And... you've been late a lot lately.

You're a senior in high school now.
You need to pull yourself together.

You...?

Didn't I tell you the other day that you shouldn't have sex inside while the teacher is talking? I'll talk to you later. Come to the staff room.

We're having sex and going to the staff room? Oh, my God... I understand. Then you can come with me while I have sex with the teacher.
