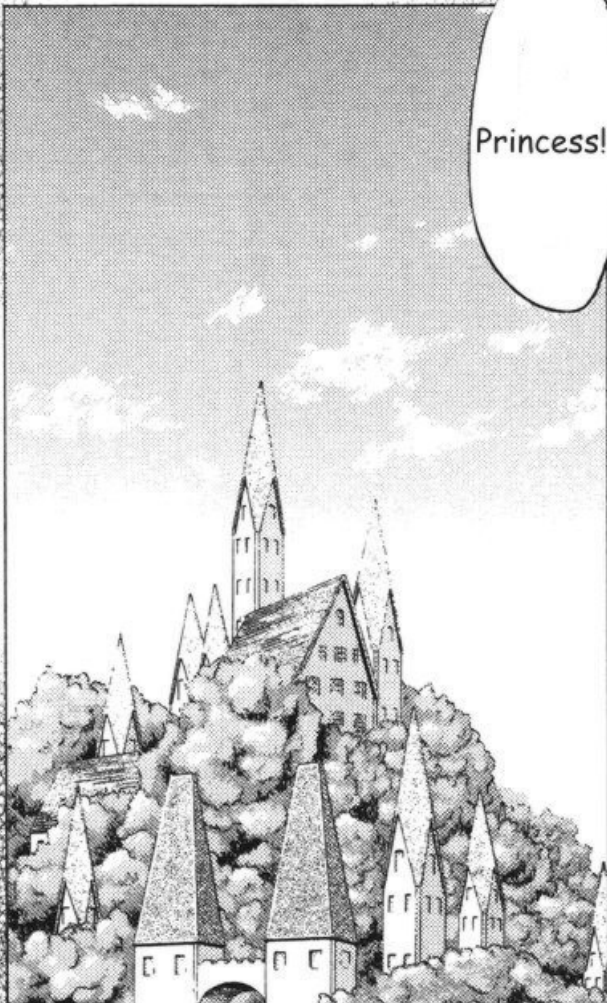

Why

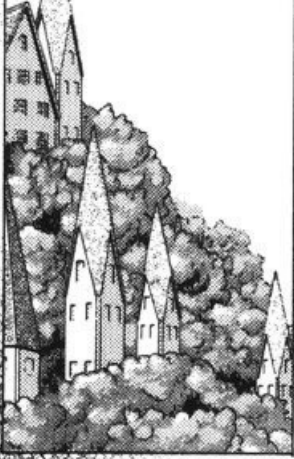

Princess!

Princess!

Shit!

But  
the  
outside  
world  
is  
dangerous!

She  
slipped  
out of  
the castle  
by herself  
again!

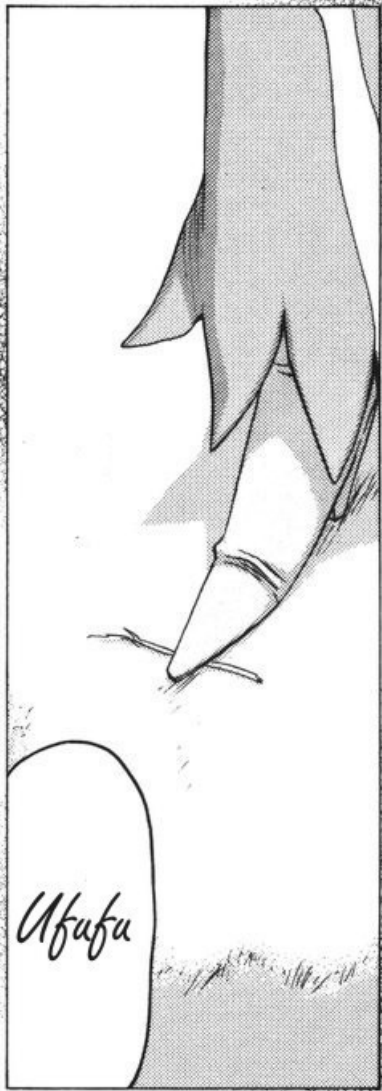

Where  
did she  
run off to?

