Afterword

Thank you very much for buying and reading chapter 4 of "Himitsu". Tsukamori here.

This is the kind of bitter story where you see horrible things happen to characters like your own kids, but I'm glad to be able to safely deliver chapter 4 to everyone.

All sorts of stuff happened in 2018. Among other things I was hospitalized, but I'm doing fine. Next year as well, I think I'll work hard to be able to draw the ending of Itsuki, Touko, and Chigusa's journey.

As always, much credit goes to my always troubled supervisor T-san. Thank you very much...!

And thanks to everyone watching over all the characters in this manga.

I pray that you can take my hand on this journey next time as well
