

Alicia & Tao's Secret Sightseeing Exhibitionism

Pervy Kiddie Bitch Collaboration Video

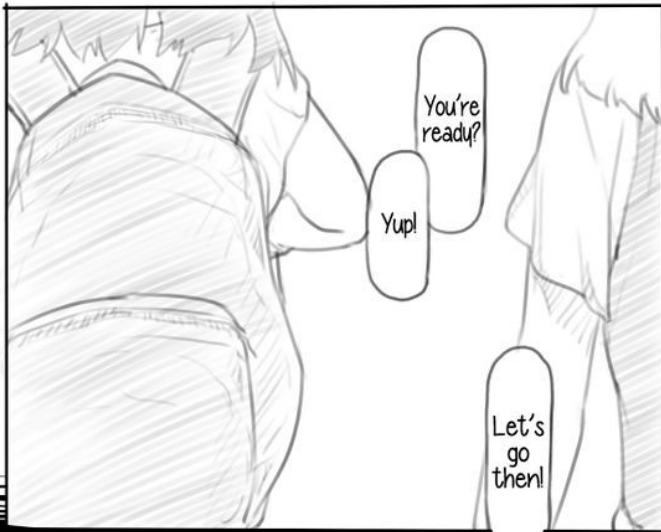

Great to see you!

Yay!
We meet at last!

You're ready?

Yup!

Let's go then!

Ni Hao!

Tao-chan?

👍

But later we started following and boosting each other.

She got into streaming around the same time I did.

This girl is Tao, one of my mutual followers.

