What is the plug girl?

The plug girl is a girl who has been made to swallow a bath plug attached to a chain, such that one can watch her suffer when the chain is pulled.

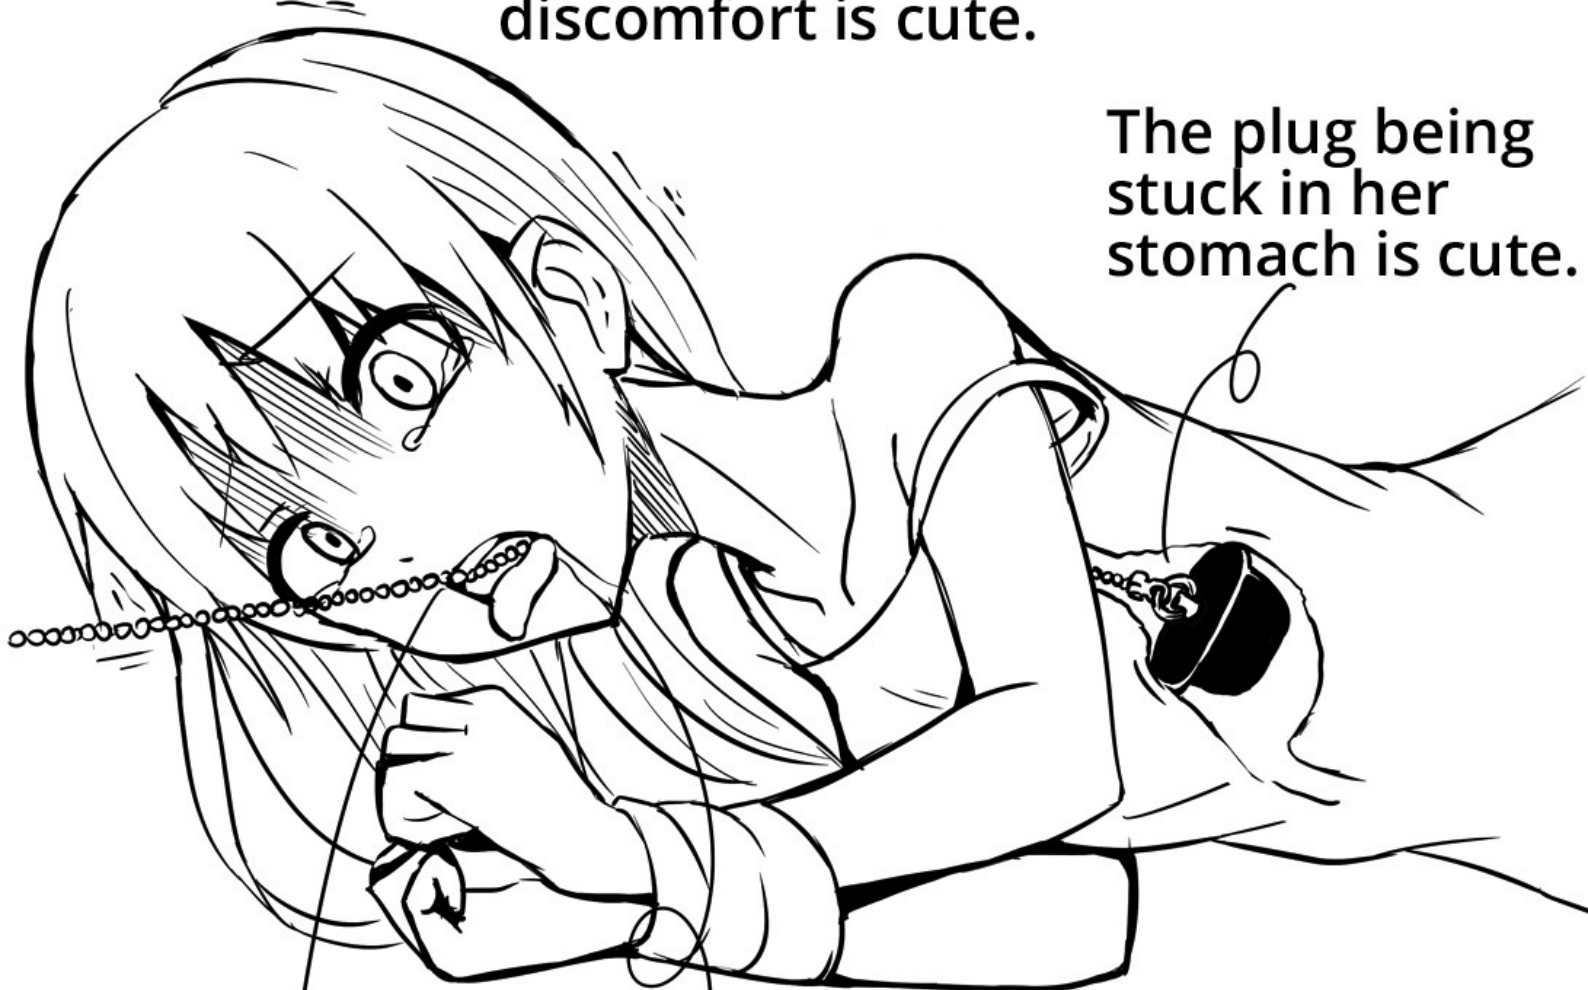

This is what's cute about the plug girl!

