## **CAUTION!!**

タイトルどおり、  
付き合っていない2人が  
やっちゃう話です！  
一応昔は付き合ってたという  
背景があります…

the fact they dated them must mean there was some part of them they were attracted to.

When people say they dated someone because of vague feelings,

I thought I would get to bed early since I've got first period tomorrow.

Geez~ ...

Hey, have you gotten used to living by yourself yet?

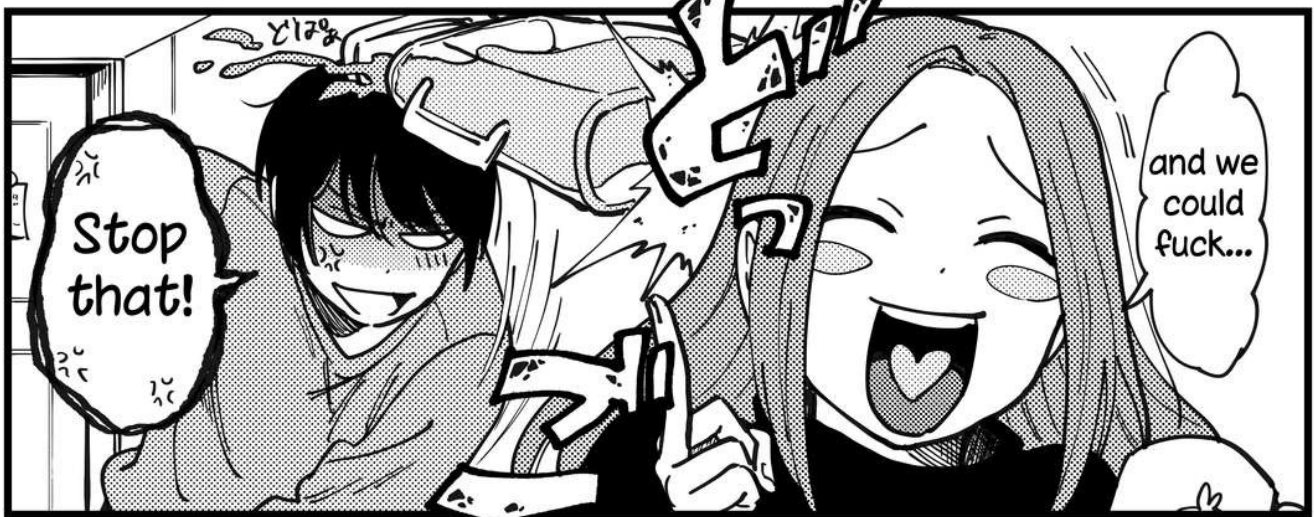

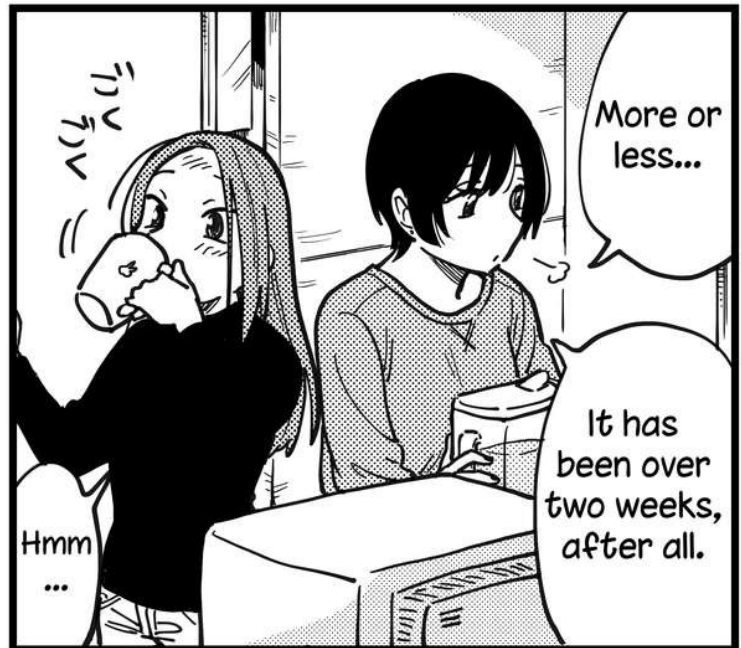

Thanks.  
Here...