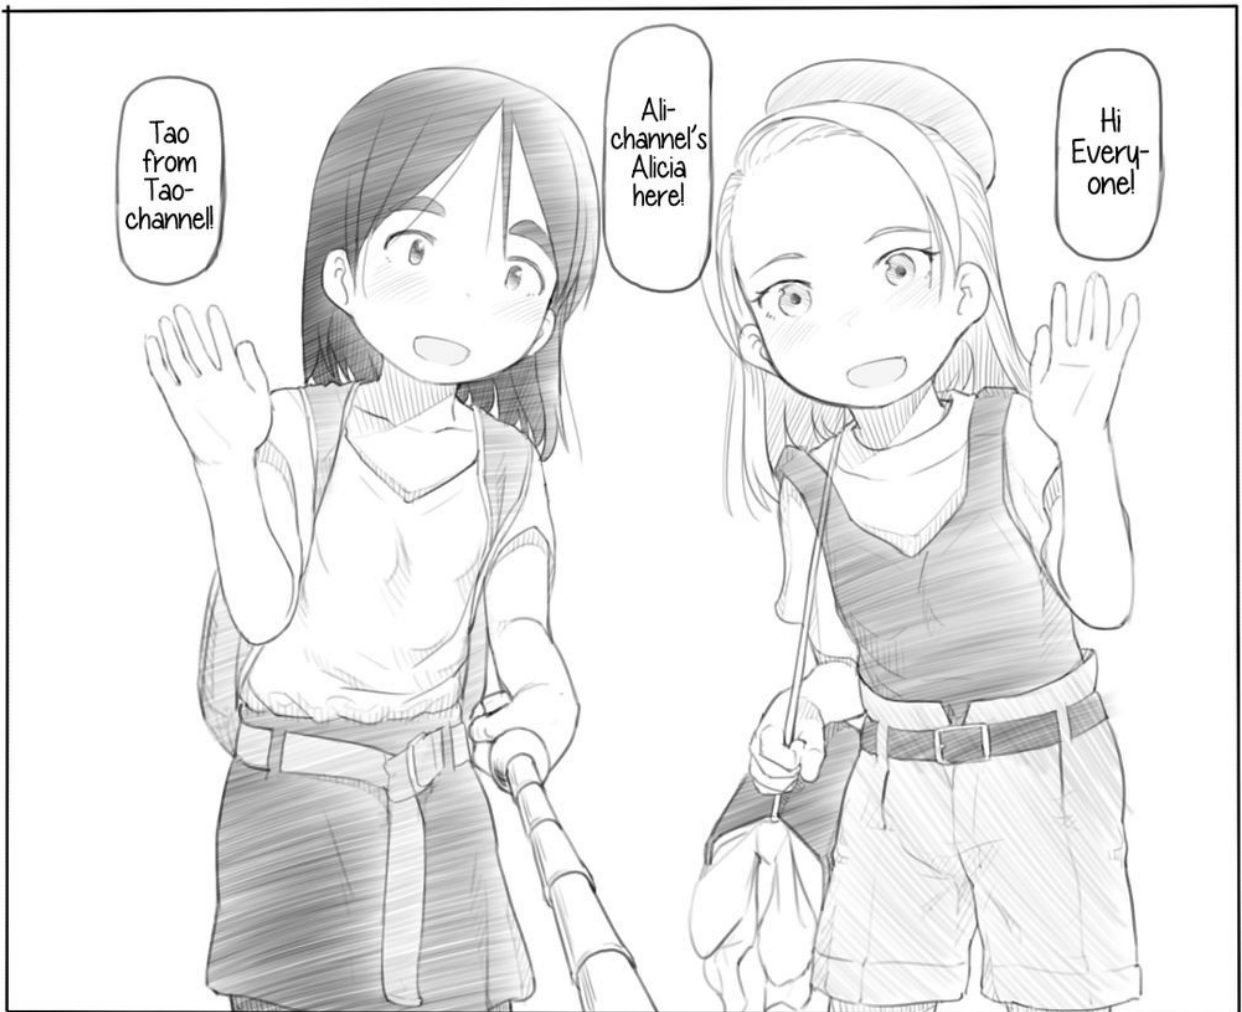

👍

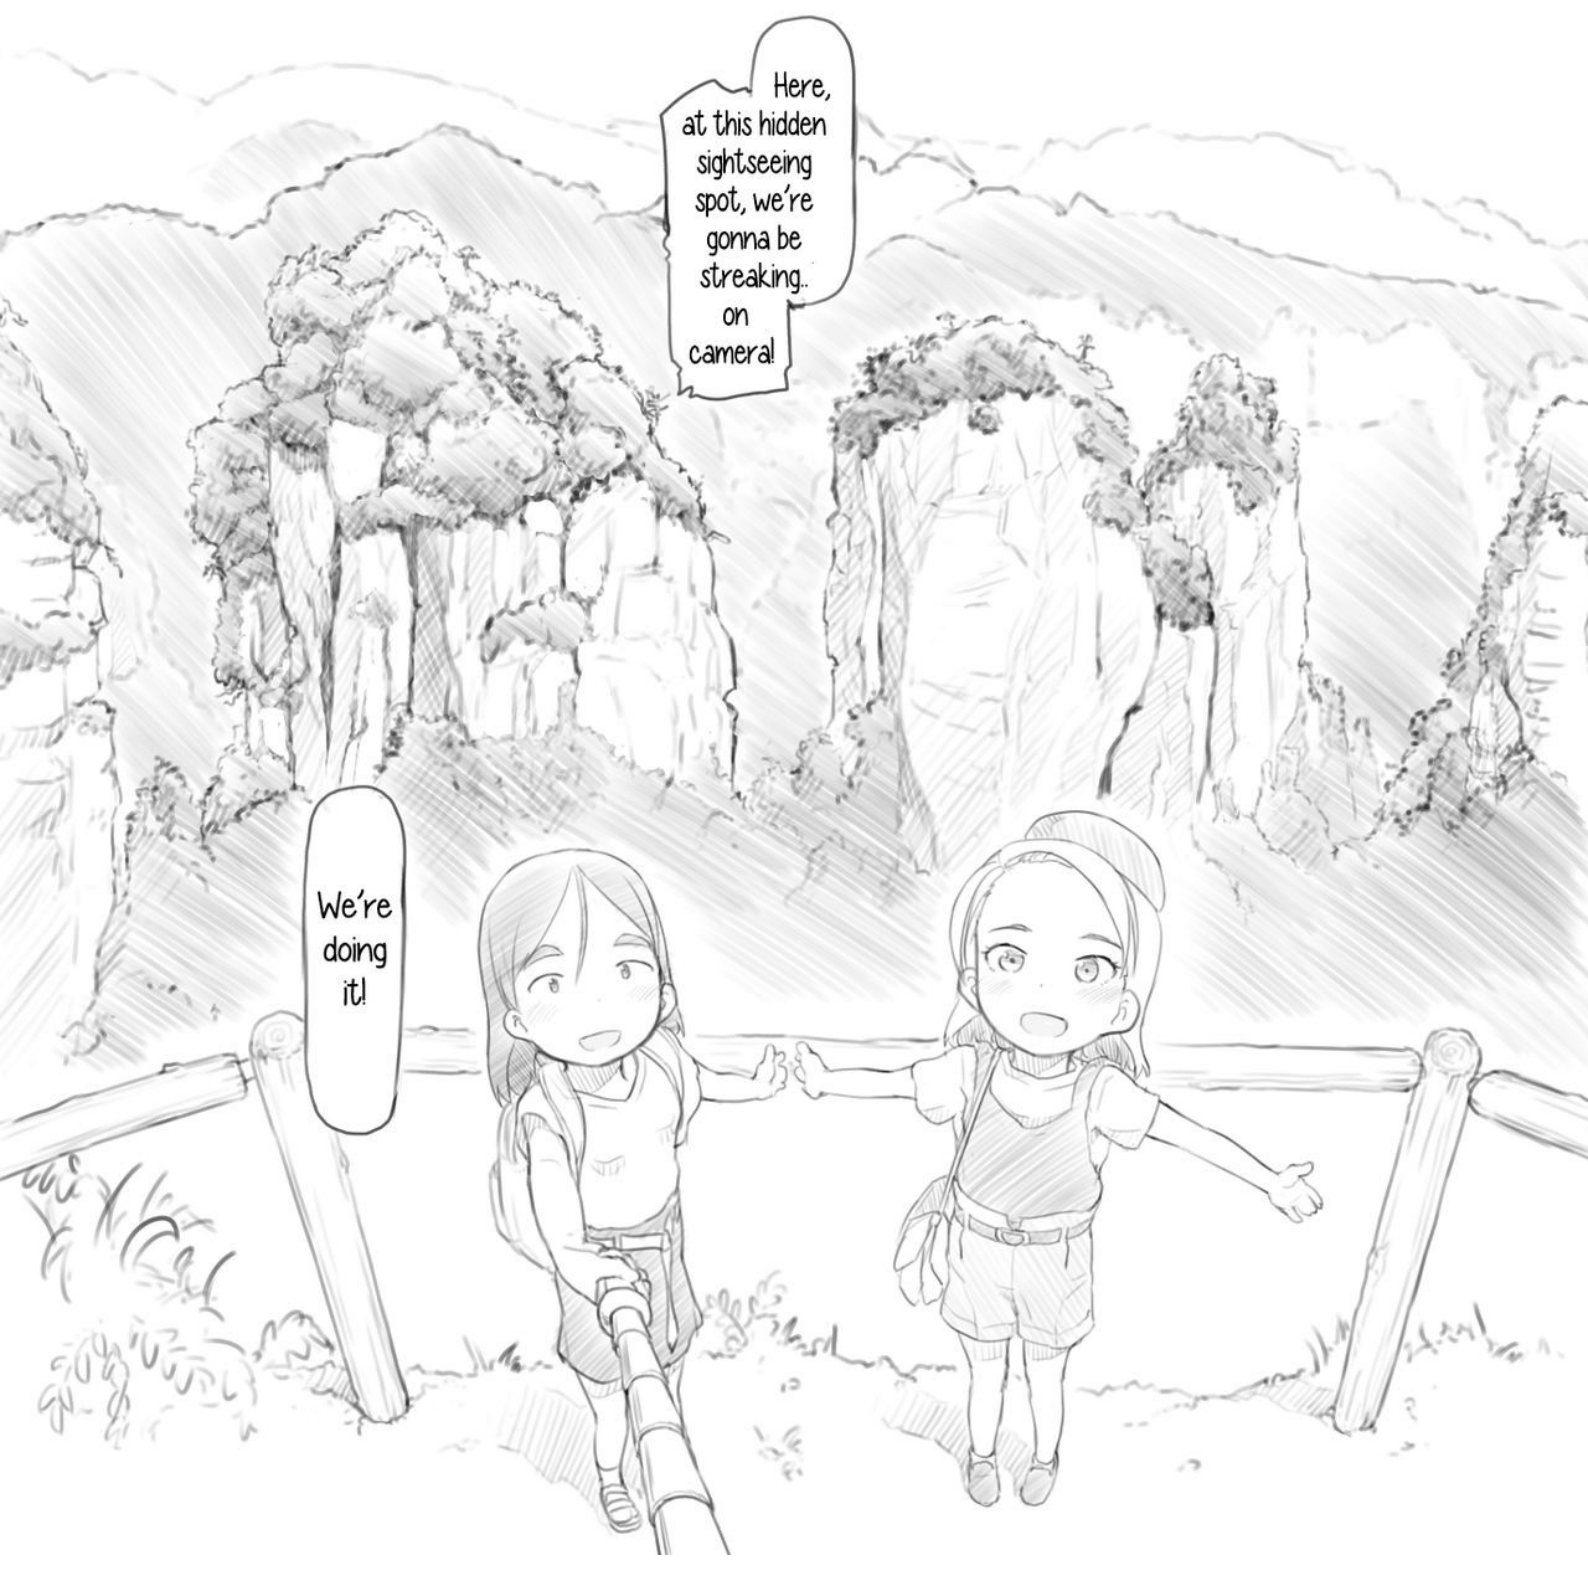

At first, we were just competing for views

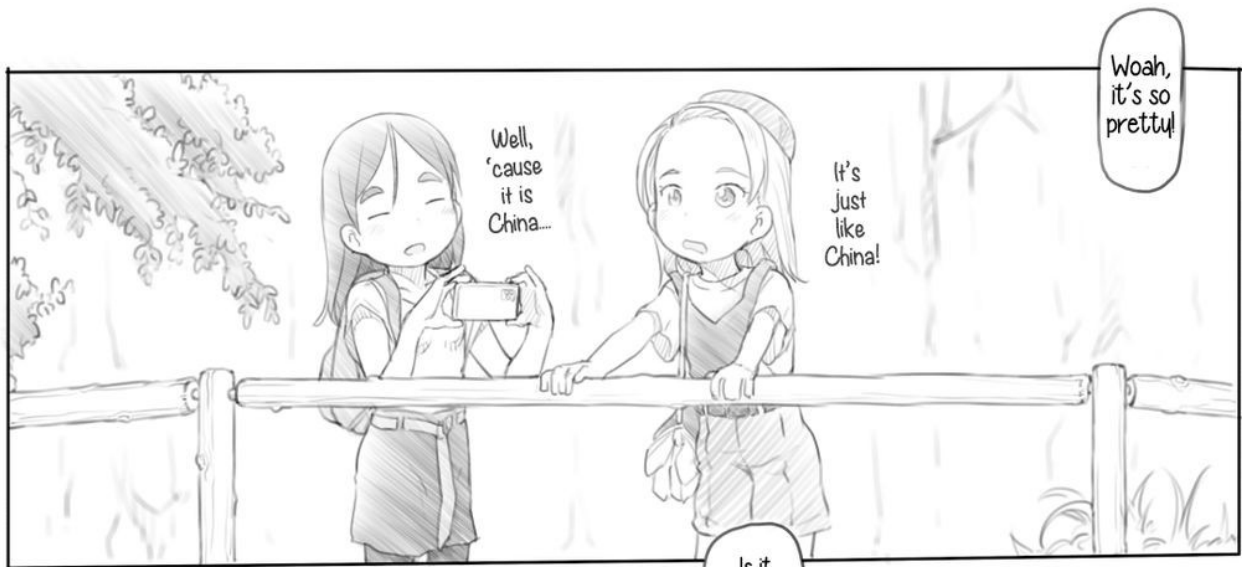

I'm gonna do something way more amazing than her!

Is it gonna blow up online?!

Well, 'cause it is China...

It's just like China!

Woah, it's so pretty!

Is it so quiet because it's the morning?

Yeah.

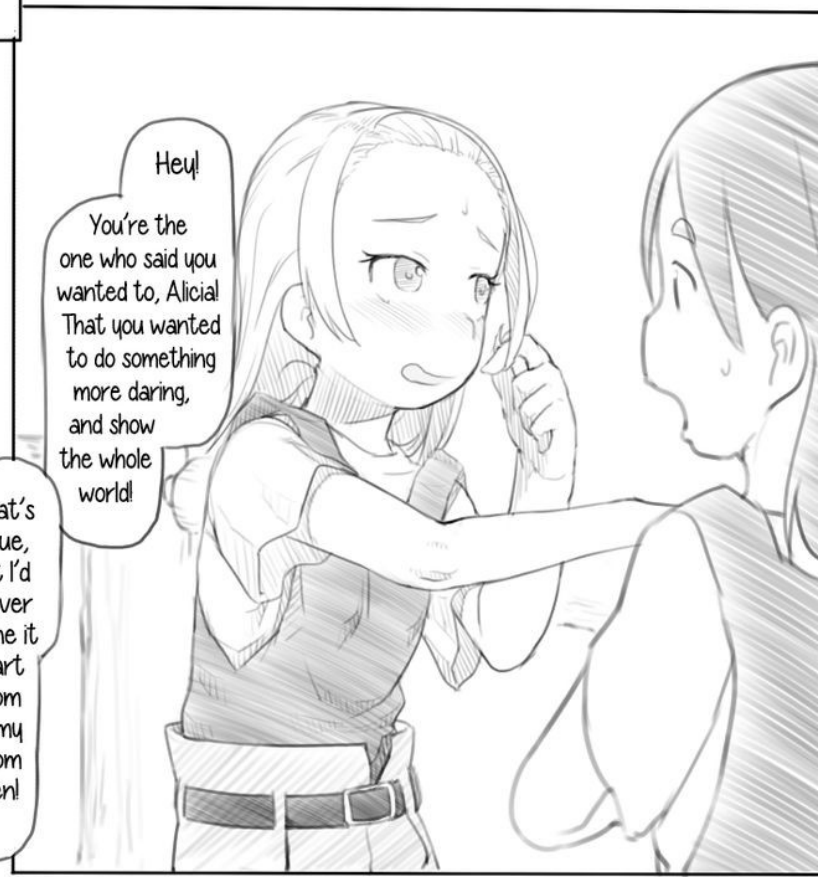

By lunchtime there'll be tourists everywhere. Let's get started before they show up!

Eh?
We're really doing it!?

Well, I'm gonna do it, so I guess that makes you the camera-man!

