If threats don't work, we'll just have to bait 'em out!

Fufun!

Oh, of course! Bring the female knights we captured over here!

Well, we tried. We'll haf'ta break it down!

Yes, ma'am!

But those bastards sure are stubborn, they're taking their time...

Did that wardrobe move just now? I heard a woman's voice too...

Hm?

YOU! Search that wardrobe!

Ah hn...♡

Fufun! One man was enough to make you pass out? Well, it's no biggie.

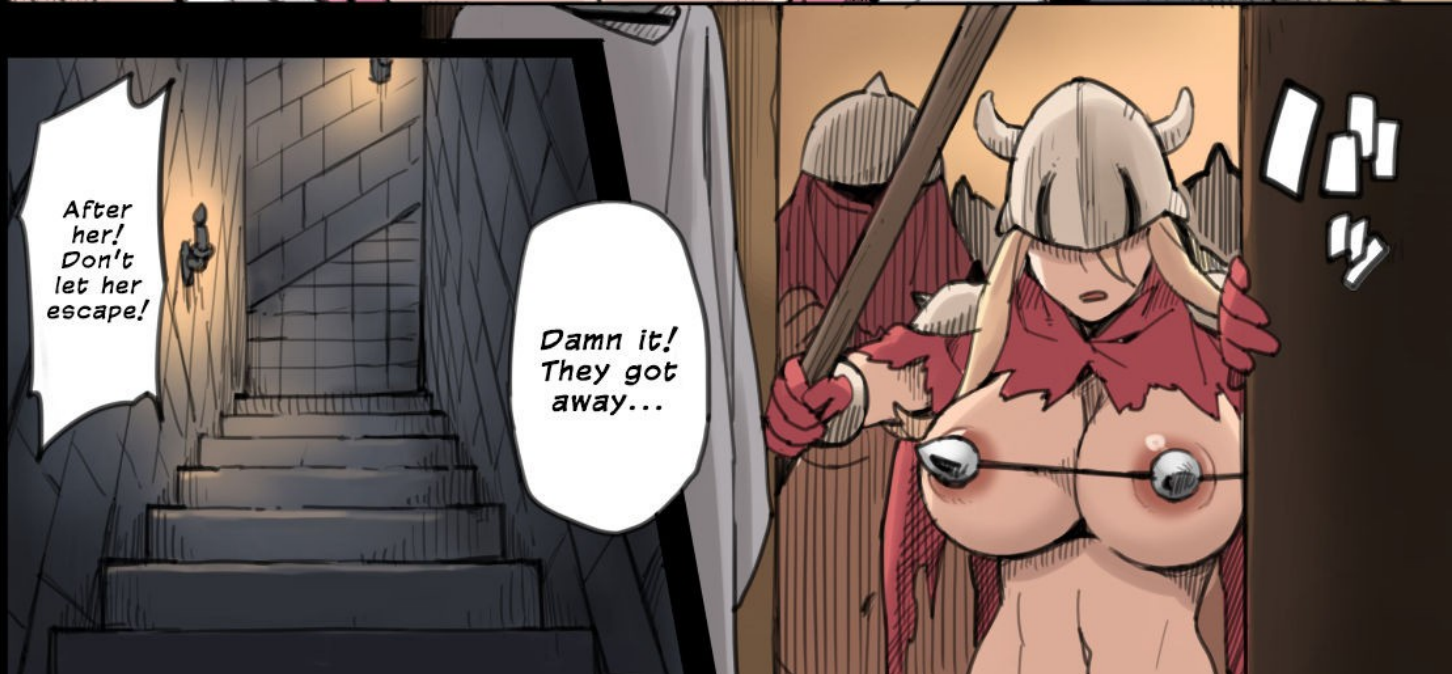

OPEN IT AT ONCE! BUST IT OPEN!

Forgive me, mother!

I've been discovered! I need to run...

Ma'am! The wardrobe is locked!

