

THE "GIANT FROG"

THEY ABSORB THE
LIFE ENERGY OF
OTHER CREATURES
AND FEED ON IT.
SINCE THEY DO NOT
HARM THE BODY OF
THEIR PREY, THE
DANGER LEVEL ITSELF
IS NOT VERY HIGH.
HOWEVER...

ONCE CAUGHT BY
THEM, THEY ARE
BOUND FOR A
LONG TIME BY
THEIR TONGUES
AND STOMACHS,
SO THEY MUST
BE NASTY
MONSTERS. IT IS
RECOMMENDED TO
AVOID CONTACT
AS MUCH AS
POSSIBLE

YUCK!
IT
STINKS...!
GROSS!

LET
GO OF
ME!

ぬちゅっ
ぐちゅっ

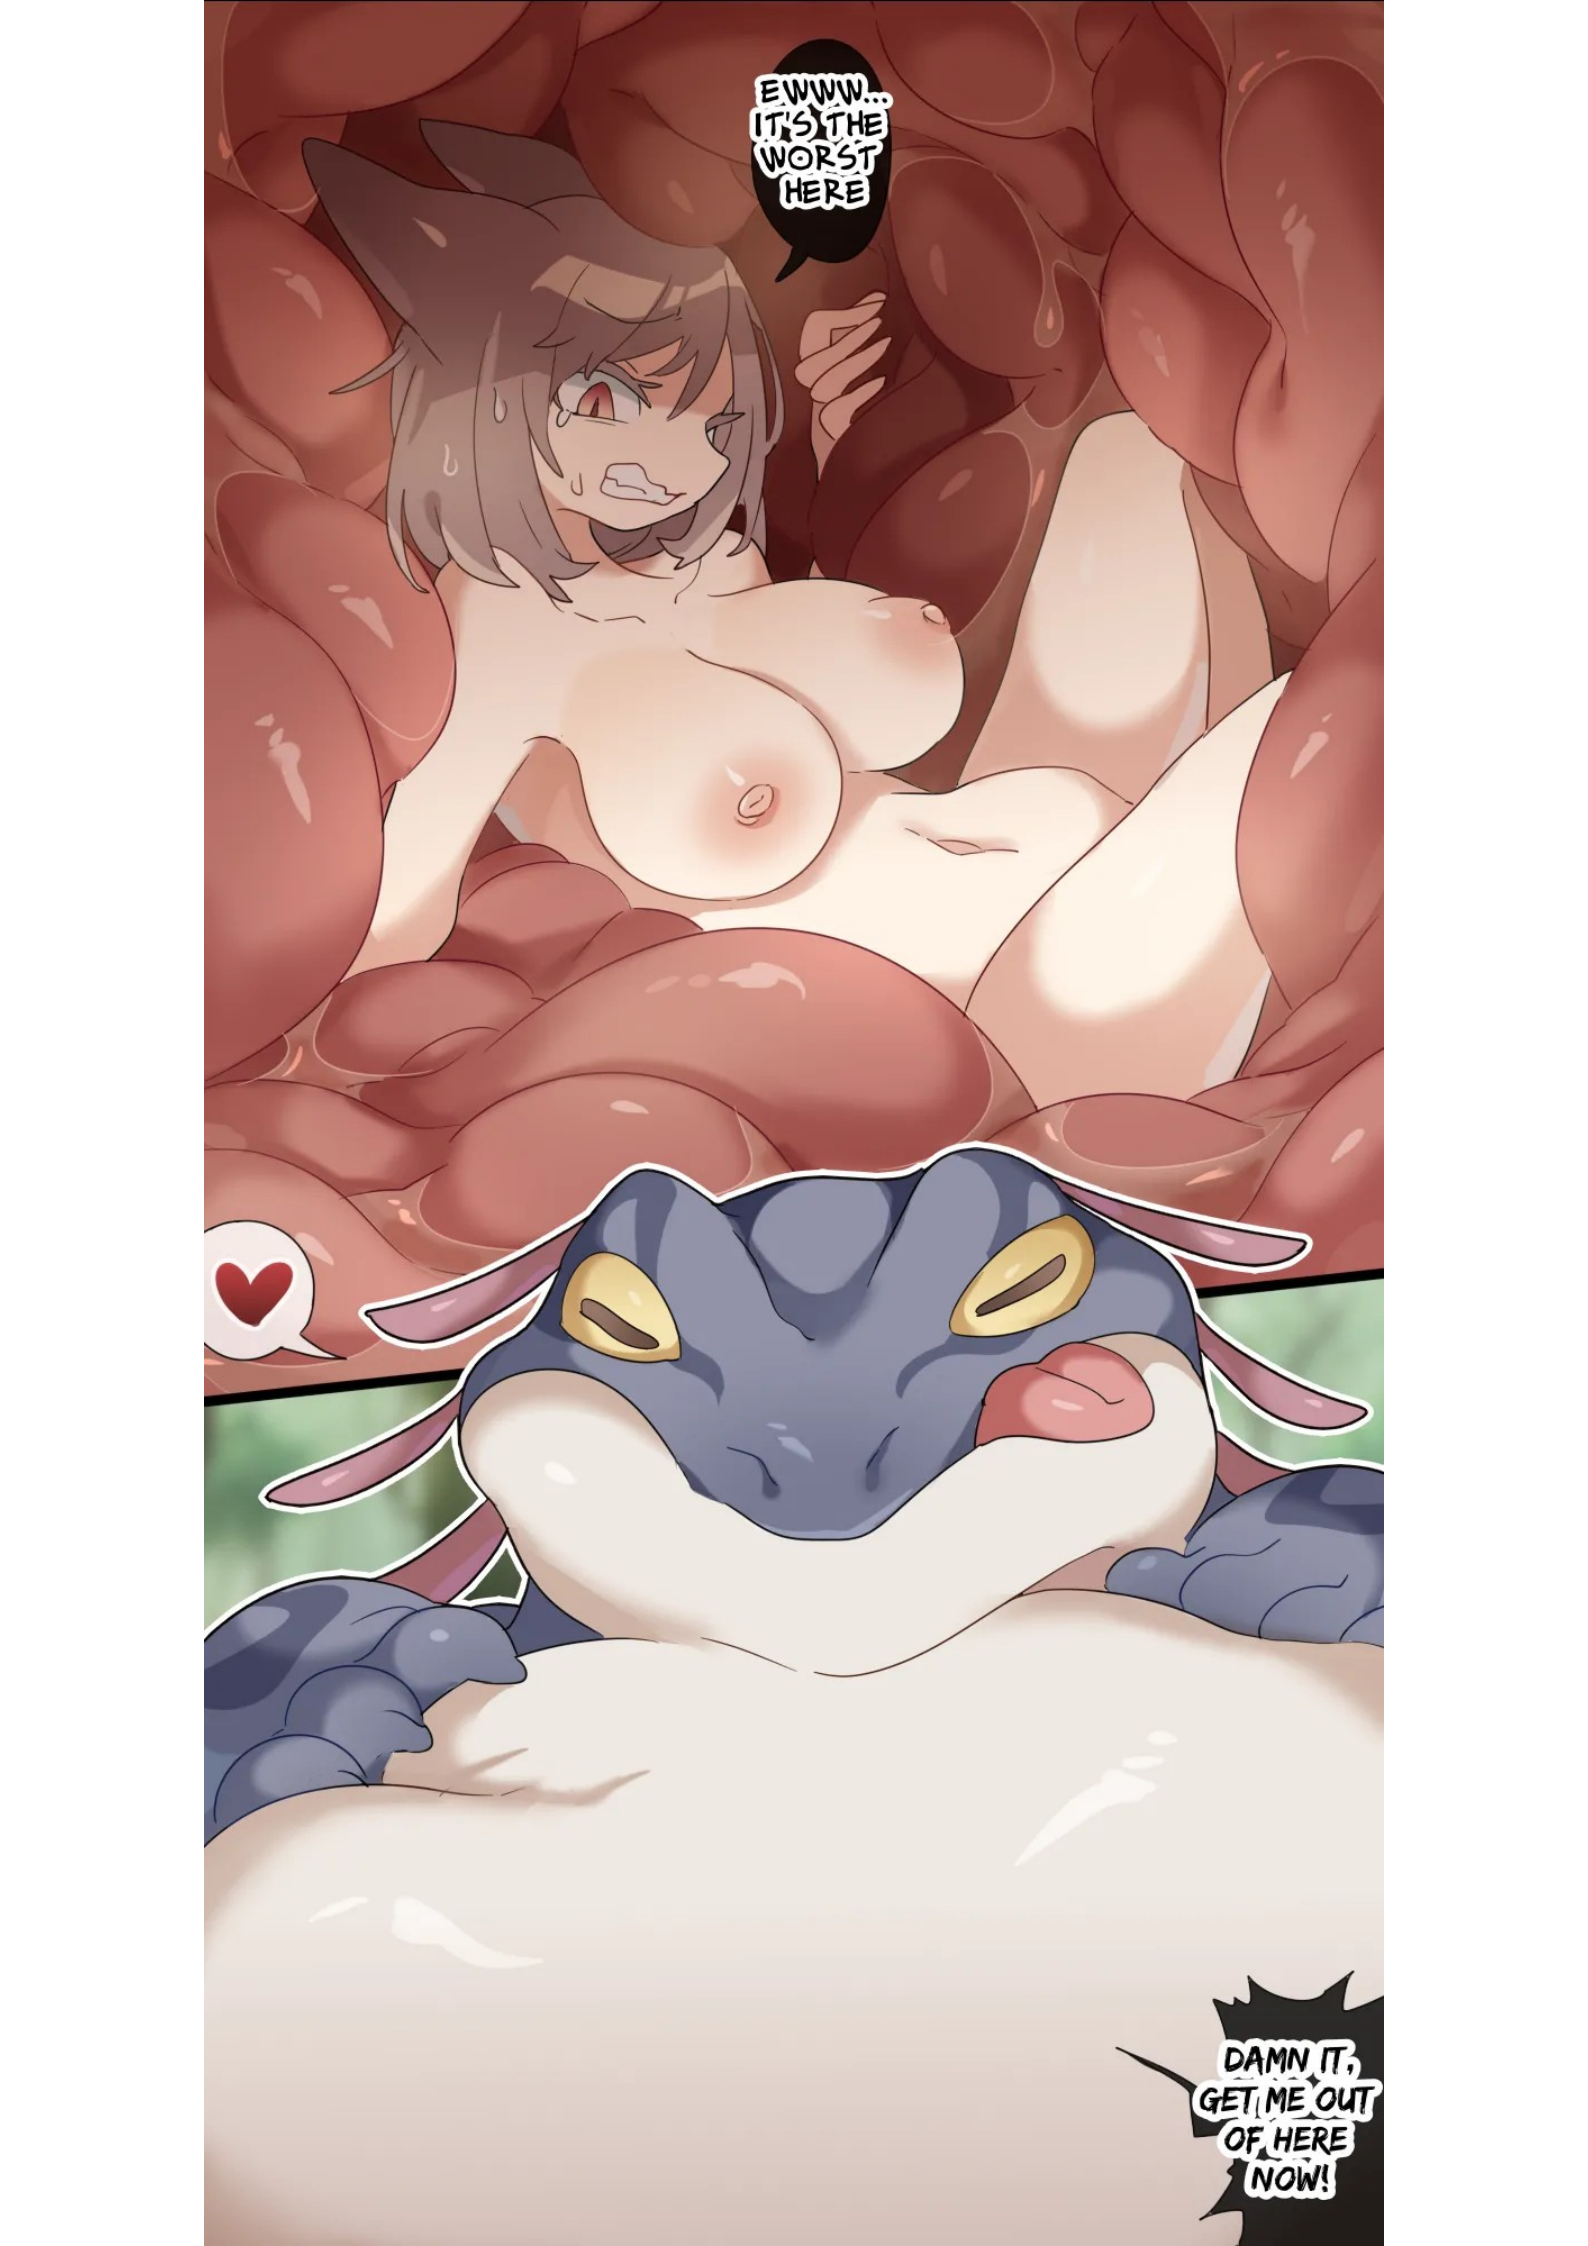

Shit, I
underesti-
mated this
frog,
thinking he
was a small
fry monster

The
tongue
alone has
tremen-
dous
power...

A comic panel depicting a scene of horror or disgust. A young woman with short grey hair and red eyes is shown from the chest up, looking distressed with sweat on her face. She is surrounded by a dense, pulsating mass of red, fleshy, organic-looking material. In the foreground, a blue, slug-like creature with yellow eyes and a pink tongue is visible, looking towards the viewer. A small heart icon is next to it. The scene is framed by a black border.

EWWW...
IT'S THE
WORST
HERE

DAMN IT,
GET ME OUT
OF HERE
NOW!

FROM NOW ON,
DEPENDING ON
THIS FROG'S
MOOD, SHE WILL
BE PUT IN ITS
STOMACH AS
OFTEN AS SHE
CAN...

THESE FROGS
CAN MEMORIZE
THE SCENT OF
THEIR PREY
PERFECTLY ONCE
THEY HAVE
SWALLOWED IT.
AND IT CAN
FOLLOW IT
ANYWHERE.

BUT THIS
SPECIES OF
FROGS
STILL HAS
HABITS SHE
DOESN'T
KNOW ABOUT.

**I WON'T NEVER
GO NEAR THOSE
MONSTERS
ANYMORE...
I HATE FROGS!**