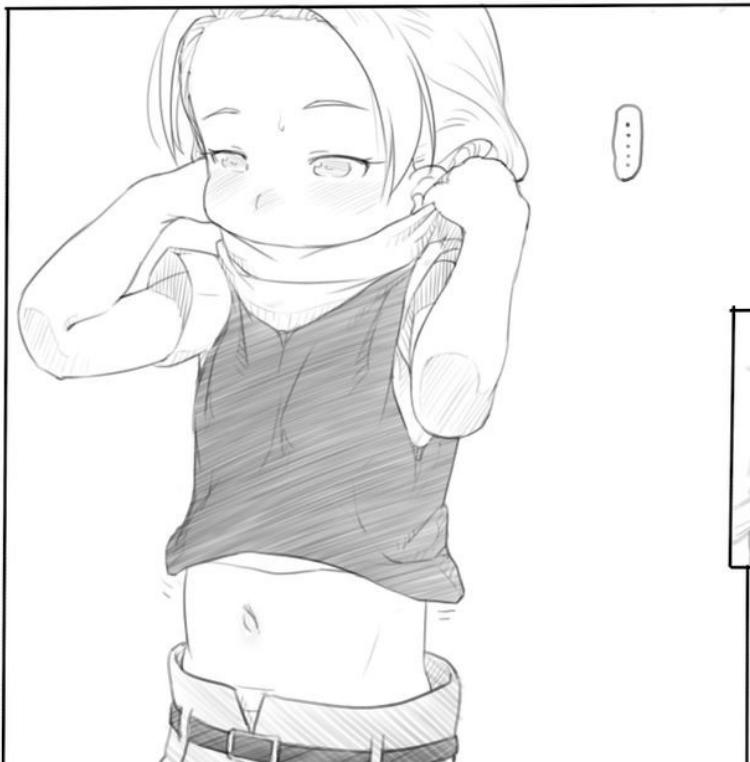

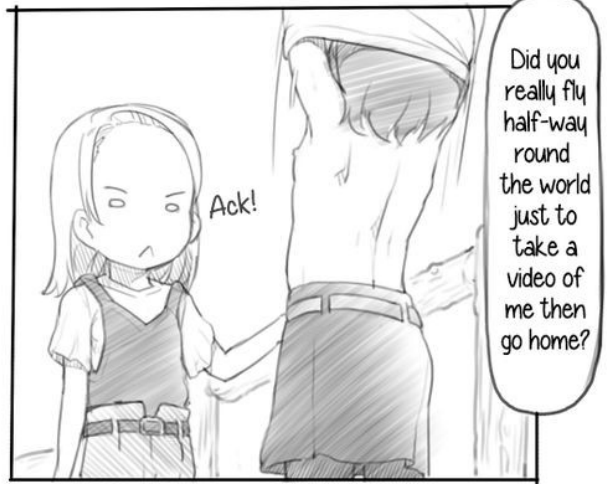

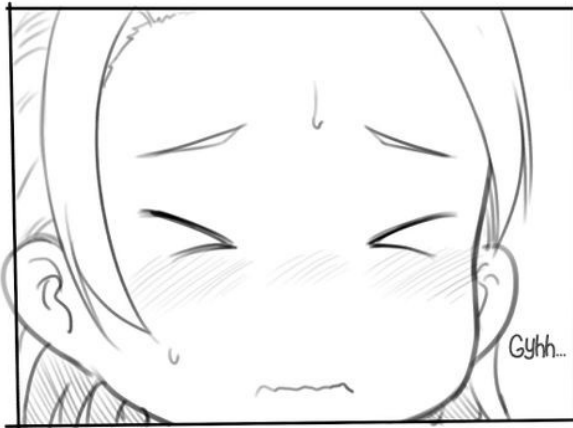

Eh!?

