The first of these oddities is known around my own hometown, Kochi, as "Harami no Jaan".

IN THIS... A GOOP ALL THE WAY DEEP INSIDE MY UTERUS...

BUT... THIS SORT OF THING... IF MY FATHER FINDS OUT...

AT THAT TIME...

Harami is the name of a place in the mountains parallel to the coast of Kochi.

Laid on the break of Urado Bay, its name refers to the land at the tip of the head and the straits on either side of it.

You are such a far cry from your grand-father.

Hashishita-kun, meet me in my office later.

YOU BUFFOON!

That's why it probably runs in the family to be a perv.

Most of what gramps wrote was erotic fiction, y'know?

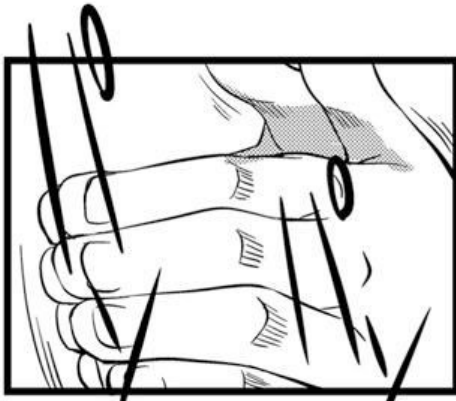

To think you would be reading something immodest like this in the middle of class...

Sensei's work was real writing! Don't lump it together with those tasteless pomographic comics!

Even the literary master, Shinzaburo Ishimori sensei is rolling over in his grave.

Uh...no, that's sorta like my own little good luck charm, that's all...

...Hm? What do you think you're doing?

When I first heard that I would be teaching you, I was so excited that I was jumping for joy.

Aw, jeez... What a pain in the ass...

Aren't you even aware of the fact that you're the grandson of Ishimori-sensei?

Sigh... Well, what's done is done...

Yuup.

No matter... Just go back to class.

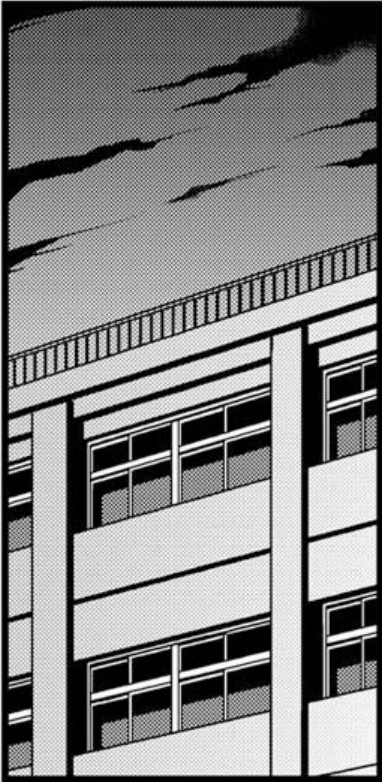

A good luck charm at a time like this out of all things...

Sigh... good grief. The sort of man you turned out to be...

Oh, I almost forgot, Sensei.

The big bad black bat bit the blue beetle.

There's an enormous collection of his books at my house, and whenever I find anything interesting, I like to use it as wanking material.

My gramps was a nationally known celebrity for his work as a novelist.

And from his logs, I learned of a very key fact:

Sorry to have kept you waiting, Ichikawa sens...

Seems like he had some pretty intimate exchanges with one of his fans.

It was a log of his experiments in hypnotizing a nerdy book-worm girl.

The old man died a few years ago, and in the books that he left me, there were some interesting notes.

TL NOTE: "KUN" IS SOMETIMES USED BY OLDER MEN TO REFER TO THEIR YOUNGER FEMALE SUBORDINATES.

I see, I see...

Well, then, let's get right to the lesson, shall we?

Yes!

I can't believe you're taking time out of your busy writing schedule to teach a person like me...

It's quite an honor to do so with you.

How about we review what we went over last class?

...but, before that,

Y...yes...

Not...

-I mean... Ichikawa Fumie-kun...

COUGH

Please don't worry about that Ishimori-sensei!

That bookworm girl was actually my homeroom teacher.

I'd like you to use your body as an example to provide an overview of the female genital anatomy and the names of each part, just as I taught you last time.

O...okay...

And the pair of little petals in the middle of it is called the Labia Minora.

F...firstly, the flesh on both ends of this area... is called the Labia Majora...

Have you ever played with that part?

Huh...?

Clitoris ...

This is the female counterpart to the male p...peris...

And then there is this... plump bulging area called the...

Pleasuring yourself, y'know? Masturbating...

Don't be shy. Everyone does it.

Eh... ah... that's... umm...

Don't lie.

The right side of your labia alone is quite swollen, isn't it?

