SEE.

I'VE BEEN
A REALLY
POOR
SUCCUBUS
SO FAR...

BUT I'M
GONNA
DO MY
BEST!

YEAH!

OKAY, LET'S SEE AN ERECTION NOW.

MANY FUTANARI GIRLS COME TO THE CLINIC TO BE SEEN BY DR. RAMI.

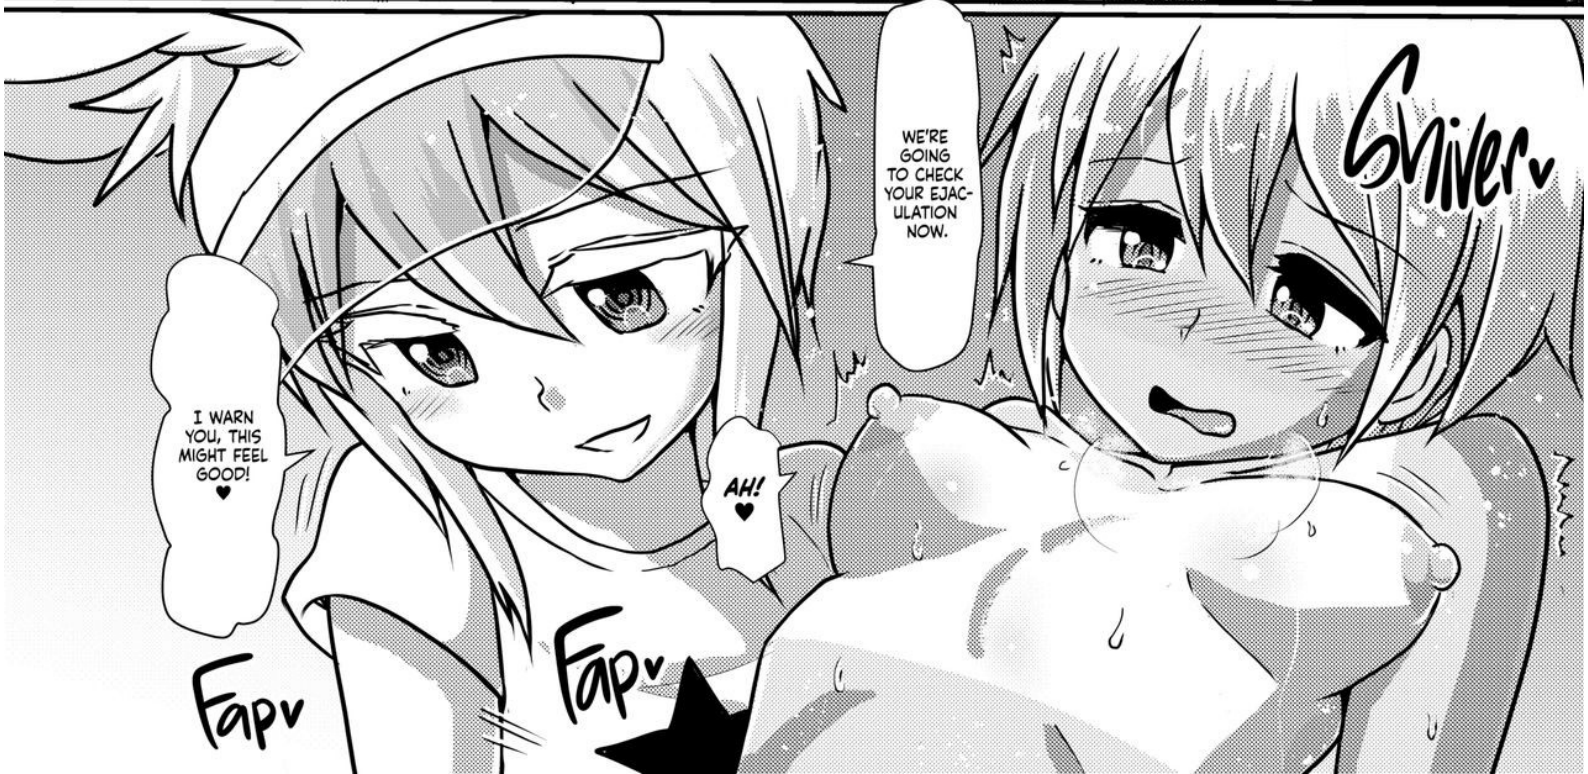

YOU'RE IN THE TRACK AND FIELD CLUB...

MAINTAINING A GOOD RUNNING FORM WITH THIS SIZE MUST BE TOUGH, HUH?

WOW!

LOOK AT IT, HARD AND THROBBING. IT'S A REALLY NICE DICK!

Mobv

I WARN YOU, THIS MIGHT FEEL GOOD!

WE'RE GOING TO CHECK YOUR EJACULATION NOW.

Rami Togawa

A futanari medical specialist operating in Inujima City. Many futanari have been through her clinic. For example, one of her patients was none other than the current Mayor of Inujima City when she was just a little girl. Rami has great control over her dick: despite its amazing rate of expansion when erect, it's actually really small and cute when limp, so much so that she can easily tuck it away in her tight hot pants. Her hearing is incredibly sharp; she likes videogames.