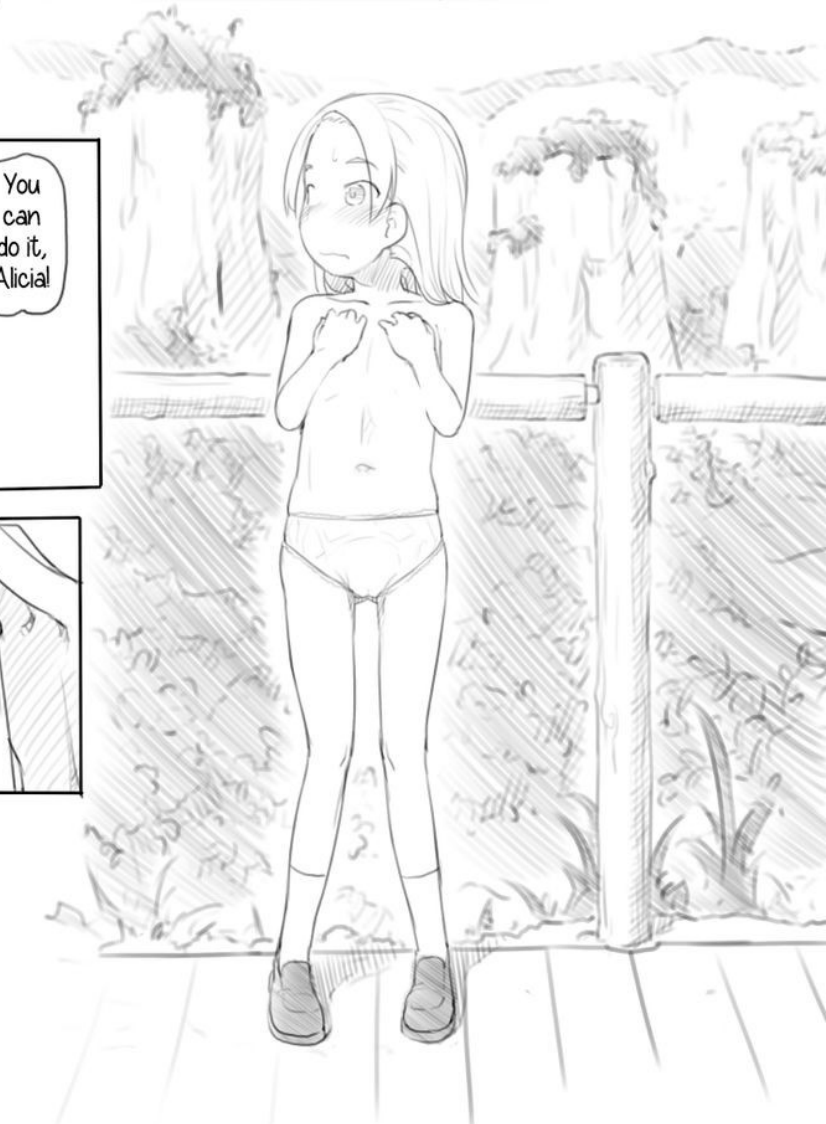

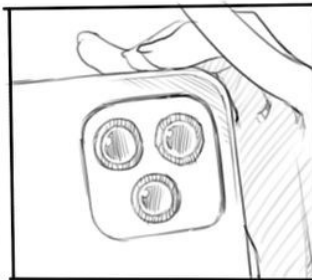

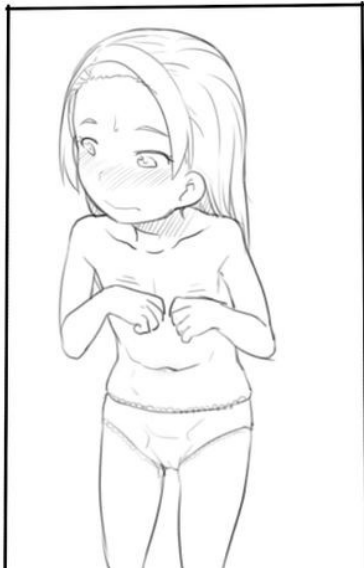

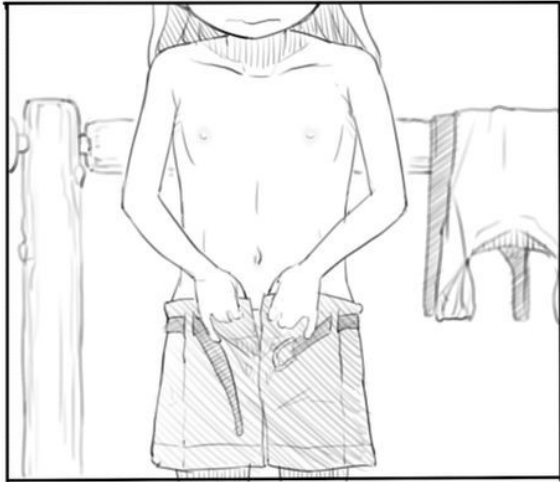

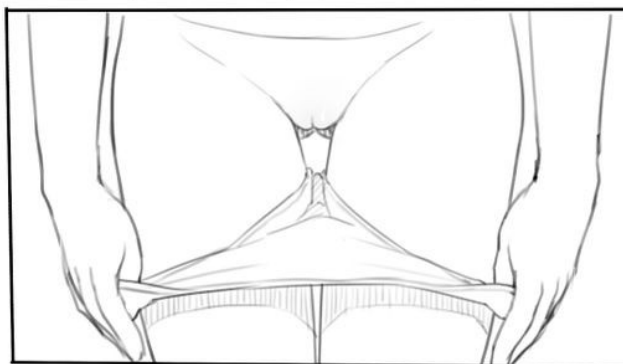

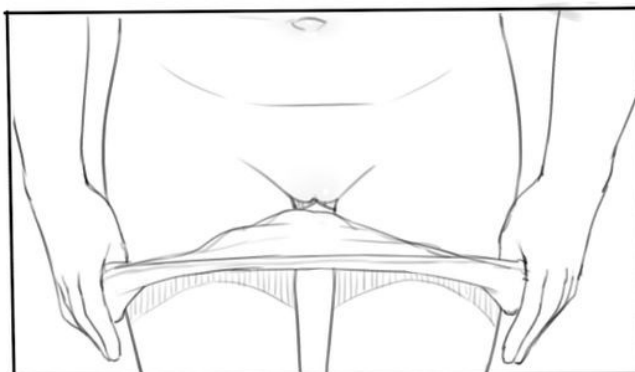

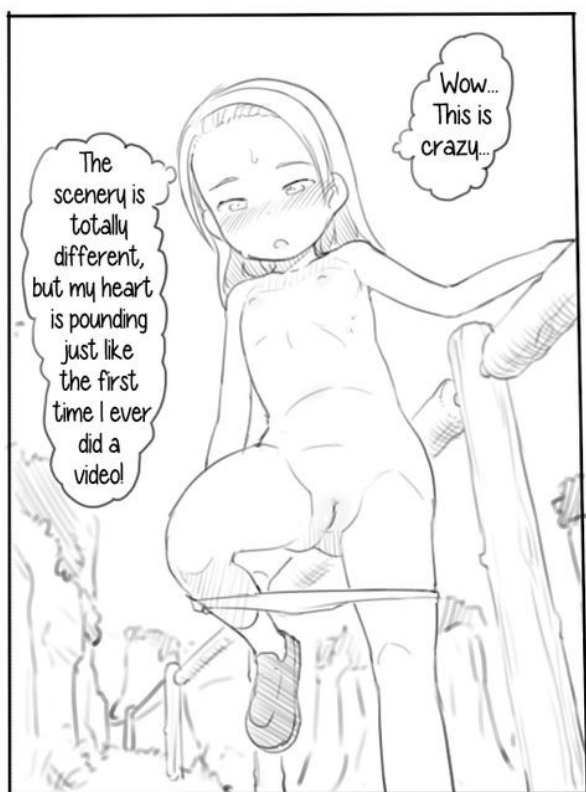

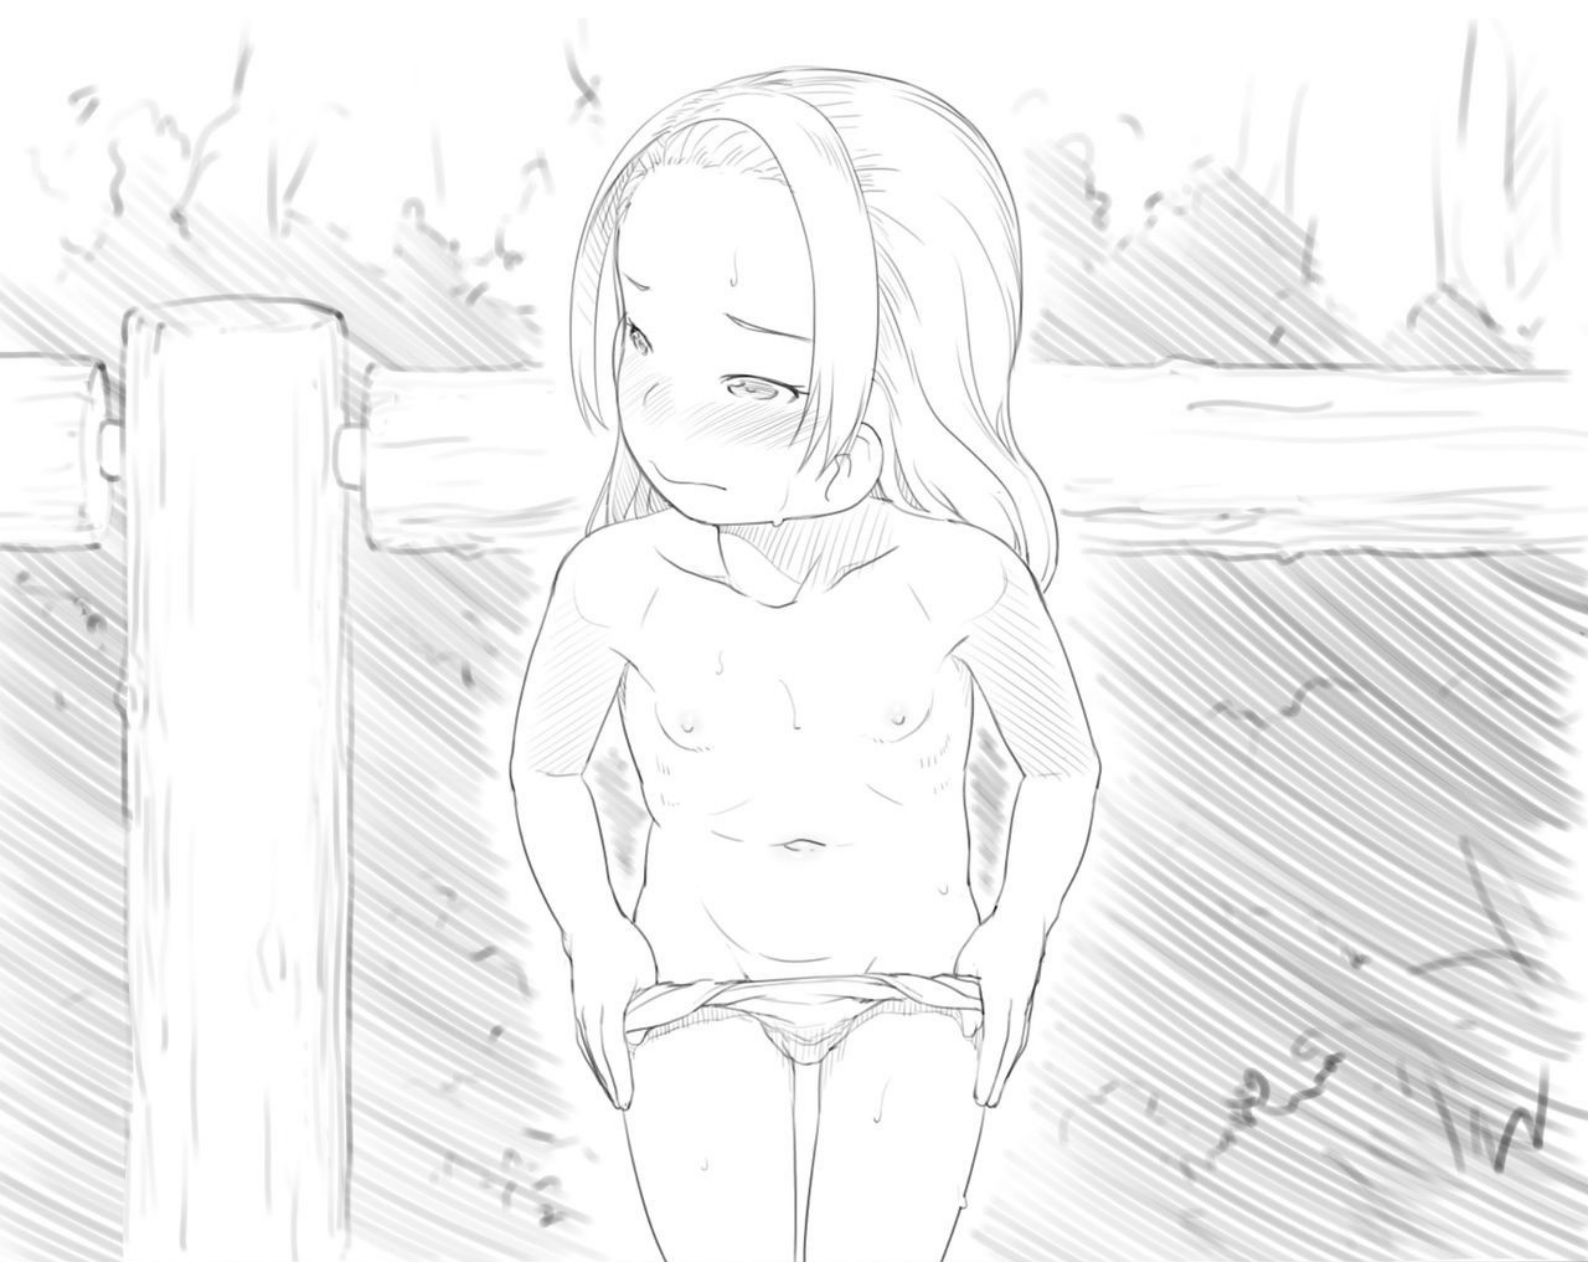

Hey!

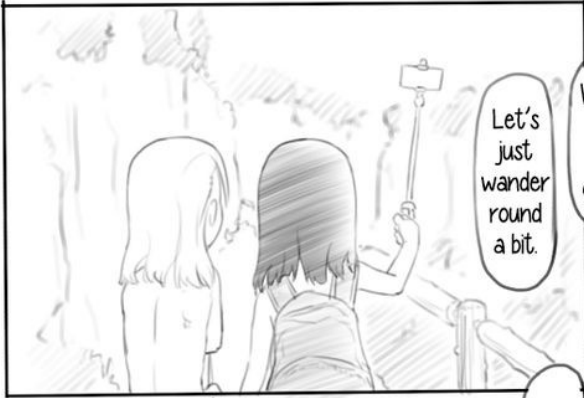

You're the one who said you wanted to, Alicia! That you wanted to do something more daring, and show the whole world!

