- Afterword -

Hello, I'm Beko Tarō.

Thank you for purchasing "Only because it's you".

How did you like it?

When it comes to pee, we certainly need color.

Even though I nearly strangled myself in doing so,

I challenged myself to draw a full color manga.

To be frank, it was pretty hard.

During that time I got a cold, stumbled inside the train

station and got a sprain and thus became depressed,

and had a lot of bad luck on top of this (laugh).

But contrary to that, I'm proud the result turned out

to be quite nice.

Even as a full-scale peeing book, I'm happy that I

managed to get so many frames with peeing inside.

Well, I'm not planning to make this a series, but I'm

working on the netorare series "Itomusubi", so I'd be

happy if you had a look at that. "Itomusubi 2"

planned for C95 is nothing but a name currently, but

I'm wondering if should add a peeing scene to it.

As for my business, I have some projects currently,

so I'm wondering if I can be successful on that side

too. I'm looking for something long-term, so I will

continue to give my best. I'd be happy if you cheer

for me! Well then, hope to see you again somewhere!
