

I want
to make
every
part of
her go
wild...!

...I
want
her...

Every
part of
you should
just belong
to me...

Every
drop of
liquid
from her,
to her
very
last
breath...

Her
body,
her
mind,
and her
voice...

...I was just thinking how different she is from me...

N...!
No...!

It's not like that!

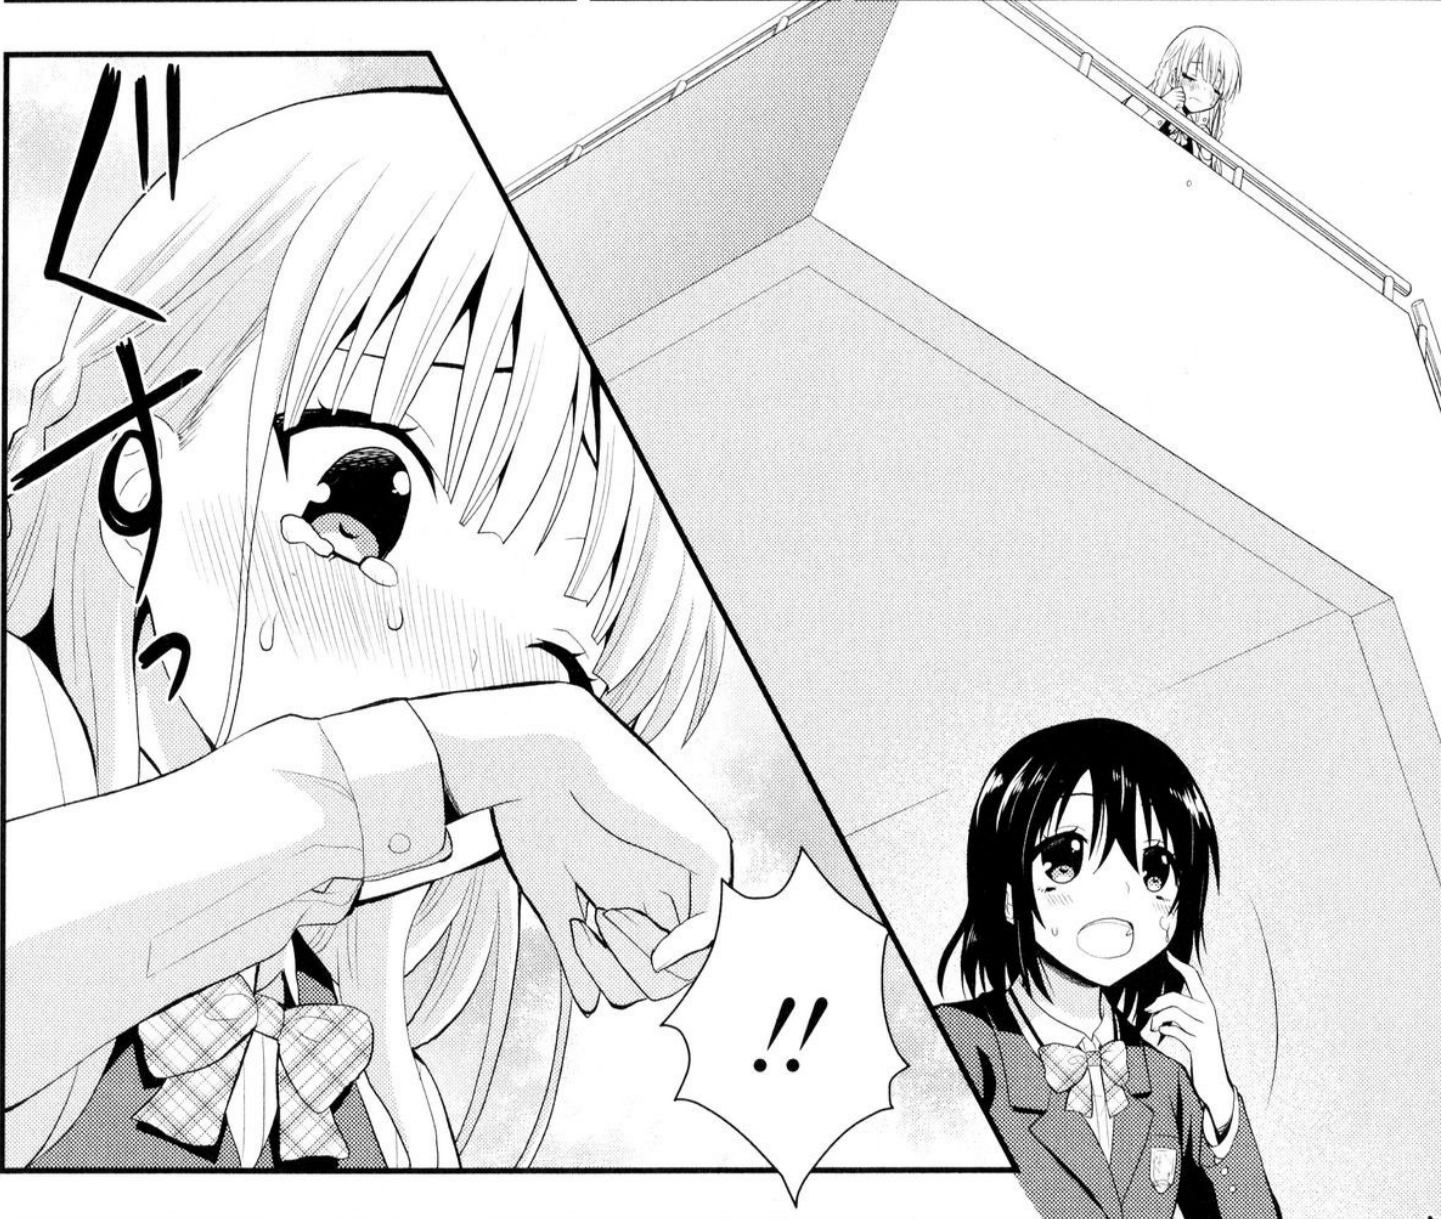

