Alice (10)
Italian
Cheerful slut
Slightly cheeky and feisty
Elegant features
Twintails

Maybe
with her
hair back?

Character design notes

Her hairstyle went back and forth quite a bit. I love twintails but I feel like I'm always drawing those, so I thought a pulled-back style showing her forehead might be better.

Originally her name was the Italian pronunciation of Alice, like 'Aliche', but somewhere along the line it became 'Alicia'...

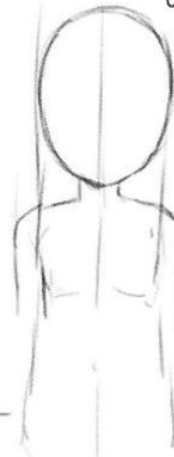

This is pretty much her final design.

I was still unsure about her front hair though.

Long legs, so overall height is quite tall

High-nosed elegant features
Blue eyes
Blonde hair

Compared to the earlier design, her head is now more like an upside-down egg shape

Chest same width as head

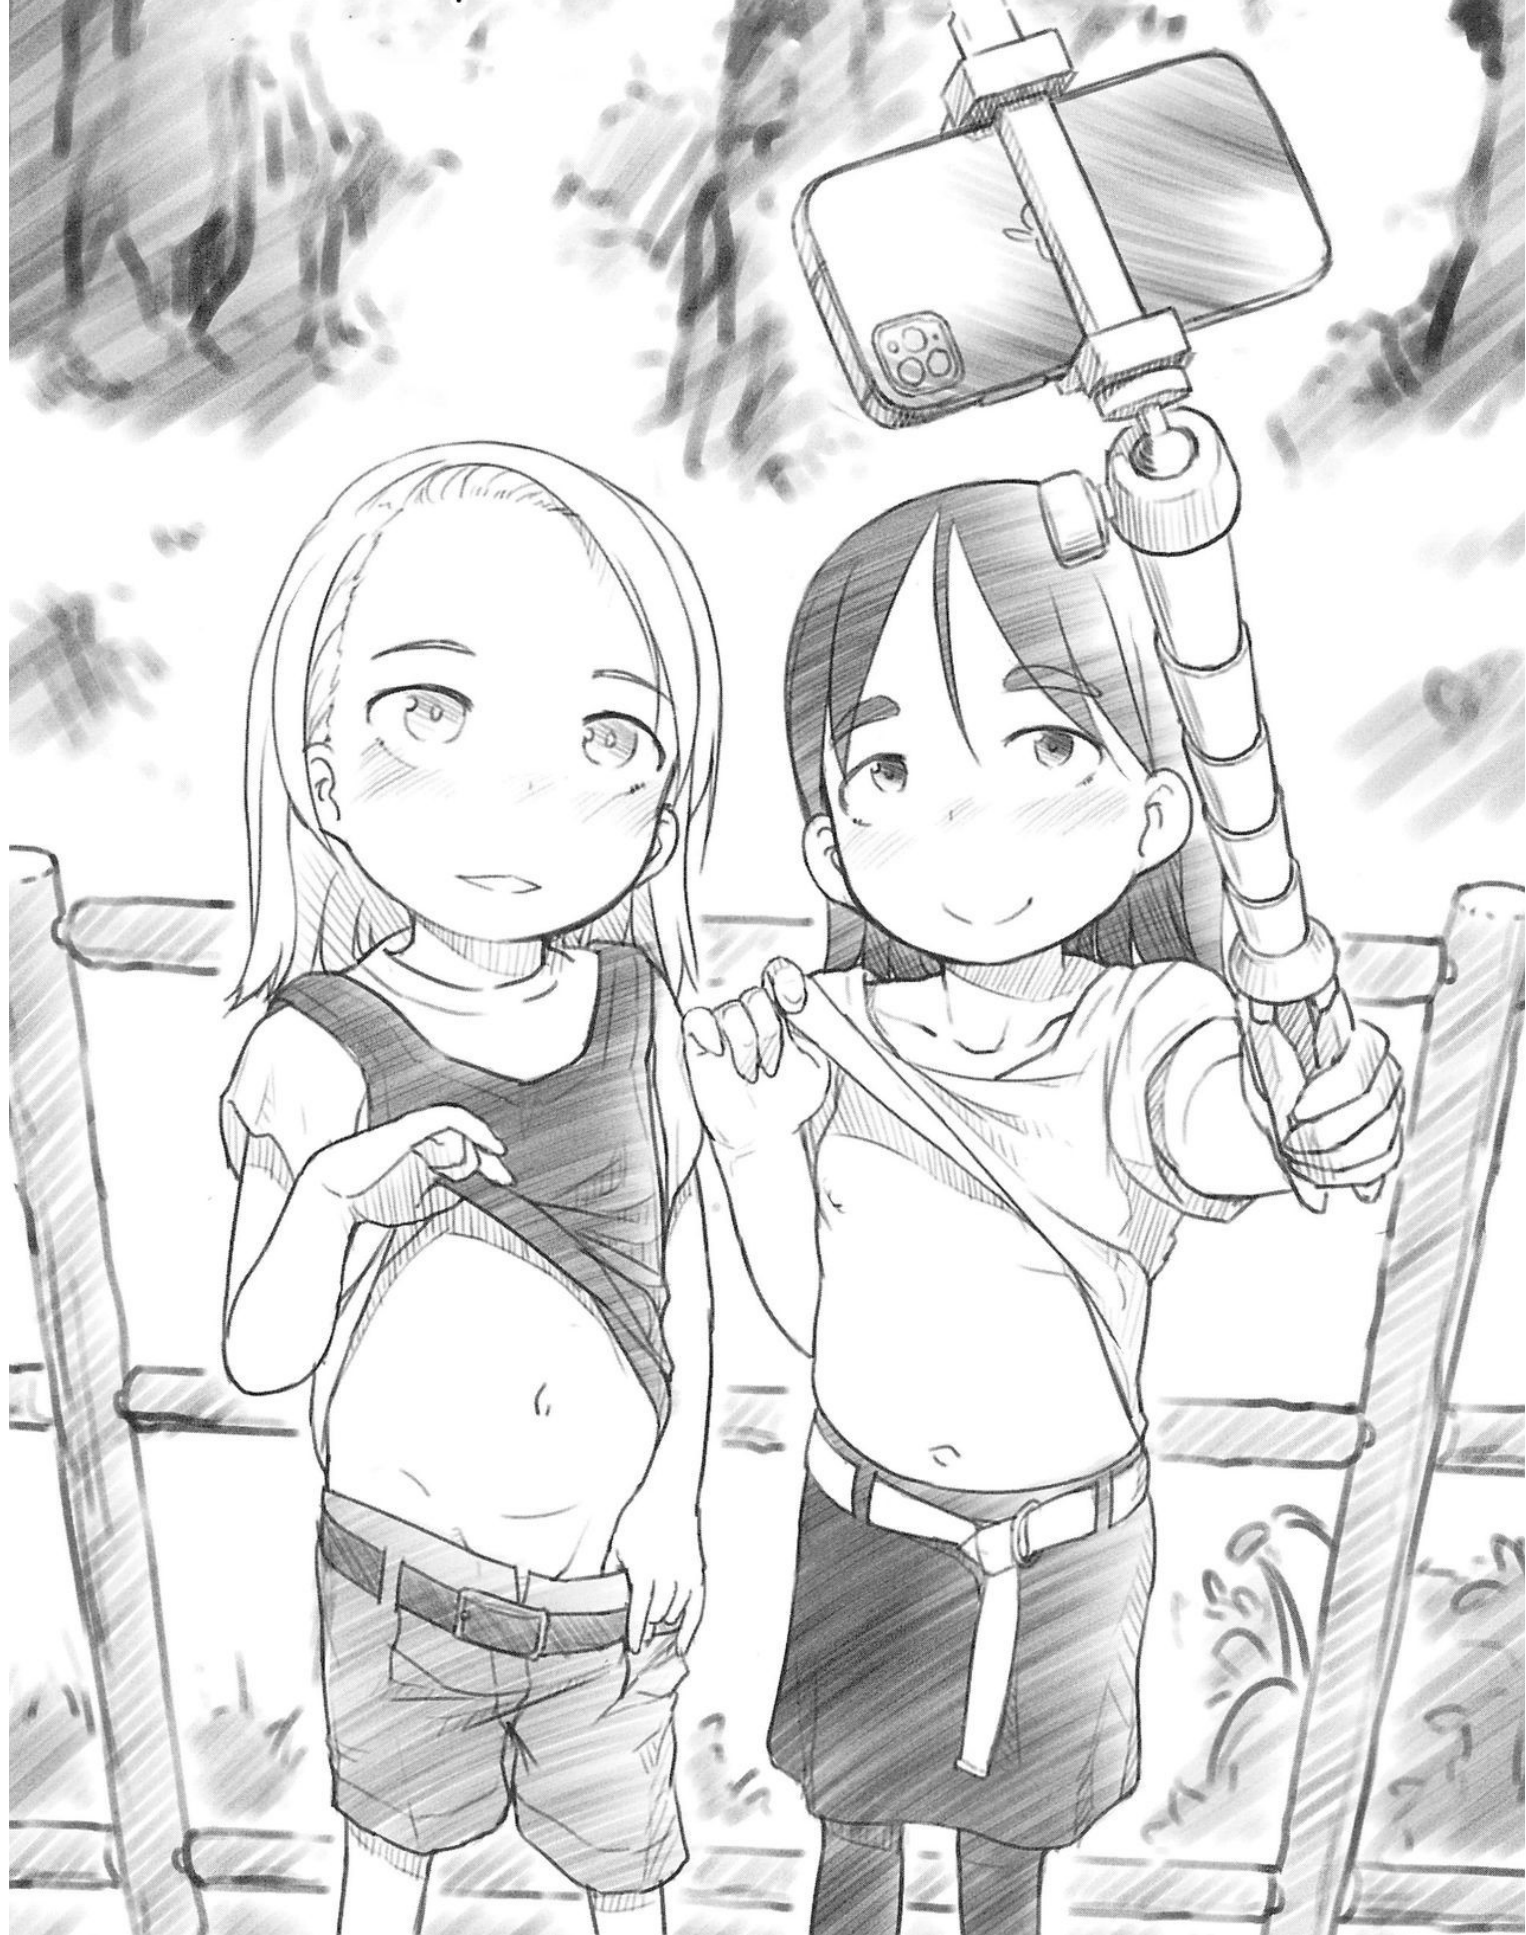

Barrel-round tummy

Pussy is quite fat and puffy

Great to see you!

Yay!
We meet at last!

You're ready?

Yup!

Let's go then!

Ni Hao!

Tao-chan?

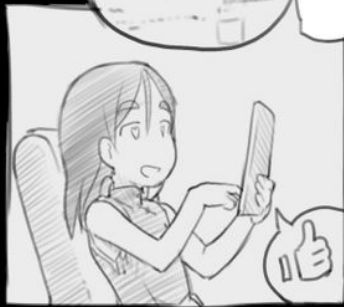

👍

But later we started following and boosting each other.

She got into streaming around the same time I did.

This girl is Tao, one of my mutual followers.

