

And since then I have gotten close with a certain female.

... Oh!?

Oh hey, Good evening Hiroki -kun!

Gosh I am so hungry...

It's been 3 months since I started living on my own-

Not really, just getting food from the convenience store ma'am.

She is very friendly and loves to talk.

You're looking real stylish as usual~

Are you going out?

Again? That isn't good for you honey~

Come eat at my place! I'll make you something you like!

Oh no, you don't have to do that!

Her name is Humie Nakagawa. She lives in the house next door to me.

Uh, W-wait-

You don't have to be so polite~ C'mon in we go!

Well, maybe a little TOO friendly...

PULL!

I'll make you anything just give me a call~

With her husband often away for work and her son living in the school dorm-

...Thank you SO much for dinner ma'am... Thank you so SO much...

Ms.Nakagawa would often invite me over for dinner.

Oh sweetie it's fine~ It's no big deal~

Now we would meet almost every day, eating meals together.

As if we are married ...

I just moved into this neighborhood, and my first time living alone, so she was like a hero to me.

I first met her at the supermarket, and she helped me shop for groceries.

And we started meeting each other more and more.

After that day we got close real fast,

PFFT!!

Do you have a girlfriend?

So~ Hiroki -kun.

...and if she finds out about my feelings she'd despise me for sure!

No way~ Really?

N- no ma'am... I don't have one...

Oh girls these days~ I can't understand their taste in men!

How could they just pass on a young, handsome man like you?

...Oh silly me what am I even saying!

I definitely would have made a move on you!

I'm sorry if I made you uncomfortable!

If I met you in my 20's,

Uh...
