Translator notes:

1. so this is the best i got
2. I am too lazy to redraw anything other than speech bubbles
3. Who the hell's idea was it to censor words in a hentai
(example: ちまちま僕のち〇こに付いた)
- I □ are hard enough on their own
4. So many sounds.
5. sound better in Japanese best then what i could with do with English onomatopoeia that i know

I do not own this only translated it