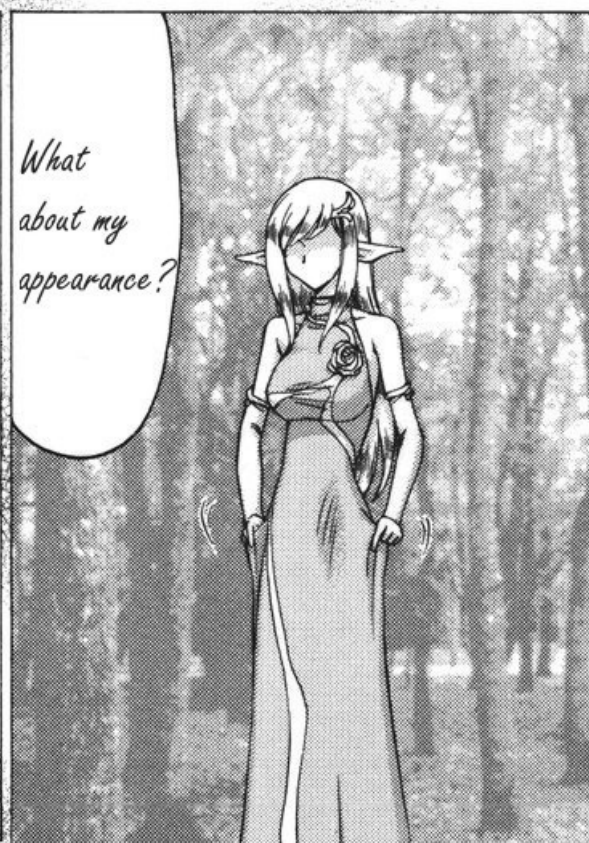

*I slipped  
out  
perfectly.*

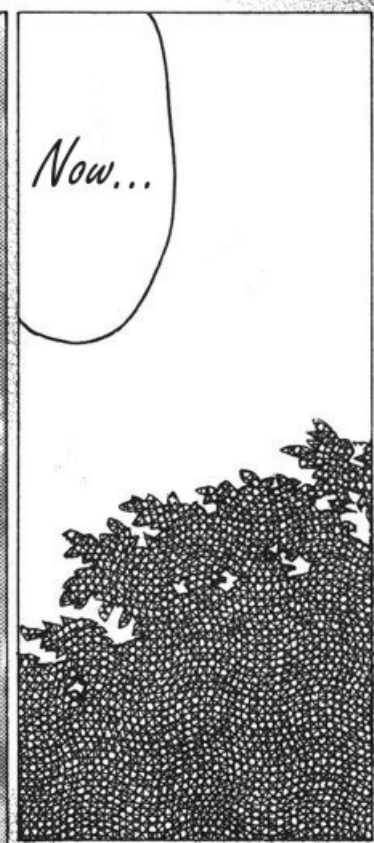

*It's fine  
now that  
I've come  
this far.*

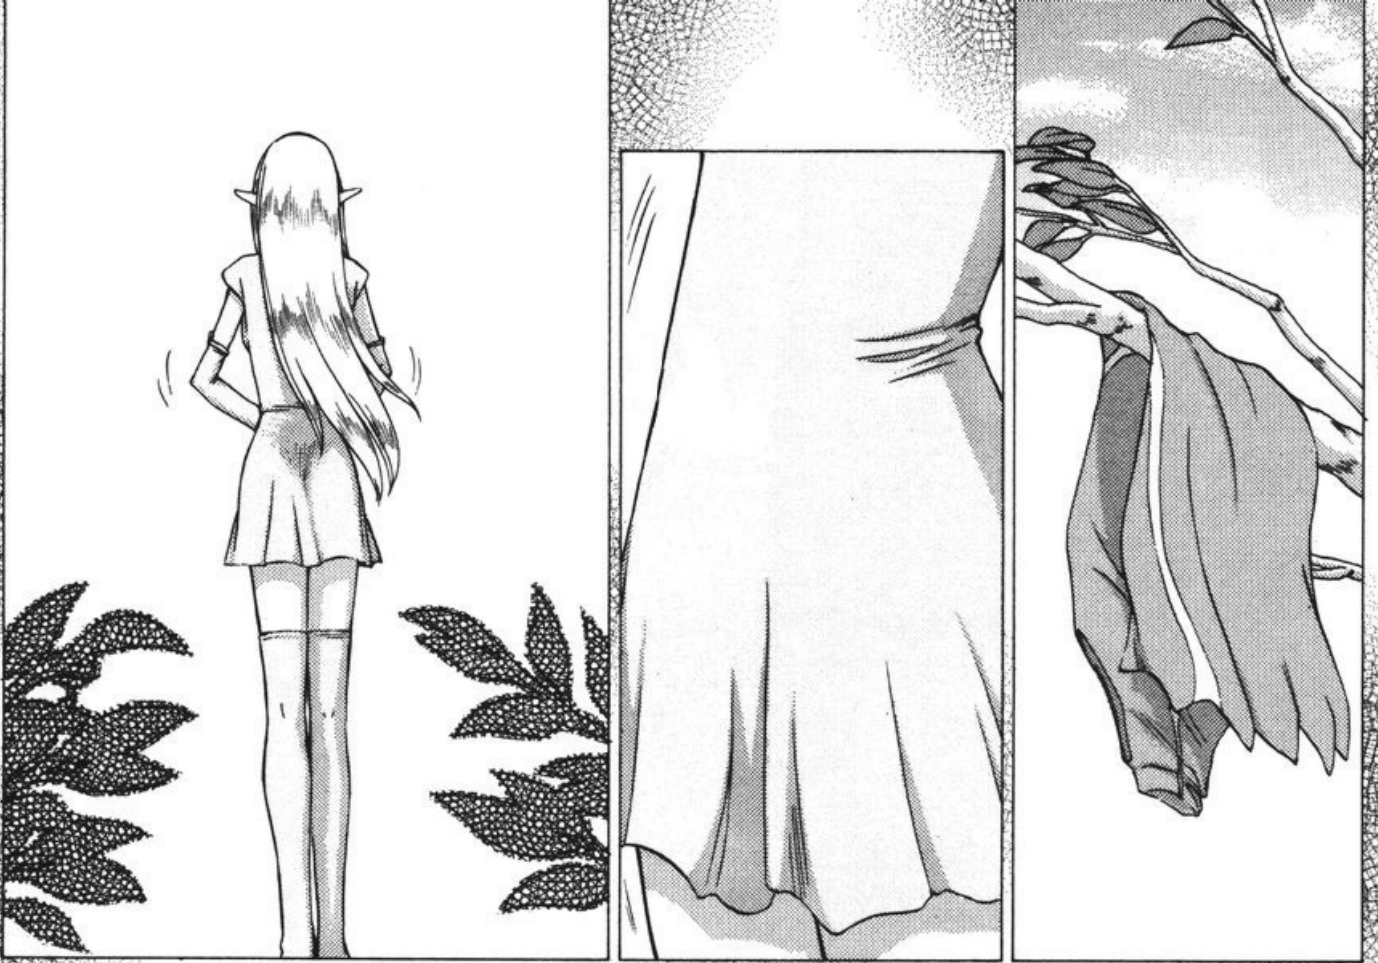