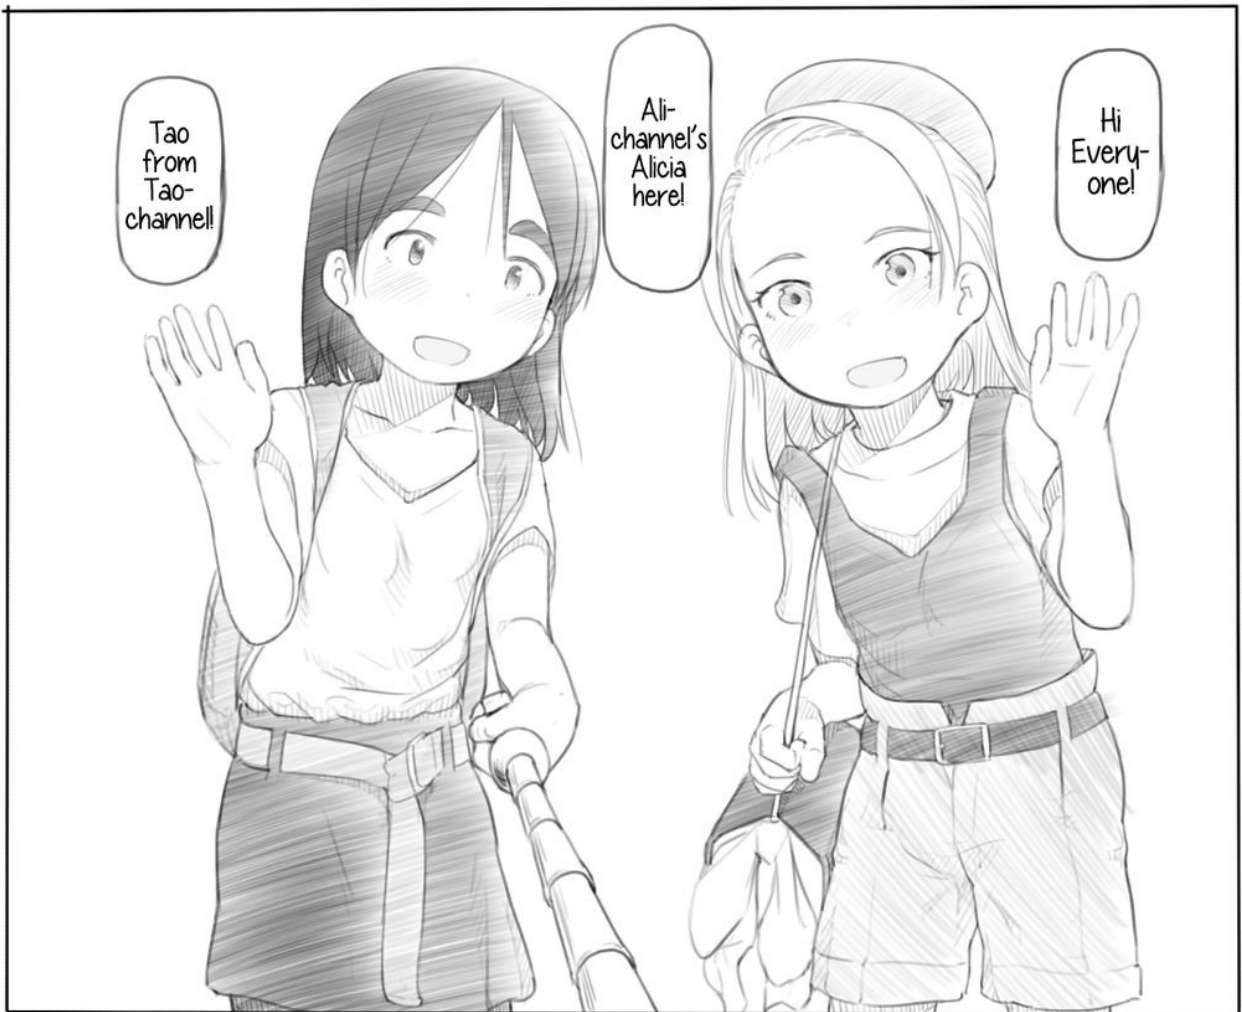

👍

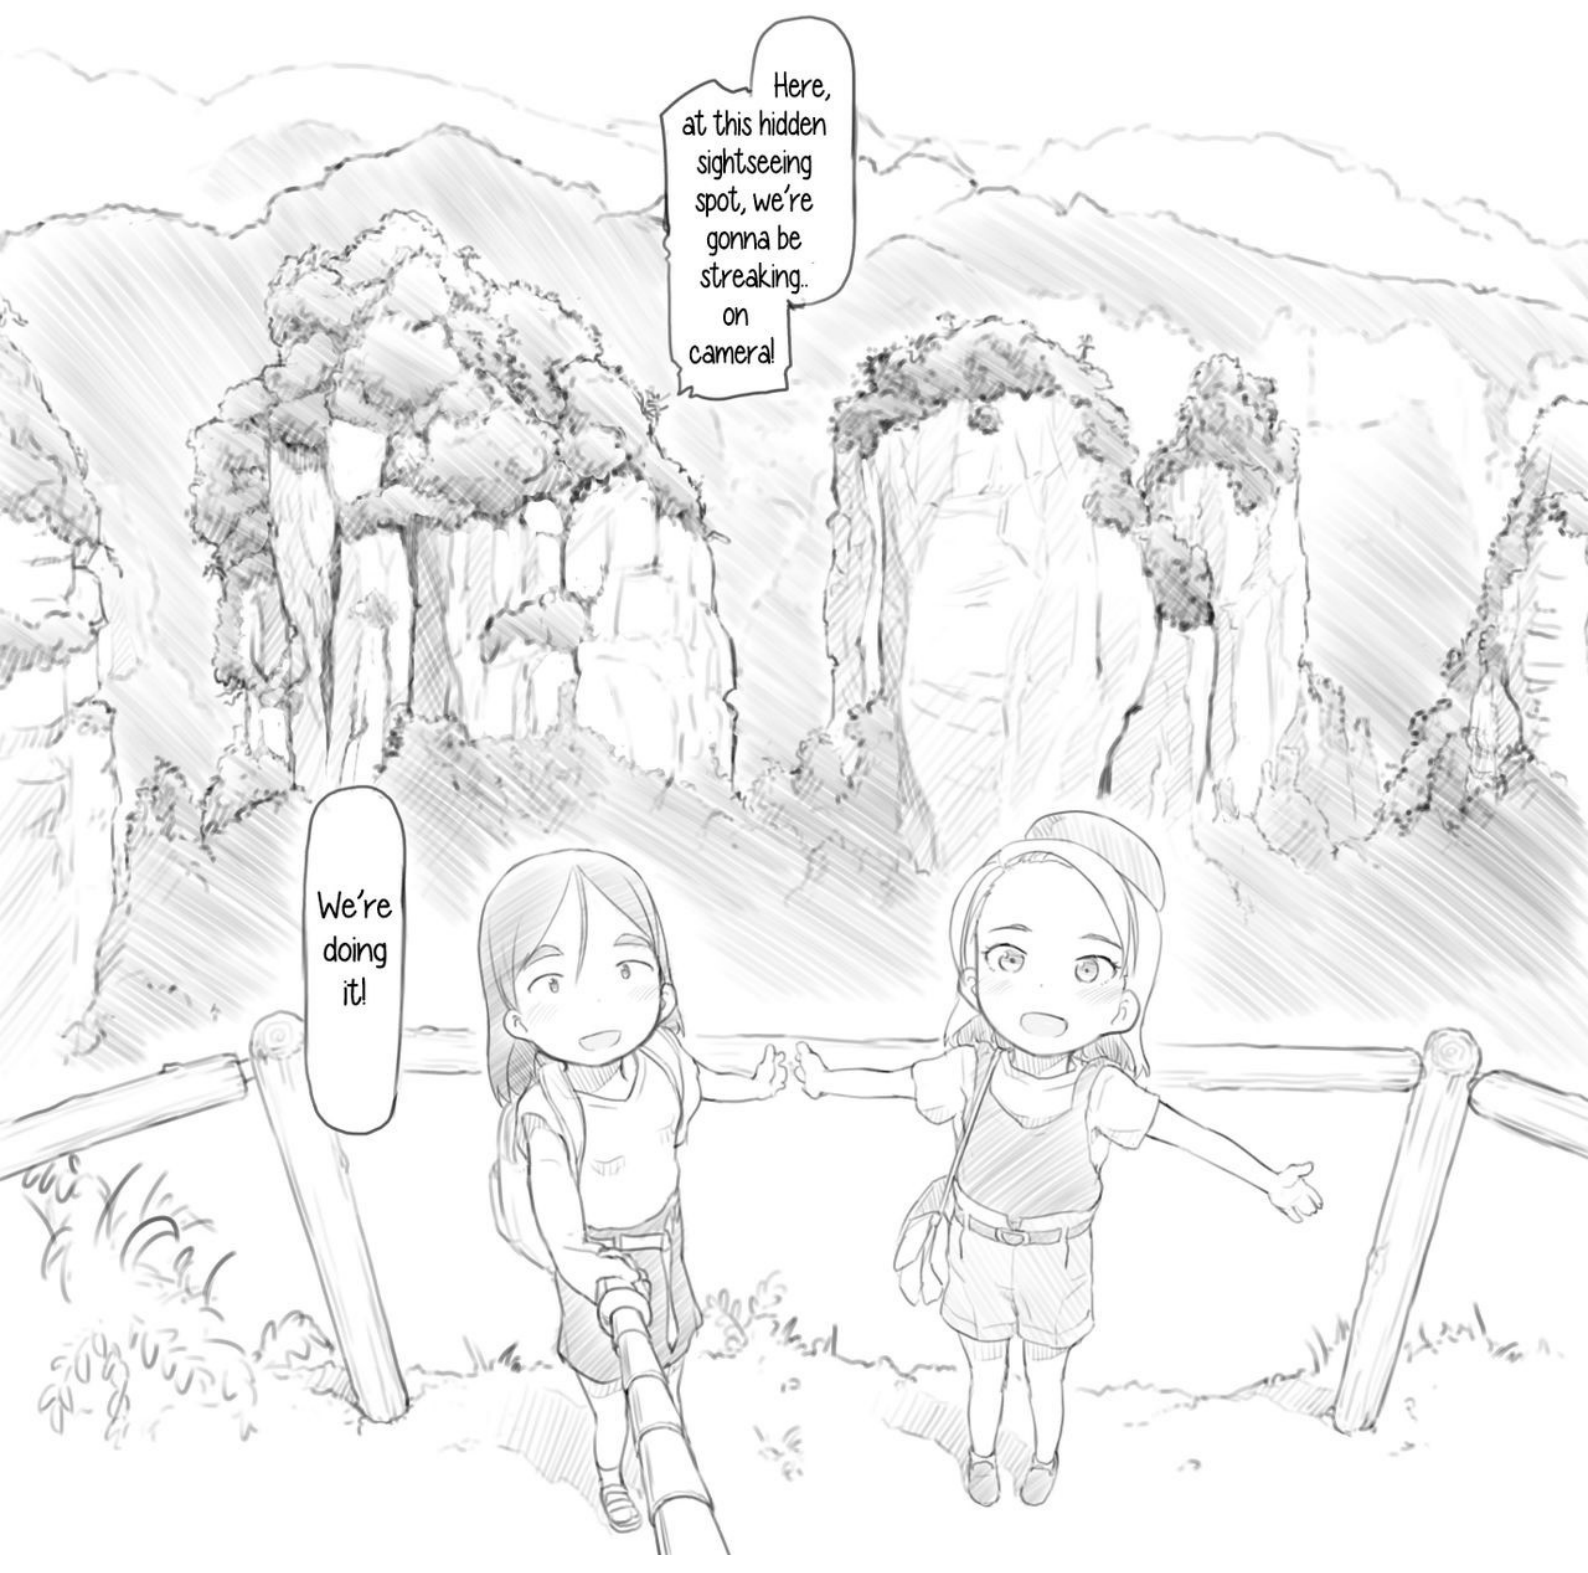

At first, we were just competing for views

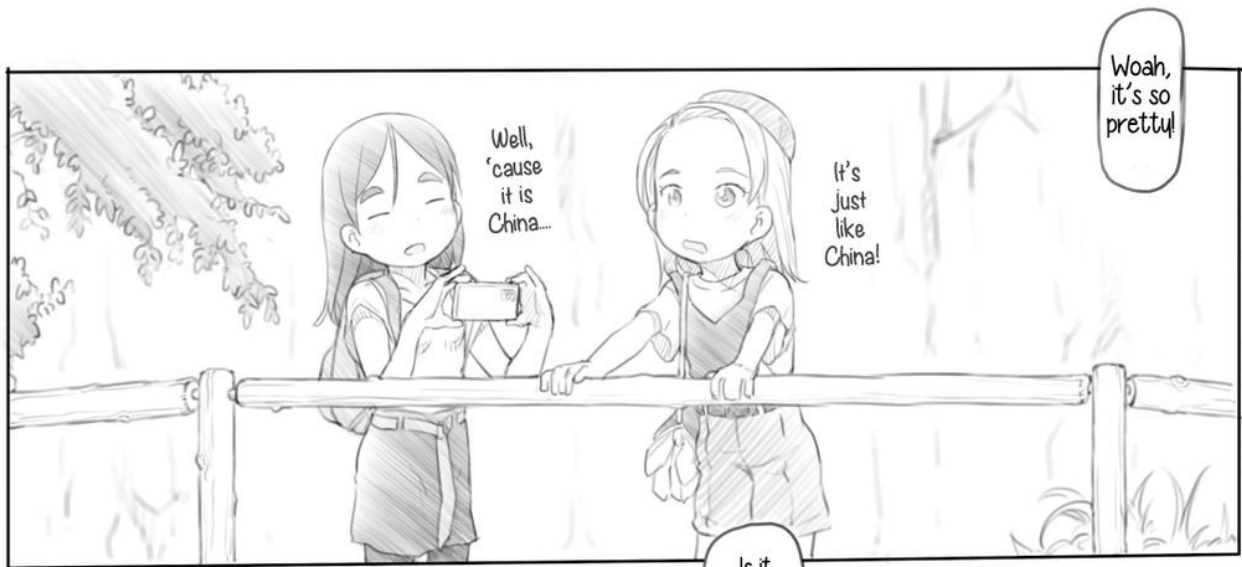

I'm gonna do something way more amazing than her!

Is it gonna blow up online?!

Well, 'cause it is China...

It's just like China!

Woah, it's so pretty!

Yeah.

Is it so quiet because it's the morning?