That's true, but I'd never done it apart from in my room even!

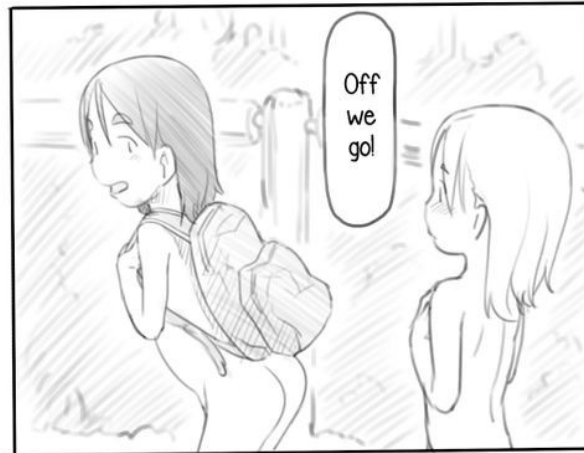

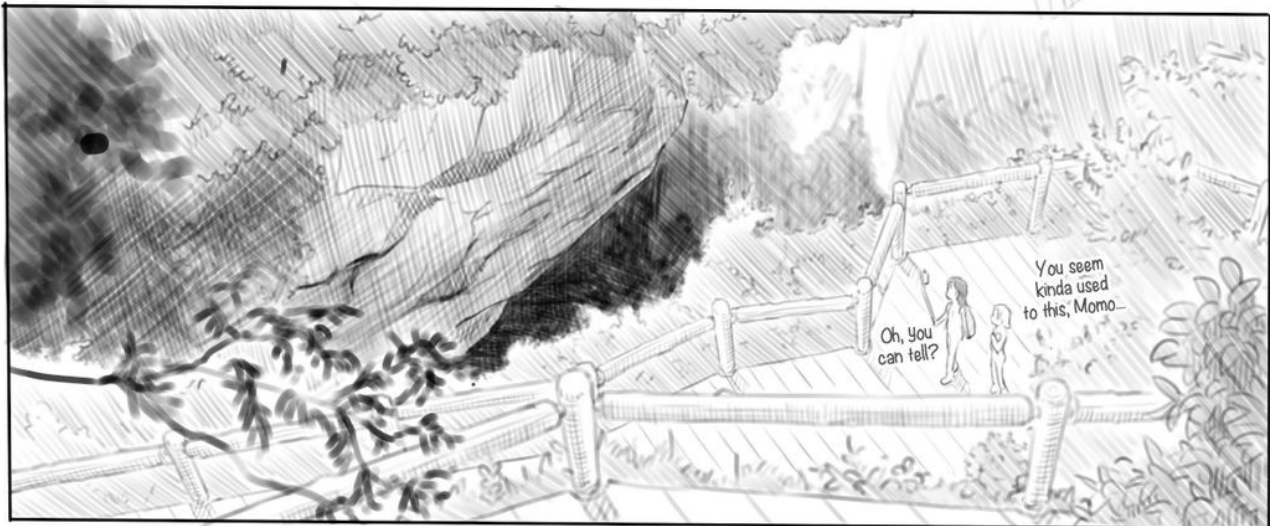

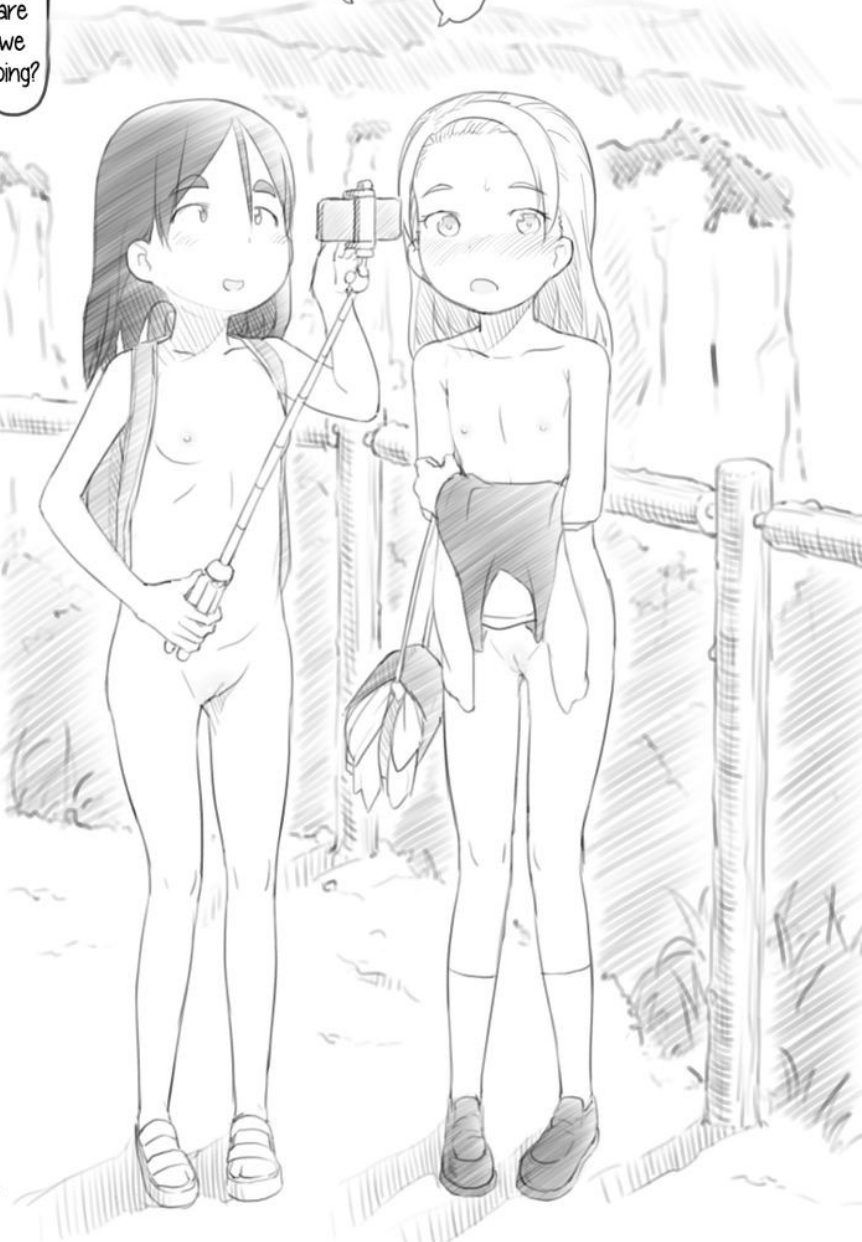

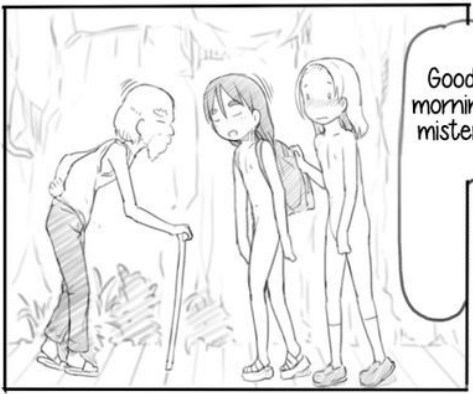

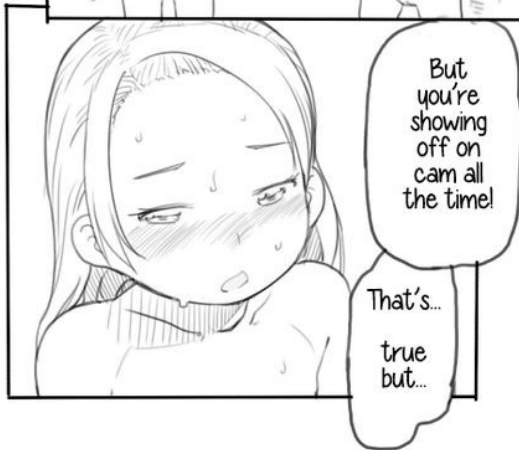

Where are we going?