*Ufufu*

*What  
about my  
appearance?*

*Now...*

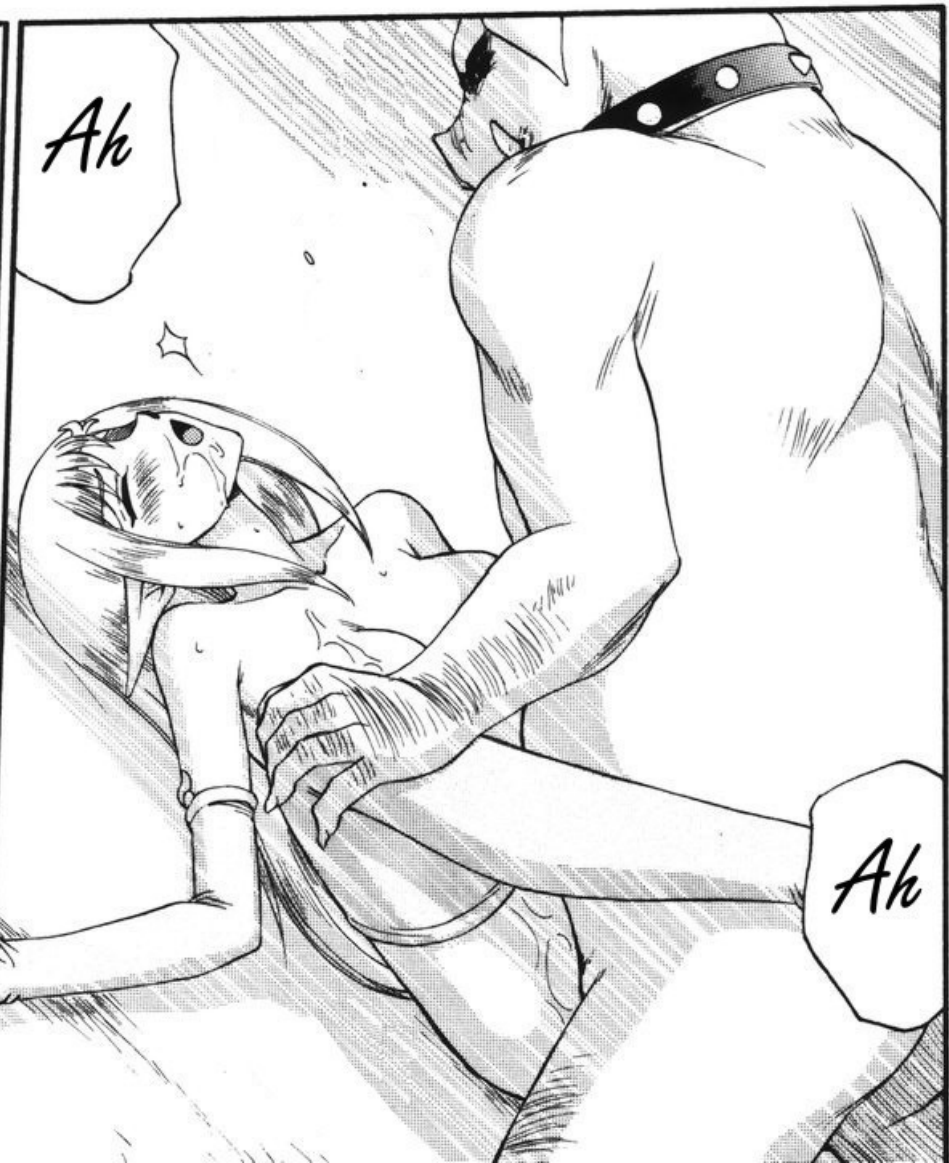

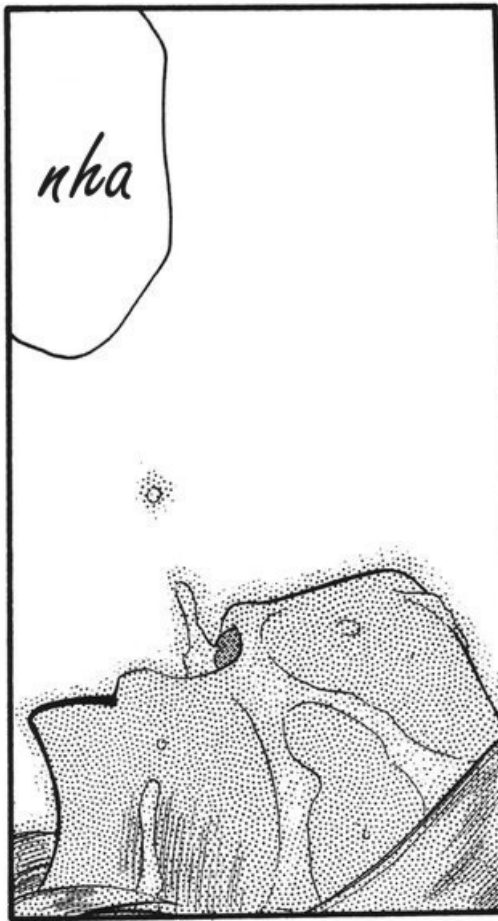

Mughh

I can't  
believe  
I got  