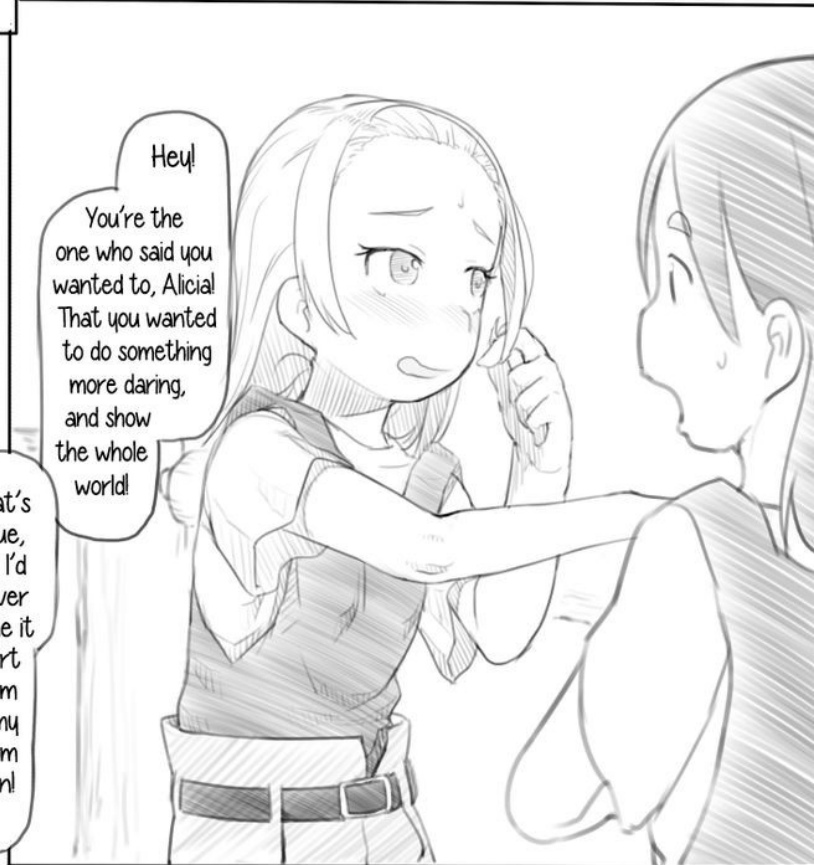

By lunchtime there'll be tourists everywhere. Let's get started before they show up!

Eh?
We're really doing it!?

Well, I'm gonna do it, so I guess that makes you the camera-man!

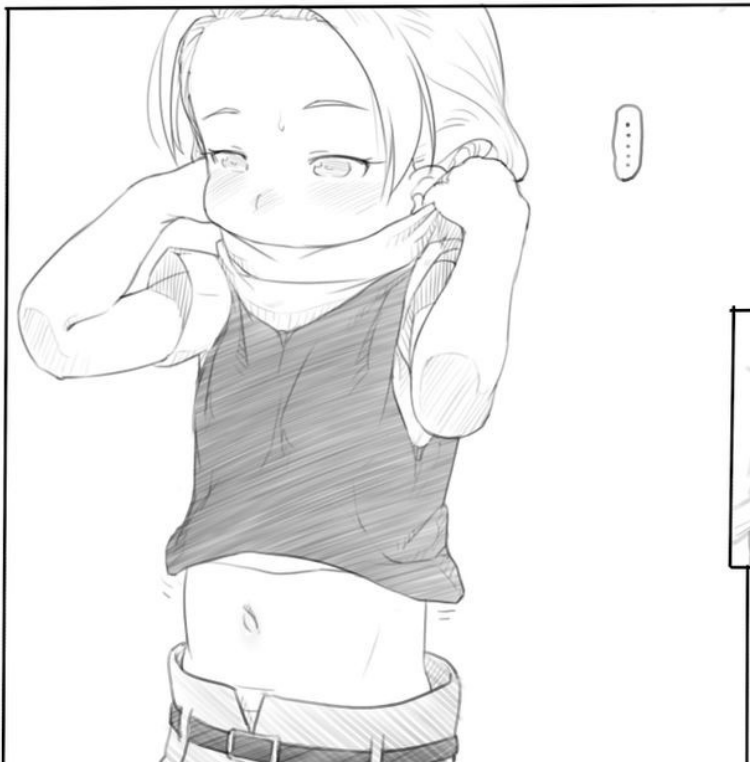

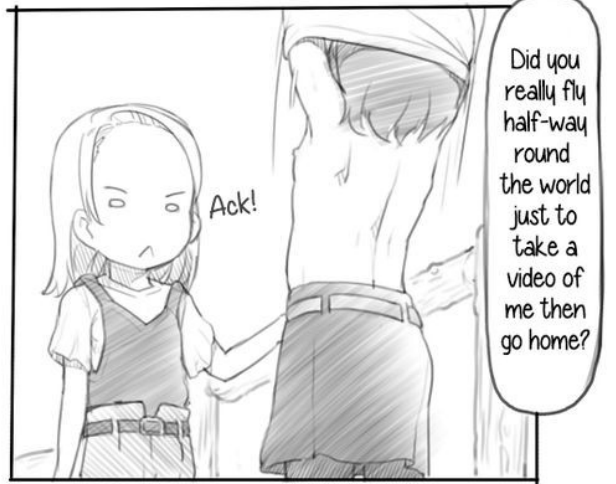

Eh!?

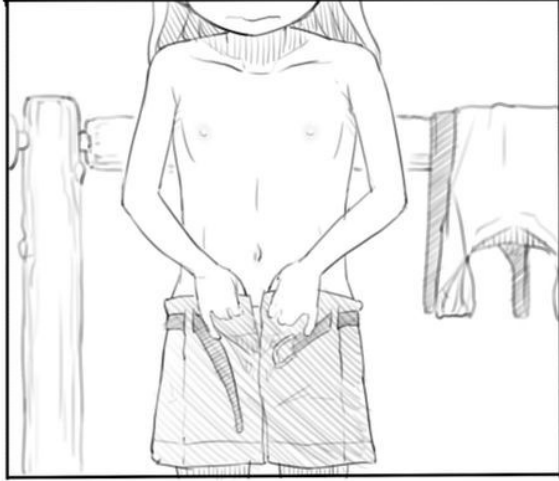

Hey!

