

...Break up?

We can't be together
for long anymore

I know Yu-hanyou should be
the one I love and cherish

I was nervous from her
words about breaking up

It almost gave me
a heart attack

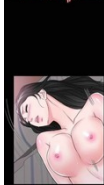

No matter what happens...

I'll never get caught!!

I shouldn't think about it, but...

What's wrong with me? Why am I so nervous?

Are you kidding? I don't want to see you!

You need me to continue with the work, right?

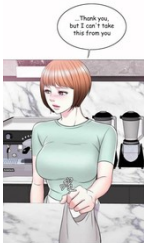

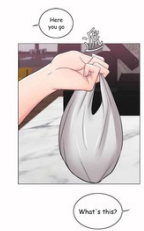

Why are you doing this to me?

Don't you get them? They're not that...

To be continued
