↳ Hello my name is Cocoroach and I like drawing dicks & boobs.

For a long while I've always wanted to make my own 'H' fan doujin for ML and this is what I made during quarantine. I might not be able to make stuff like this in the near future because I have 2 jobs... BUT I'll still be drawing ML girls or even other fan works on my Twitter so please do check it out! Also a HUGE THANKS to all who followed me from the past, it means a lot to me...

Thank you for your support!

JK

ALSO I HOPE I SEE THIS IN
N-HENTAI ... :3