caught by  
goblins...

nhaaaaan

Haa

Haa

Haa

They?

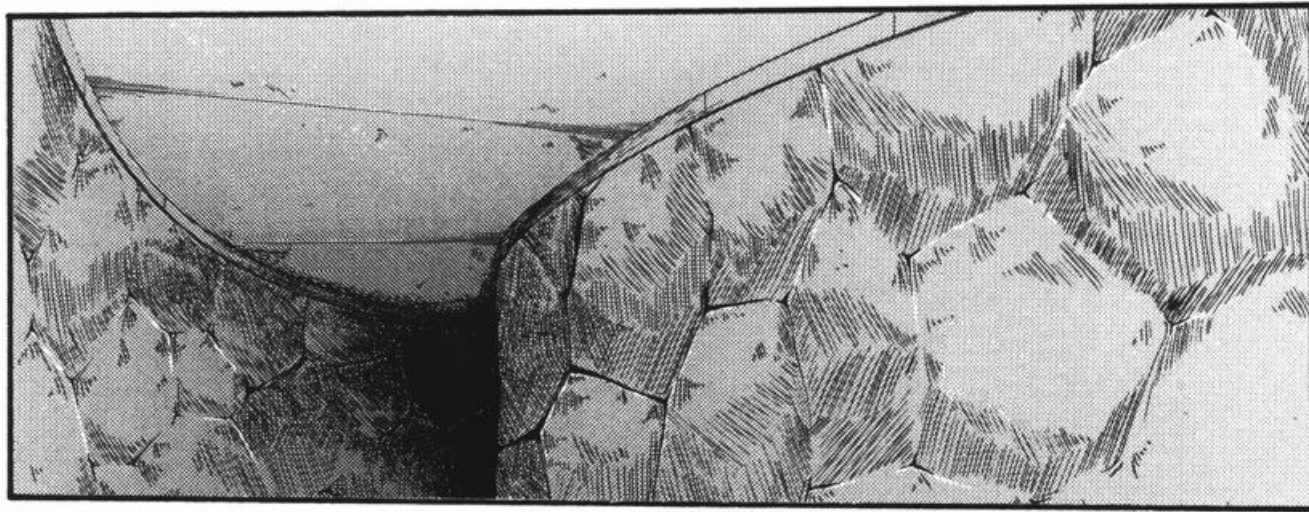

Haa

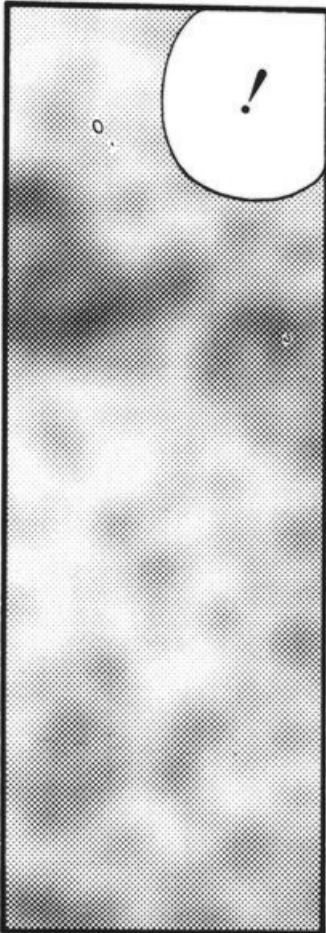

I wonder  
if they'll  
like her  
too?