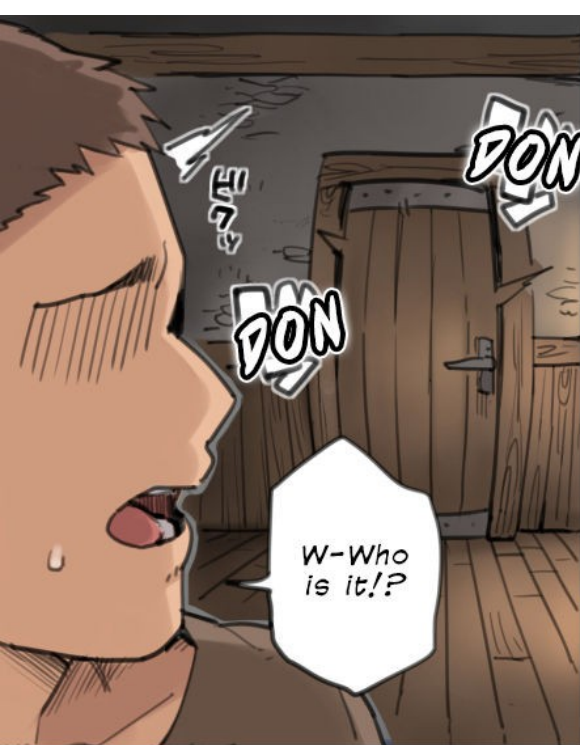

はっ

After her! Don't let her escape!

That house...

UWA!

foot

SHE'S IN HERE!

A woman came through here, didn't she?

W-Why are you targeting me!?

Really? Then you won't mind if we have a little look around, right?

I don't know! Nobody came in here!

T-That's ...

It won't be long until I'm discovered...

I managed to hide away thanks to a kindhearted homeowner...

++

++

hnn

If they find me, I'll surely be raped, as naked as I am...