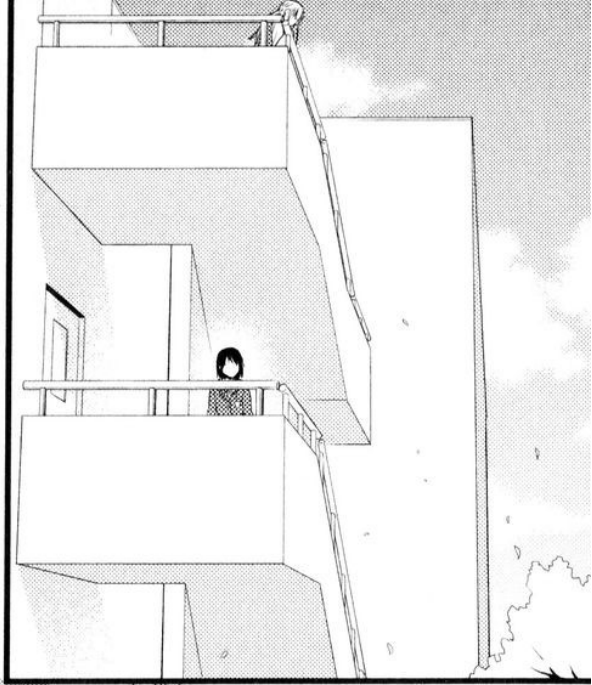

You're looking like a girl in love, Yusa~

I couldn't tell if it was envy or jealousy that I had for her...

But a feeling that I couldn't put into words started stirring up in my chest.

And one day, when the cherry blossoms were fluttering...

A "tear" that dropped from above the stairs became the start to our story.