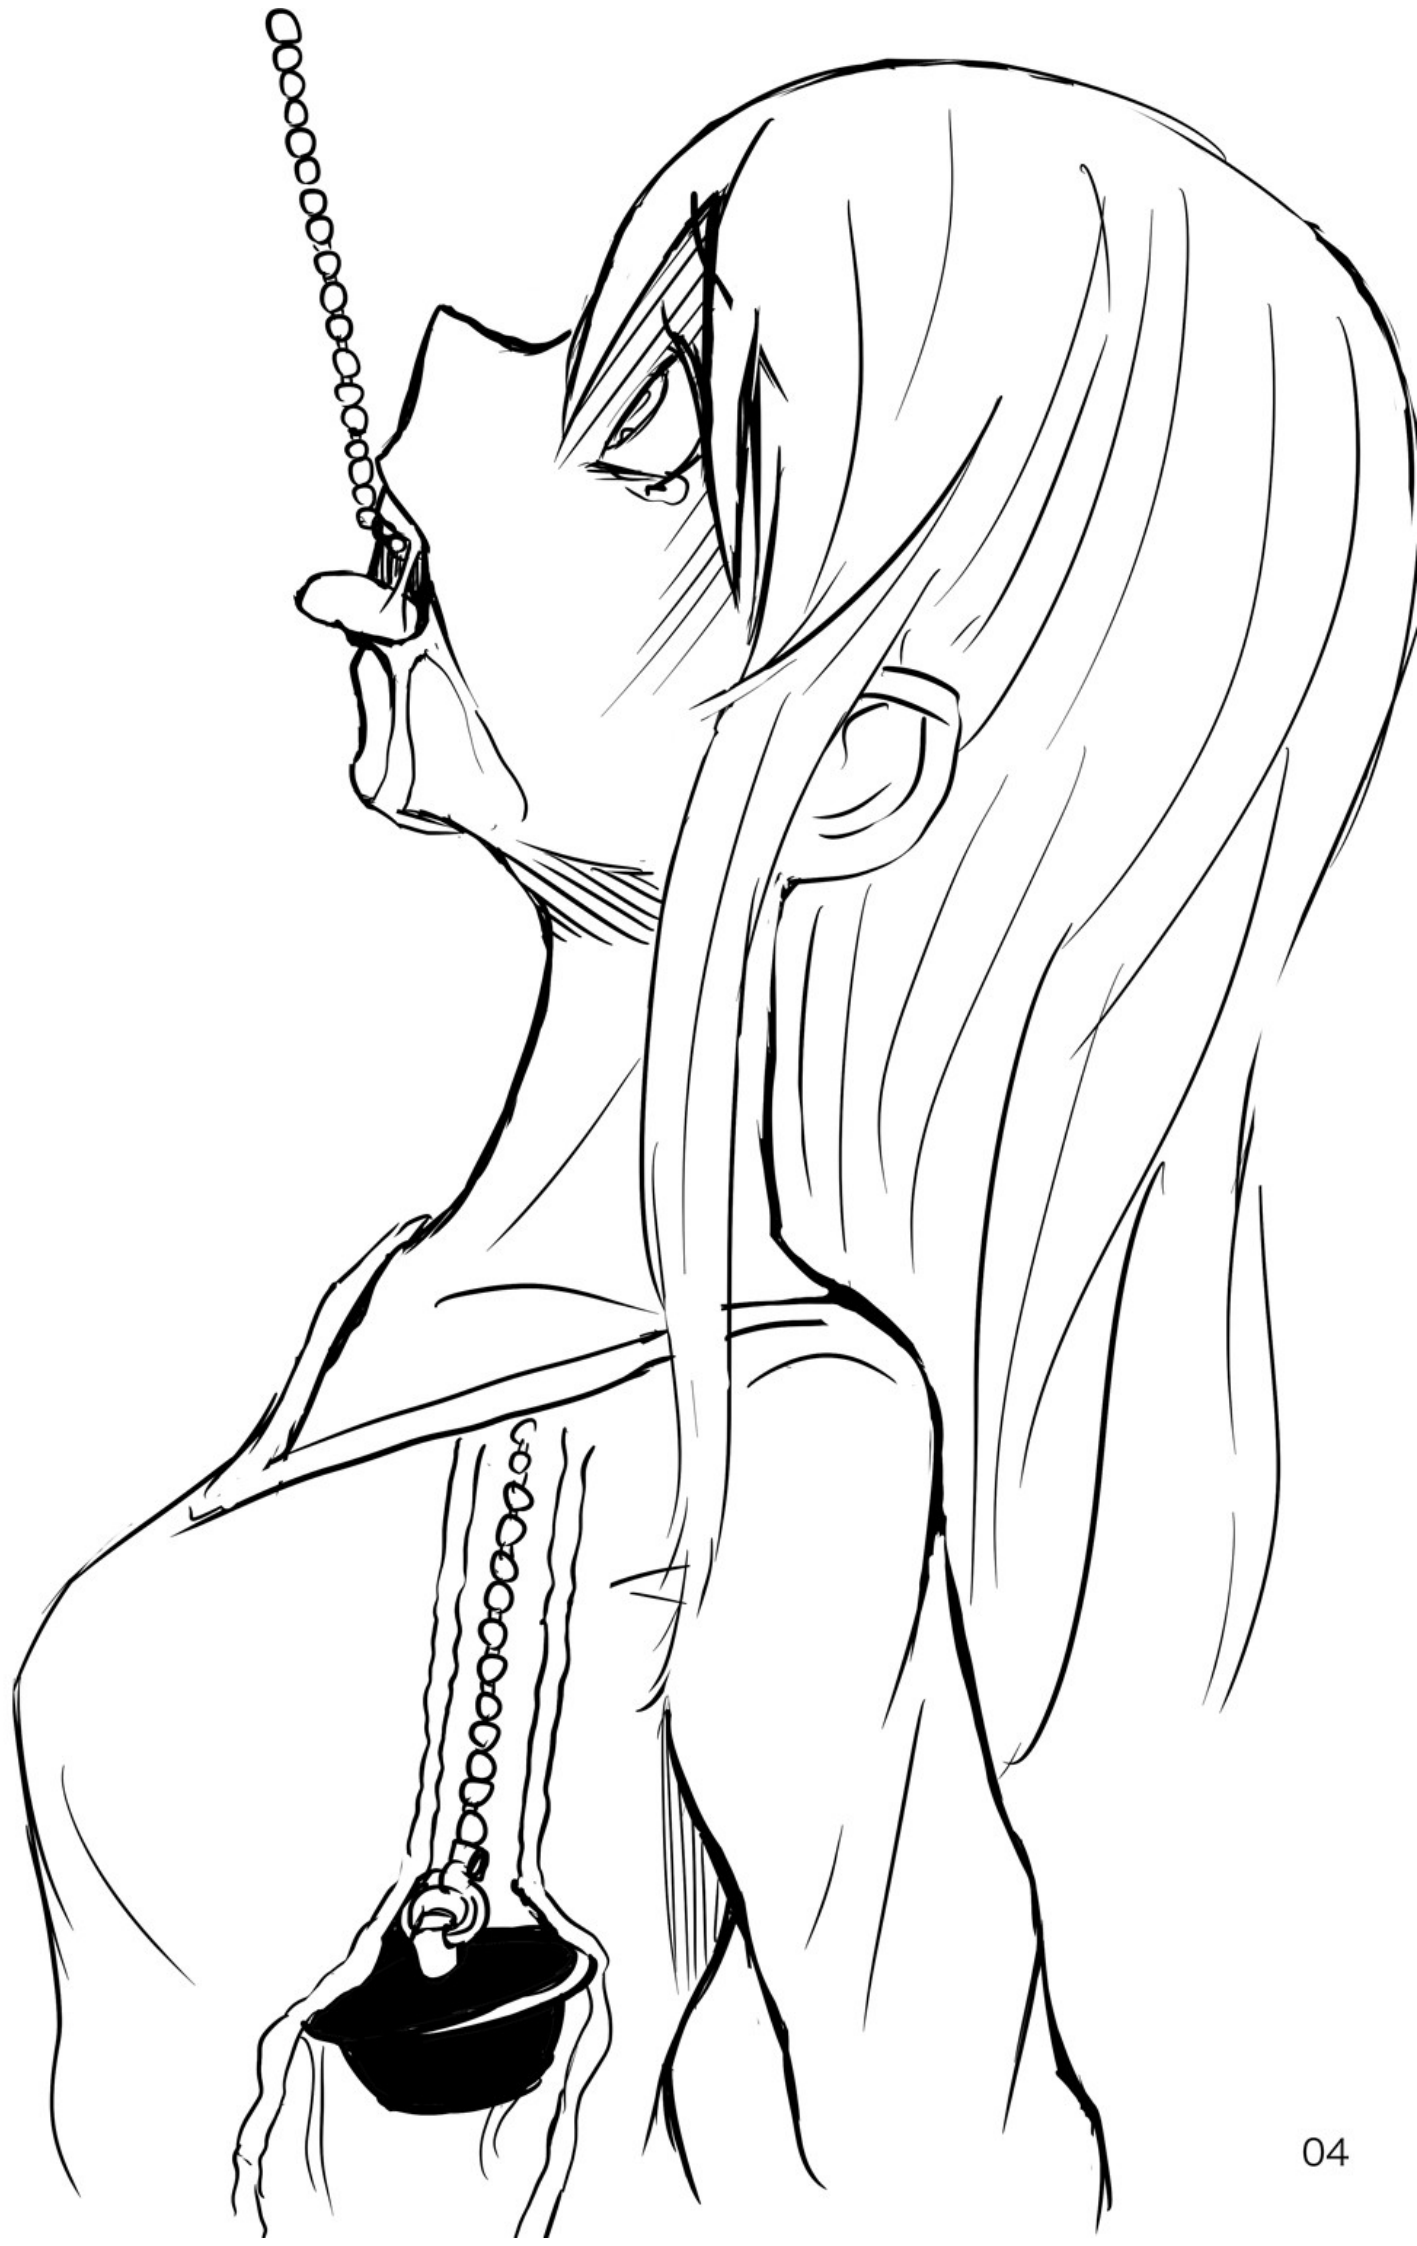

Her shivering in pain and discomfort is cute.

