Afterword

It's been a pretty long time since I did an original loli book!
It's so fun since the cheeky brat moves around a whole bunch~!
Original loli manga... As I want to draw good stuff,
I was rash with myself and kept raising the bar...
until I had so many books in development left unfinished...
From now on I won't waver drawing lolis.
I'll do my best while avoiding overdoing it.
I'm off to draw some loli manga illustrations!
(This year I was able to draw quite a lot of sexy illustrations.)

100\$-200\$ lolis? You'd think that cost would go down
in this Coronavirus market.