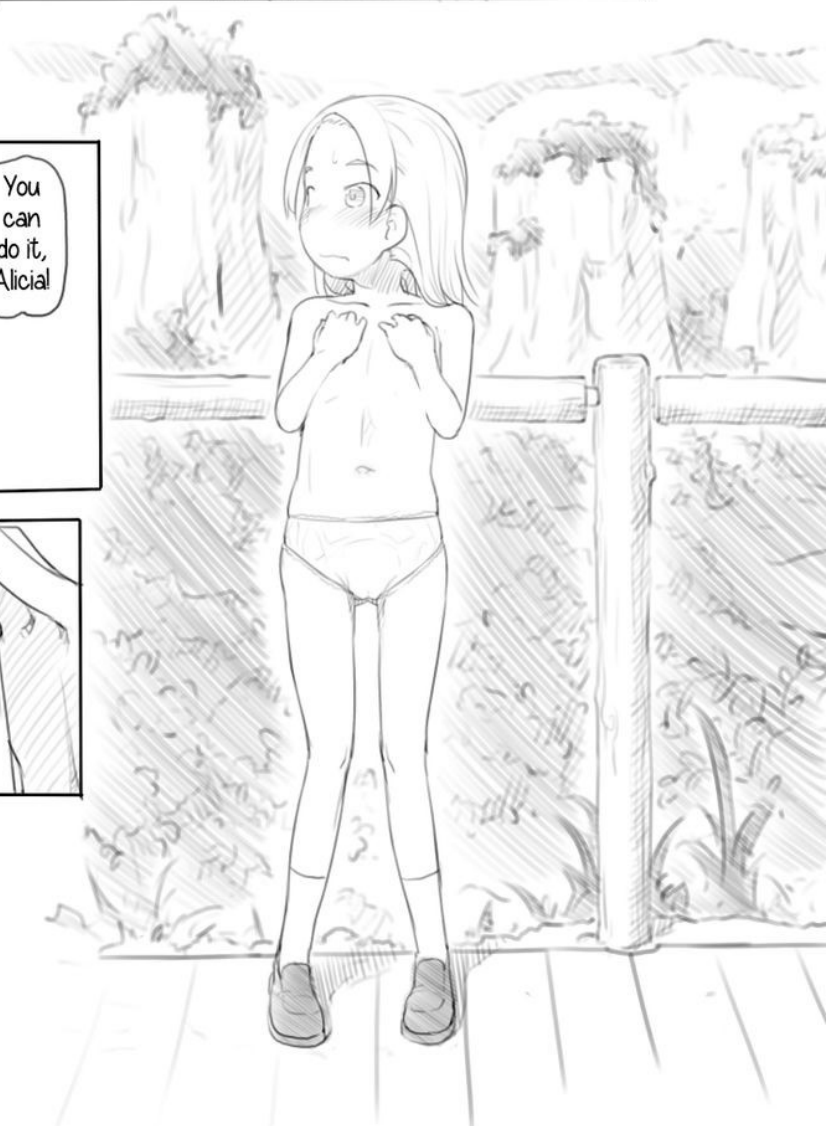

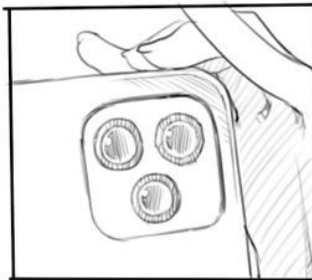

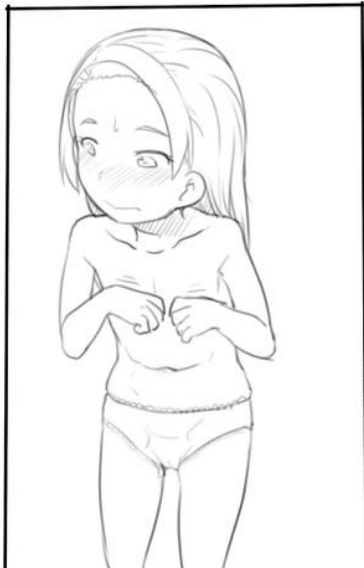

You're the one who said you wanted to, Alicia! That you wanted to do something more daring, and show the whole world!

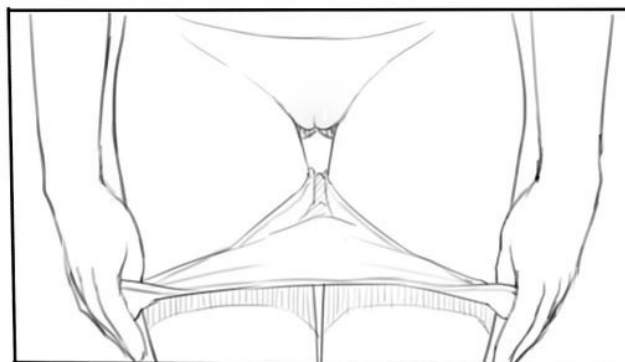

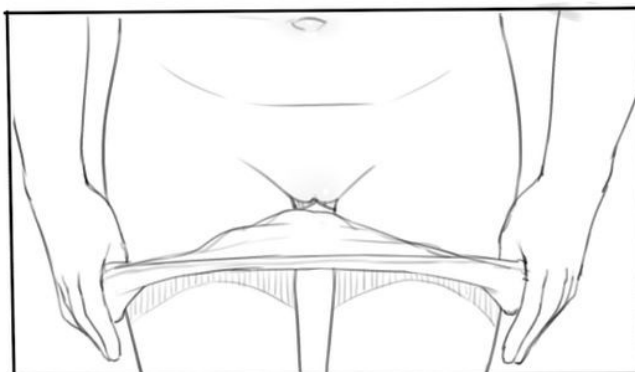

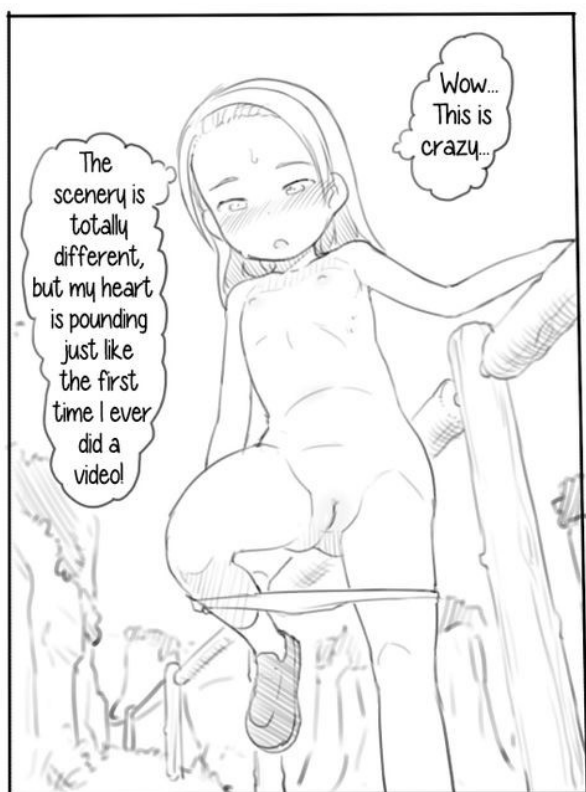

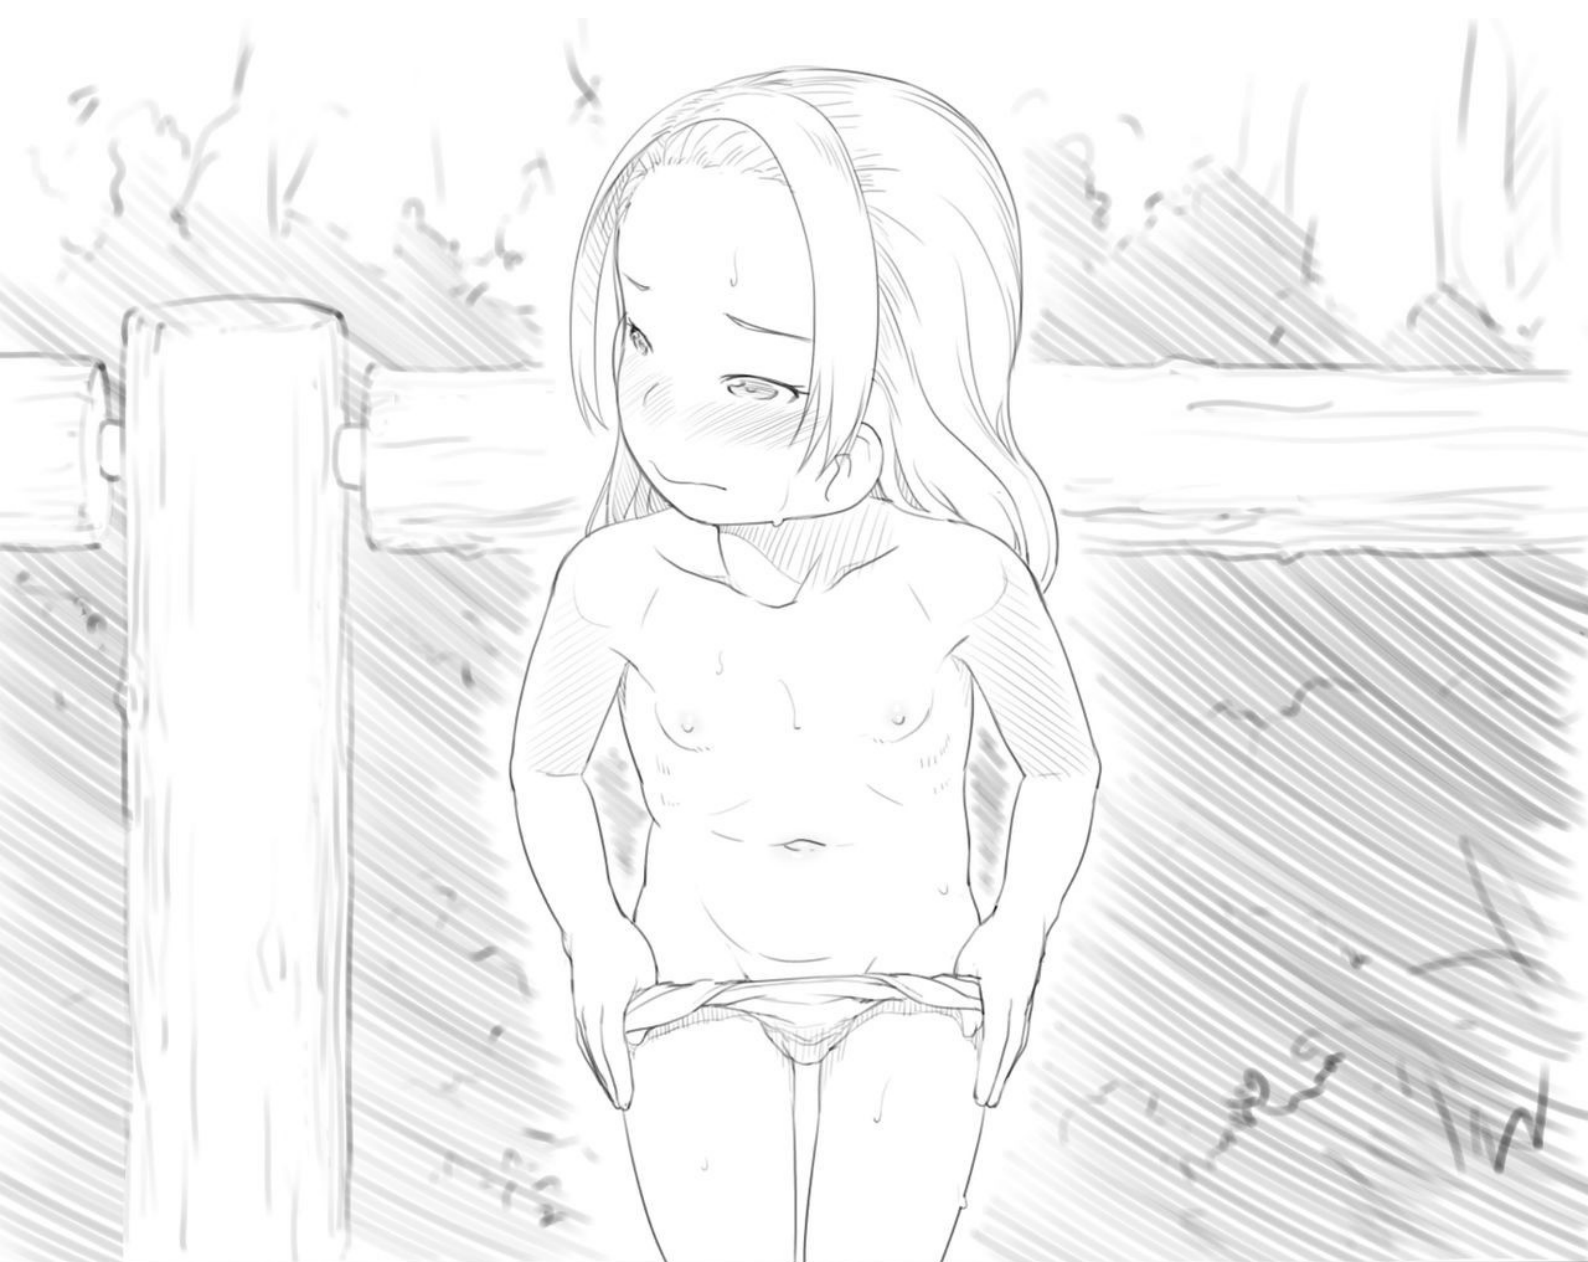

That's true, but I'd never done it apart from in my room even!

