Oh, a new bitch?

Hey!  
Let me go!

What is this place?!

It's about time!  
I've been in need of a new chick.

Get her in the open slot.

ハイ

It's your new home.

What...is this?

But, first I'll have to make some adjustments to your body ...

Ah ... eh?

and I needed some new genes.

This "Poultry Farm" has been suffering from an epidemic ...

ポコ

ポコ

ポコ

ポコ

Make sure she's secure

Eh? Wait

What ... is this?

Aha <3

What are you doing you pervert!?

No..! I can't move!

Yes! !!

It would be pretty bad if this thing were to miss...

It's really better if you don't move, okay?

Heh

No...! Don't! !!!

This liquid solution contains nano machines designed for human body modification.

It will remodel your uterus to be capable of producing delicious eggs.

Stop AH it...! !!

No ...!

NO NO NO NO!

Huh ?

Now raise your ass.  
I'll widen that narrow hole for you.

Time to loosen your birth canal.

Aha ...

Oh? You're in heat already!

Ah ...

What are you doing!?  
What are you going to-HO!?

Hng!

So big..!  
So hot...!

Nah! ♥

It's inside me..!

No way!!

Fuhh  
Goh !!!  
oo

Nng!

Ohh

That's right. I'll shoot it directly into your uterus.

In my... Womb ?

Take it out!

Don't... Cum inside... my womb!!!

HO-

ohhhh <3 hoo <3

Wahaha!

You're howling like an animal! Do you like it that much?

Ngeh!

Hoo! Yes!

I'm... cuming!

Cuming! I'm cuming!

Yeshh!

Your hole is definitely looser now!

The egg  
Fuuuu  
...

Ngh!

Uh..  
Again  
...!

Hng  
..

At first I  
didn't like  
this one,  
but after  
laying a  
few eggs,  
it's become  
rather cute.

Looks  
like the  
body  
modifi-  
cation  
went  
well.

I'm...  
Giving  
birth!

Fuu  
uu  
hh-

Fertilized eggs  
are hatched in  
an incubator,  
while  
unfertilized  
eggs are sent to  
food processing

From  
here the  
eggs will  
go into  
sorting.

Oh!  
That's  
a nice  
egg!

Hatched chicks are sorted by gender.

The females are gathered ...

and raised until they are able to produce eggs.

While the males are disposed of as there is almost no use for them

I'm giving birth!

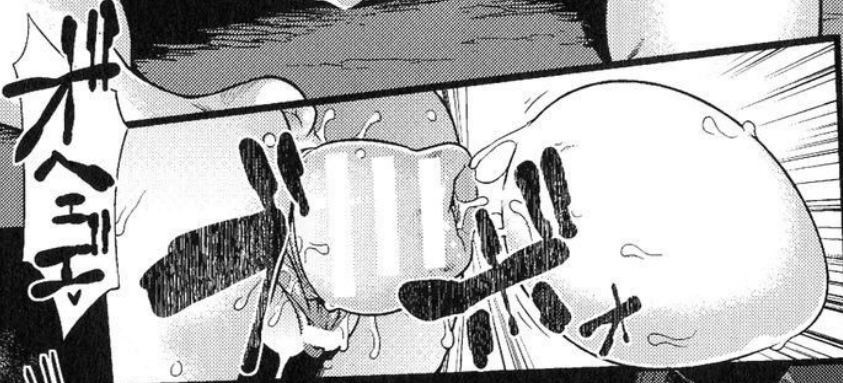

Nng ohh!

Wonderful!

I'm birthing an egg!  
ohh!  
hho!

It looks like we can increase the scale of the farm.

Yes sir!

Ah ... Eh?

It's been a while since I've used you, huh?

Heh

Well now...

I'll push it back in for you!

Your uterus is falling out...

Oh, you're a lot looser than before!

Aha ho ho

Nngh

Humans are wonderful creatures ...

Oh ♡ Ah ♡

They're quite suitable as livestock!

Having a strong sexual disposition helps them lay lots of eggs.

From now on, you'll continue to give birth until you die...

I don't wanna give birth anymore!

EEEK! NO! ♡

I don't... wanna give birth..