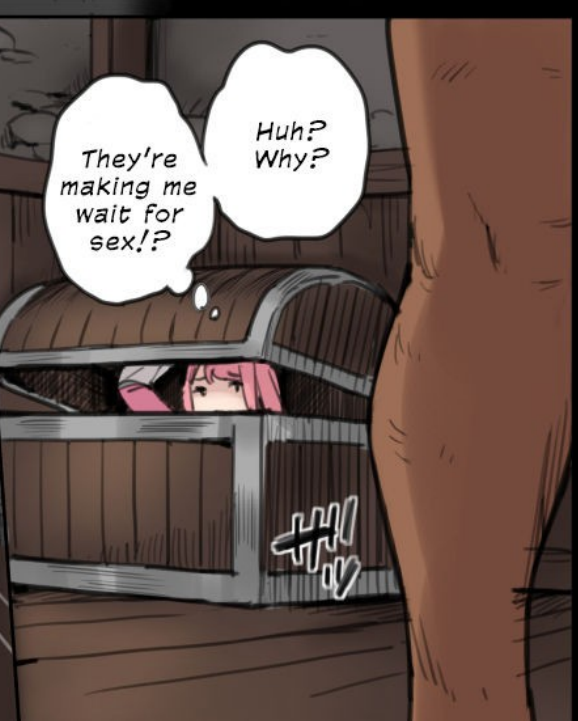

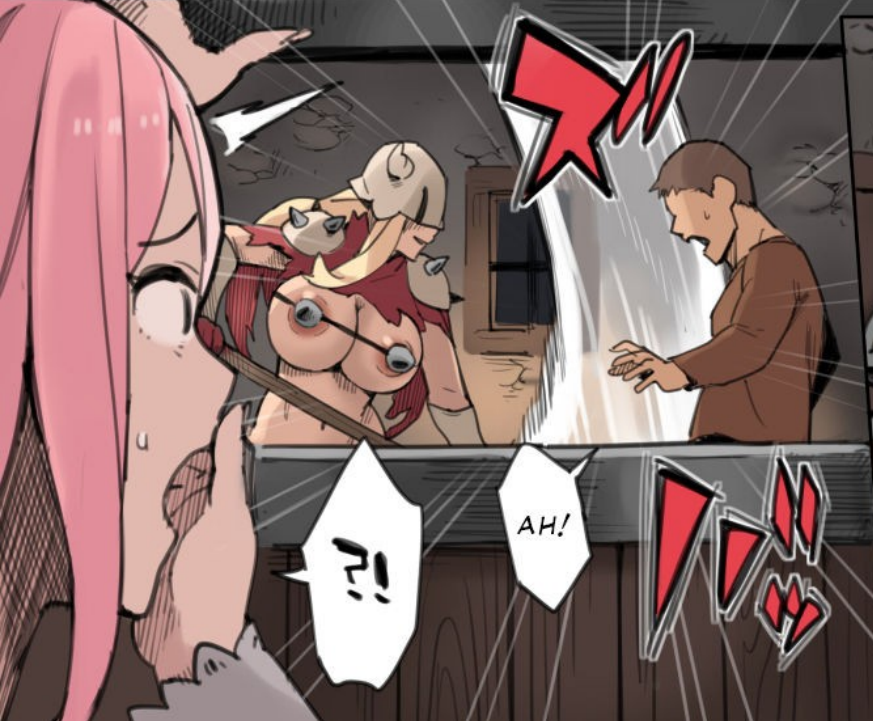

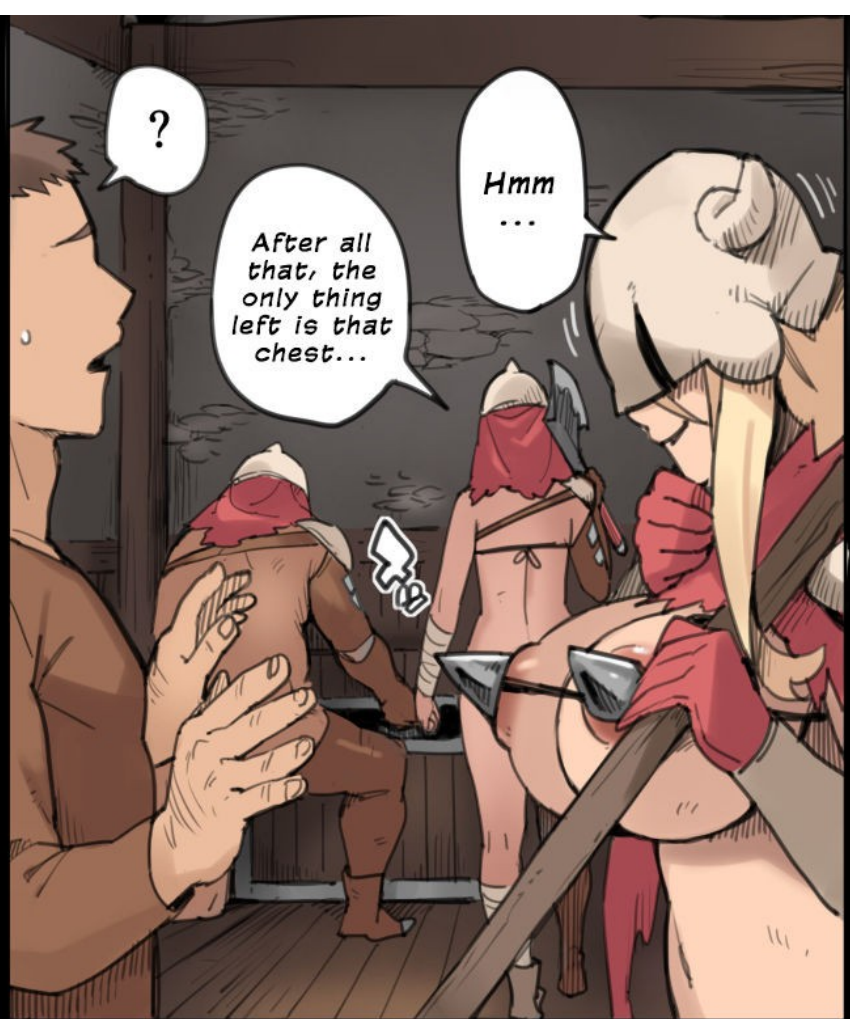

Just like mother was raped by those enemy soldiers...