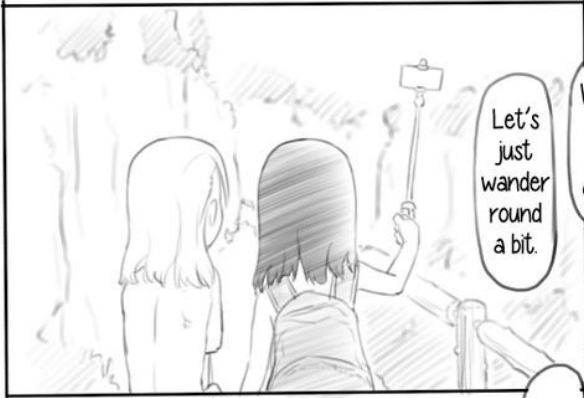

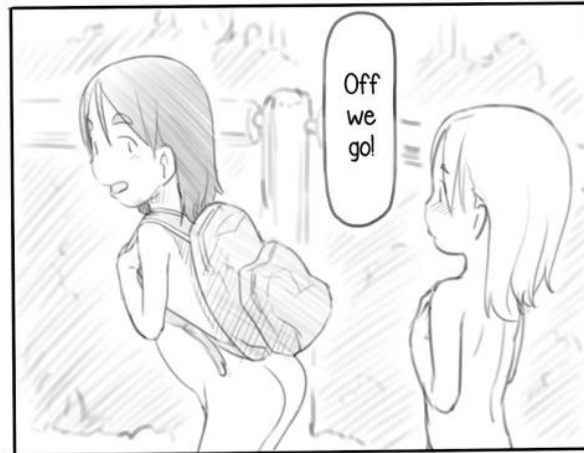

You can do it, Alicia

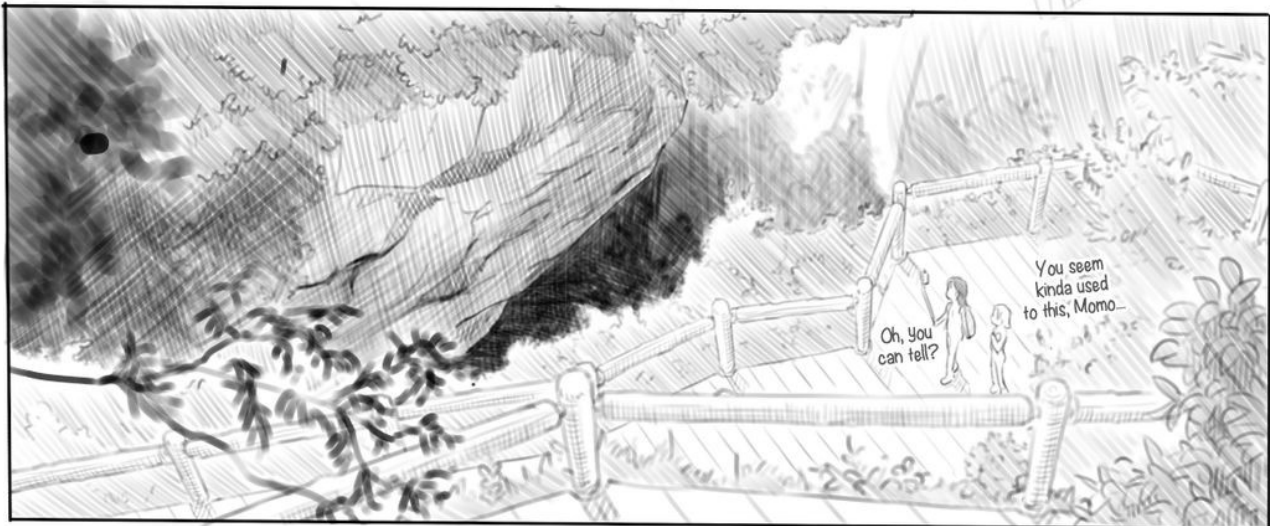

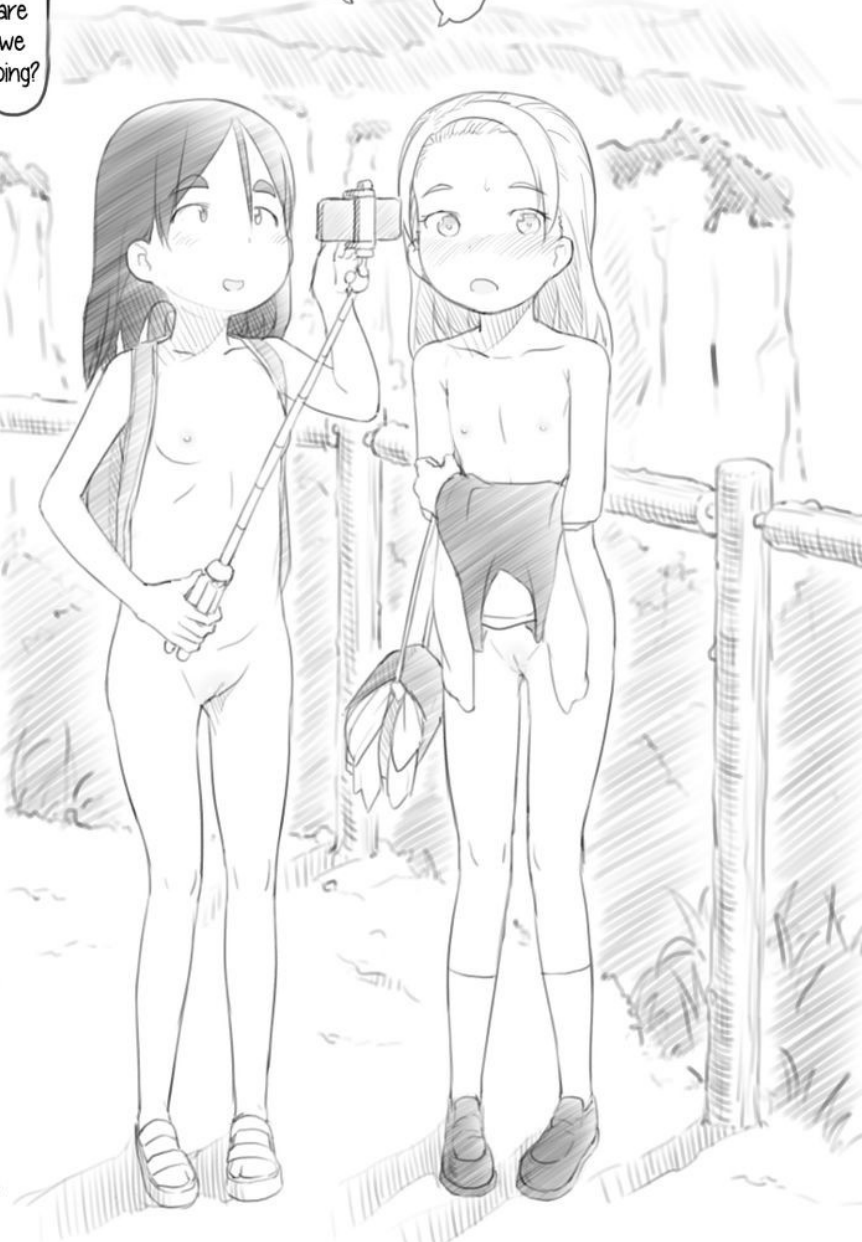

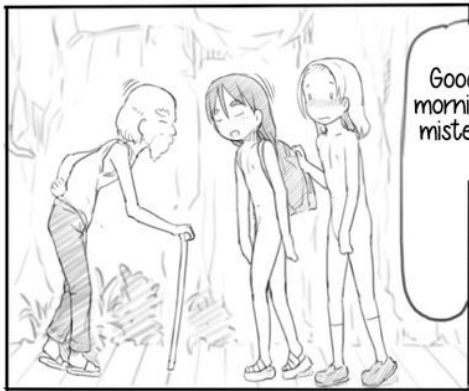

