

My wife-
"Maruyama
Momoka"
loves to
eat.

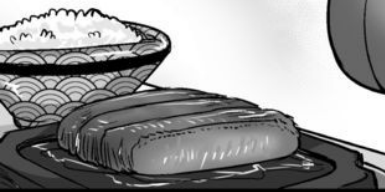

And I enjoy
watching her
adorable
reactions.

MMmm~

This steak
is SO soft~
It just melts
in my
mouth♥

Oh it's
dripping
with juice~

BLU~SH~

Looks so
pretty, it
warms my
heart just
looking at
her.

Her smile
when she's
having a
good meal-

Wagyu
beef sure
is the
best!

This place
is pretty
good, isn't
it?

Mnhm!!
I've never
had steak
this good
in my life!

Was what made me fall in love with her at first sight.

HMN~

The way she ate that garlic bread dipped in pasta sauce so happily, not caring about how she might look-

Which is where I first met my wife.

When I was in college, my friend dragged me to a 3-on-3 blind date.

Though I won't be able to buy anything fancy or expensive, I promised her-

I will treat her with any food she desires...when-ever, where-ever.

After the date I brought up the courage to ask her out.

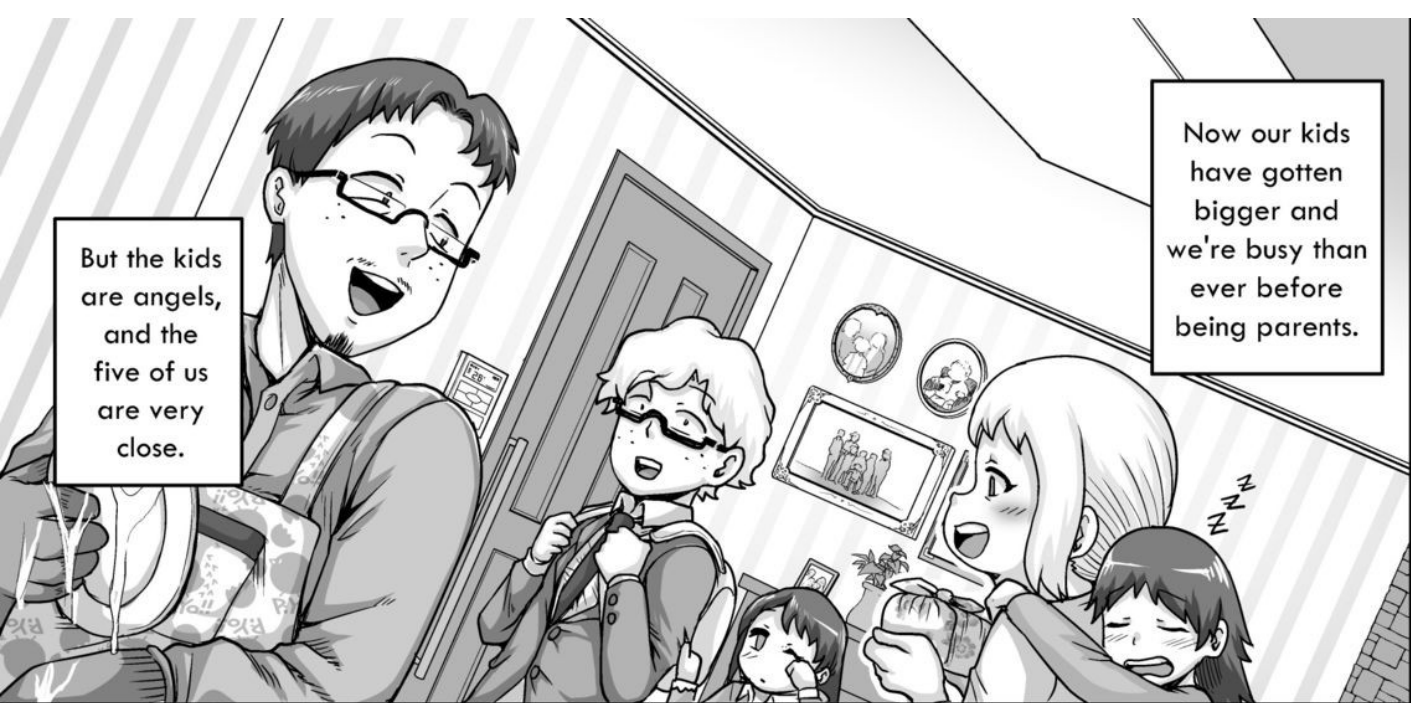

We have three beautiful kids-

Living as a happy family of five.

The next year we were married, and now, almost 20 years into our marriage-

To my surprise, she agreed-
And from that day, we started dating.

R-
REALLY!?

But the kids are angels, and the five of us are very close.

Now our kids have gotten bigger and we're busy than ever before being parents.

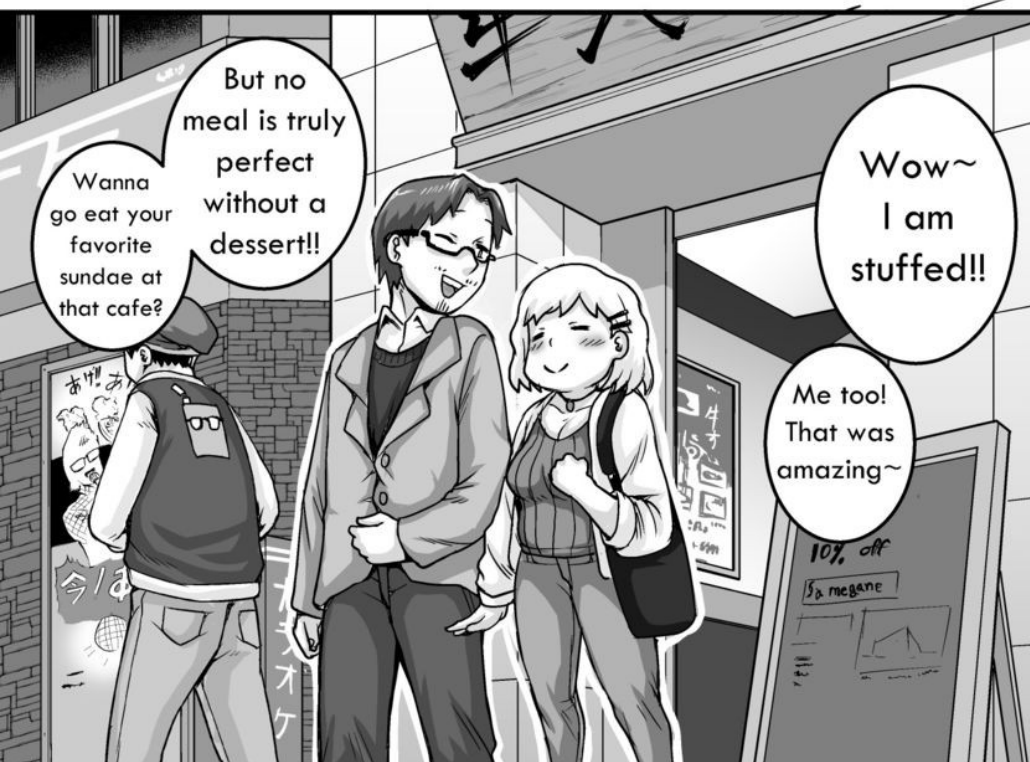

AAAAH

Try this beef~ It melts in your mouth!!

I get to eat delicious meals with the woman I love.

And plus, whenever we DO have time to go out on a date together,

Here, Daisuke-san!

But no meal is truly perfect without a dessert!!

Wanna go eat your favorite sundae at that cafe?

Wow~ I am stuffed!!

Me too! That was amazing~