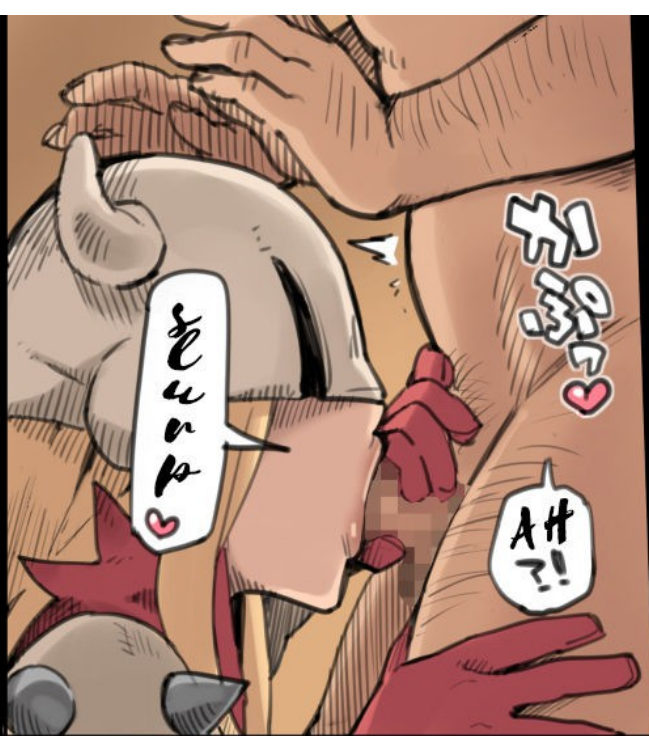

Then after that, I'll be a plaything for a great many soldiers ...

Rough sex... I'll be fucked wildly...