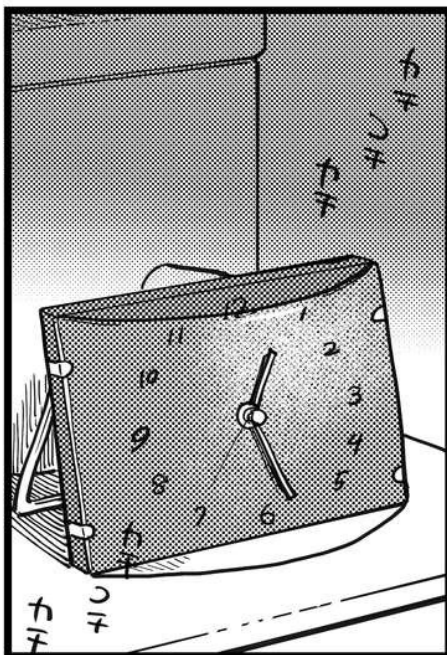

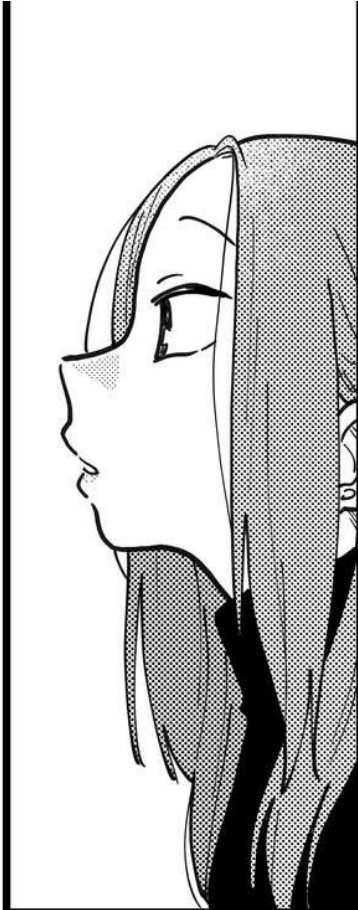

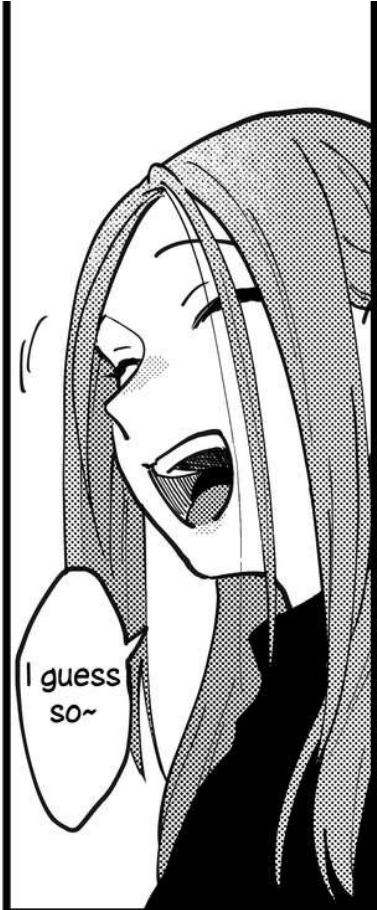

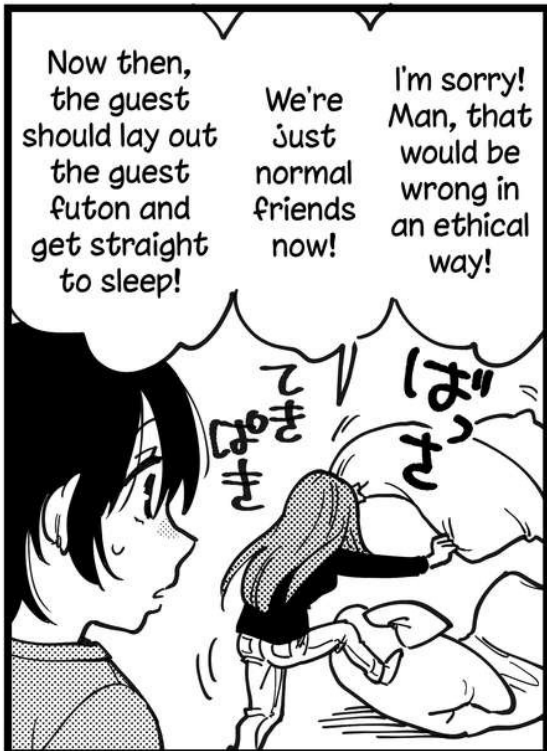

Yeah, yeah.

Ah, could you get me some water~?  
I'm so glad I have your house to turn to, Miwa~!

Man~ Sorry about that! I missed my last train~~

That was...

Heck, you're the one who rejected me earlier.

What exactly are you expecting from the girl you broke up with?

Hey, Miwa~

あゝ...  
あゝ...  
あゝ...

what about Miwa made me date her half a year ago.

Ah, that's right. Now I remember

If you're horny, can't you handle it yourself?

I'm all weak from earlier.

...Can you do that?

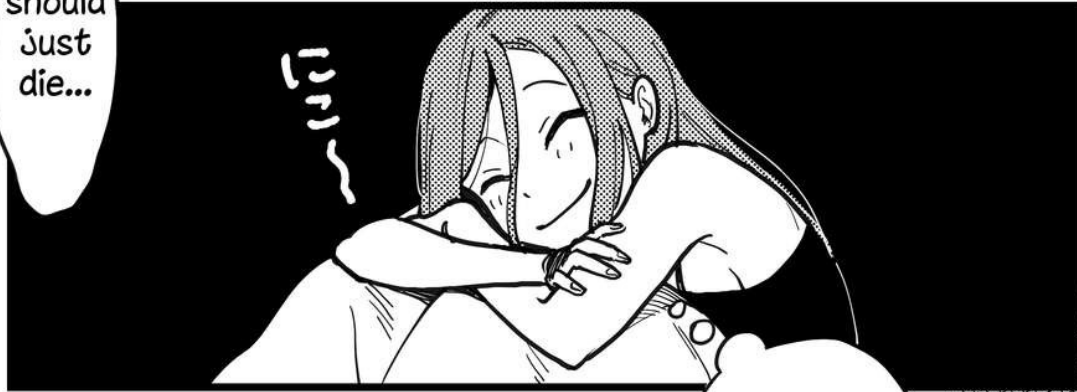

If you show me how you masturbate,

I might get in the mood for it.