The page is a black and white manga spread. In the center, a girl with long, light-colored hair stands on a rooftop, looking down with a worried expression. She is wearing a dark sleeveless top and a plaid skirt. To her right, a large speech bubble from a character in the foreground contains the text "...But... Can I really just leave her alone...?". Below this, a small inset shows a person's legs walking on stairs, with the sound effect "Y h" repeated. In the bottom left, another character's face is shown in a close-up, with a speech bubble saying "Um... Are you okay?". The background shows a cloudy sky and the structure of the building.

...But... Can I really just leave her alone...?

The emergency staircase, one flight under the locked rooftop.

In a place nobody would go... That's where she was.

Um... Are you okay?

U...
Ah...

Er...

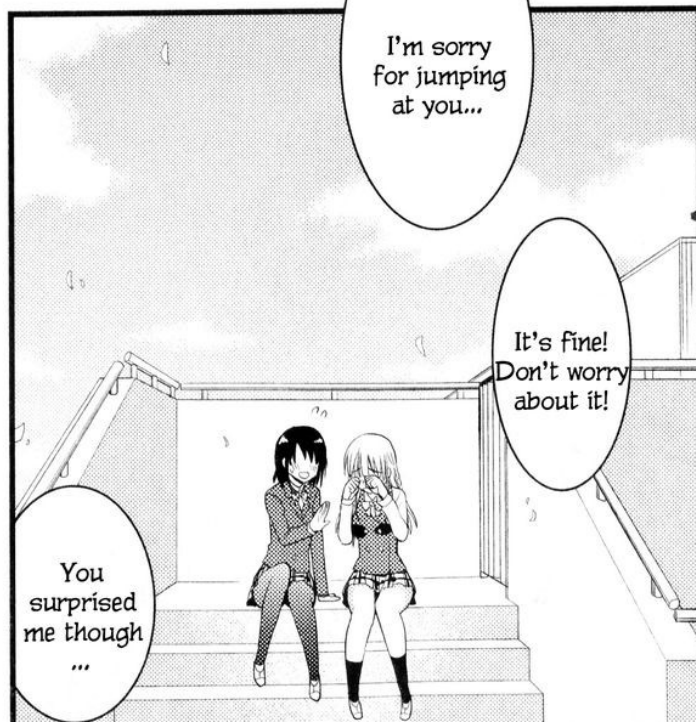

There was something lyrical and captivating about it.

Drenched in tears, she was different from her usual, elegant self.

Uuu...

I'm sorry for jumping at you...

It's fine! Don't worry about it!

You surprised me though...

Uwaaaaaaa!

U-um...

...I wonder what happened?

There,
there.

Sniffle

... Can I...
ask you for
something?

Sure! What
is it?

... I was
remembering
about when I
got my heart
broken...

And I just
got really sad
somehow.

Heart broken?
So that can
happen to a
girl as pretty
as her too,
huh?

... U... Um...

Well...

... Can I
kiss you?

Wha?!

Just this
once...
Please...

What
is she
doing?!

Um!
Excuse
me...!

Whaaaaa?! No...
That's...! I'm
not sure that's
really...!

Sasashiro-san is so soft. She smells good too...

...I feel like I'm getting dragged along somehow...

... Even I'm starting to feel strange...

It's not like I don't know how that feels like, or... I think everyone does...

You're so nice, Senpai...

Sorry I made you see something embarrassing.

N-no, it's okay.

I was surprised... but it isn't weird.

No!

I'm not really...!

...T-that's not...

I'll make you feel good along with the embarrassment.

Hey,

Did you get turned on too, Senpai?

... Hyahrn!!

Huh?

I just want to make you feel good, Senpai.

Nn!

You can't!

... You can spread rumors about me if you want, so...

You said everyone has feelings like that, didn't you...?

Aaaah! ♡

Nn!

Haa

Haa
Haa
Haa

...Haa

Haa
Haa

Haa

Haa
Haa

Haa...

Thank you,
Senpai.

Keep this
a secret,
okay?

...What is
with that
girl~?!

END

...I
really
did it...
No,
maybe
she
did it
to me?

Ah...
