You choose our service, You can blend any popular oral extensions.

¥4,980 ~ ¥29,800

MOUTH FOR PENIS

The naked sexual organ "tip" has received various lusts from the ancient era, but the quality of pleasure has been only based on personal blowjob technique for a long time. The great GENETIC concept of about 100 years ago optimizing the ecstasy with a donor's structure design itself ended the stagnation.

And now, We will announce the biggest innovation. Our scientist and designers redesigned their structure of the skull and muscle. Solved the difficult problem to realize the dream of so-called "A Beautiful Face with Complete Anodontia".

No matter how many popular extensions you blend, your lovely donor can keep a lovely face. There is no need to compromise with the old-man-like disgusting mouth for the pleasure of the edentulous anymore. The ultimate blowjob experience is here.

EXAMPLE

1. Nasal cavity
2. New ossified bone
3. Vestibule of oral cavity
4. Clitoris
5. Vagina
6. Obovularis oris muscle
7. Penetrated Uterus
8. Uvula
9. Oropharynx
10. Epiglottis
11. Esophagus
12. Genioglossus muscle
13. Larynx
14. Sub tongue

EXTENSIONS

SOFTENED TEETH
This is the answer to maximize the pleasure level of the blowjob. Smooth gums give you a massive pleasure to your penis. Just easy nanobot injection makes your donors completely edentulous in a few weeks.

LONG TONGUE
For spreading variations of a blowjob. You can let donor lick from your anus to the deep inside of the sigmoid colon. It is also possible to equip the tip of the tongue with a thin, soft sub-tongue insertable to your pee hole.

PUSSIFICATION
Vulva, vagina, cervix are formed in the oral cavity. Of course, clitoris too. A filthy female organ in a cute mouth secretes complete pussy juice. You can insert a penis into the pharynx behind the uterus safely.

FORMED VAGINA
Form a vaginal seal organ in the oral cavity. Just by making donor suck your penis and move, you can easily get a nice pleasure.

FORMED ANUS
Form the anus and rectum in the oral cavity. You can insert into the colon above the pharynx safely.

PUSSY - MOUTH
The most minimal extension for pervents. This replaces the mouth with a cunt completely. A filthy vagina formed on a cute face brings surprising pleasure because it can move freely with voluntary muscle.

*As a basic function of oral extension, donors always have a sense of taste to love cum.

PREMIUM COMPLETE FORAGE

WE DELIVER A SPECIAL FORAGE EVERY WEEK AT 980 YEN PER MONTH TO YOU. Most of the oral extension makes normal eating impossible for your donors. We recommend feeding "PCF" for donors.

HOW TO USE
*Please be patient for 3 weeks. Trying to force insertion before complete will cause serious damage to the donors.

STEP1 - Please attach the blue patch anywhere you like and keep pressing the button. It will end adsorption to the tissue in about 30 seconds. The body tissue forms a structure like tiny vagina in one week. It will take another week to deform the orifice into an insertable shape.

STEP2 - After one week, please remove the blue patch using half of the "remover liquid 1" and attach the pink patch as in step1. It will take another week to deform the orifice into an insertable shape.

STEP3 - As the formation progresses, the color of the patch changes from pink to yellow. When it turns completely yellow and "END" is displayed, let's remove the patch with using "remover liquid 2".

STEP4 - DO NOT PANIC! There is one week left. Use plenty of special lotion and insert "1st Dildo (day 1)" for expansion. Replace every 24 hours with the next numbered dildo - When you remove the 7th dildo, it's your turn.