Ooh,

I know.

That's all.

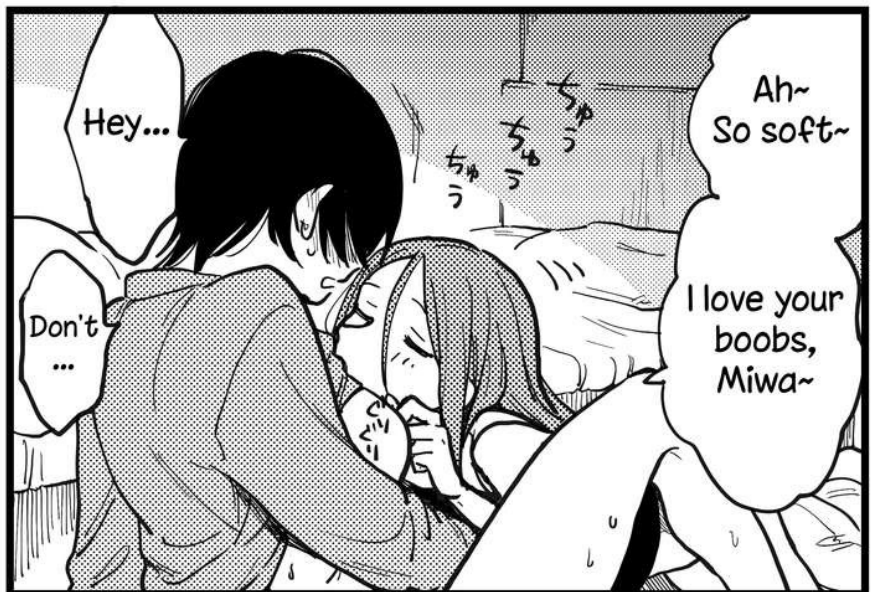

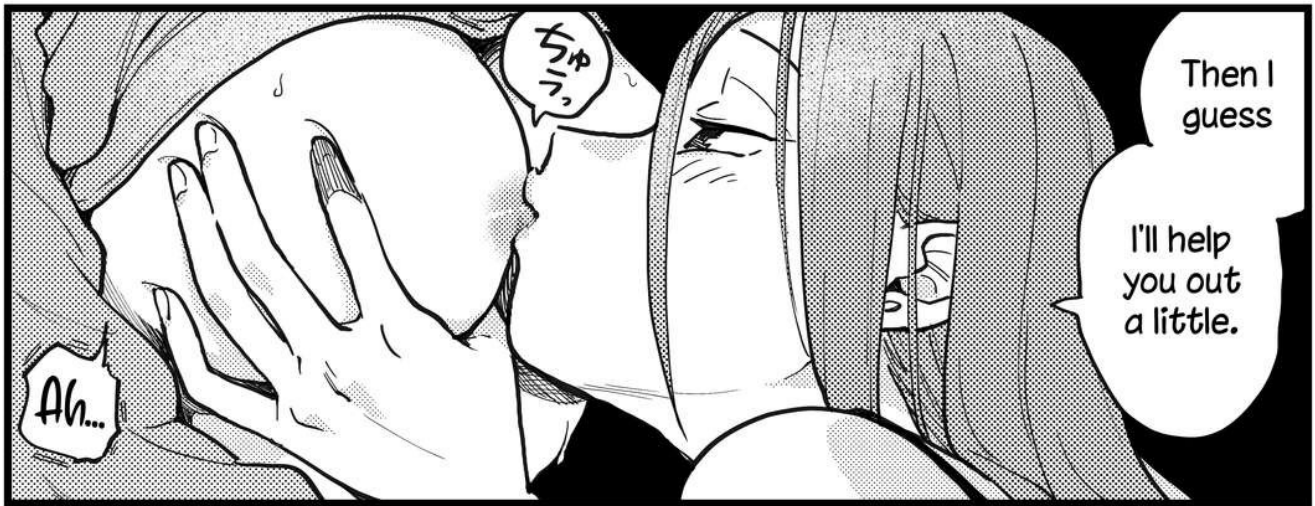

because she was so fucking hot.