Oho  
oooo  
oooo

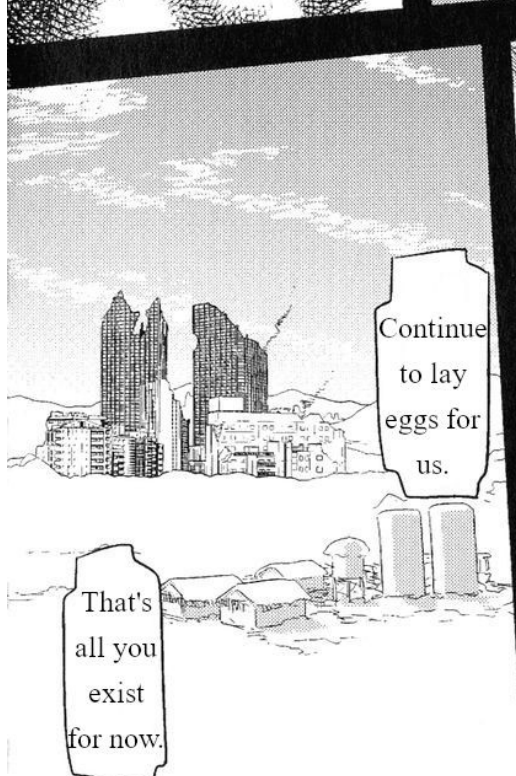

Noo.. I hate this..

Noo oo...!

To any more eggs..

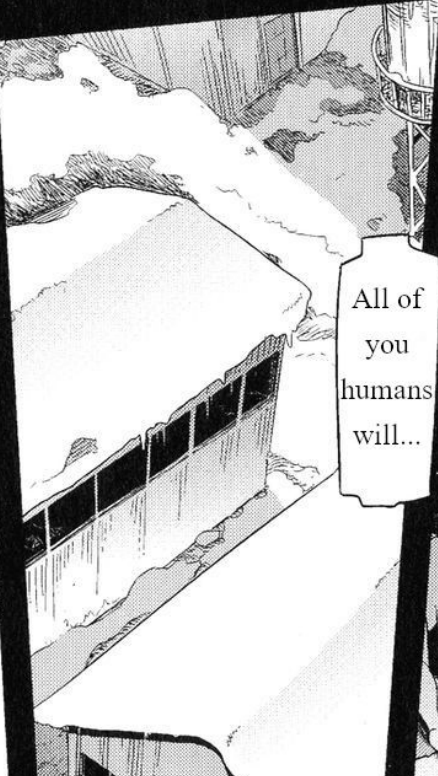

I don't wanna give birth... ♡

Ah ♡

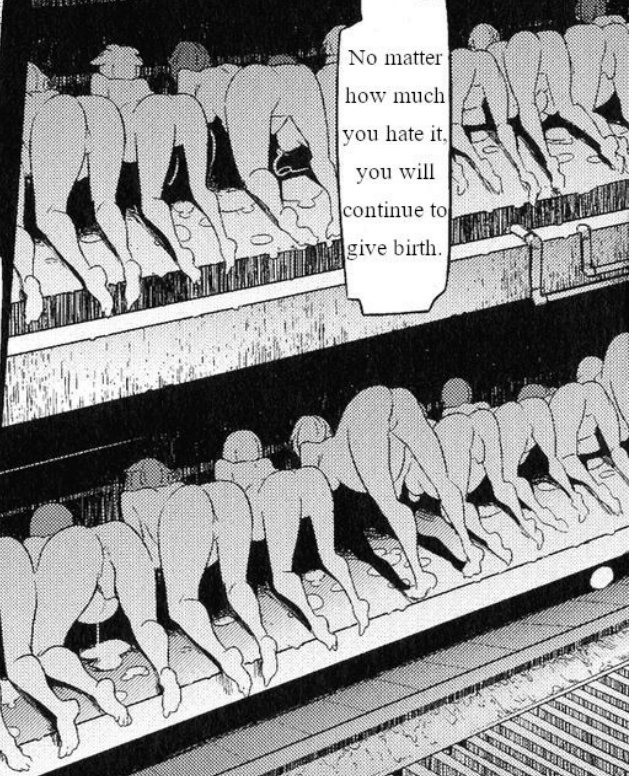

Continue to lay eggs for us.

That's all you exist for now.

All of you humans will...

No matter how much you hate it, you will continue to give birth.

**Greetings lovely reader! This is my first translation and typeset work.**

**I really hope you enjoyed it!!!**

**I don't plan to translate the whole collection.  
I just really liked this set, and nobody else had translated it.**

**I didn't translate the SFX/Katakana. You can use your imagination for  
those, it's probably accurate.**

**Doesn't the chick to her right on the second page look like Takumi from  
TSF Monogatari?  
I like to think it's her...**
