

My name is Yuka, i'm 10 years old.

For not having to repeat class, i agreed to have sex with Sen-sei if he uses a rubber.

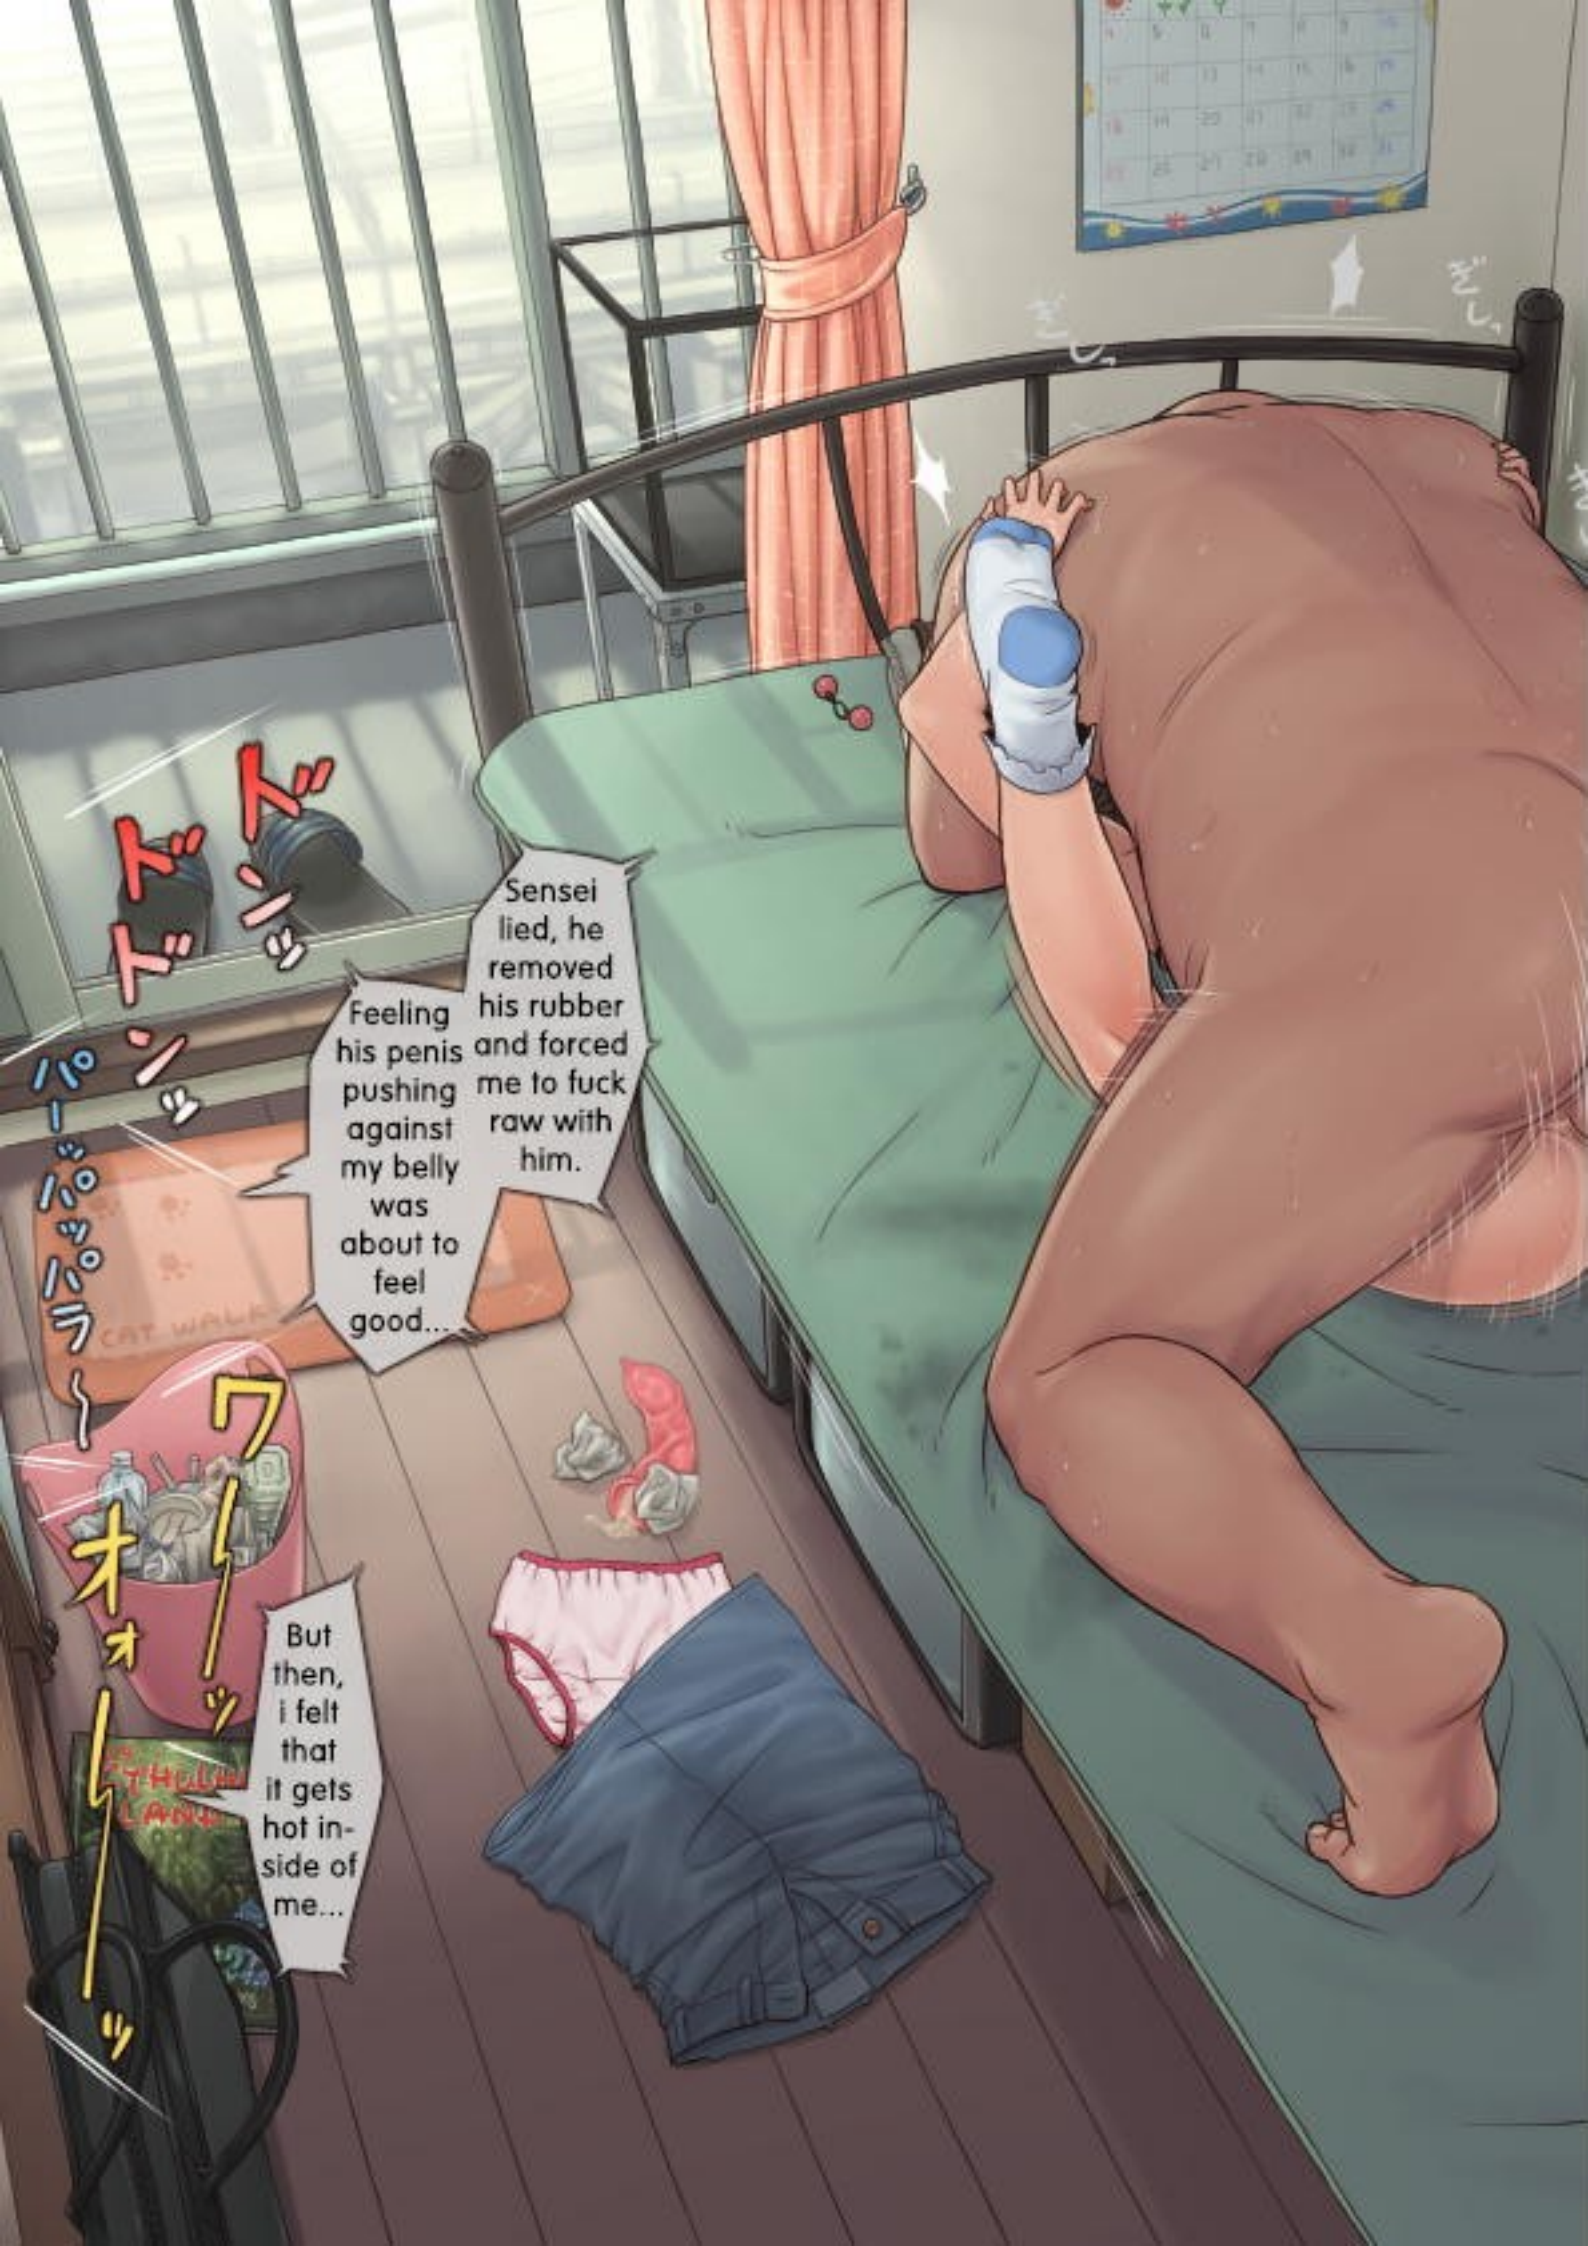

Mom won't be back until late...

I was scared but..., bcuz i heard that it would hurt, and talked me into it.

At first he was nice...

Sensei lied, he removed his rubber and forced me to fuck raw with him. Feeling his penis pushing against my belly was about to feel good...

But then, I felt that it gets hot inside of me...

I was so tired and sore ...
But before leaving, he told me to keep quiet about it.

It was so much cum, it took hours to stop coming out...

Maybe, I'll do it again...