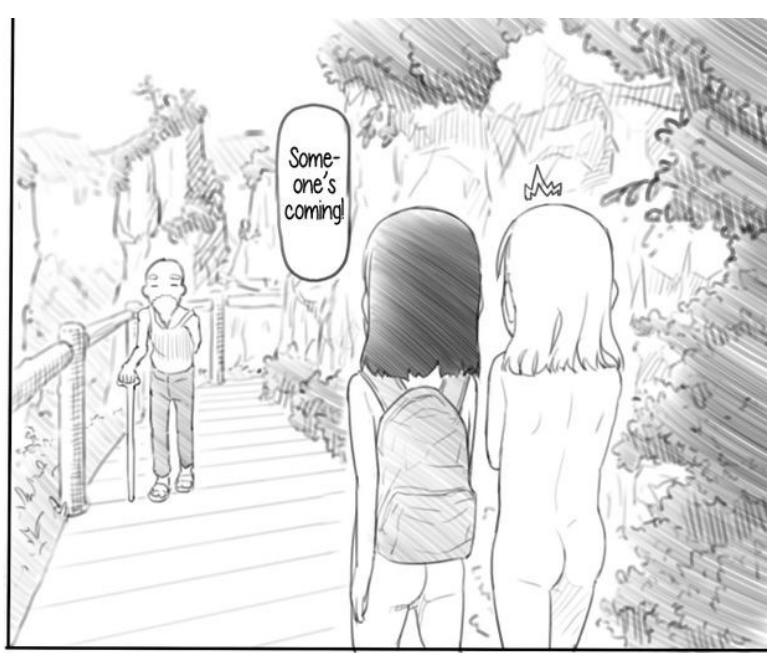

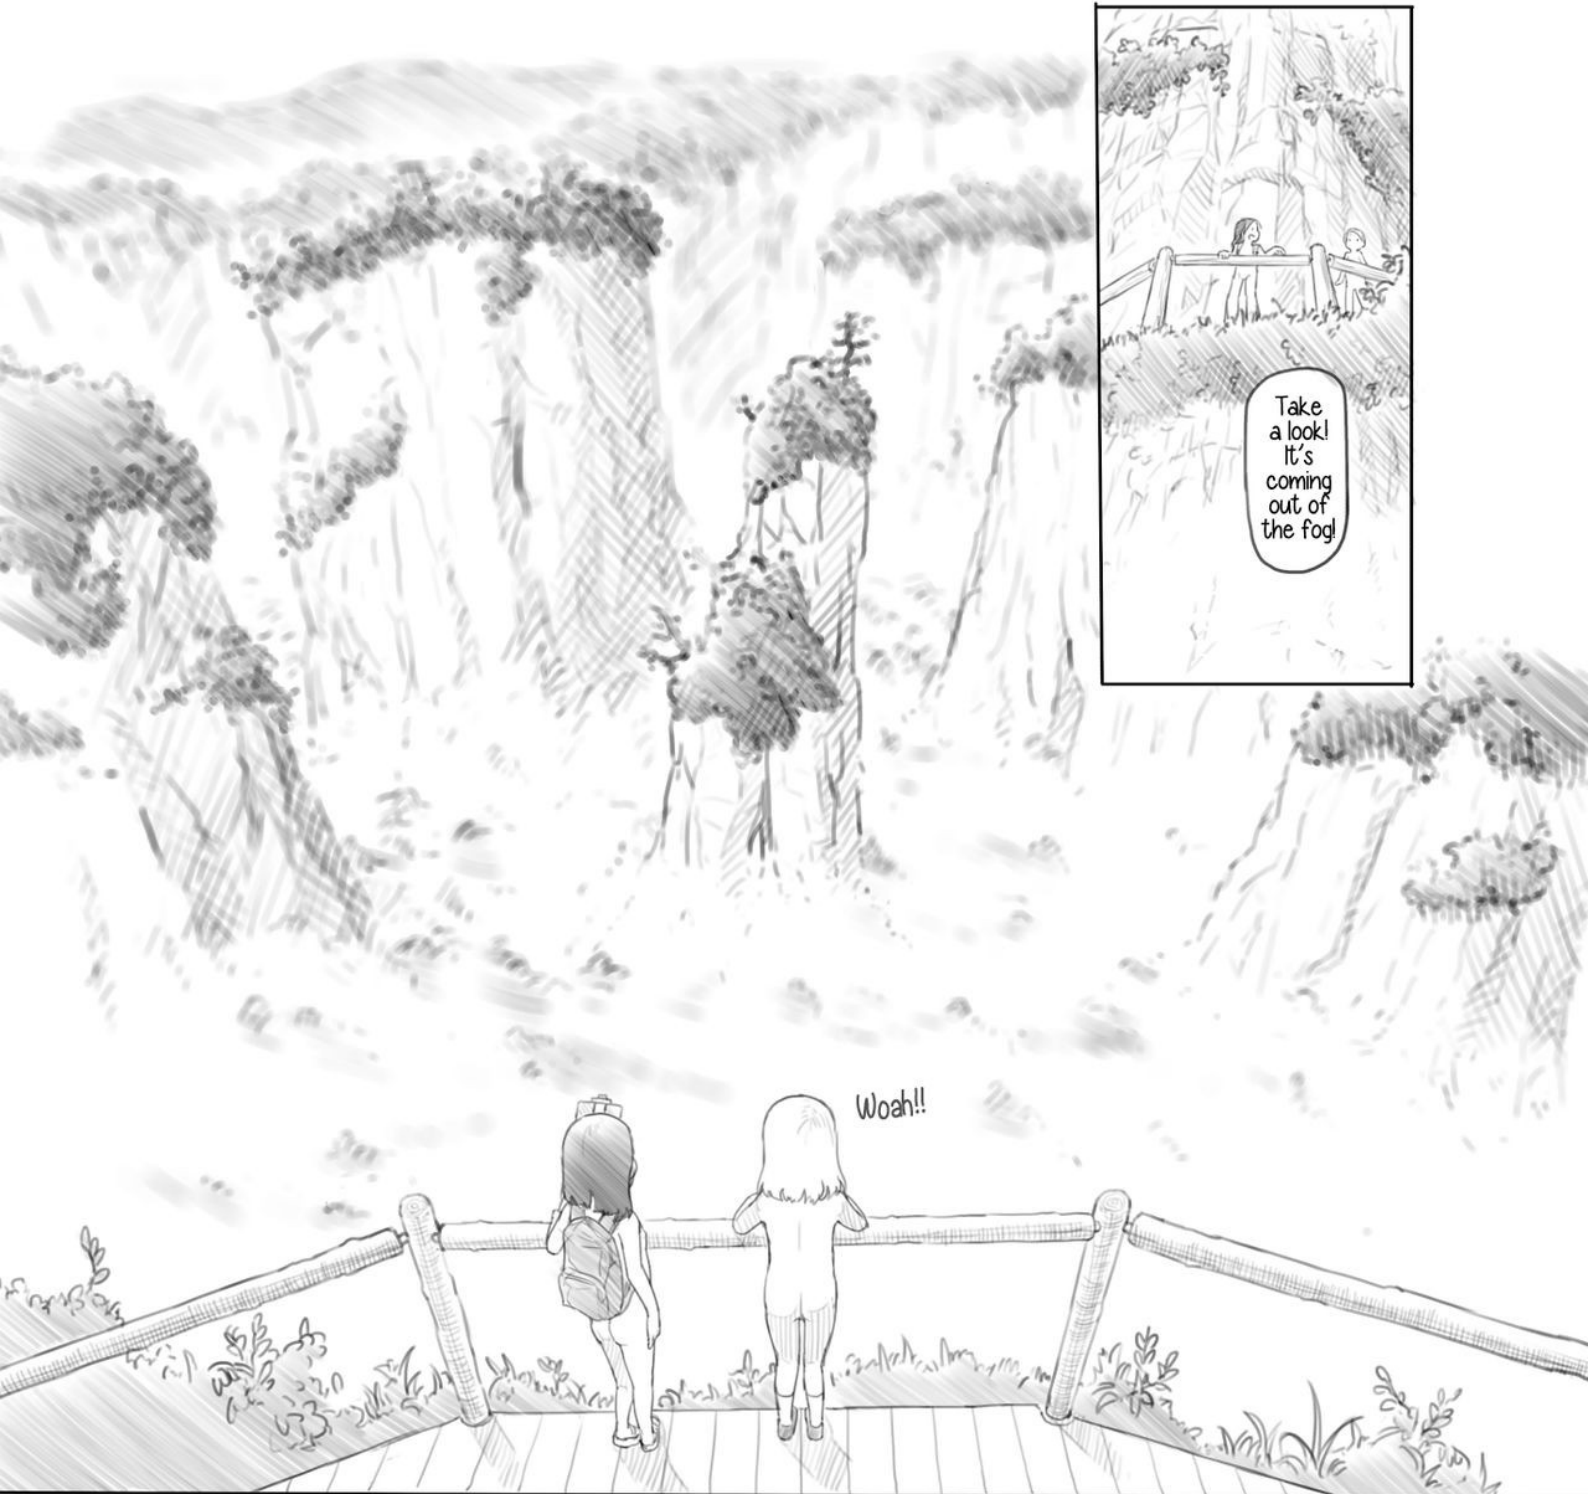

Where are we going?

No, I'm ok.
Are you cold?

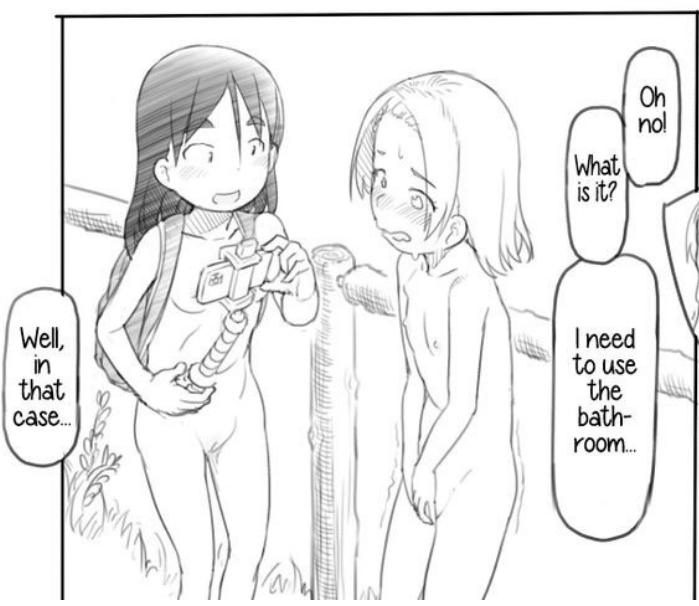

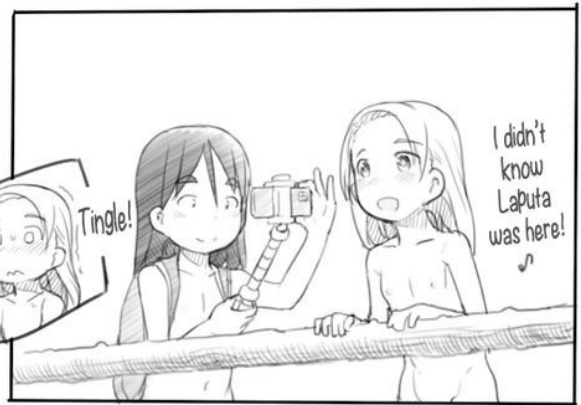

Take a look!
It's coming out of the fog!

Woah!!