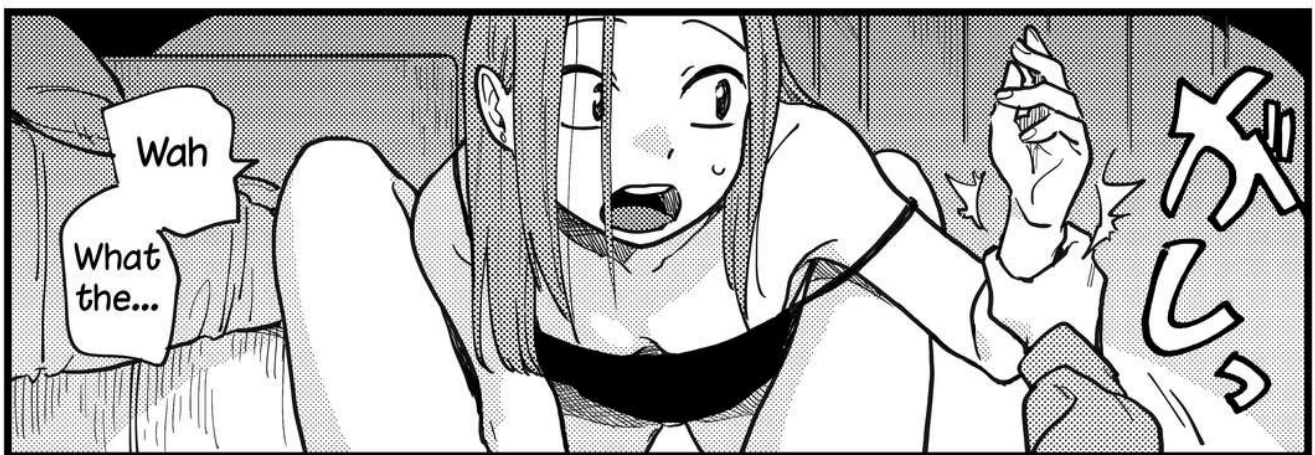

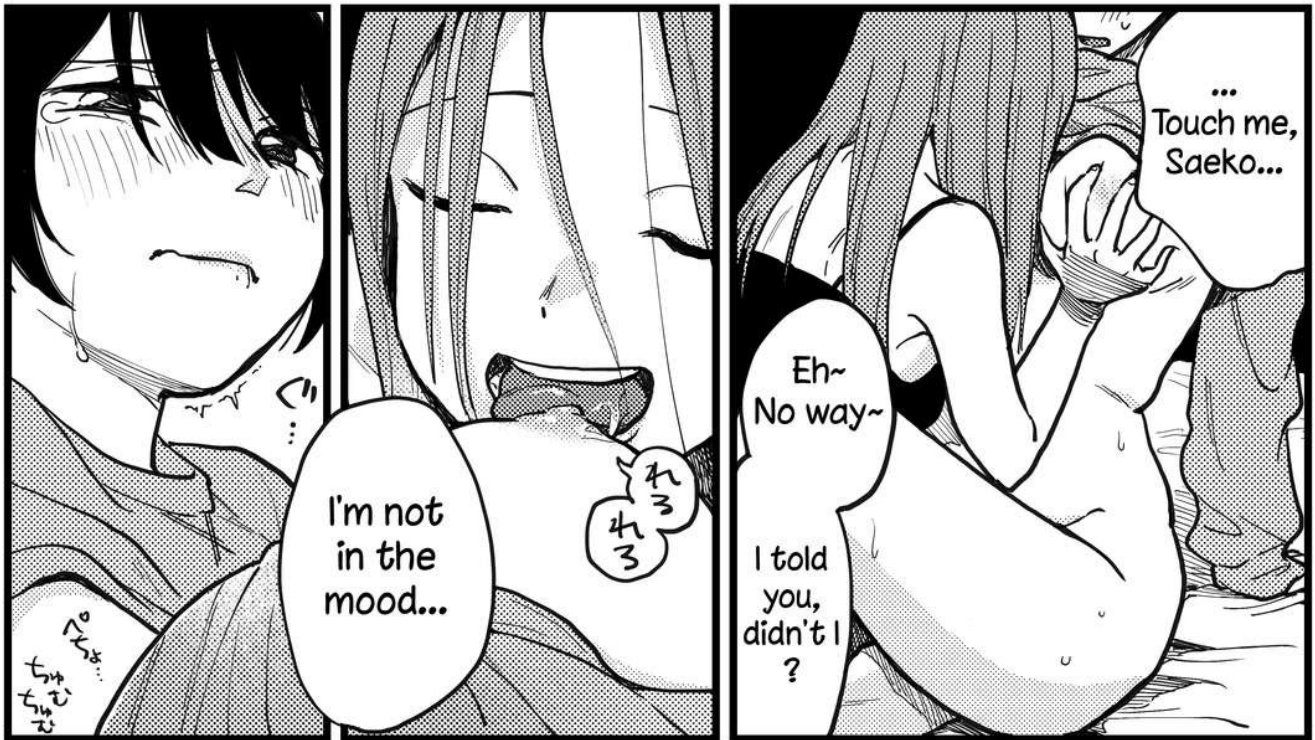

Even so, the reason I stayed with her for so long was simply

so dating her soon became boring.