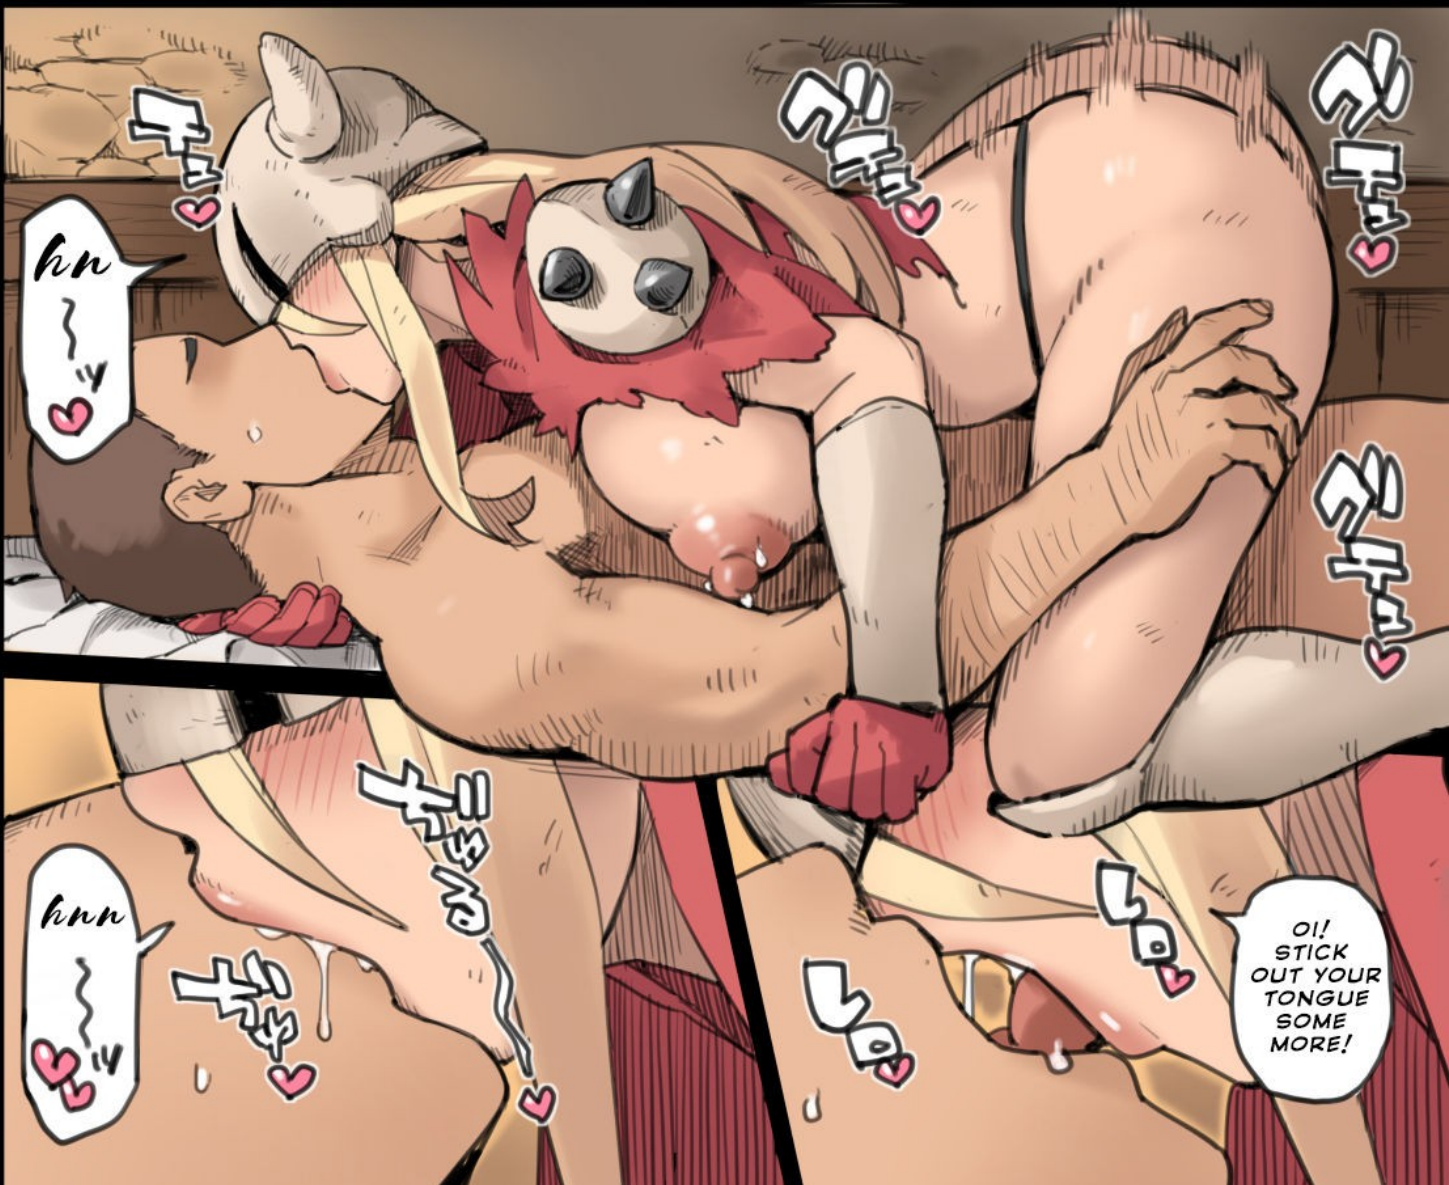

AH

hnn

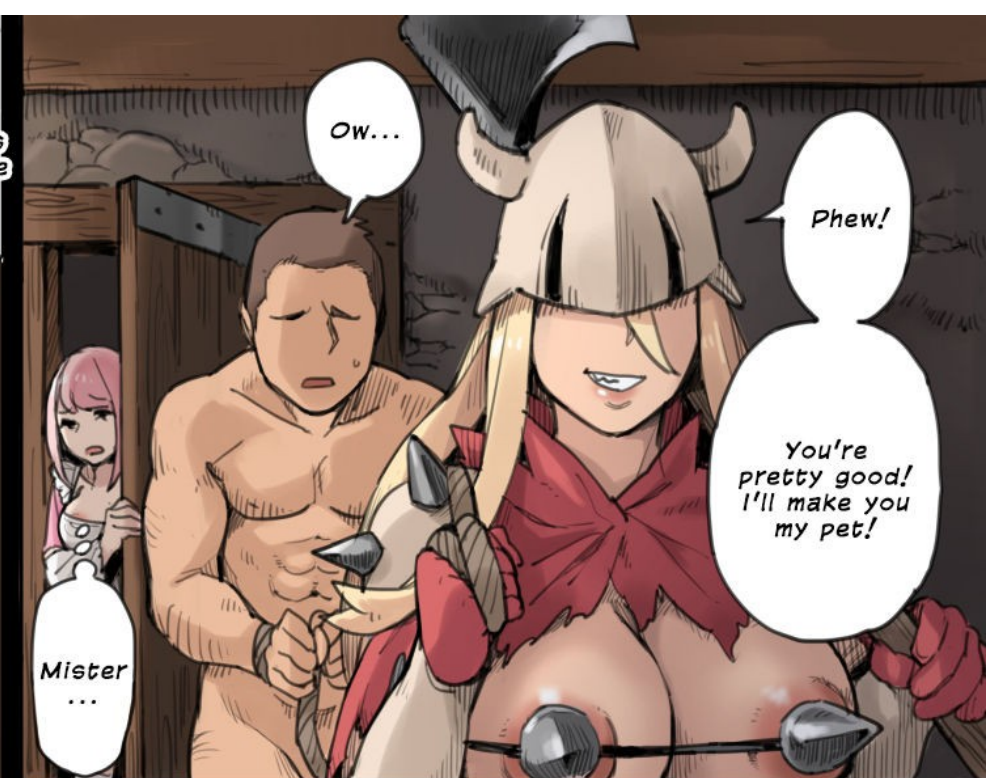

One day, I'll save you!

