D-don't worry,
it was a joke...

I did try to mail you and call you numerous times but it didn't get through!

If you're coming over, you should've contacted me

Because someone forgot their phone on the bed

You're late

Try to do it yourself sometimes!

Ah... you cleaned the place up? Thanks...

Coming to your boyfriend's place full of dirt is the worst

Eh? I did?

What's with the "eh?"

You didn't realize you forgot your phone? Are you ok?

The grandma at the tobacco shop gave it to me...

I'm not...

I have found 6 disposable lighters

ah

Why are you collecting them for?

Hey...

Eh?

I threw it away

Do you know where's the book? I mean the magazine...

That weird book about worms and insects?

Eh?
Ah...

...ah

Eventually, those mags will turn to trash

I really hate them and it makes me sick just touching them

Why do men love those sorta things?

Let me take a shower

I ate before i came back

Have you eaten?

You're right...

You didn't even contact me

You've been really cold lately

a girl like her? I must be crazy...

to be thinking of...

she's right... lately i've only been thinking about that girl...

this has never happened before

Didn't he buy you a pair of boots the other day?

That's right

Did you ask dad to buy you a new bag...?

You should also do your best to get into uni and make him happy so he'll buy you stuffs too

That was for my graduation and this is for successfully entering university

If you've time, why not use it to study?

Who comes back late everyday. What have you been doing for god's sake!

Or you'll embarrass me

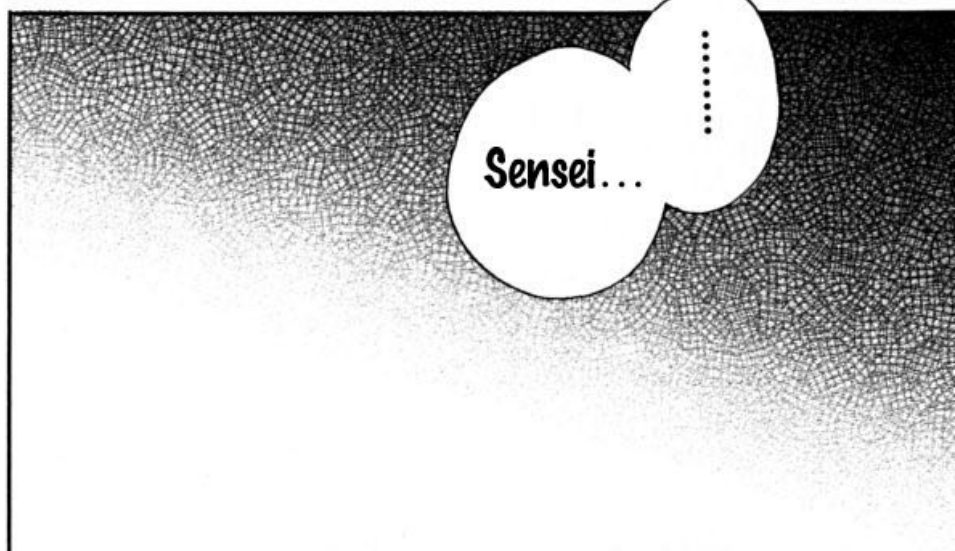

Please study hard

I don't want to have a crappy imouto

You're unbelievably stupid

But... it's probably impossible for you

AH...

EH?

SENSEI

If i didn't do that, you won't wake up

But can you stop calling me sensei? I've had enough at school
