※ IT WON'T.

I do plan to continue having Maria-san being on the receiving end of the stimulation, so don't worry. It's been a while since the Otokonoko AV Catalogue, but we're finally at the 3rd character, Maria-san! Yay~! I'd planned on lots of different stuff for her, but due to my injury from back in autumn, it ended up being split into two books. I'm very sorry! The bright side is that some of the stuff I thought I'd need to cut will show up in the second half, so please wait for that. It should be out in spring or summer of 2018.

I was thinking of putting out another tankoubon for the first time in a while, kicking it up a gear this year, but due to my previously mentioned injury, I didn't get to do much in the second half of the year. I only did a single illustration in Koushoku Shounen Vol. 10, too. I'm sorry... For now, my new work in XEROS that was supposed to be out in autumn should be out early next year, and I plan on drawing manga for Koushoku Shounen again, so please look forward to that.

As an aside, I started FGO recently. A little late to the party, but oh well. I'm looking forward to part two of the story next year, but first let's celebrate how I got Shuten-chan in the GSSR banner! Yay! She's a Japanese servant, but I wasn't able to get her in the Shimousa pickup, so I had to wait for the New Year's GSSR for her to come home. I know, I know. I was thinking that maybe I'd like to draw a non-H derivative work for the first time in a while next year.

By the way, "Kaden" could've been pronounced "Hanadono" as well, but "Kaden" is just a reference anyway, so don't think too much about it. I'll be drawing Maria-san being lewd and erotically teased more, yes.

I'll be trying harder next year, so if you see any of my work, please consider purchasing it.

Now! I've finally finished the draft, so it's time to watch Kamen Rider, Girls Und Panzer, and the new Star Wars movie! Yesssss!!