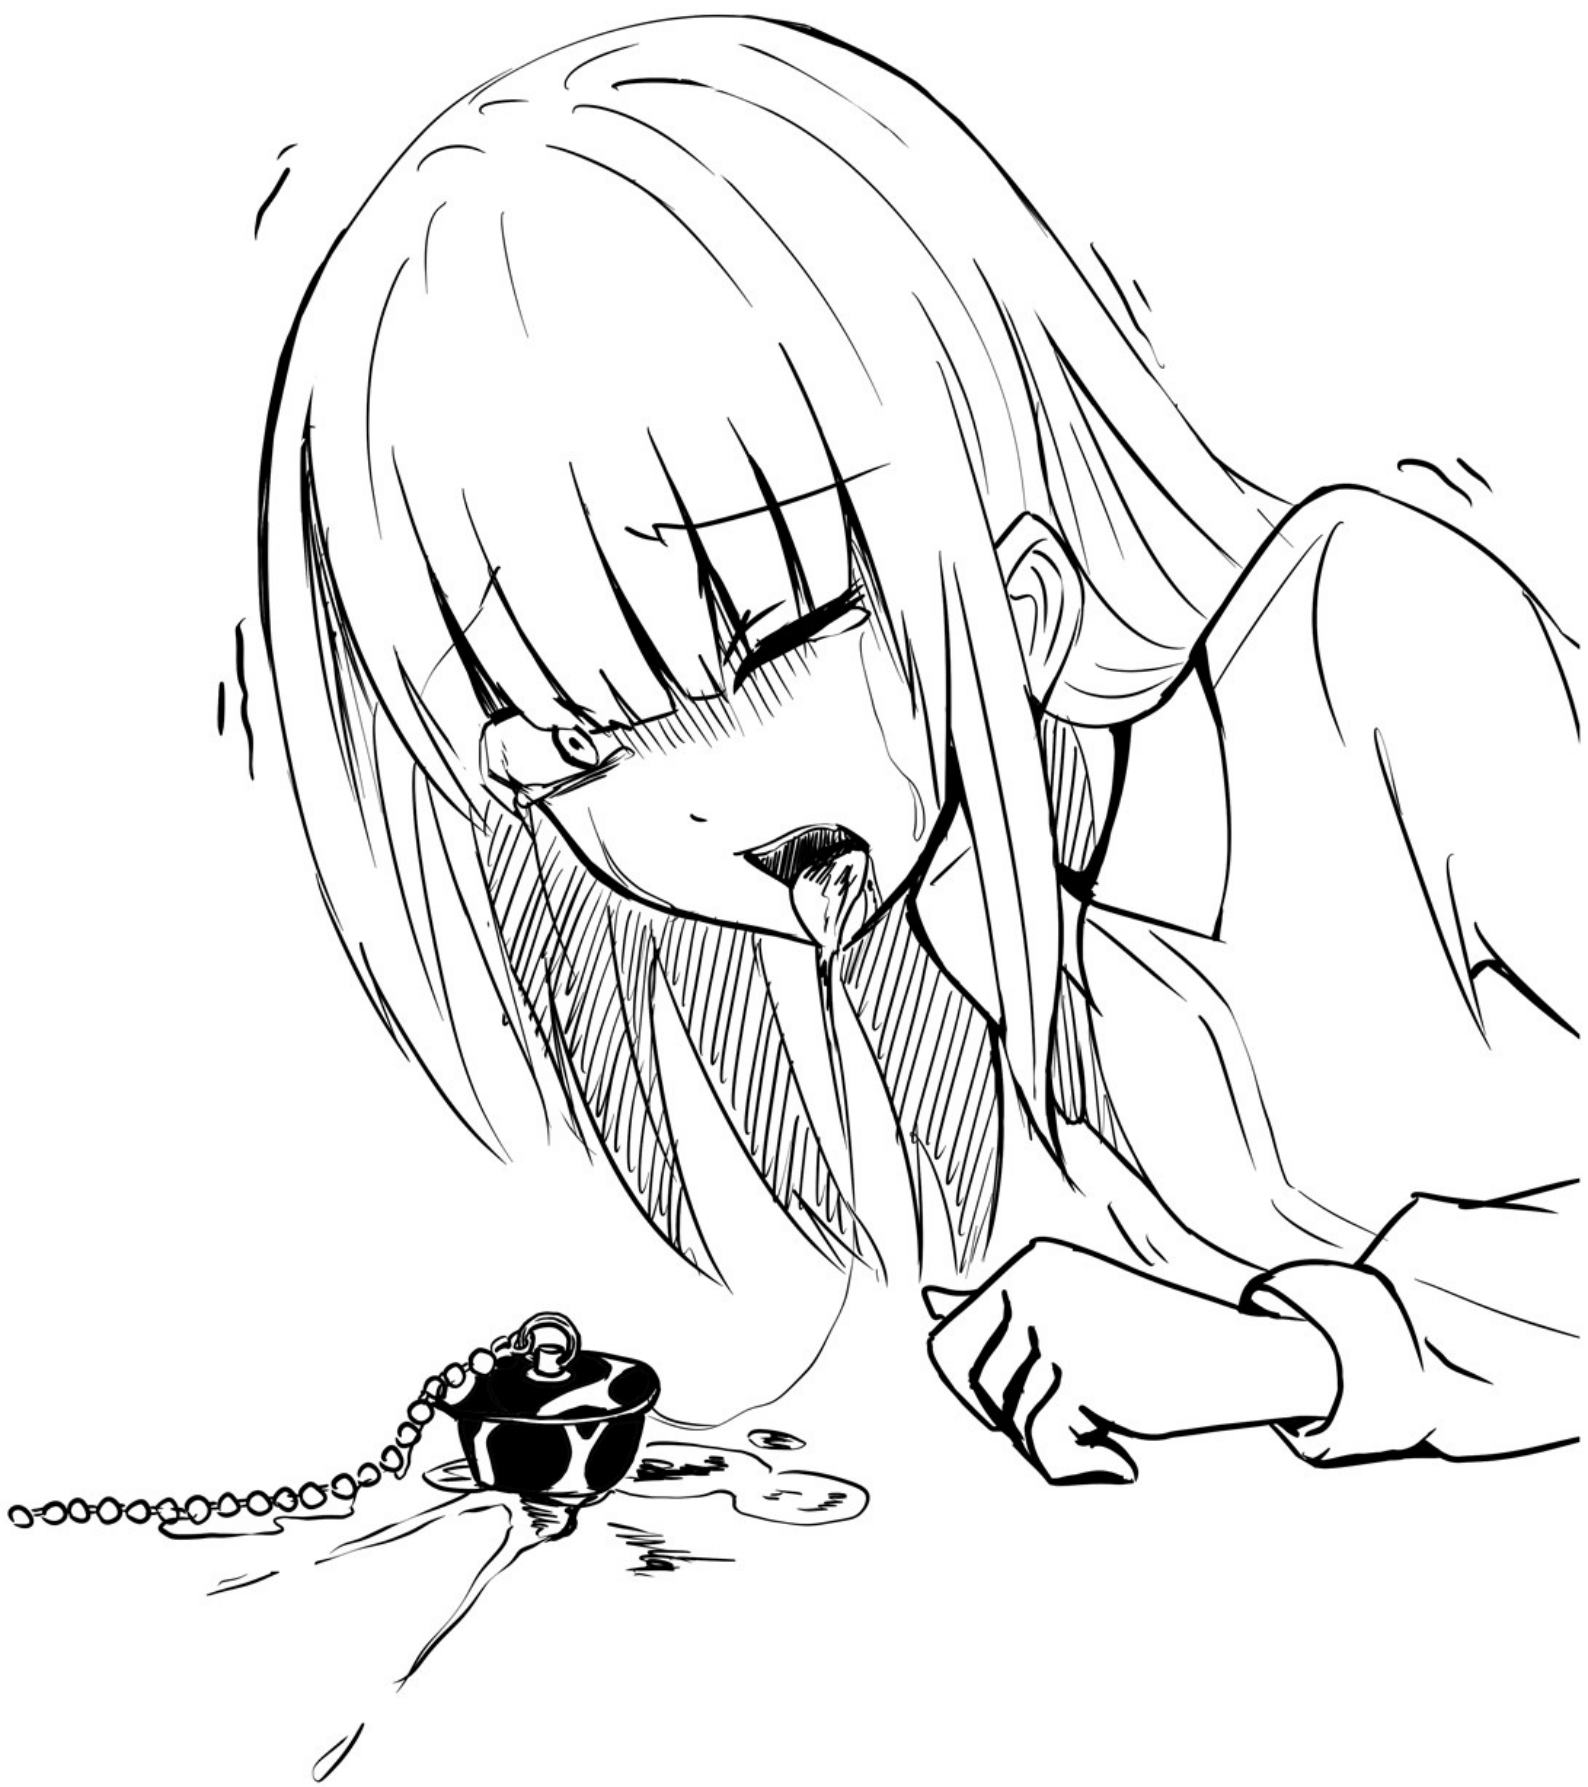

The plug being stuck in her stomach is cute.

The way it makes her drool on herself is cute.

The changing angles the chain makes with her teeth are cute.
