THEY CREATED

This work was to spite all you VanillaFags.
It's not personally my style but I'm not one to judge.

As soon as I saw this title on the PSYN questboard I jumped on it.
I don't normally get so excited over niche works like this, but really beautiful artwork, interesting enough story and some dark humor sounds like a winner to me. My occult loving dick is digging it.

I'm not usually a monster girl kind of guy, but I have to admit that prehensile tail masturbation was pretty fucking hot.