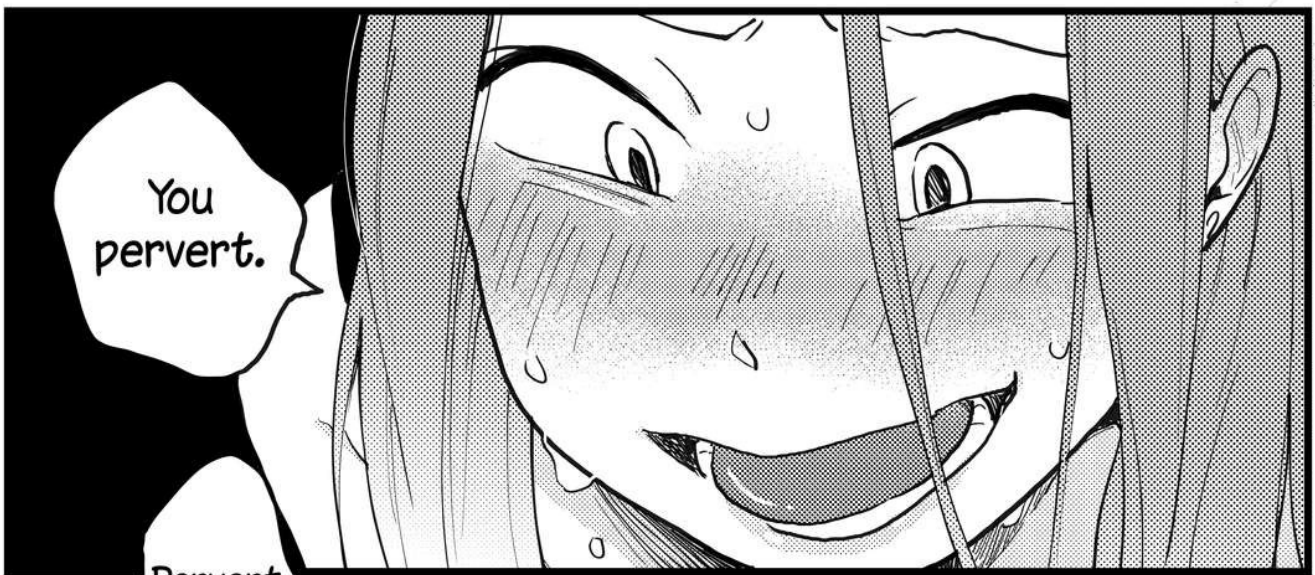

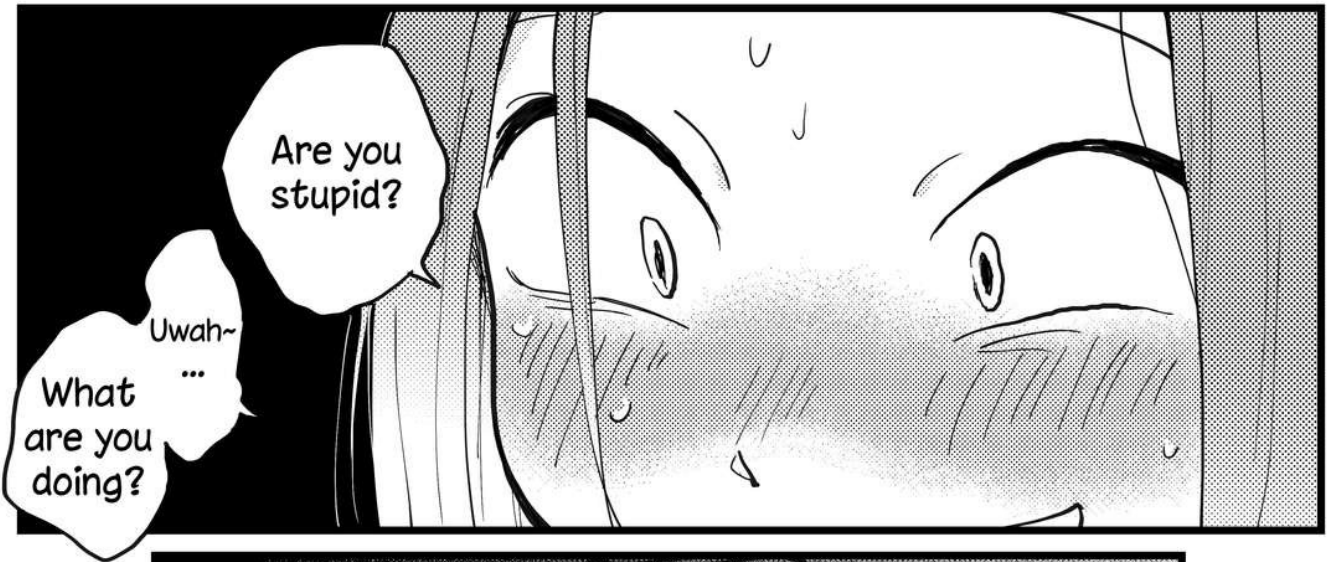

Her gloomy personality is bothersome

It's such a pain

how much I love that part of you...

Goddammit.  
So cute.  
Cute. Cute.