N...no, that's... I wouldn't do such...

Say...

I take it that you're quite the masturbator, aren't you?

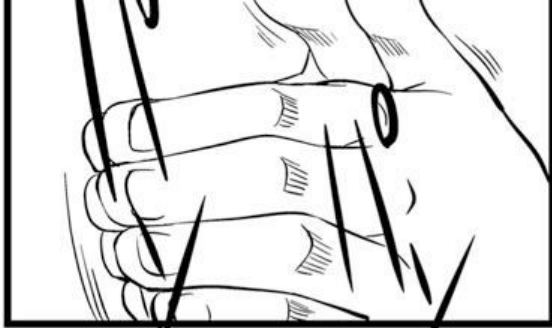

If you don't mind, I would appreciate it if you could show me...

The puffyness is irrefutable proof that you've been relentlessly fingering yourself here with your right hand!

I'd like to see for myself how in the world you choose to pleasure yourself...

...

What do you think of my penis?

The big bad black bat bit the blue beetle.

There's no doubt that when I put this in, it would feel amazing, right, Ichikawa-kun?

After all, your entire body has already been turned into one huge pleasure center...

It'll feel like you died and went to heaven...

Ah...  
Kahaa...!

Ah...  
W...wait...  
sensei...

Aguu-!

Haaa..!

Grah...

Aah!

Hyaa...

I can feel...  
the walls of  
my pussy...  
getting  
scraped even  
harder...!

You're just a bitch in heat!

Good grief. I always figured you as a quiet bookworm, but turns out you're actually a cock hungry whore!

I'm sorry... I'm so sorry, sensei!

Aaaaa  
aaah!

Ku!

I'm... at my limit!  
I'm gonna let it out,  
Fumie-kun!

"Ichikawa-sensei",  
huh...

Y...yesh...  
Pleash,

You're not  
a sensei in  
any right...  
Fumie-kun!

with every bit  
of your cum,  
sensei!

KUUU  
UU!!

cum

Aaaaa  
aaah!

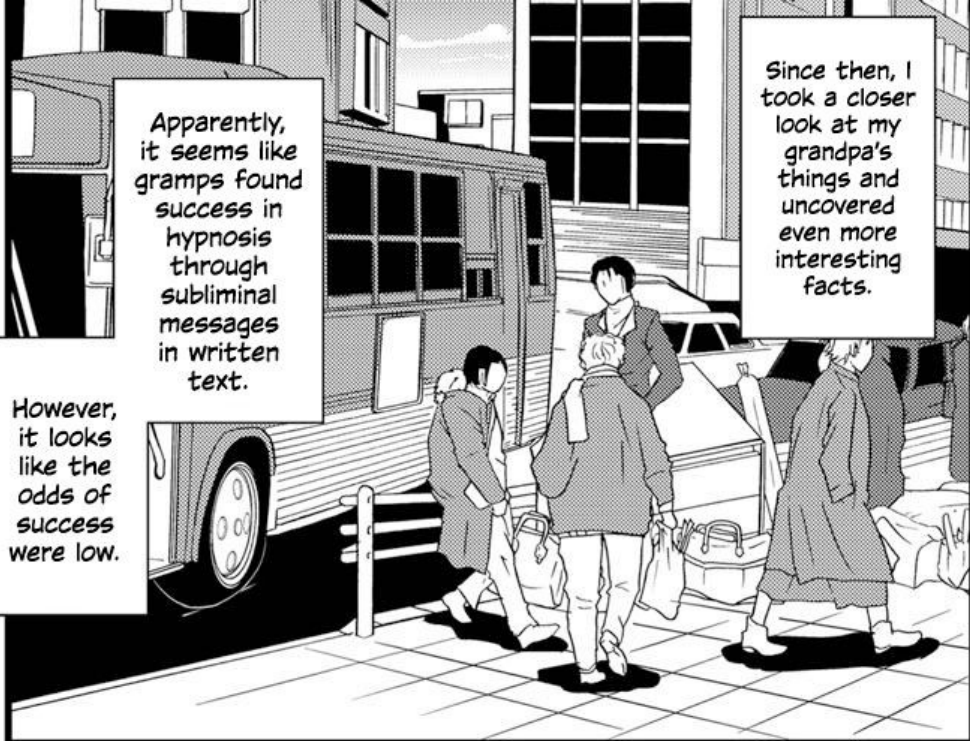

KOO...

Despite that, it looks like he wrote a bunch of novels using that technique.

Apparently, it seems like gramps found success in hypnosis through subliminal messages in written text.

However, it looks like the odds of success were low.

Since then, I took a closer look at my grandpa's things and uncovered even more interesting facts.

If that's the case, then I wonder how many people out there have been affected...?

The big bad black bat bit the blue beetle...