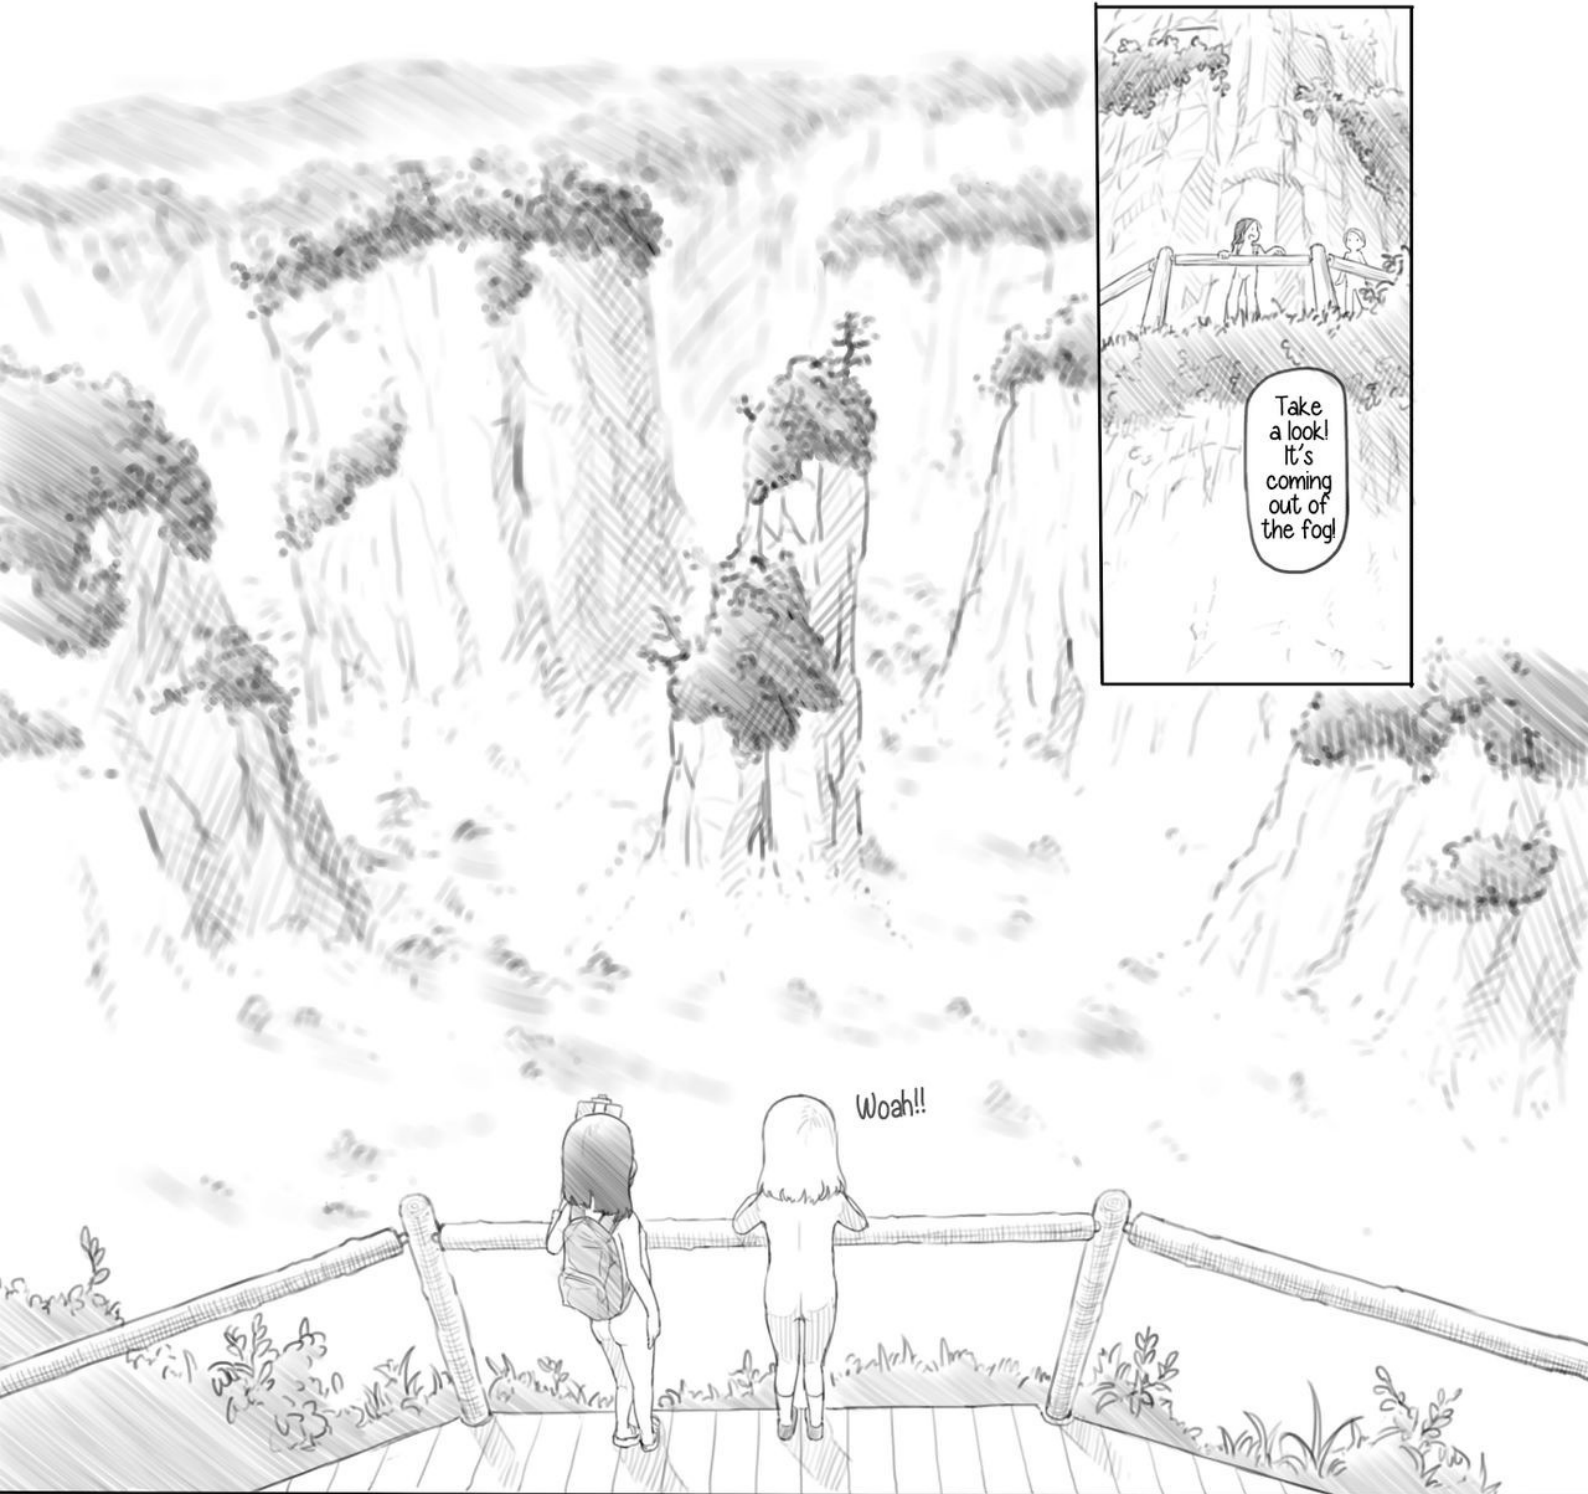

No, I'm ok.

Are you cold?

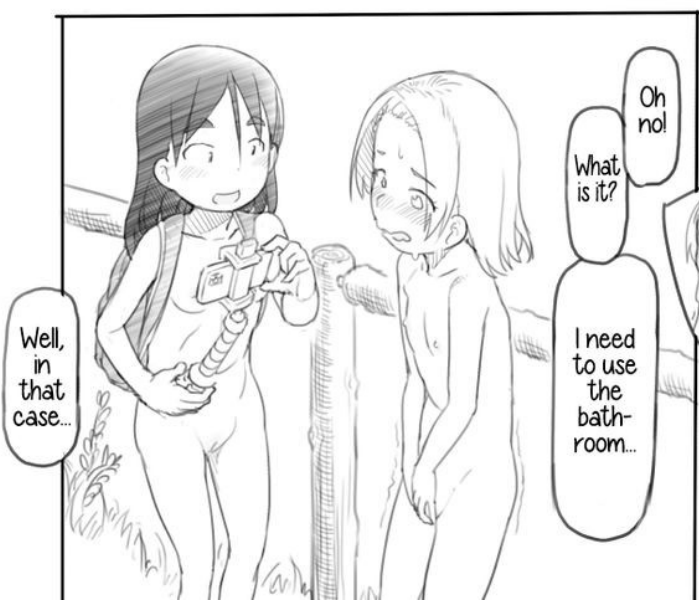

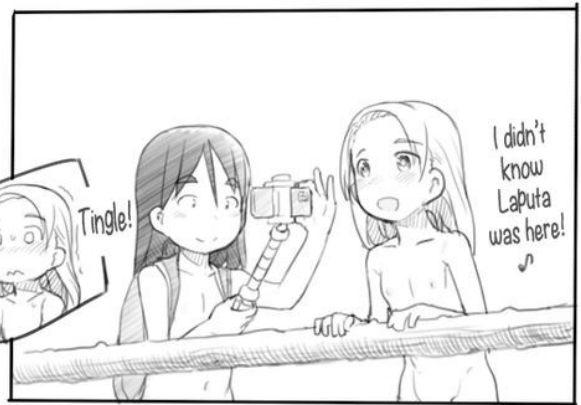

Take a look!
It's coming out of the fog!

Woah!!

