ITZA TRANSLATION

Hey, there!

Thank you for reading my translation. I put quite a bit of work into it, mostly because I was personally interested in it, and it hadn't been translated yet. Now, I'm not exactly fluent, but I know enough to be able to glean most meanings from the text.

If you enjoy it as much as I do, then I'll consider it to be a success.

If you want to get in touch with me, please visit my (exceptionally empty) Discord server at <https://discord.gg/2BErb9V>