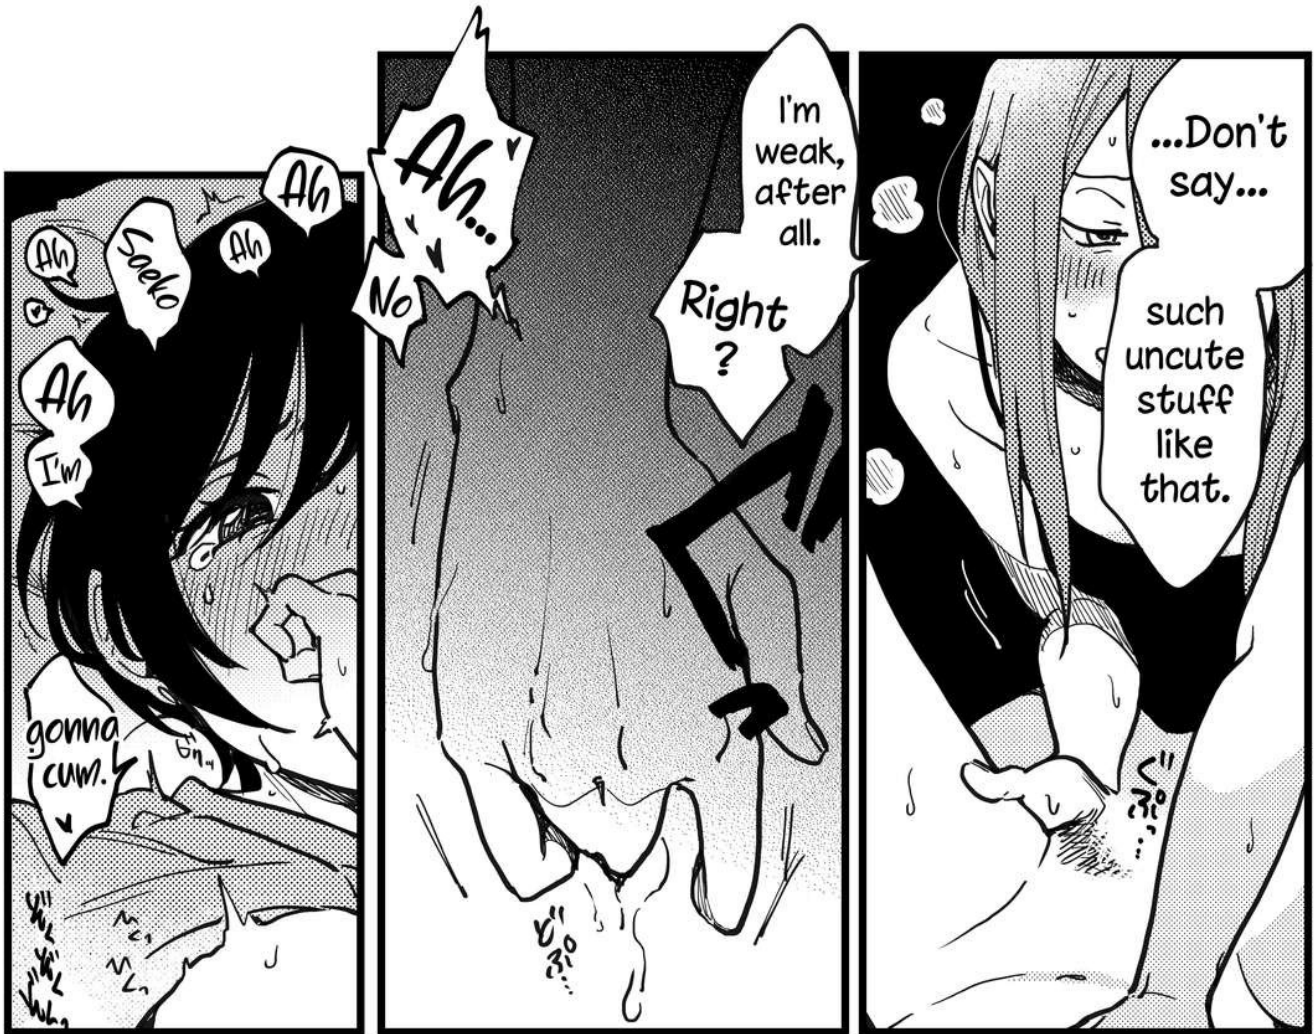

Even though you don't like me that much either.

Hah

Hah

Hah

actually in love with each other. It's like we're This isn't good.

Stop it... Geez! No!