I will never forget your kindness when you gave me shelter!

Ow...

Phew!

You're pretty good! I'll make you my pet!

Mister ...

But every which gate is being guarded, so I can't leave...

First, I need to hurry and get out of this city!

But I'll stand out as I am if I try to creep in...

Hmm ...

Of course! If only I could steal a set of that armor!

There should be a set in the barracks they captured.

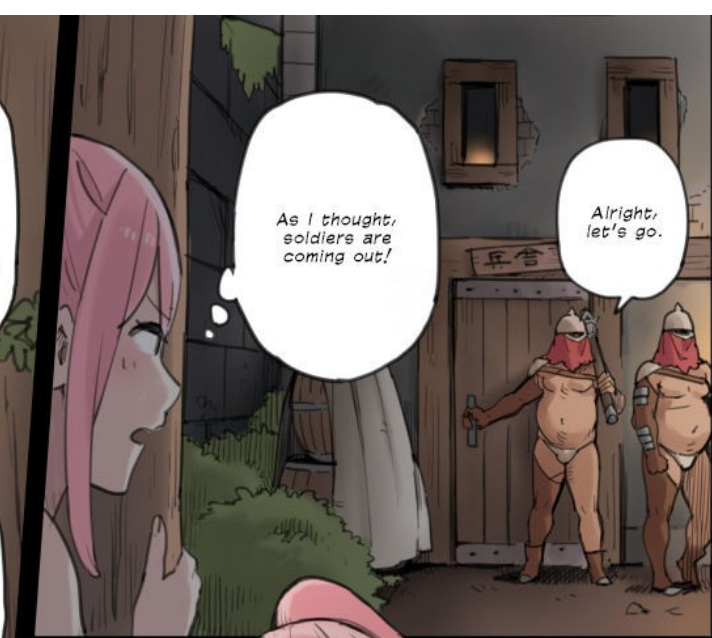

Ah... A female soldier is leaving...

I thought it might be easier to advance while naked...

I totally seem like a pervert like this...

B-But this is my duty!

As I thought, soldiers are coming out!

Alright, let's go.

H-Here I go!

There should be no problem here...

They'll capture me in their barracks and I'll be fucked all night!

HAA HAA

If I'm found like this, they'll fuck me immediately!

Then I'll push on!

Eep! A female soldier!

That booze has her fast asleep...

Be calm, me!

I must be diligent!

!!

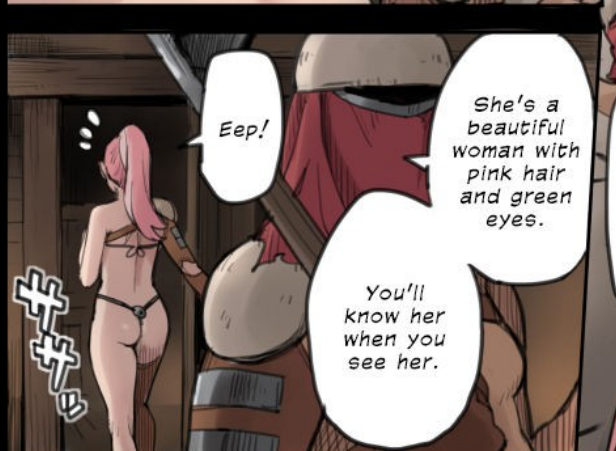

The Lady's daughter escaped, it seems we still haven't found her.

What kind of woman is she?

I thought I'd get discovered, but this went surprisingly well!

Is this okay?

Eep!

She's a beautiful woman with pink hair and green eyes.

But this... I might as well be naked; what's the point of this armor?

You'll know her when you see her.

But I'll be found without a helmet on...

I really need to escape from this city!