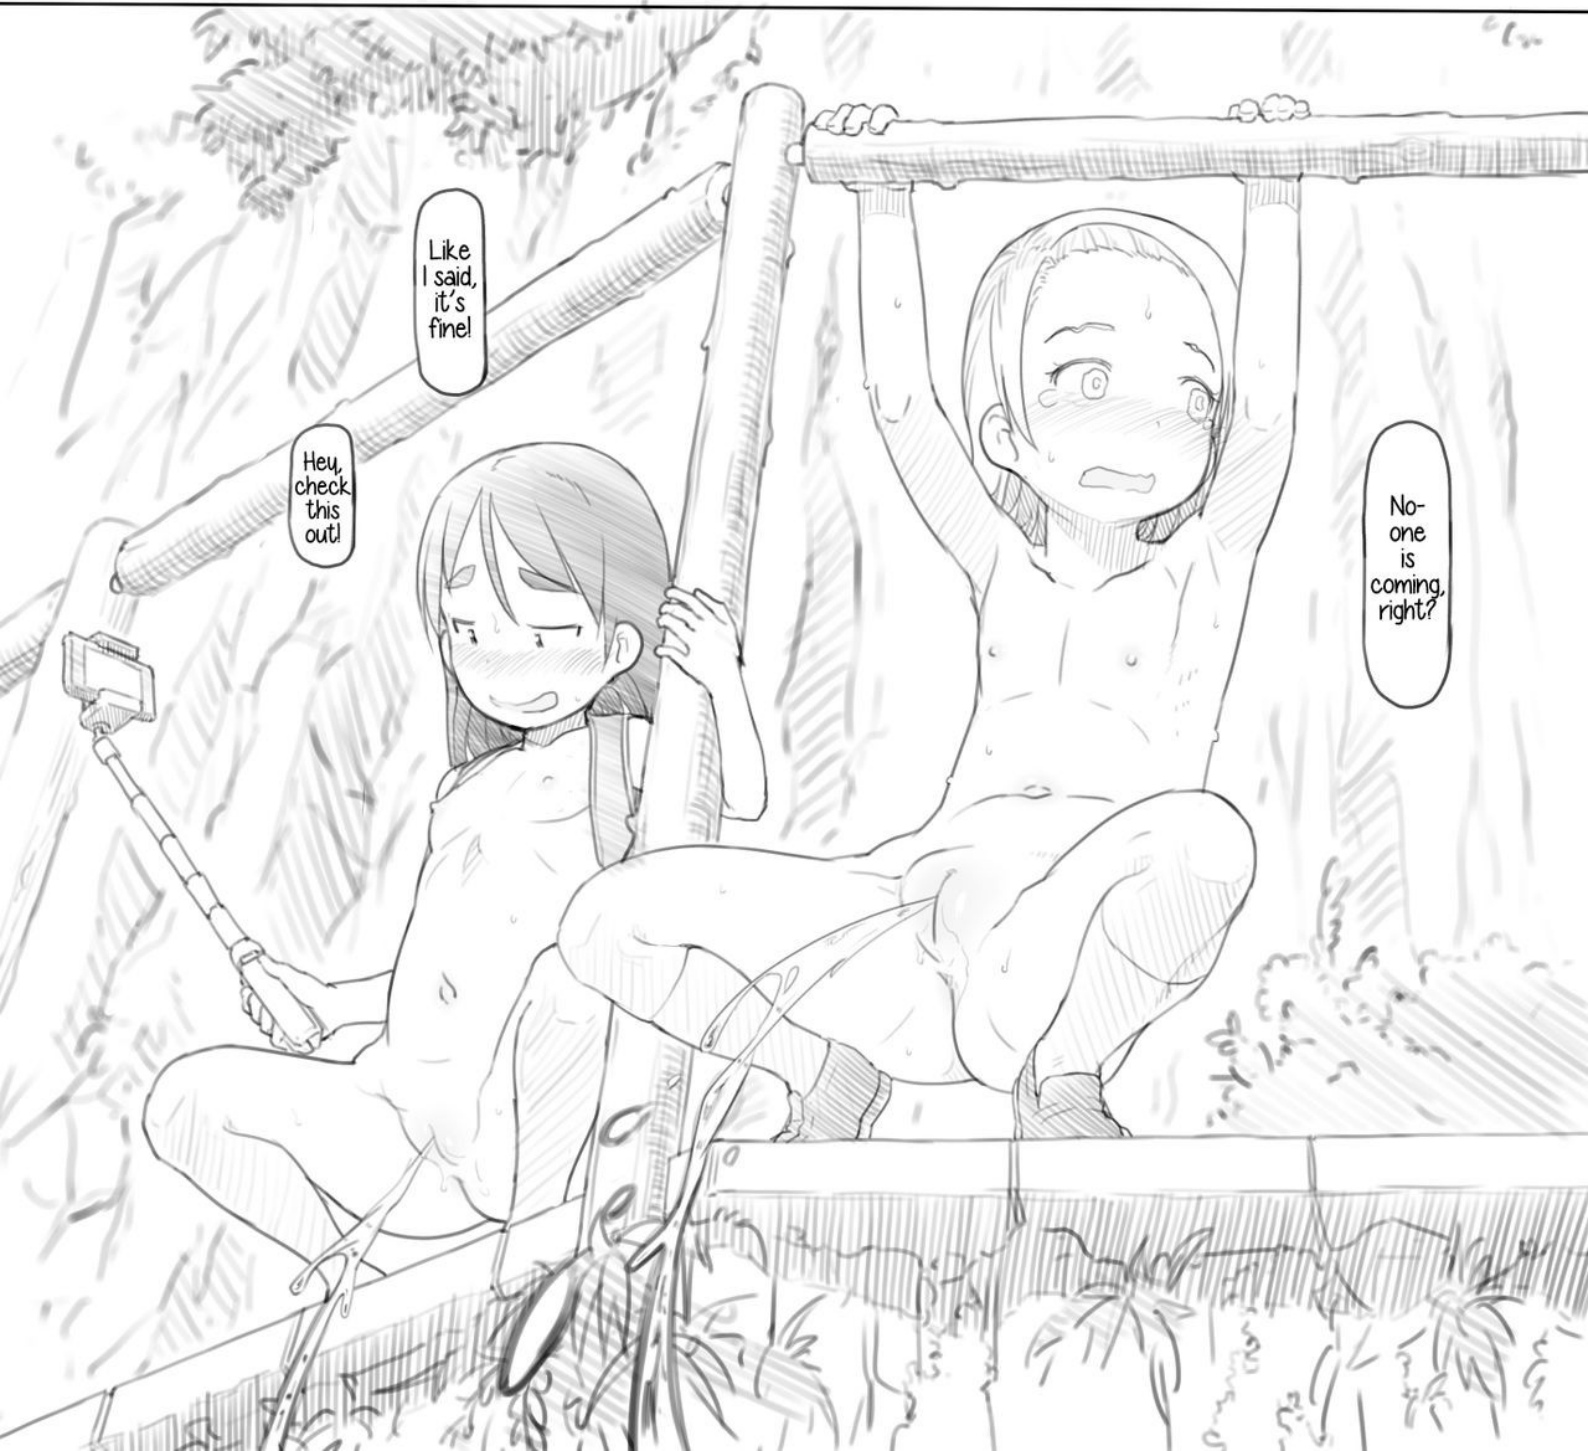

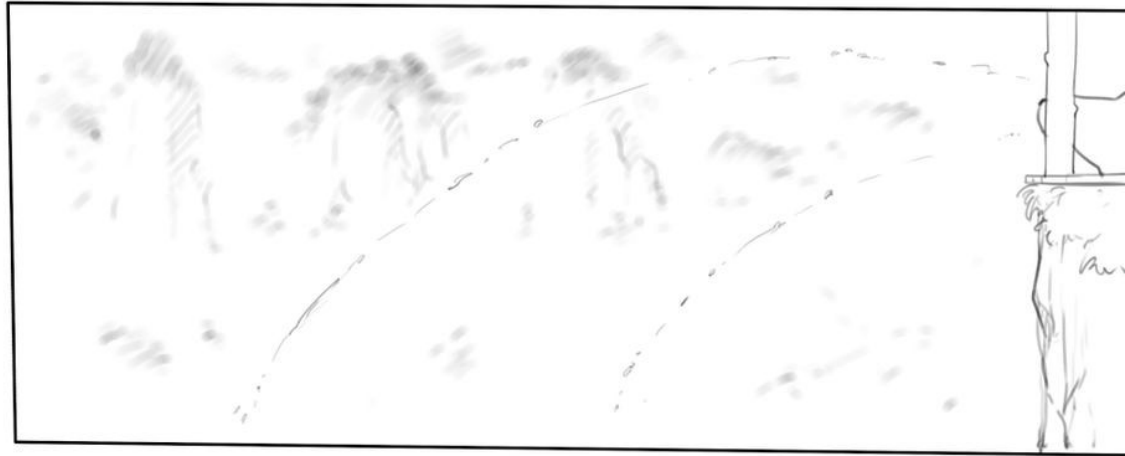

Well, in that case...

Oh no!
What is it?
I need to use the bathroom...

Tingle!