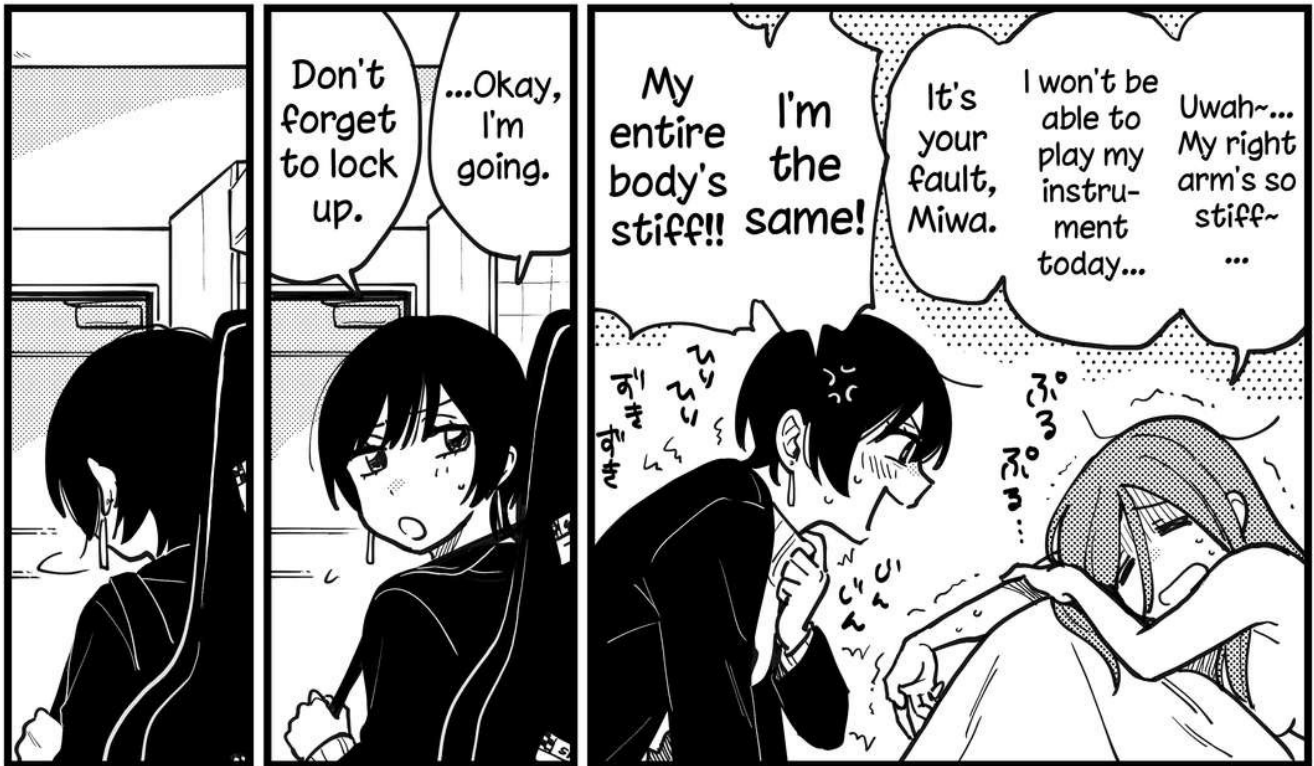

If things keep going like this, for all eternity, we'll always be...

Aaah~

Don't forget to lock up.

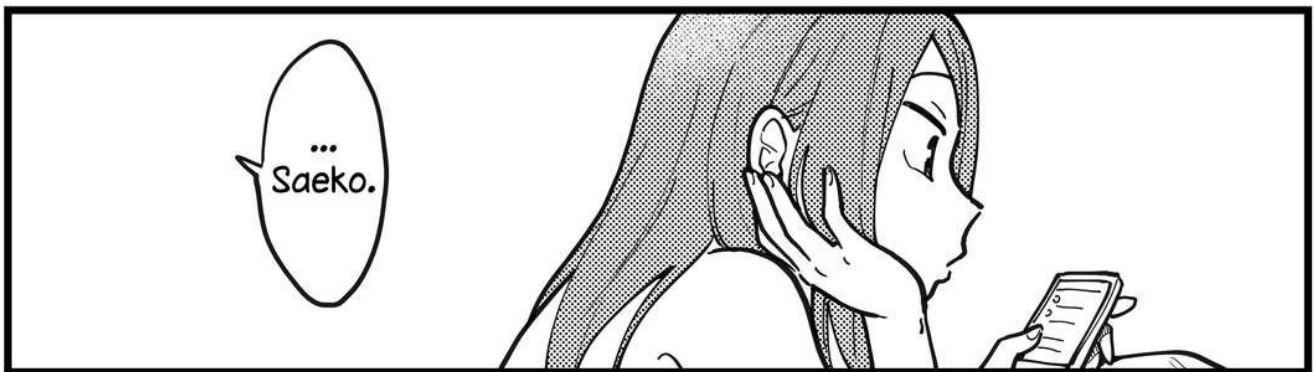

...Okay, I'm going.

My entire body's stiff!! I'm the same!

It's your fault, Miwa.

I won't be able to play my instrument today...

Uwah~... My right arm's so stiff~ ...

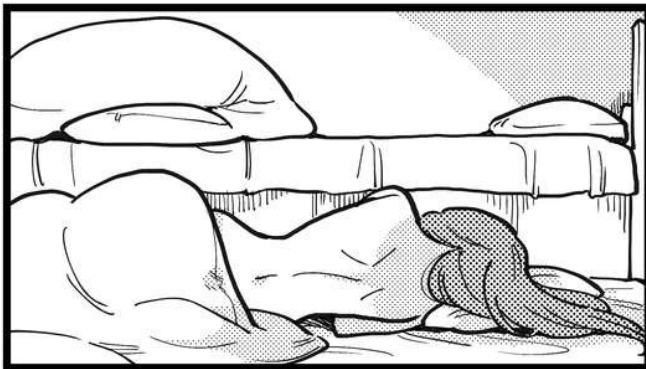

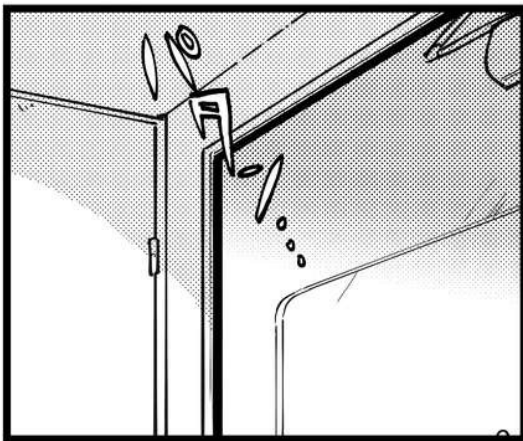

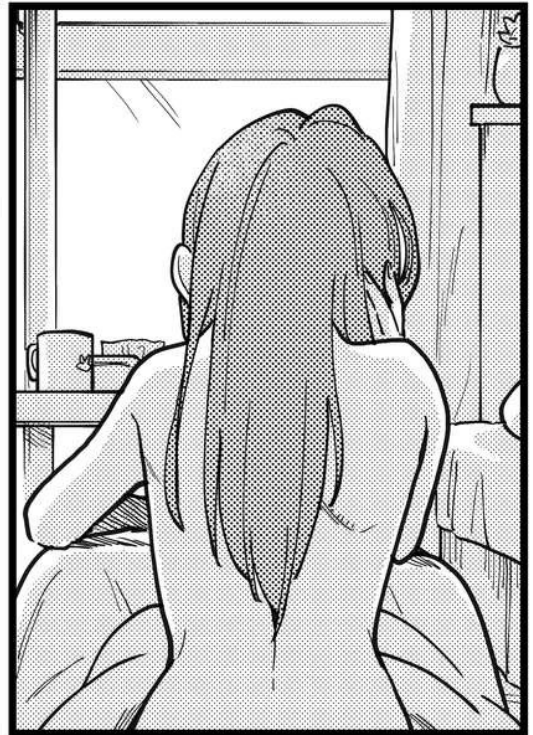

... Saeko.

