

Another time for the physical examination

Boys have it tough, don't they?

Well, yeah.

Both men and women strip completely naked behind the screen, but it's a shame the men are made to be naked while waiting.

Since examinations are conducted one person at a time, even though it involves a physical examination in the nude, we girls aren't seen naked by the boys.

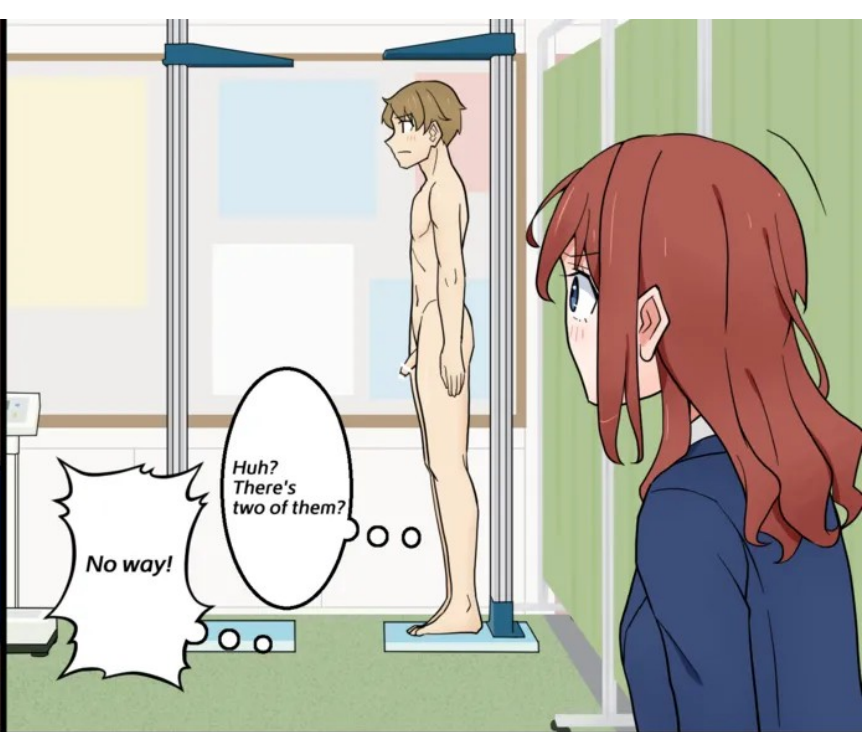

Ms. Sakuma, come in too.

Yes.

So fast?!

Mr. Asumi, come on in.

Yes.