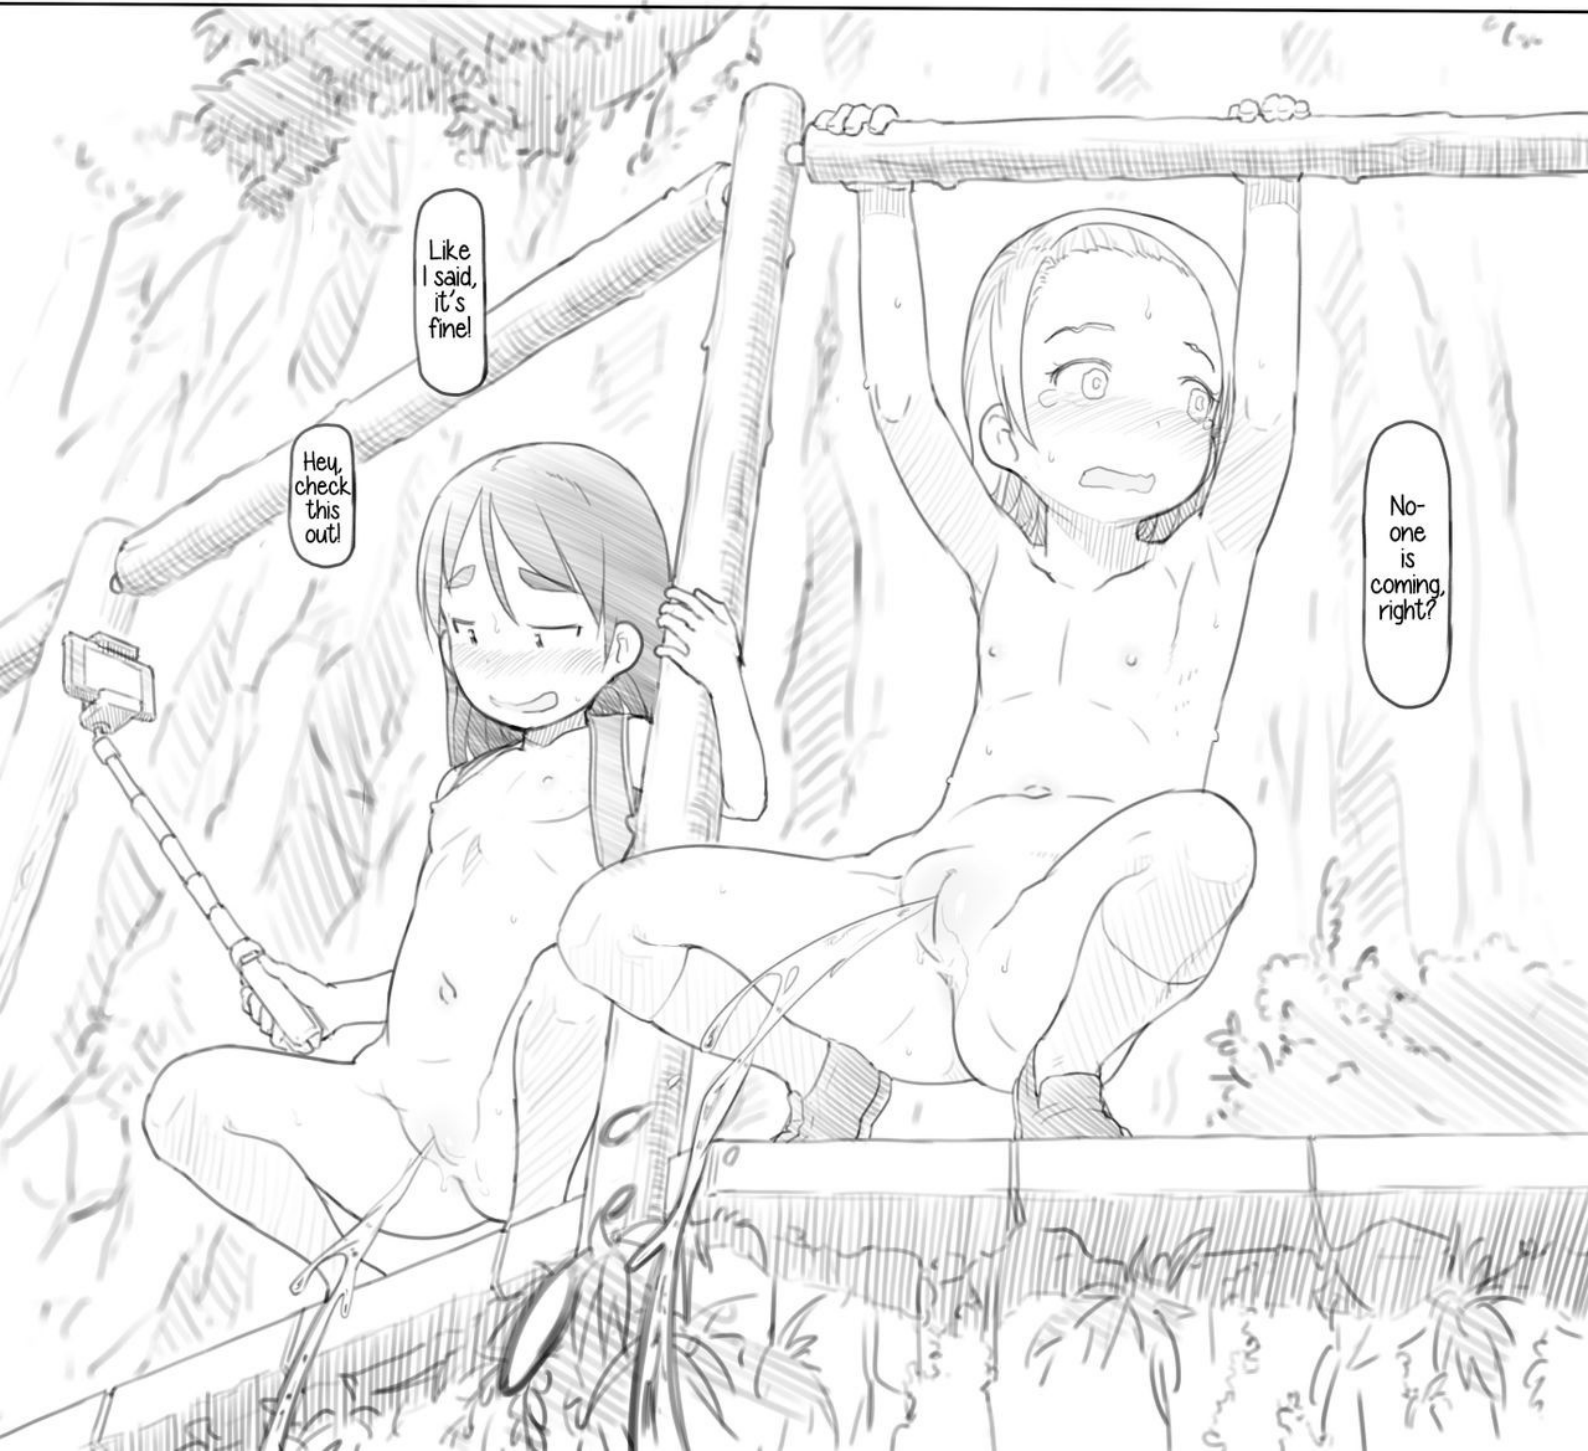

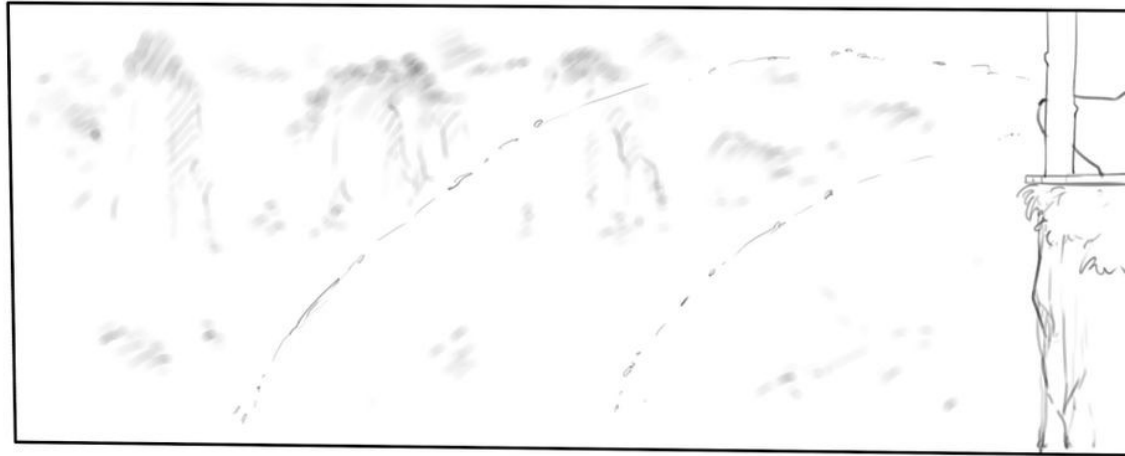

Well, in that case...

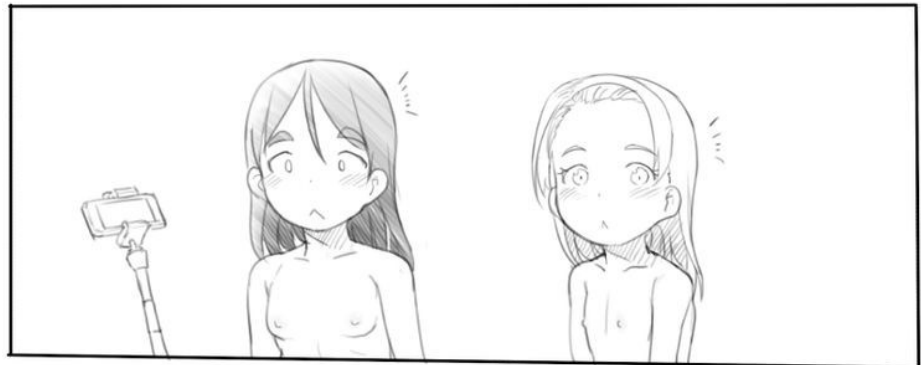

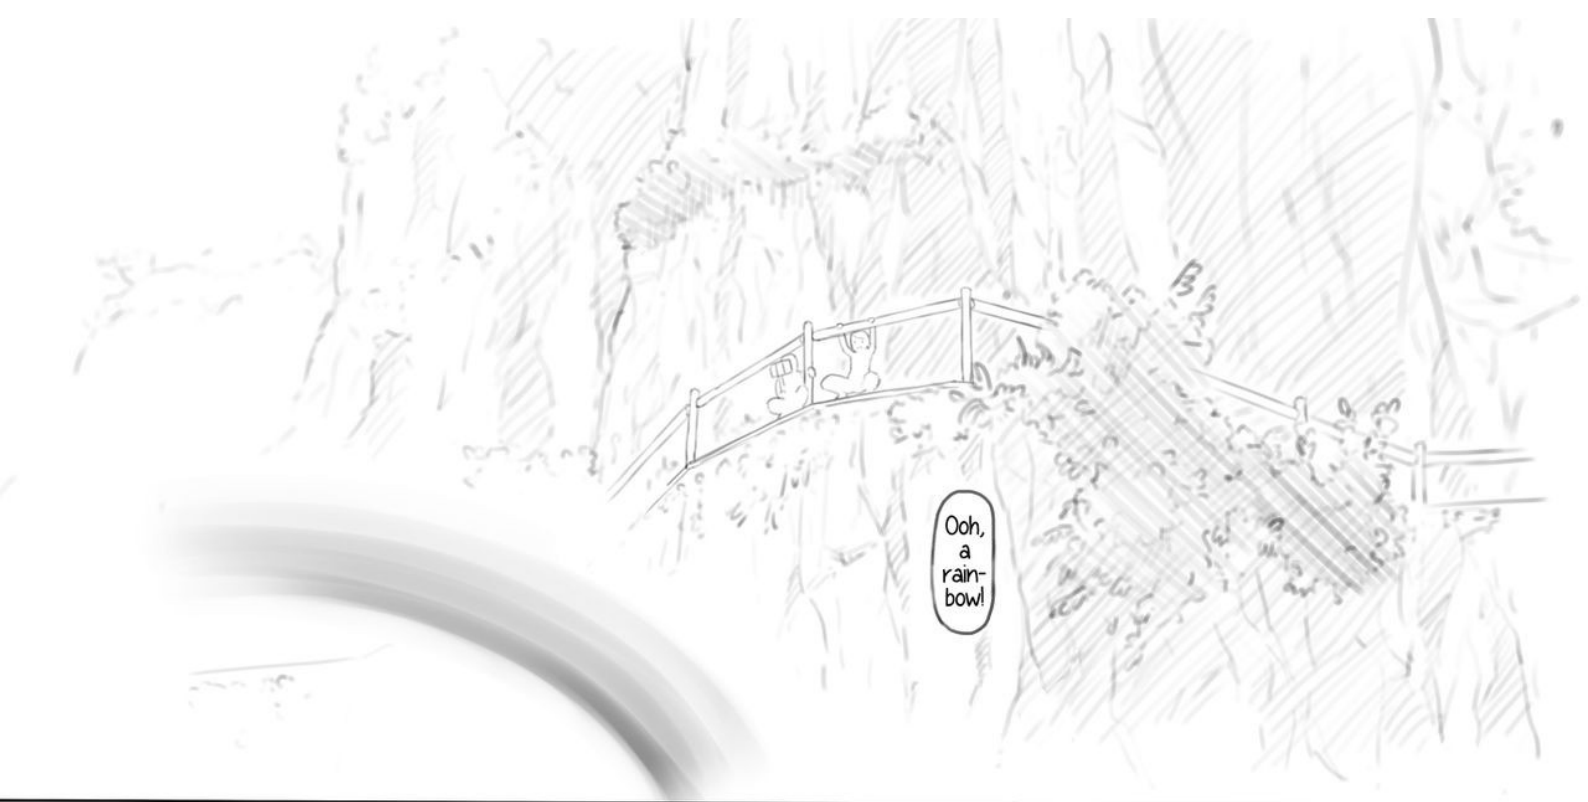

Oh no!
What is it?
I need to use the bathroom...