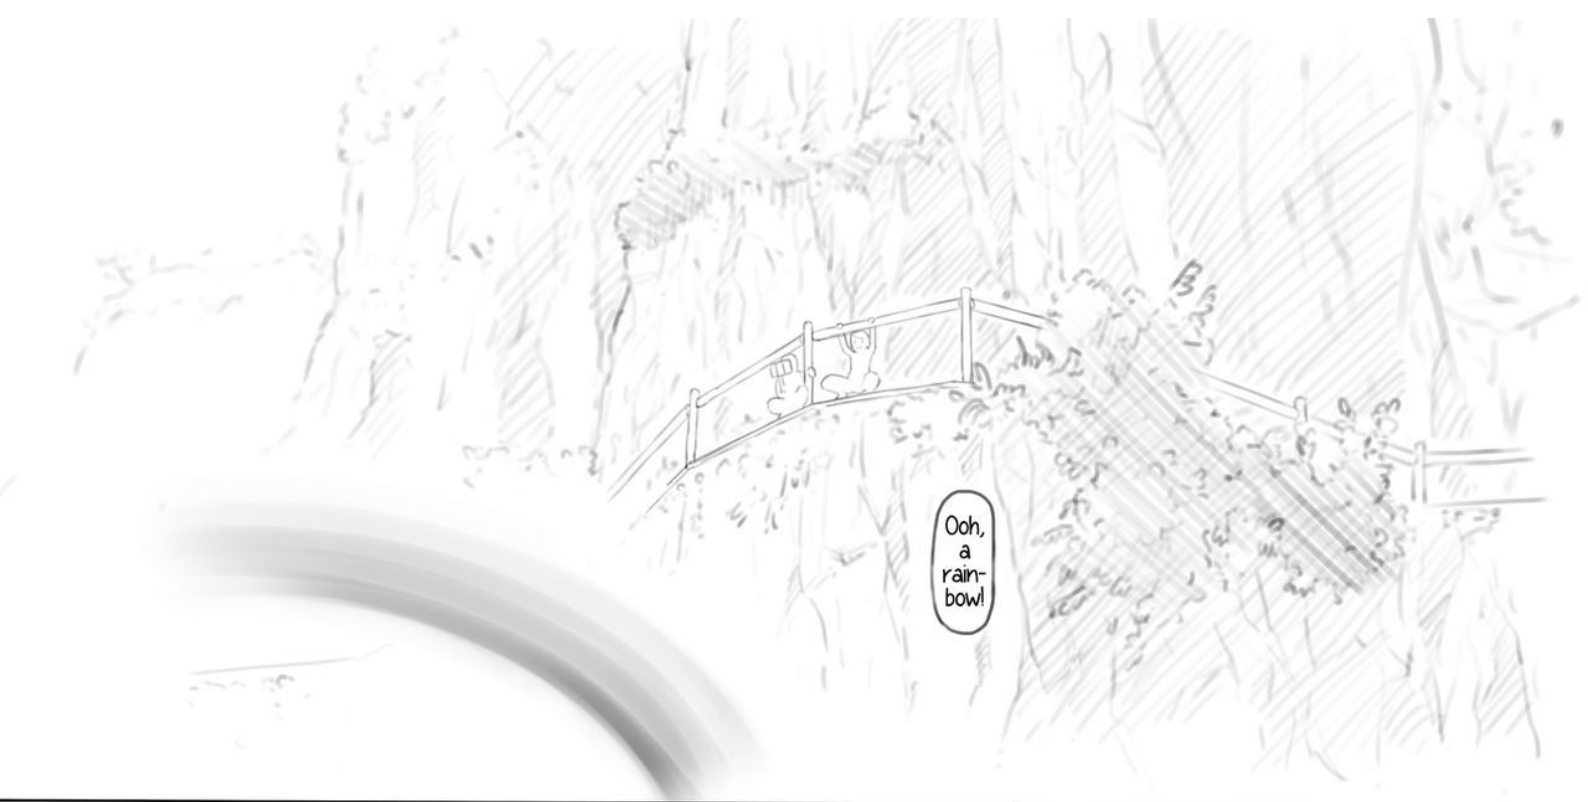

I didn't know Laputa was here!

Like I said, it's fine!

Hey, check this out!

No-one is coming, right?

Ooh, a rainbow!

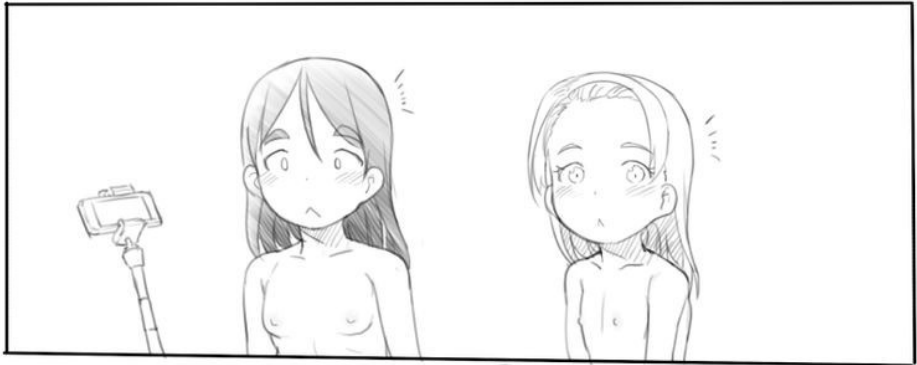

I've had all I can take for today.

That sounds great, but the lesbian scene can wait until next time...

I could lick it clean for you?

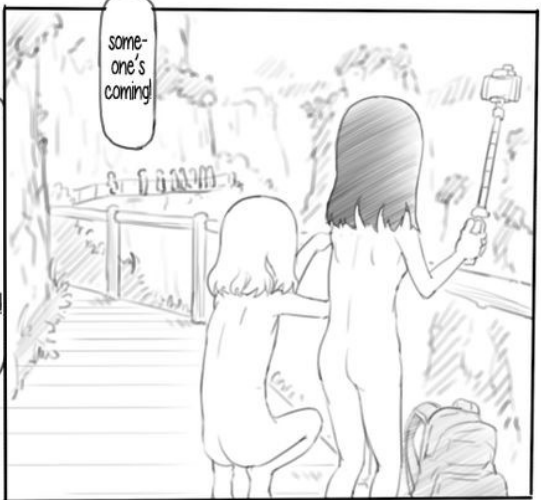

Got any paper?

And he's brought some uniform dudes too...

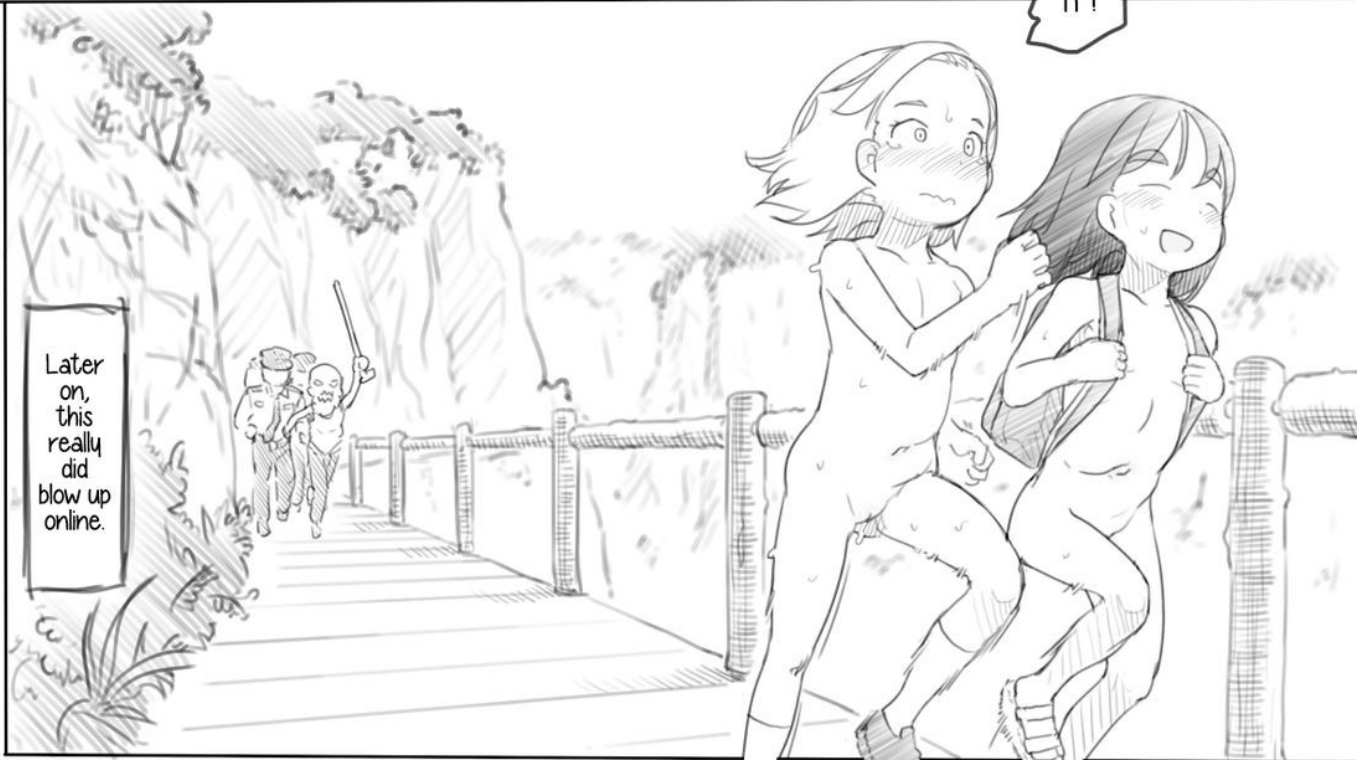

He looks mad AF!

It's that old guy from earlier!

some-one's coming!

RUN FOR IT!

Later on, this really did blow up online.

You should tell me that sooner!!

Public morals are really annoying in this country.

Be careful you don't actually get caught or anything!

Afterword

This is only a self-published photocopy book, so I thought
I'd challenge myself to draw something that isn't even fap material.
It was a lot of fun.