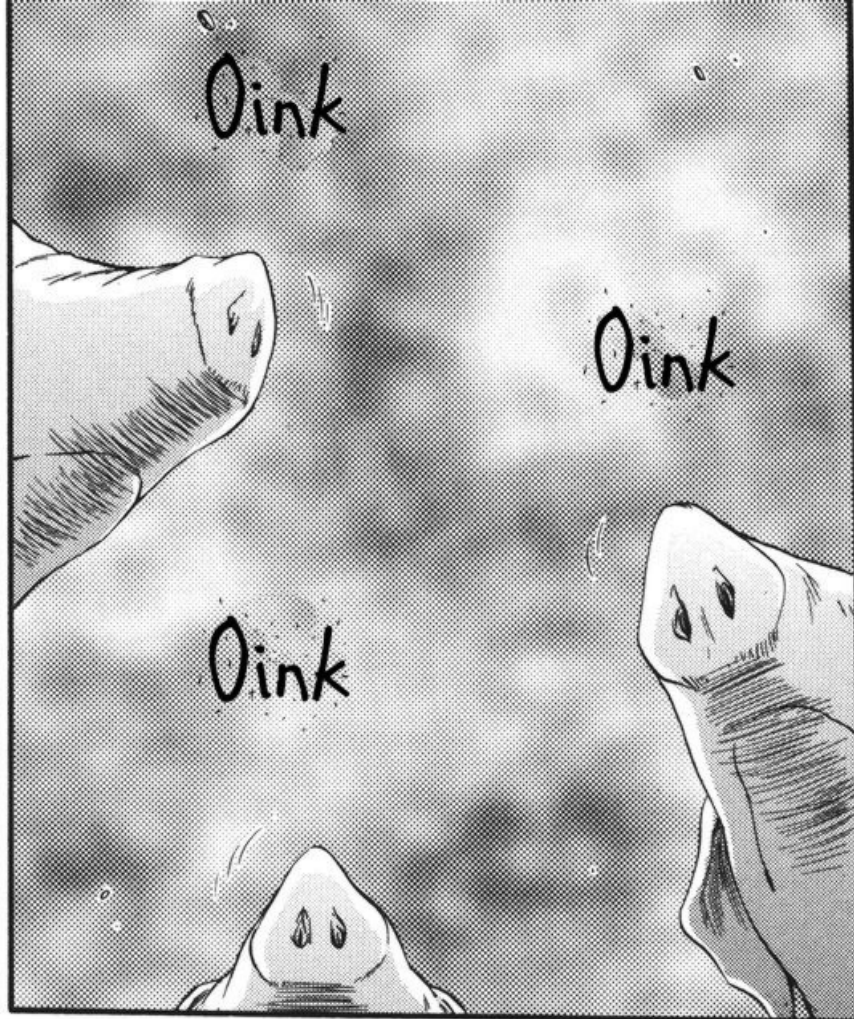

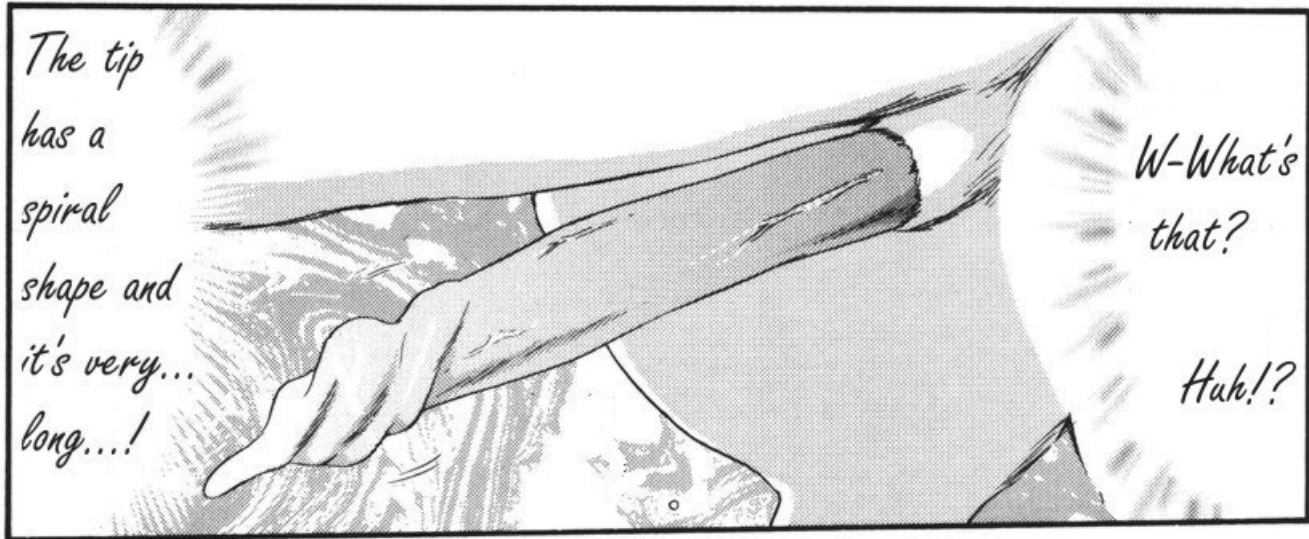

Pretty  
delicious  
elf girl.

