

Shirayuki
Girls' High
School

My name is Tachibana Makoto, from Class 1-A.

I'm a boy

But starting this Spring, I disguised myself and entered this school...

...using my androgynous beauty to become an idol amongst the students, and lead a school life full of debauchery.

I'm only pretending to be a girl so that you girls keep your guard down, you know? How gullible.

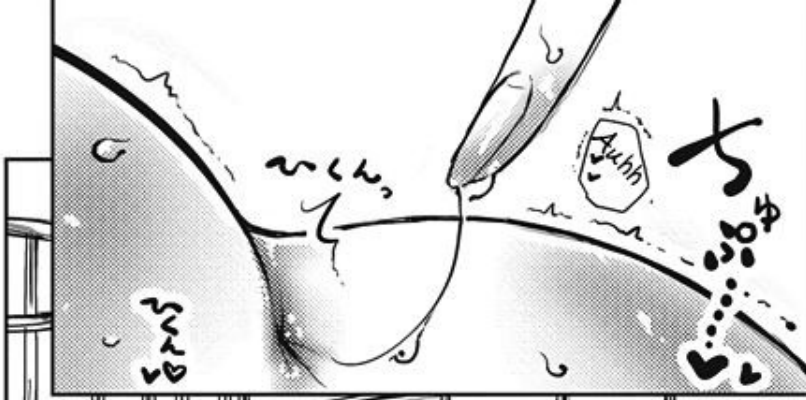

How-
ever...
