

AFTERWORD

My first new work in 3 years since *Brandish*. I now present to you: *Curse Eater*.

As many of you may know already, this manga is based off of the light novel series *Jusou Kuraishi* (a KTC-published Atomic Bunko series), published around 2010 with illustrations done by Alto Seneka. The light novel version has the title and subtitle reversed compared to the manga, so that's one way to tell them apart!

Thank you so much to the editing team who kept giving us writing offers and to all of you, the fans that have supported our work. However, the story's not quite over just yet...