From now  
on you're  
going to  
live here.

The tip  
has a  
spiral  
shape and  
it's very...  
long...!

W-What's  
that?

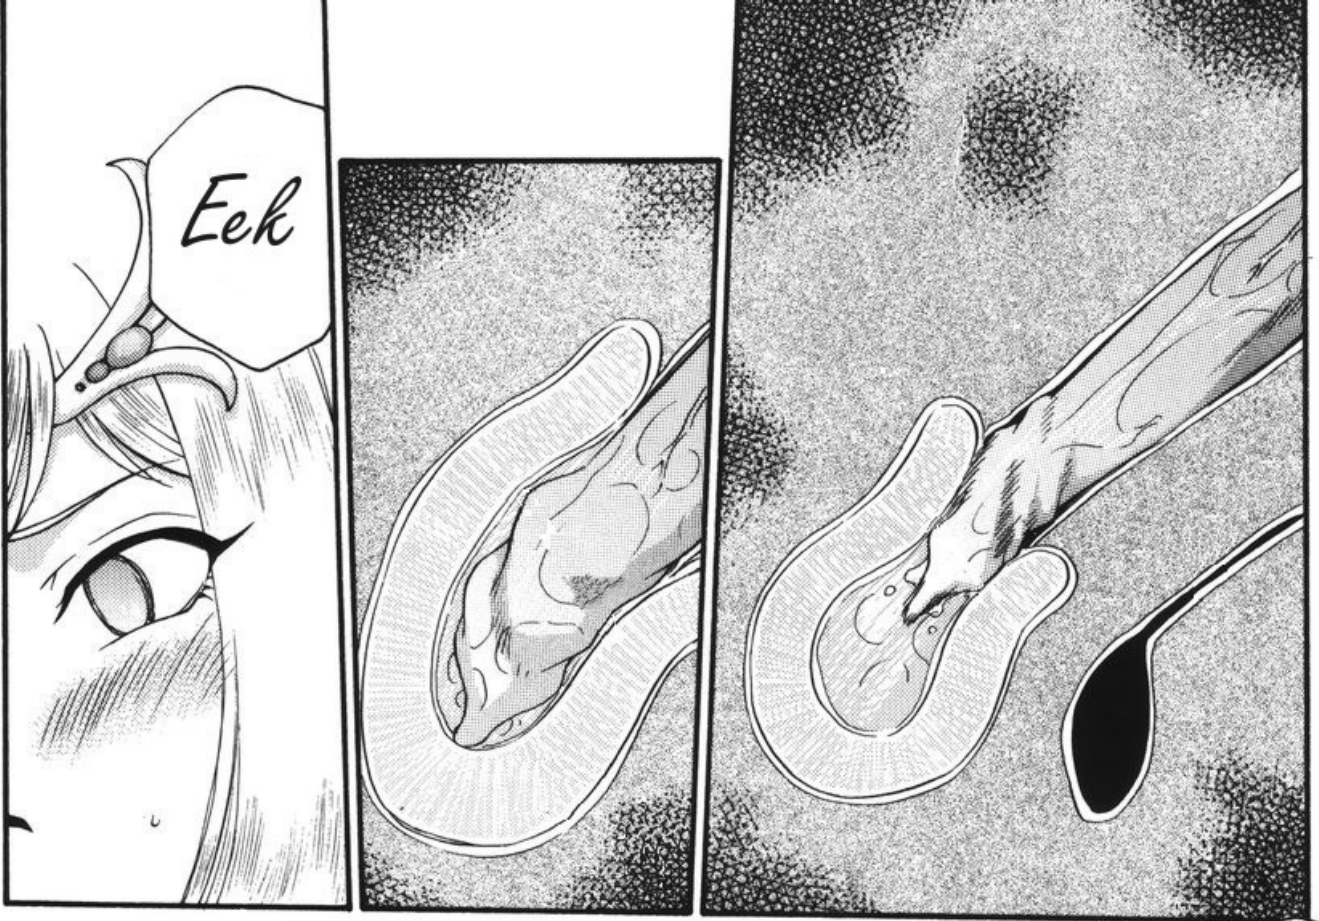

Huh!?

Ah!?

Ek!?

Eek

It's  
bumping...  
deep  
inside...

Ah!  
It's  
bumping!