...We're broken up, after all...

Um, we should put a stop to this kind of stuff too...

Aw man ~~~~~

We're  
definitely  
gonna be doing  
it several times  
after this...

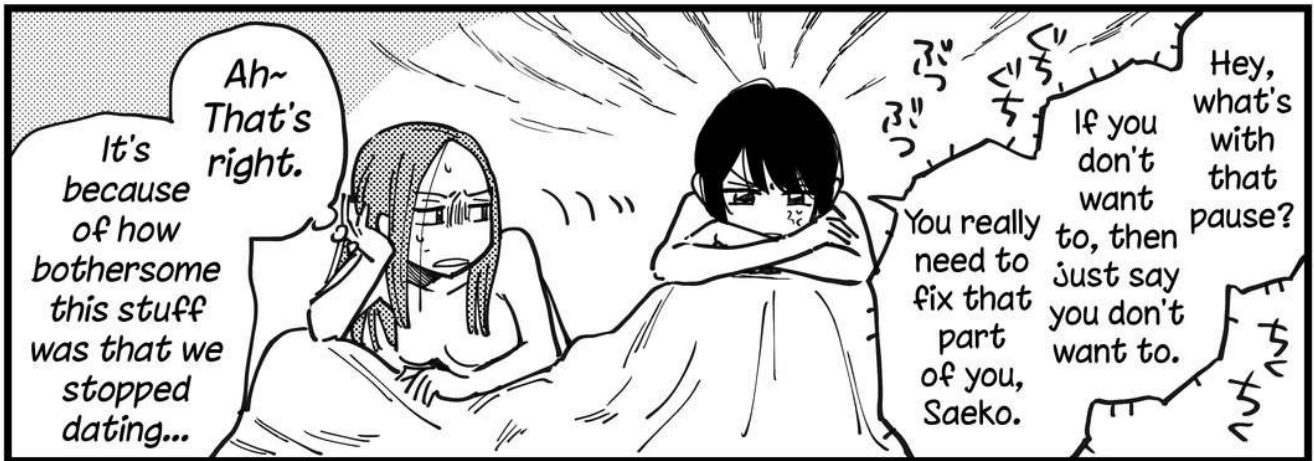

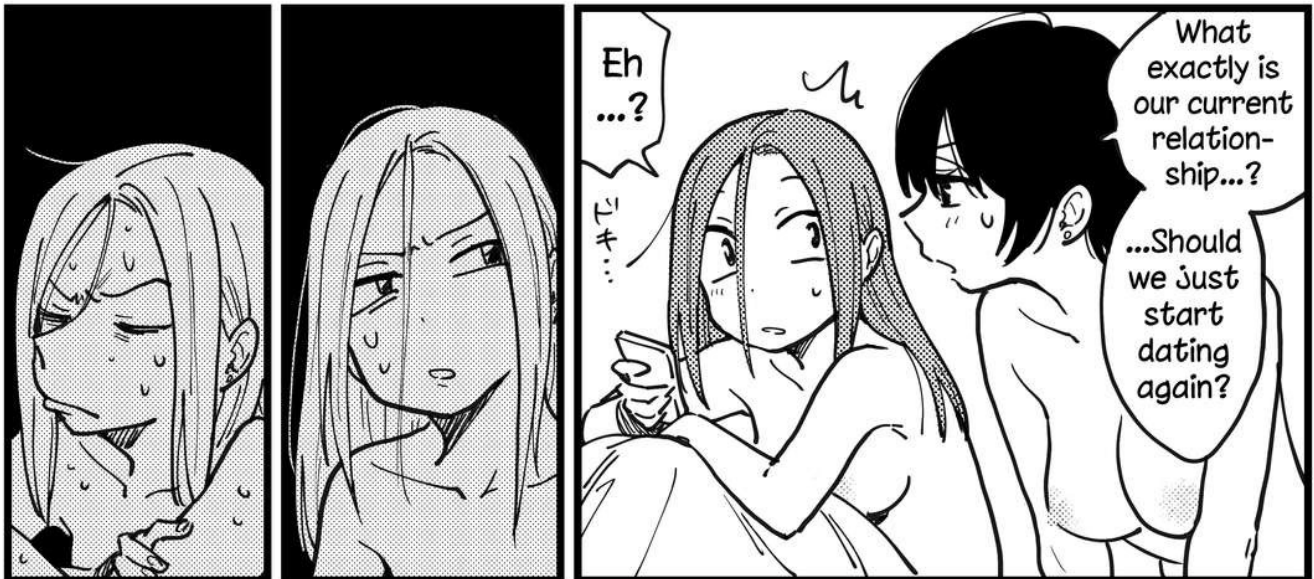

It was  
amazing...

A few days later,  
they really did it again

What are  
we gonna  
do about  
this...?

And so, they didn't resume dating...

Even though their personalities don't match, their bodies certainly do.  
Isn't that wrong!?!?!?!?  
I think it's okay.