Aoi Jinmyouji

A natural born futanari and a succubus. In order to stay healthy, she must consume the semen of many different girls on a regular basis. This can happen either orally or via absorption through her pussy, dick or other similar membranes. She used to live as a sheltered girl; she is bad with technology.

The fictional city of Inujima

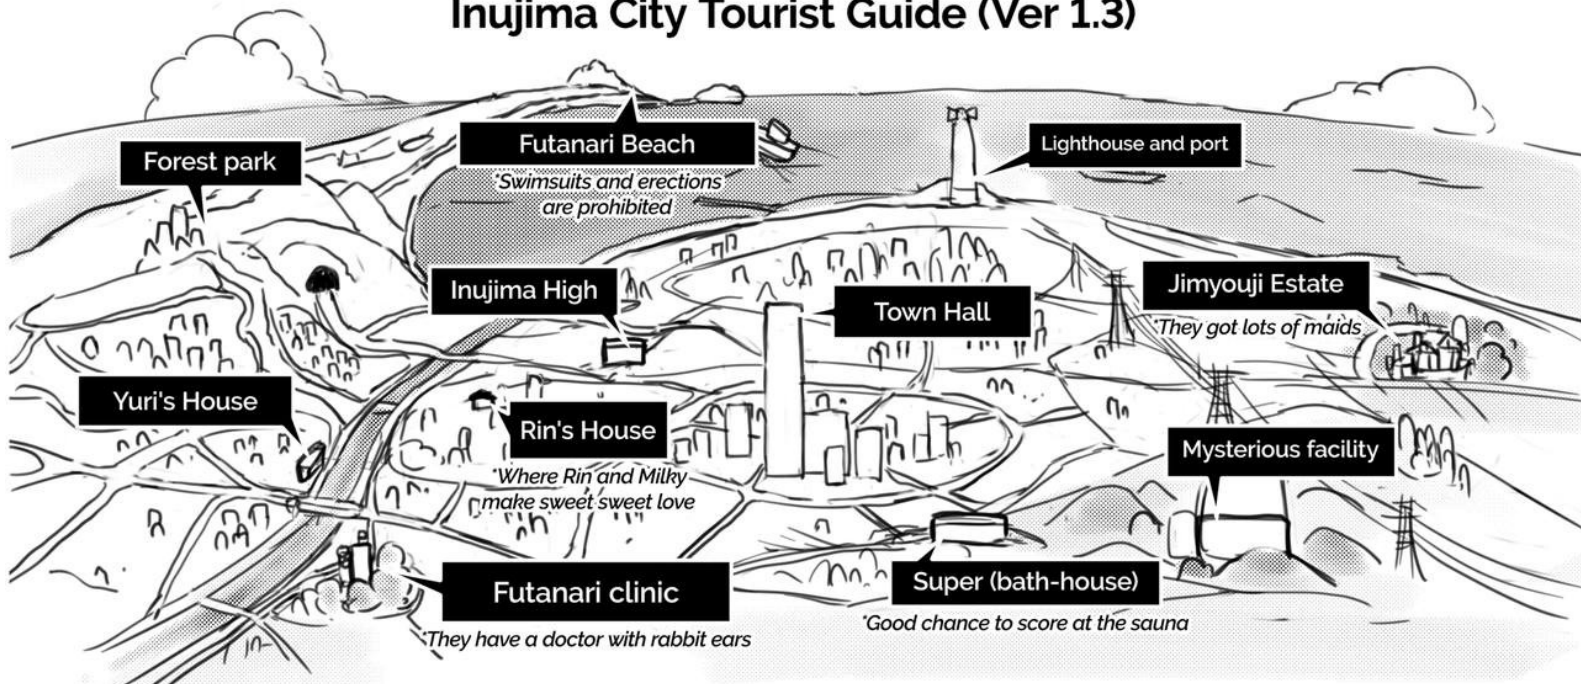

Inujima is a city with a high percentage of futanari. The mayor is being very helpful by making it a better place for futanari girls to live through laws and regulations. On the other hand, the large amount of futanari generates several weird phenomena.

The Jinmyouji family resides on the outskirts of the town. They used to be very rich and influential, but they're slowly falling to ruin after the disappearance of their only daughter.

A strange building in the middle of a small forest houses the futanari clinic called "Futanaric Medical Socket."

The girls who grow dicks and become futanari all come here for their first check-ups, and visit it again when they need help with the various conditions and problems they encounter.

Inujima City Tourist Guide (Ver 1.3)

Hello everyone, I'm Yodomu Hakaba.

Thank you for purchasing our latest work, "Futanari Succubus ★ Lovely Days!"

This is the 17th book from our circle.

This is the third book starring Aoi Jinmyouji as the main character.

The first one, "Milk Fetish," is also our very first original work, so it's got great sentimental value even to this day.

By reading all three together, I think we now have a pretty good profile of Aoi, from her origins to the evolution of the character.

These volumes are currently available for digital download at various outlets. If you're curious, please go check them out! For links and information, please visit the AobaQ Madou homepage!

I have yet to decide when exactly we're going to see Dr. Rami and her series again, but it's definitely going to happen. How many out there are looking forward to that? I hope lots!

I think we're going to meet again next November at Futaket. But I want to apply for Winter Comiket too... Alright, that's all! See ya!