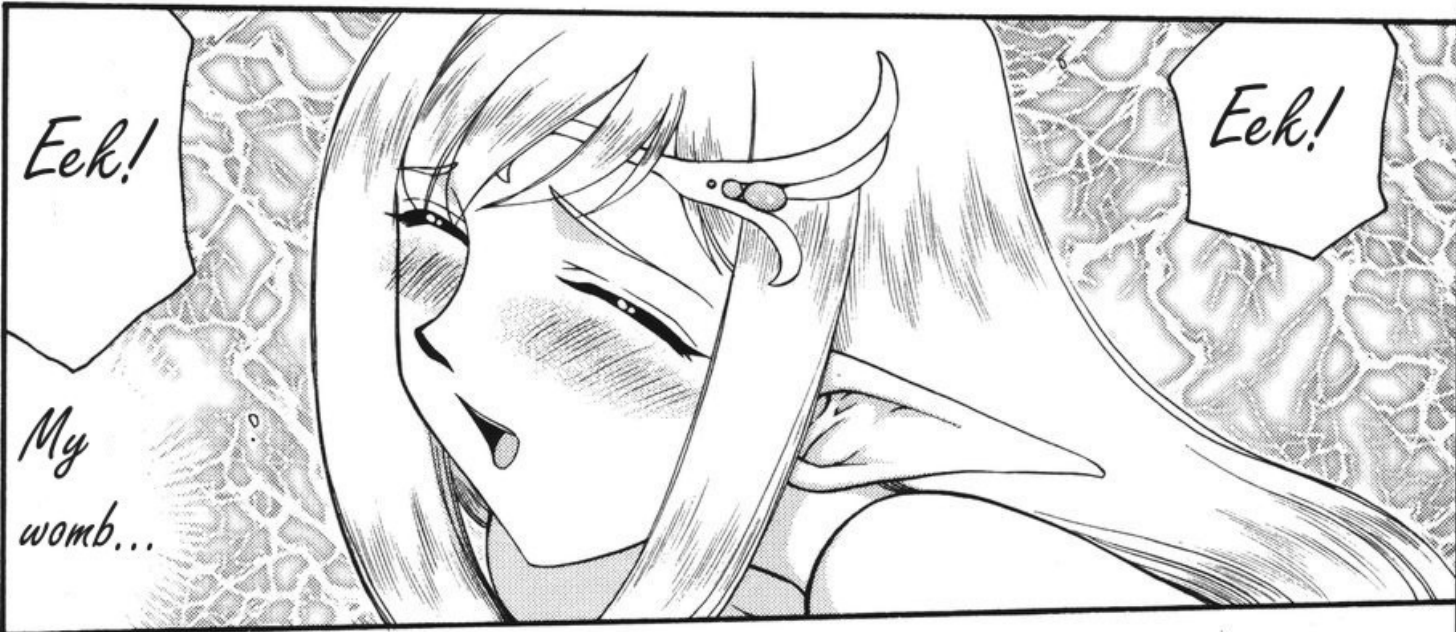

Their  
dicks  
are  
amazing.

Did you  
like it?

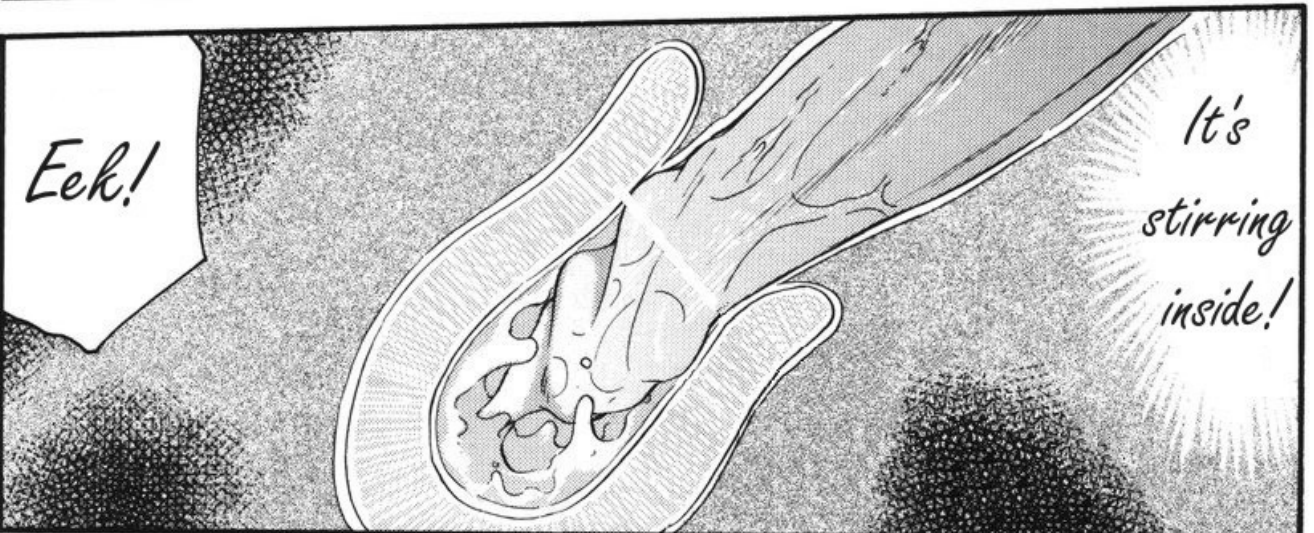

Hehe.