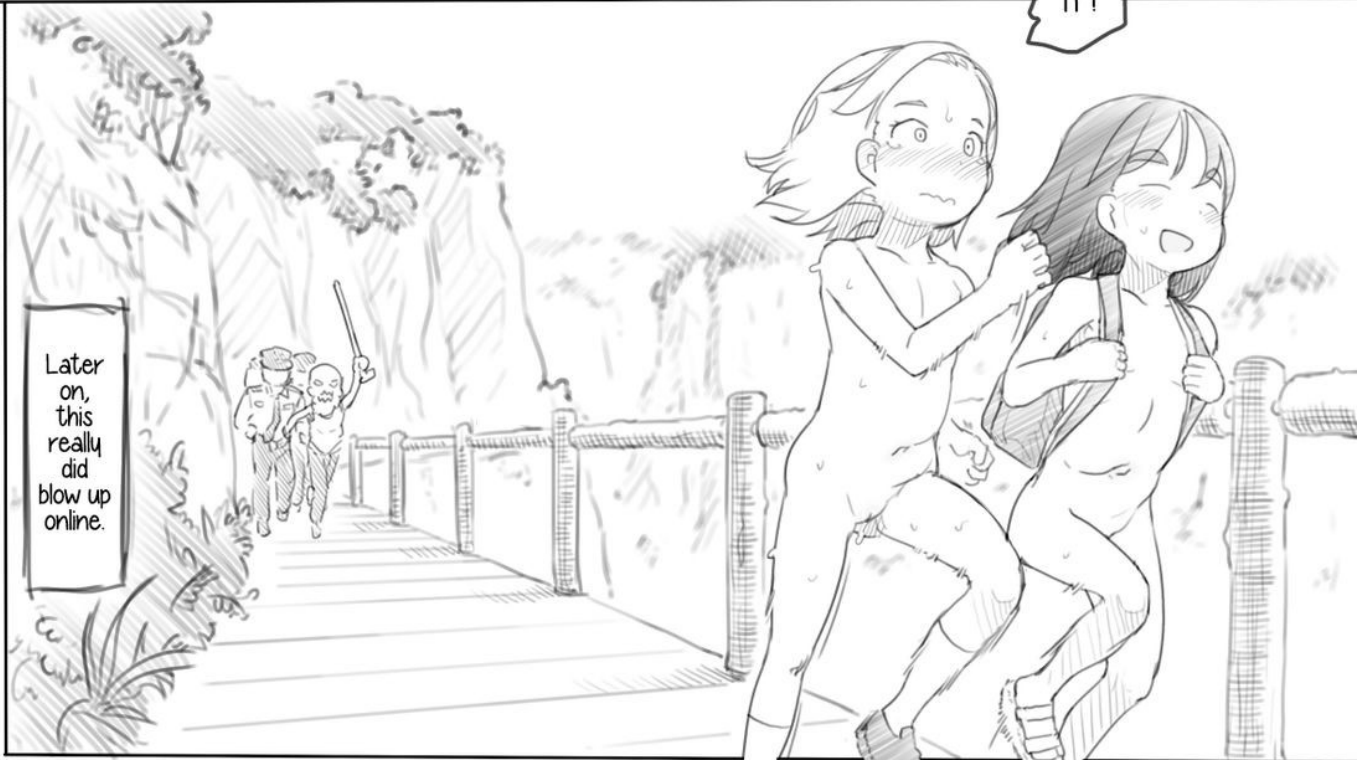

Tingle!

I didn't know Laputa was here!

RUN FOR IT!

Later on, this really did blow up online.

You should tell me that sooner!!

Public morals are really annoying in this country.

Be careful you don't actually get caught or anything!

Tao (11)
Small eyes
Prominent forehead

Plain sort of girl,
but she goes streaking
quite a lot.
Super-perversed
middle-schooler

Alice (11)
Never streaked
in public before

Tao is pretty much the same height as Alicia
(shows their relationship is also on equal terms)

Recently, there are times I've started warming up to the idea that small eyes are actually pretty cute too.

The length is about ...8 inches, maybe?

When I tried to get it all in my mouth, it felt like I was gonna puke...

So I guess deepthroat is still a bit much for me!

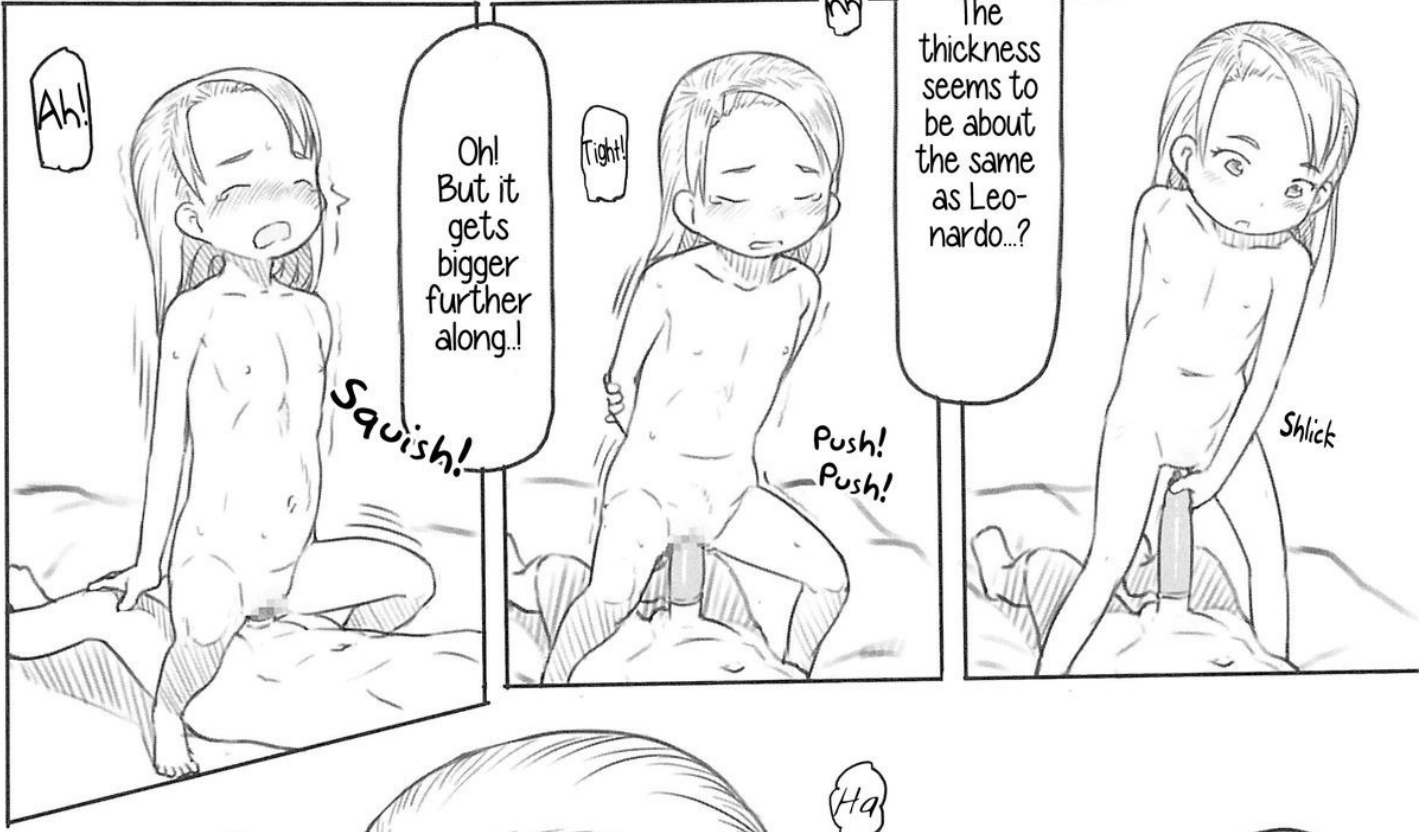

They look full-up and ready to burst, not even a wrinkle!

Seems like he must have been holding back from masturbating, all for today!

Well, let's try using it, shall we?

And here are the balls!

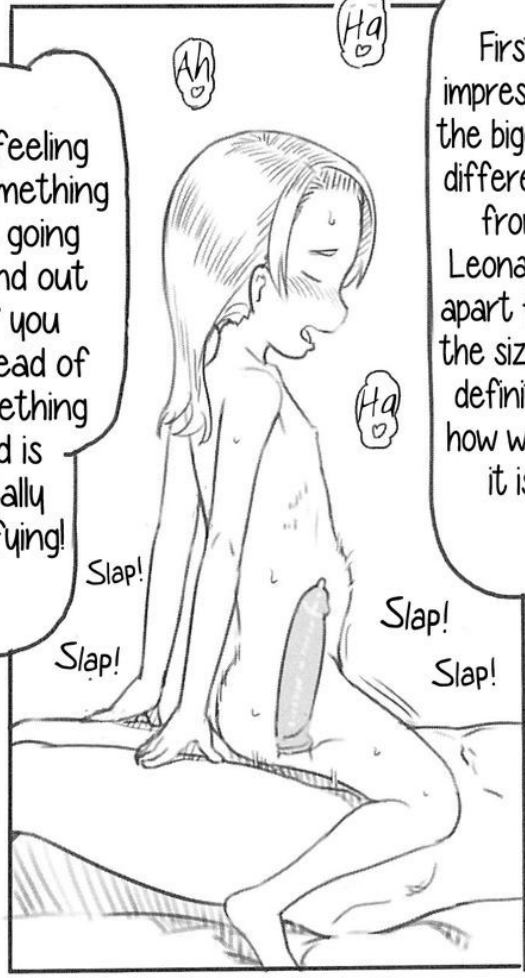

Sooo warm inside!

Squish!

The feeling of something hot going in and out of you instead of something cold is totally satisfying!

Ah

First impression, the biggest difference from Leonardo, apart from the size, is definitely how warm it is!

Turn the camera round!

How 'bout we get a review of my pussy, next?

...but if I squeeze my insides, he pushes back up into me! I didn't expect that at all, it's fun!

Slap!

Slap!

Slap!

Ha

Ah

Since I'm doing the moving, it's not much different from using Leonardo...

Slap!

Aww, so cute!
Even though he's a guy, he's making cute noises like a little girl!

I'm... coming... too!

Afterword

The book this time is a compilation of the previous two photocopy books I drew for smaller events, plus one new volume.

I don't suppose there are actually many people who would find themselves in a bind because there weren't many copies printed of the first two volumes... but well, I've released those volumes freely online anyway.

Alicia has turned into a real favourite character, so I feel like I want to put out some more books with her.

I've got loads of ideas left, after all!
