(these are the only pages i could find on the web)

i call on all of you who liked this hentai to
go buy it, there is an english version,
it only has 400 sales on DLsite,
which aparently takes a 50% cut
from sales, the author dosen't even
make a living off of this series,
if you like the underappreciated
selfcest genre and want more volumes
from this series, then
GO SUPPORT THE AUTHOR