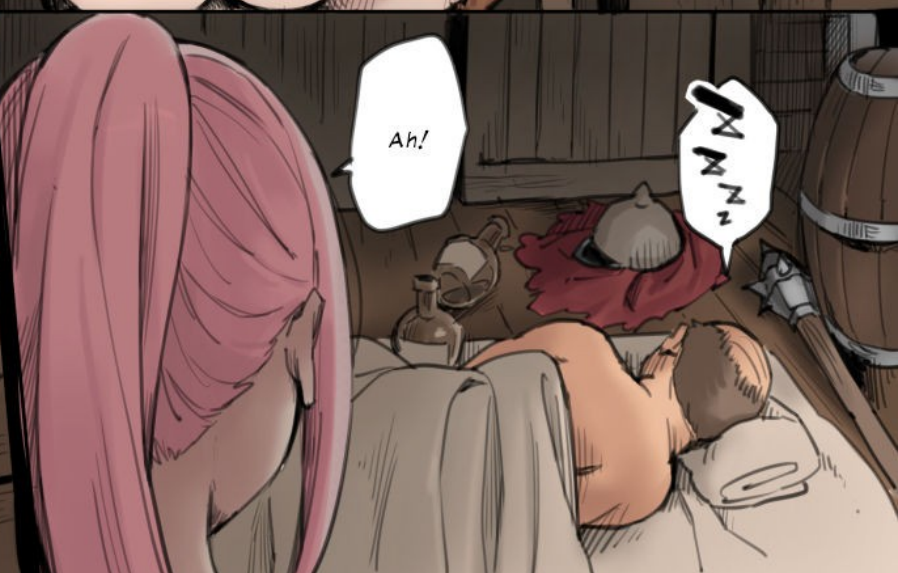

o-eri

W-What should I do, I'm really getting into a lot of trouble here!

A helmet!

Hooray!

Ah!

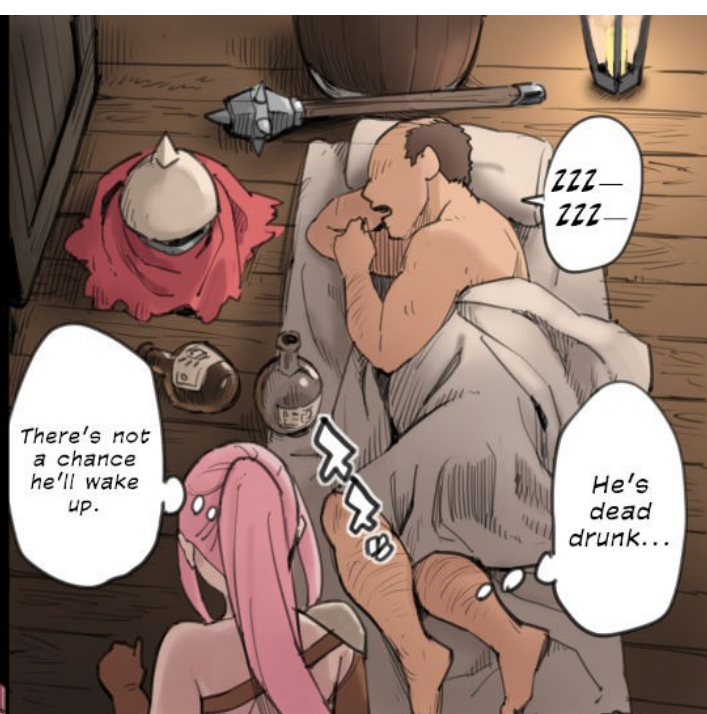

zzz

He moved in his sleep! That scared me...

WAH!?

Hngrrh ...

There's not a chance he'll wake up.

zzz— zzz—

He's dead drunk...

Hmm?

That would be wild fucking! I wouldn't be any different from my wretched enemies!

...So I said! What am I THINKING!? Attacking a sleeping man!

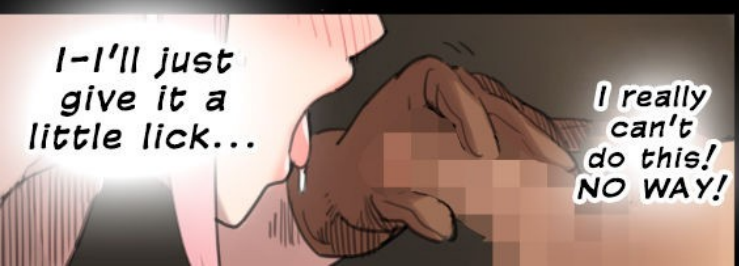

He won't wake up with as drunk as he is, I can do anything without being found out!

I... I'M SO CLOSE

Now's my chance!