Eek!

Eek!

My  
womb...

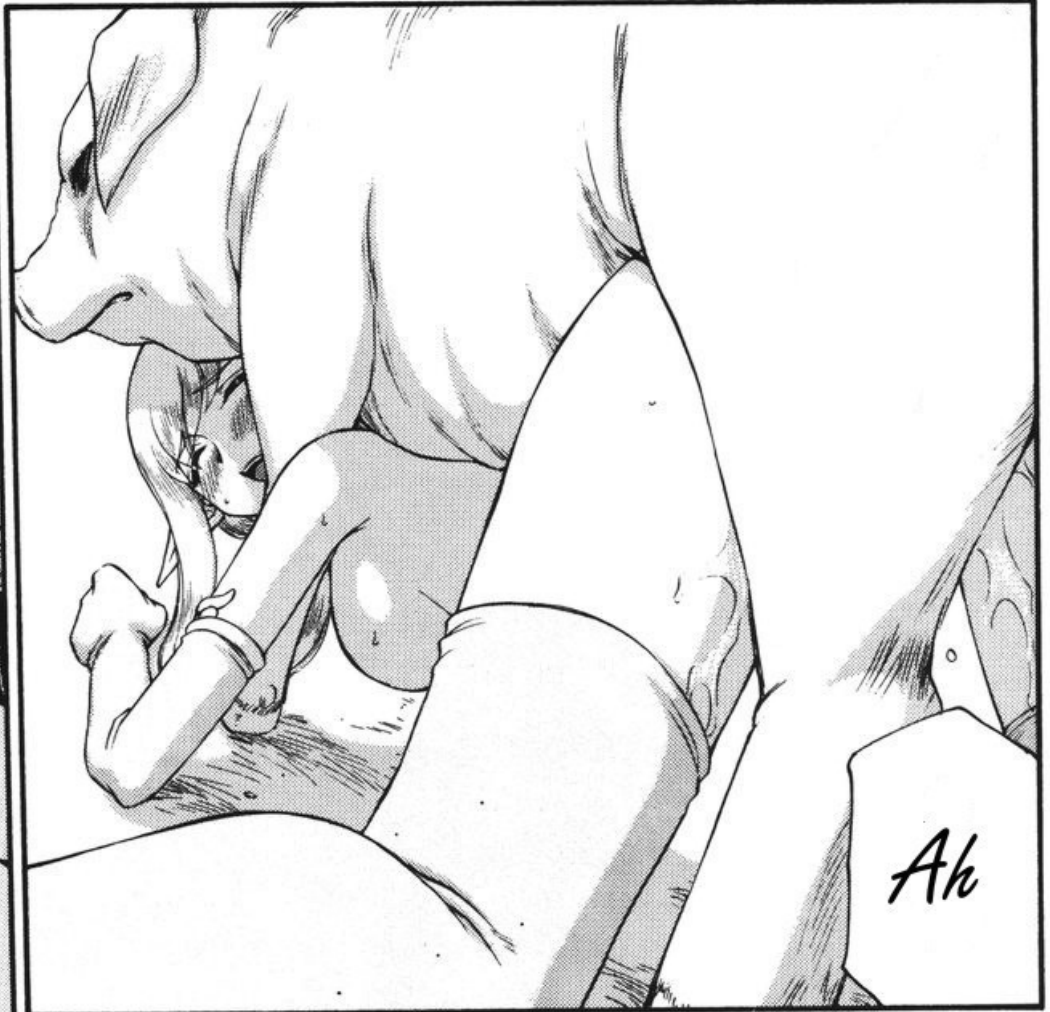

Eek!

It's  
stirring  
inside!

Eeeek!

It looks like the pigs like you too.

Ahk

Ahk

Ahk

Get along nicely, you're all pets.

**END**

Hey all, I chose to remove those bits of Japanese text in these pages that are intended to establish mood and such, that doesn't always get translated. This did however mean filling in the gaps left in the artwork, which I did my best to do. But only because of how simplistic the artist does his backgrounds, and I will admit, there are obvious signs that I did not do too well a job on some of these pages.

This started off first as a simple idea of editing pages from the Dragon Blood series and creating an alternate story; one which Lima isn't enslaved and coerced to do the things she does. But does so on her own accord due to being an actual Masochist. And character like Elma and Tocamack willingly assist her in her antics, but only because they get a sadistic enjoyment out of how Lima depraves herself.

Anyway, I used some art frames from other doujins by the artist; these pages included, to better establish the story. And while removing the excess text for one page to use, I figured I might as well do the rest.

As for that Dragon blood one, I have wondered if its allowed to post a re-imaging of someones already existing work; provided that said artist is acknowledged and all original content is their work.

## Examples
