Bonus: the two from Crossdressing Prostitution, 5 years later

Watanuki hitch-hiked a ride home after what happened and apologized in tears to his parents, returning to school and cram school. He goes to college now, and he still crossdresses to this day.

Kizune became completely estranged from normal everyday life. But he's a stubborn guy, I'm sure he'll find a sugar daddy to live off of.

Nice to meet you! Or, in case you're a returning reader, welcome back. I'm Itami.

This imaginary otaku gyaru is Donbe. She's been drawing doujin since high school and she's now a big name with one of the wall booths. I find it easy to draw the "popular girl in school" kind character type like her.

Kuroi is a crossdresser who already appeared in my Crossdressing Prostitution series. He ran away with the money he and his friends earned with sex. This is him 5 years later. The unpopular gloomy boy evolved into a crossdresser who's into gay porn and doujins. He wants to make use of his gay sex experience and become a successful yaoi artist!

Thank you so much for reading so far! I'm also doing commercial works, so if you spot me somewhere, please consider checking it out.
